UNITED STATES OF AMERICA
NUCLEAR REGULATORY COMMISSION

In the Matter of
ARMED FORCES RADIOBIOLOGY
RESEARCH INSTITUTE
(AFRRI TRIGA-MARK
NUCLEAR REACTOR)

Docket No. 50-170

Application to Renew
Operating License

PETITION FOR LEAVE TO INTERVENE

The Citizens for Nuclear Reactor Safety, Inc., (CNRS), on its own behalf and on behalf of its members, hereby petitions the Nuclear Regulatory Commission (NRC) for leave to intervene in the above-captioned matter pursuant to Section 2.714 of NRC's Rules of Practice.

Identification of Petitioner

Petitioner is a non-stock Maryland corporation. Most of the corporation's members are residents of Montgomery County, Maryland, where the reactor operated by the Armed Forces Radiobiology Research Institute (AFRRI) is situated. Three members of the Applicant live within two-thirds of a mile of the AFRRI reactor; two of these three are parents of a newborn infant. CNRS's principal purpose is to elicit and disseminate information on the public health, safety and environmental impacts arising from the operation of nuclear reactor facilities in Montgomery County. CNRS's

G

8012290 588

THIS DOCUMENT CONTAINS
POOR QUALITY PAGES

principal concern of relevance here is with the potential public health, safety and environmental problems associated with the renewal of AFRRI's operating license.

Interests To Be Affected

1. Nature of Petitioner's Right To Be Made a Party.

Petitioner's interest in the health and safety of its members and the general public who live, work, raise children, and own property in proximity to the AFRRI reactor falls clearly within the zone of interests sought to be protected by the Atomic Energy Act of 1954, as amended, 42 U.S.C.

§§ 2011-2282. One of the purposes of the Act is "to protect the health and safety of the public." Petitioner's interest in maintaining the quality of the natural environment in Montgomery County also falls clearly within the zone of interests sought to be protected by the National Environmental Policy Act of 1969 (NEPA), as amended, 42 U.S.C.

§§ 4321-4361. As an agency of the federal government, the NRC is obligated to conduct its licensing proceedings in a manner consistent with the purposes of that Act. It is stated in §§ 4331 (c):

The Congress recognizes that each person should enjoy a healthful environment and that each person has a responsibility to contribute to the preservation and enhancement of the environment.

2. Nature and Extent of Petitioner's Property, Financial or Other Interest.

(a) Property and Financial Interests. Members of the Petitioner live, own homes, and maintain jobs in Montgomery County. As stated earlier, several members conduct these activities less than one mile from the reactor site.

(b) Other Interests. In addition to economic interests, members of the Petitioner have an interest in their physical and mental health and that of their families. As residents of Montgomery County and neighbors of the AFRRI facility, they drink the water, breathe the air and grow food in the soil into which AFRRI routinely discharges its liquid, gaseous and solid radioactive effluents and waste products. Moreover, in the event of an accidental release into the environment of a large amount of radionuclides by AFRRI, caused by mechanical failures, human error, sabotage, or vis major, most of CNRS's members and families would be severely injured. The routine and potential (i.e. accidental) release of radionuclides into their environment poses a continuing and serious threat to the physical and mental well-being of Petitioner's members, their families and the general public.

3. Possible Effect of Any Order Which May Be Entered in Proceeding on Petitioner's Interest.

(a) Property and Financial Interests. An order renewing AFRRI's operating license for another twenty years

would adversely affect the Petitioner's property and financial interests. Several of CNRS's members have decided to sell their homes, leave their jobs if necessary, and move away if AFRRI's license is renewed. Thus, a license renewal would seriously jeopardize the Petitioner's economic security.

(b) Other Interests. Every day the AFRRI reactor operates it imposes an actual and potential hazard on the physical and mental health of CNRS members, their families and the general public. An order by the NRC renewing the AFRRI license for another twenty years will maintain and exacerbate this hazard. Several ^{of} Petitioner's members have or plan to have children and face the daily uncertainty that the air, water, and soil in their environment are and will continue to be safe from the severe radioactive hazards presented by the reactor. This threat will only grow over the years as the AFRRI facility goes into its third and fourth decades of operation, with the attendant build-up of waste inventory, the wear-and-tear on the reactor components, the onset of technological obsolescence, and the resulting reduction in the margin of operating safety.

