# READER'S GUIDE TO THE PENNSYLVANIA BULLETIN AND THE PENNSYLVANIA CODE

## *Pennsylvania Bulletin*

The *Pennsylvania Bulletin* is the official gazette of the Commonwealth of Pennsylvania. It is published weekly. A cumulative subject matter index is published quarterly.

The *Pennsylvania Bulletin* serves several purposes. It is the temporary supplement to the *Pennsylvania Code*, which is the official codification of agency rules and regulations, Statewide court rules, and other statutorily authorized documents. Changes in the codified text, whether by adoption, amendment, rescission, repeal or emergency action, must be published in the *Pennsylvania Bulletin*.

The following documents are published in the *Pennsylvania Bulletin*: Governor's Executive Orders; Summaries of Enacted Statutes; Statewide and Local Court Rules; Attorney General Opinions; Motor Carrier Applications before the Pennsylvania Public Utility Commission; Applications and Actions before the Department of Environmental Protection; Orders of the Independent Regulatory Review Commission; and other documents authorized by law.

The text of certain documents published in the *Pennsylvania Bulletin* is the only valid and enforceable text. Courts are required to take judicial notice of the *Pennsylvania Bulletin*.

### **Adoption, Amendment or Repeal of Regulations**

Generally an agency wishing to adopt, amend or rescind regulations must first publish in the *Pennsylvania Bulletin* a Proposed Rulemaking. There are limited instances when the agency may omit the proposal step; it still must publish the adopted version.

The Proposed Rulemaking contains the full text of the change, the agency contact person, a fiscal note required by law and background for the action.

The agency then allows sufficient time for public comment before taking final action. A Final Rulemaking must be published in the *Pennsylvania Bulletin* before the changes can take effect. If the agency wishes to adopt changes to the Proposed Rulemaking to enlarge the scope, it must repropose.

## **Citation to the *Pennsylvania Bulletin***

Cite material in the *Pennsylvania Bulletin* by volume number, a page number and date. Example: Volume 1, *Pennsylvania Bulletin*, page 801, January 9, 1971 (short form: 1 Pa.B. 801 (January 9, 1971)).

## ***Pennsylvania Code***

The *Pennsylvania Code* is the official codification of rules and regulations issued by Commonwealth agencies, Statewide court rules and other statutorily authorized documents. The *Pennsylvania Bulletin* is the temporary supplement to the *Pennsylvania Code*, printing changes when they are adopted. These changes are then permanently codified by the *Pennsylvania Code Reporter*, a monthly, loose-leaf supplement.

The *Pennsylvania Code* is cited by title number and section number. Example: Title 10 *Pennsylvania Code* § 1.1 (short form: 10 Pa. Code § 1.1).

Under the *Pennsylvania Code* codification system, each regulation is assigned a unique number by title and section. Titles roughly parallel the organization of Commonwealth government.

### **How to Find Rules and Regulations**

Search for your area of interest in the *Pennsylvania Code*. The *Pennsylvania Code* is available at [www.pacodeandbulletin.gov](http://www.pacodeandbulletin.gov).

Source Notes give the history of regulations. To see if there have been recent changes not yet codified, check the List of *Pennsylvania Code* Chapters Affected in the most recent issue of the *Pennsylvania Bulletin*.

A chronological table of the history of *Pennsylvania Code* sections may be found at [www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde\\_index.cfm](http://www.legis.state.pa.us/cfdocs/legis/CH/Public/pcde_index.cfm).

A quarterly List of *Pennsylvania Code* Sections Affected lists the regulations in numerical order, followed by the citation to the *Pennsylvania Bulletin* in which the change occurred.

The *Pennsylvania Bulletin* is available at [www.pacodeandbulletin.gov](http://www.pacodeandbulletin.gov).

### Fiscal Notes

Section 612 of The Administrative Code of 1929 (71 P. S. § 232) requires the Governor's Budget Office to prepare a fiscal note for regulatory actions and administrative procedures of the administrative departments, boards, commissions and authorities receiving money from the State Treasury. The fiscal note states whether the action or procedure causes a loss of revenue or an increase in the cost of programs for the Commonwealth or its political subdivisions. The fiscal note is required to be published in the *Pennsylvania Bulletin* at the same time as the change is advertised.

A fiscal note provides the following information: (1) the designation of the fund out of which the appropriation providing for expenditures under the action or procedure shall be made; (2) the probable cost for the fiscal year the program is implemented; (3) projected cost estimate of the program for each of the 5 succeeding fiscal years; (4) fiscal history of the program for which expenditures are to be made; (5) probable loss of revenue for the fiscal year of its implementation; (6) projected loss of revenue from the program for each of the 5 succeeding fiscal years; (7) line item, if any, of the General Appropriation Act or other appropriation act out of which expenditures or losses of Commonwealth funds shall occur as a result of the action or procedures; and (8) recommendation, if any, of the Secretary of the Budget and the reasons therefor.

The omission of an item indicates that the agency text of the fiscal note states that there is no information available with respect thereto. In items (3) and (6) information is set forth for the first through fifth fiscal years, following the year the program is implemented, which is stated. In item (4) information is set forth for the current and two immediately preceding years. In item (8) the recommendation, if any, made by the Secretary of the Budget is published with the fiscal note. "No fiscal impact" means no additional cost or revenue loss to the Commonwealth or its local political subdivision is intended. See 4 Pa. Code Chapter 7, Subchapter R (relating to fiscal notes).

