CONTINUING EDUCATION RULES FOR PROFESSIONAL ENGINEERS RECENTLY ADOPTED

Following public meetings and discussion which have taken place for the past five years by the Board, engineering societies, and individual registrants, the Board recently adopted rules for continuing education for professional engineers. Revisions were made to the rules for professional land surveyors as well, which will be a combined rule with the professional engineers. The adopted rule can be viewed in its entirety on our webpage located at "www.pels.state.ok.us". This rule will not go into effect until it has been approved by the legislature and the governor (approximately July 1, 2002).

The following Q & A's will hopefully give you a quick understanding of how the rule will be administered and how it will effect you as a registrant:

Q. When will I need to start reporting continuing education credits?
A. Professional engineers must comply with the continuing education rules with the first biennial renewal period commencing July 1, 2002. This means that if your renewal is due July 30, 2002, you will show continuing education requirements with your July 30, 2004 renewal.

Q. How far back can I claim credit with my first renewal period reporting continuing education?
A. Your first renewal period you may claim credit back to January 1, 2002. After your first renewal period, credit must be either earned during the 2 year renewal period or carried over from the immediate past renewal period. (15 hours may be carried over each renewal period).

Q. If I attend a workshop regarding project management, would that meet the criteria for an acceptable activity?
A. The content of the activities must be relevant to the practice of engineering and may include technical, ethical or managerial content. Therefore, the workshop would qualify.

In Remembrance of a Friend & Colleague

It is with great sorrow that we announce the death of the Board's attorney, Matthew Gee. Matt died from complications following surgery on November 28, 2001. He was 42 years old. Matt leaves behind his dearly loved wife, Melanie, and 4 children who were the light of his life, Garrett 11, Grant 9, Gavin 5, and Madeline 1.

Matt joined the Board as its prosecuting attorney in August 1998. He was an Associate Member of the National Council of Examiners for Engineering and Surveying and was an active member of the NCEES, attending many NCEES Southern Zone and National Meetings. He began practicing law in 1984 and was currently of counsel for the firm of Hartzog Conger Cason & Neville in Oklahoma City.

While it is very painful to write an article about the death of a friend and colleague, it is with great pride that we know we can do such an article justice, because he **was** our friend and he **was** our colleague and we were very fortunate to have known him so well. Matt had a rare combination of qualities that when pooled into one person, made a memorable impression. Matt loved his family and friends, loved the Sooners, loved being a successful lawyer, (did we mention he loved the Sooners), loved his church, loved to travel, loved a good wine, and loved living his life the way he wanted to live it. Repeating the word "loved" was intentional. Matt had a passion for life. He had a special gift for making others feel good when they were with him and when he left us, so suddenly, he took a piece of all our hearts with him. But he left each of us with so much more, and we know that this Board and all our lives are better because of what he shared with us, as a friend and as a colleague.

So it is with a heavy heart that we say good-bye to Matt, or maybe he would just prefer we say "Boomer Sooner".

SOME OF THE EVENTS BEING HELD DURING ENGINEERING WEEK

Engineer for a Day Program- 2002

The Central/Southwest Chapter of the Oklahoma Society of Professional Engineers is hosting the Engineer for a Day Program in February 2002. This is a day for motivated high school juniors and seniors to experience the wonderful work of Engineering. Last year, over 100 Oklahoma City Metro High School students participated in this program. The day ends with the Engineering Banquet, where the host companies and students are recognized for their contribution to the future of Engineering. If you or your company would like to host one or more of these students and show them the "hands-on" field of engineering, please call Michael Messner at (405) 947-3181.

OEF Engineering Fair February 20, 2002

The 21st Annual OEF Engineering Fair will again be held during National Engineers Week. It is scheduled for Wednesday, February 20, 2002, 9:00 a.m. to 3:00 p.m., at the Omniplex, N.E. 52nd and Martin Luther King Ave., in Oklahoma City. Last year's Fair attracted almost 3,300 students and educators from 122 Oklahoma schools. For more information concerning how you may participate please contact Noel Long, Coordinator at 405-528-1435.

Professional engineers and land surveyors interested in contracting with the Board to assist the Investigative Committee of the Board in technical investigations and testimony may send resumes to:

**Oklahoma State Board of Registration for
Professional Engineers and Land Surveyors
201 N.E. 27th St., Room 120
Oklahoma City, OK 73120
Attention Kathy Hart**

PE's - Please specify your area of expertise!

BOARD MEETING DATES 2002

January 31-February 1

March 14-15

May 16-17

July 11-12

September 5-6

November 14-15

Exam Dates & Cut-off Dates for submitting applications:

**application forms are on our
website www.pels.state.ok.us**

**(please share these dates with others
who may be interested in pursuing
registration)**

**January 3, 2002 - cut-off date
for accepting P.E. and L.S.
applications for the
April 19, 2002 exams.**

**February 15, 2002 - cut-off date
for accepting E.I. and L.S.I.
applications for the
April 20, 2002 exams.**

**August 3, 2002 - cut-off date for
accepting P.E. and L.S.
applications for the
October 25, 2002 exams.**

**Sept. 15, 2002 - cut-off date for
accepting E.I. and L.S.I.
applications for the
October 26, 2002 exams.**

License Expirations October 1, 2001 to November 30, 2001

EXPIRATION/REVOICATION - Certificates may be revoked by the Board for non-payment of renewal fees. Registrants will be notified of revocation by certified mail.*

RENEWALS - Each registration issued by the Board expires on the last day of the month in which renewal fees are due, and becomes invalid on that date unless paid. One notice of renewal is sent by first class mail to the address of record in the board files.**

REINSTATEMENT - Former registrants whose certificates have expired and were revoked for failure to pay renewal fees and desire to reinstate shall make application for reinstatement within 90 days after expiration and pay the prescribed renewal fee and penalty. After 90 days, a new application will be required, which shall be considered specifically by the Board, both from the standpoint of competency and of character.