Contentions

Following are the specific aspects of the subject matter as to which the Petitioner wishes to intervene.

Accidents.

1. The design basis accidents described in the Emergency Plan submitted with Applicant's license renewal application do not address the more serious cladding failure accidents that could occur following a power excursion or a loss of coolant. Applicant has failed to show that the reactor can be maintained in a safe condition in the event of such accidents.

2. The facility emergency response capabilities of Applicant, the National Naval Medical Center in Bethesda on whose grounds Applicant is located, the civil defense, fire and police units of Montgomery County, and the State of Maryland have not been adequately demonstrated to comply with NRC regulatory requirements.

Emissions.

1. The routine discharges of radioactive effluents from the AFRRI reactor into the Montgomery County sewerage system have not been shown by Applicant to meet NRC regulatory requirements and create unreasonable risks to the public health and safety.

2. The radioactive airborne effluents emitted by the AFRRI reactor have not been shown by Applicant to meet NRC regulatory requirements and create unreasonable risks to the public health and safety.

3. The method by which Applicant proposes to monitor water, soil and vegetation near the AFRRI reactor is inadequate. Its conclusion that previous monitoring results have been "below action levels specified in Health Physics Procedure" has not been verified.

Safety Violations.

Applicant has not demonstrated that the frequent and egregious breaches of safety and law it has committed in the past will be prevented in the future.

Siting.

Applicant has not adequately demonstrated that the site of its facility, in the midst of a densely populated urban/residential area less than five miles from the nation's capital, does not constitute a significant hazard to the public health and safety.

Aging.

Applicant has not sufficiently addressed the effect that aging will have on the ability to safely operate the facility for the proposed twenty year operating license extension. Applicant has not demonstrated that the increase in waste inventory, the wear-and-tear on reactor parts, and the onset of technological obsolescence will not add significant health, safety and environment risks to reactor

operation over the next twenty years.

Security.

1. Applicant has not adequately addressed the possibility and consequences of sabotage of the reactor. Since a loss of coolant accident can be caused by a rupture in the reactor tank or by sabotage of the water pumping mechanism, sabotage presents a credible and serious security risk.

2. The possibility and consequences of terrorism at the facility present unacceptable risks to the public health and safety. Applicant possesses one of the largest inventories of Cobalt-60 in the country at its facility. This inventory is particularly vulnerable to terrorist seizures since it is packaged in the accessible form of ribbons. Applicant has not adequately demonstrated that terrorist activities can be prevented.

Management.

1. Applicant has not demonstrated that its management and internal organization are sufficiently competent and stable to operate the facility for another twenty years within the safety limits set by law.

2. Applicant has not shown that violations of its policy and procedures for safeguarding research data that have occurred will be prevented in the future.

3. Applicant has not demonstrated that its failure to establish effective inventory and accounting procedures for controlled substances as required by regulations has been remedied.

NEPA.

1. The Environmental Impact Appraisal Data prepared by Applicant and submitted with its license renewal application does not provide reasonable assurance that the environmental impacts associated with operating Applicant's facility for another twenty years pose no significant environmental hazards.

2. The Staff has not provided an independent analysis of Applicant's environmental report as required by NEPA. If the Staff determines that Applicant's facility is of the type described in 10 C.F.R. §51.5(b) it must decide whether to prepare an environmental impact statement (EIS). If it decides not to prepare an EIS, it is required under §51.5(c) to prepare an independent environmental impact appraisal and a negative declaration. If the Staff determines that Applicant's facility is of the type described in §51.5(a) (and neither Applicant nor Staff has demonstrated that the facility is not of this type), the Staff is required to prepare an EIS.

3. Neither Applicant nor Staff has prepared a

legally adequate environmental cost-benefit analysis of the facility which balances alternatives and the need for the facility against the environmental hazards associated with its operation.

Conclusion

For all of these reasons, we submit that Applicant has not provided reasonable assurance that a renewal of its operating license for another twenty years will not be inimical to the public health, safety and environment. We urge that Applicant's application be denied and request that prior to taking action, the NRC hold a public hearing and prepare an environmental impact statement.

Respectfully,

Elizabeth B. Entwisle

NOTICE OF APPEARANCE

Notice is hereby given that Elizabeth B. Entwisle enters an appearance as counsel for the Citizens for Nuclear Reactor Safety, Inc. in the above-captioned matter. The following information is provided pursuant to 10 C.F.R. § 2.713(a).

