

## LVP 12W

### Descriptions

The LVP-12W is a LED vaporproof light fixture, ideal for replacing 50W incandescent models. Constructed from corrosion-resistant die cast aluminum with a silver powder coat finish, the LVP Series repels moisture and performs well in extreme conditions. This LED vapor tight wallpack includes a fully gasketed frosted glass globe, protected by a globe guard. Choose Wall Mount (W2) or Ceiling Mount (B2) configurations. UL Listed for Wet Locations.

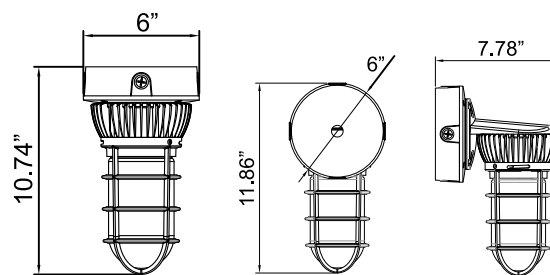

LVPB2-12W-CW    LVPW2-12W-CW

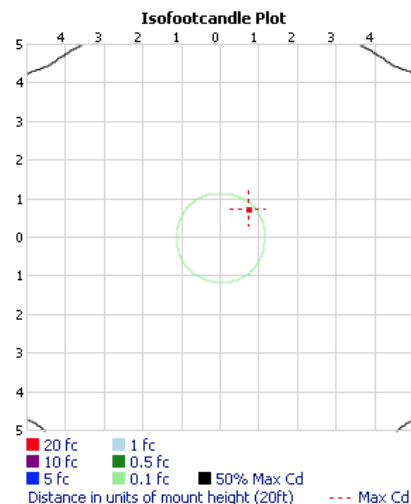

### General Specifications

	Spec	LVPB2-12W-CW	LVPW2-12W-CW
Electrical	Input Voltage	120~277V	
	Input Power	12W	
	Power Factor	> 0.9	
Light Output	Total Lumens	855 lm	
	Efficacy	78 lm/W	
	CRI	80+	
	Color Temp.	5000K	
	BUG	B0-U3-G1	
Physical	Equivalent	50W	
	Housing	ADC12 Die Cast Aluminum	
	Finish	UV Resistant Silver Powder Coat Finish	
	Lens Material	Heat resistant frosted glass globe with die cast guard	
Other	Ambient Operating Temp	-40°C / -40°F to 40°C / 104°F	
	Mount	Wall Mount (W2); Ceiling Mount (B2)	
Other	Certification	cULus E335594