*By practice, this notification is mailed 10 days following expiration.

**In effect, provides notice two months prior to revocation.

Questions and Answers - Continuing Education

(continued from page 1)

Q. Will the Board pre-approve courses for continuing education credit?

A. At this time the Board does not plan to pre-approve courses. It is up to the registrant to ensure that courses meet the criteria listed in Section 245:15-11-5(a)(b), and 245:15-11-6.

Q. Are there any exemptions?

A. Yes, 245:15-11-3(b) lists exemptions. In short, the following are exempt:

- a. new registrants in their first pro-rated renewal period
- b. registrants on active duty in the uniformed services
- c. registrants called to emergency service by state or federal emergency
- d. registrants experiencing physical disabilities, illness, or other extenuating circumstances
- e. registrants over the age of 70 certifying they have not practiced the professional during the immediately prior renewal period.

Q. If I am registered in several other states and have met their continuing education requirements, do I have specific requirements I have to fulfill in Oklahoma?

A. The rules state that “The continuing education requirements for Oklahoma will be satisfied when a non-resident certifies registration in and satisfaction of the mandatory continuing education requirements of any jurisdiction approved and listed by this board.” Therefore, if you have met the requirements in other states whose requirements are similar to those in Oklahoma, you will only need to certify to that fact.

The board encourages all professional engineers and surveyors to review the adopted rules for continuing education in their entirety. Please e-mail your questions to: kathy@pels.state.ok.us

2001 ROSTER AVAILABLE - FREE OF CHARGE:

For the most current information check our online roster at www.pels.state.ok.us

Please fill out the order form below and mail as indicated - OR - you may fax your order form to (405) 523-2135 - OR - you may e-mail your order to pam@pels.state.ok.us

*Each PE and LS is entitled to one copy of the Roster free of charge, however you must send in your order form to receive your free roster.
(additional copies are available for \$10 each)*

Disciplinary Activity

November 29-30, 2001

In the Matter of Terry Stambeck, PLS 1397, Case No. 01-04, Through Consent: For Terry Stambeck’s failing to file eight (8) corners established by a survey in violation of the Corner Perpetuation and Filing Act, Mr. Stambeck is assessed an administrative penalty in the amount of \$2,000.00 and placed on six (6) months probation. Mr. Stambeck warrants that all corner records required to be filed have been duly and properly filed and he shall attend the OSLS Minimum Standards seminar.

In the Matter of Piping Companies, Inc., d/b/a Piping Engineering Co., Inc., Case No. 01-32, Through Consent: For offering to practice engineering in the state of Oklahoma without a certificate of authorization to do so, the Respondent is Reprimanded and assessed an administrative penalty in the total amount of \$500.00 and shall cease and desist practicing or offering to practice engineering in the State of Oklahoma until such time as it receives a license to do so.

In the Matter of Donald Larry Pollard, PLS 961, Case No. 01-40, Through Consent: For Donald Larry Pollard’s failing to file three (3) corners established by a survey in violation of the Corner Perpetuation and Filing Act, Mr. Pollard is assessed an administrative penalty in the amount of \$250.00 and warrants that all corner records required to be filed have been duly and properly filed and he shall attend the OSLS Minimum Standards seminar.

In the Matter of Warren G. Rutherford, PE 10770, Case No. 01-45, Through Consent: For Warren Rutherford’s reviewing and stamping project plans not in his responsible charge or under his direct control and personal supervision, he is hereby Reprimanded and assessed an administrative penalty in the amount of \$500.00.

In the Matter of Thomas D. Mansur, PE 16530, LSI 36, Case No. 01-50, Through Consent: For Thomas Mansur’s preparing a survey without a certificate of registration and signing it with his professional engineer stamp, he is assessed a \$250.00 administrative penalty.

In the Matter of Stanley Engineering, Inc. CA 693 and Dr. Keith L. Stanley, PE 12686, Case No. 01-54, Through Consent: For practicing and offering to practice engineering with an expired certificate of authorization and certificate of registration on numerous occasions, Respondents are hereby Reprimanded and assessed an administrative penalty in the amount of \$750.00 each for a total of \$1500.00.

In the Matter of GeoSpec, L.L.C. and Daran Rehmyer, Case No. 01-57, Through Consent: For practicing and offering to practice engineering without a certificate of authorization or certificate of registration, Respondents are hereby Reprimanded and each are assessed an administrative penalty in the amount of \$250.00 for a total of \$500.00.

In the Matter of Allen-Klinkenborg Associates and Tracy Jividen, PLS 1149, Case No. 01-75, Through Consent: For Allen-Klinkenborg Associates practicing and offering to practice land surveying in the State of Oklahoma without a certificate of authorization, it is assessed an administrative penalty in the amount of \$1,500.00 and ordered to cease and desist until such time as it receives a certificate of authorization. For Tracy Jividen’s aiding and assisting the firm in the unauthorized practice of land surveying; for failing to file one or more corners in violation of the Corner Perpetuation and Filing Act, and for failing to meet the Oklahoma Minimum Standards for the Practice of Land Surveying, he is hereby Reprimanded and assessed an administrative penalty in the amount of \$1,000.00.

Statutes, Rules, and Minimum Standards for the Practice of Land Surveying may be obtained from our website at www.pels.state.ok.us