Name: Elizabeth B. Entwisle
Address: 8401 Flower Avenue
Takoma Park, Maryland 20012
Telephone: Office: (202) 452-9600
Residence: (301) 587-3653
Eligibility: Admitted to practice before the
Supreme Court of Pennsylvania,
United States District Court for
the Western District of Pennsylvania;
to be admitted December 19, 1980 to
practice before the District of Colum-
bia Court of Appeals
Party Represented: Citizens for Nuclear Reactor Safety, Inc.
P.O. Box 5914
Bethesda, Maryland 20014

Elizabeth B. Entwisle

Dated at Washington, D.C.
this 9th day of December, 1980.

CERTIFICATE OF SERVICE

I hereby certify that the foregoing Petition for Leave to Intervene and Notice of Appearance for Elizabeth B. Entwisle were mailed this 10th day of December, 1980, by United States Mail, First Class, to the following:

Robert Bachman, Esq.

MONTGOMERY COUNTY

NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING. PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

MONTGOMERY COUNTY

NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEVED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th. 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING. PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

Petition to P.O. Box 5714 Bethesda, Md. 20814

NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE M.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING. PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE M.R.C. TO TAKE THESE ACTIONS.

NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

RETURN PETITIONS TO: MONTGOMERY COUNTY CITIZENS FOR NUCLEAR REACTOR SAFETY
P. O. BOX 5914; BETHESDA, MARYLAND 20014

MONTGOMERY COUNTY
NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

RETURN PETITIONS TO: MONTGOMERY COUNTY CITIZENS FOR NUCLEAR REACTOR SAFETY
P. O. BOX 5914, BETHESDA, MARYLAND 20014

MONTGOMERY COUNTY
NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING. PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

RETURN PETITIONS TO: MONTGOMERY COUNTY CITIZENS FOR NUCLEAR REACTOR SAFETY
P. O. BOX 5914, BETHESDA, MARYLAND 20014

MONTGOMERY COUNTY
NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980. UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

MONTGOMERY COUNTY
NUCLEAR REACTOR HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE THREAT TO THE PUBLIC HEALTH AND SAFETY OF OUR COMMUNITY, POSED BY THE NUCLEAR REACTOR LOCATED ON THE GROUNDS OF THE BETHESDA NAVAL HOSPITAL. IT IS PART OF THE ARMED FORCES RADIO-BIOLOGY RESEARCH INSTITUTE. (AFFRI)

WE ARE CONCERNED ABOUT LOW LEVEL BUT TOXIC RADIOACTIVE EMISSIONS INTO THE ATMOSPHERE AND THE SEWAGE SYSTEM, INSUFFICIENT SECURITY, THE DANGEROUS CONCENTRATION OF RADIOACTIVE COBALT IN THE BUILDING, AND THE POSSIBILITY OF ACCIDENT OR SABOTAGE.

THE OPERATING LICENSE OF THIS REACTOR EXPIRES ON NOVEMBER 8th, 1980, UNLESS RENEWED BY THE NUCLEAR REGULATORY COMMISSION. WE THEREFORE URGE THE MONTGOMERY COUNTY COUNCIL TO ADOPT A RESOLUTION PETITIONING THE N.R.C. TO PREPARE AN ENVIRONMENTAL IMPACT STATEMENT, AND TO HOLD A PUBLIC HEARING PREREQUISITE TO RENEWAL OF THE LICENSE. WE FURTHERMORE REQUEST OUR SENATORS AND REPRESENTATIVE TO URGE THE N.R.C. TO TAKE THESE ACTIONS.

MONTGOMERY COUNTY
NUCLEAR REACTOR
RADIATION HAZARD PETITION

WE THE UNDERSIGNED ARE CONCERNED ABOUT THE SAFETY AND SECURITY PROBLEMS THAT EXIST AT THE TWO NUCLEAR REACTORS THAT ARE LOCATED IN OUR COUNTY. WE URGE LOCAL, STATE, AND FEDERAL OFFICIALS TO INVESTIGATE THESE PROBLEMS AND TAKE STEPS TO ELIMINATE RADIATION HAZARDS THAT THREATEN THE PUBLIC HEALTH AND ENVIRONMENT.