### Reproduction, Dissemination or Publication of Information

Third parties may not take information from the *Pennsylvania Code* and *Pennsylvania Bulletin* and reproduce, disseminate or publish information except as provided by 1 Pa. Code § 3.44:

#### § 3.44. General permission to reproduce content of Code and Bulletin.

Information published under this part, which information includes, but is not limited to, cross references, tables of cases, notes of decisions, tables of contents, indexes, source notes, authority notes, numerical lists and codification guides, other than the actual text of rules or regulations may be reproduced only with the written consent of the [Legislative Reference] Bureau. The information which appears on the same leaf with the text of a rule or regulation, however, may be incidentally reproduced in connection with the reproduction of the rule or regulation, if the reproduction is for the private use of a subscriber and not for resale. There are no other restrictions on the reproduction of information published under this part, and the Commonwealth hereby consents to a reproduction.

# RULES AND REGULATIONS

## Title 34—LABOR AND INDUSTRY

### DEPARTMENT OF LABOR AND INDUSTRY

#### [ 34 PA. CODE CHS. 401 AND 403 ]

#### Uniform Construction Code

In accordance with section 304 of the Pennsylvania Construction Code Act (act) (35 P.S. § 7210.304) the Department of Labor and Industry (Department) amends Chapters 401 and 403 (relating to Uniform Construction Code (UCC) training and certification of code administrators; and administration) to read as set forth in Annex A.

#### *Statutory Authority*

This final-omitted rulemaking is issued under the authority provided in section 304(a)(3) of the act (35 P.S. § 7210.304(a)(3)), which provides that, by December 31 of the year of issuance, the Department shall adopt regulations updating the accessibility provisions of the most recently published edition of the International Code Council (ICC) codes and any other accessibility requirements which shall be specified in the regulations or contained in or referenced by the UCC relating to persons with disabilities.

#### *Background*

The act mandates a process for the adoption of updated building codes issued by the ICC. Although most building code provisions are reviewed by the Pennsylvania Uniform Construction Code Review and Advisory Council under the procedure outlined in section 108 of the act (35 P.S. § 7210.108), the act specifically excludes the accessibility provisions of the ICC codes from this review. 35 P.S. § 7210.107(b)(3). Instead, section 304(a)(3) of the act requires the Department to adopt, by December 31 of the year of issuance by the ICC, the ICC's updated accessibility standards for the construction, repair or alteration of buildings in the Commonwealth. In 2021, the ICC issued codes containing updated accessibility standards. Adoption of the current accessibility standards will ensure that commercial buildings meet current standards for accessible and usable facilities. These regulations will be effective upon publication in the *Pennsylvania Bulletin*.

The purpose of this final-omitted rulemaking is to adopt recognized international standards for accessible and usable buildings and structures, as directed by the act. The current accessibility regulations implemented the accessibility standards found in the 2021 ICC codes. This final-omitted rulemaking implements current state of the art accessibility standards and conforms to standards issued by the United States Department of Justice under the Americans with Disabilities Act (Pub.L. No. 101-336). Adopting Chapter 11 and Appendix E of the 2021 International Building Code (IBC) for new construction along with the accessibility provisions contained in the 2021 International Existing Building Code (IEBC), the 2021 International Plumbing Code (IPC) and the 2021 International Swimming Pool and Spa Code (ISPSC) will allow the Department to comply with the directive of the act to update accessibility requirements in the UCC with successor codes.

#### *Compliance with Executive Order 1996-1, Regulatory Review and Promulgation*

On July 15, 2021, the Accessibility Advisory Board (Board) held a public hearing to review and consider the

updates to the accessibility provisions of the ICC codes. This is required by section 106(b) of the act (35 P.S. § 106(b)). The Board voted to endorse the accessibility updates found in the ICC codes. The Department has discussed the adoption of accessibility provisions for buildings with the Pennsylvania Builders Association and the Pennsylvania Association of Building Code Officials and both entities have expressed support for adoption of the accessibility provisions contained in the 2021 IBC for new construction and the accessibility provisions contained in the 2021 IEBC for existing buildings.

#### *Purpose*

The purpose of this final-omitted rulemaking is to amend §§ 401.1, 403.21, 403.26 and 403.28 to adopt the ICC accessibility updates.

#### *Summary of Proposed Rulemaking*

##### *§ 401.1. Definitions*

This section changes the definitions for the IBC and the IEBC to state that they include the accessibility provisions of the 2021 IBC and the 2021 IEBC. This was done because the ICC updated the accessibility provisions of the IBC and IEBC.

##### *§ 403.21. Uniform Construction Code*

The Department amends subsection (a)(2) to replace the accessibility provisions found in Chapter 11 of the 2018 IBC with the updated accessibility provisions of Chapter 11 of the 2021 IBC. This is being done to implement the latest accessibility standards.

The Department amends subsection (a)(6)(iii) to replace the accessibility provisions found in the 2018 IPC with the updated accessibility provisions found in the 2021 IPC. This is being done to implement the latest accessibility standards.

The Department amends subsection (a)(10)(i) to replace the accessibility provisions found in the 2018 IEBC with the updated accessibility provisions found in the 2021 IEBC. This is being done to implement the latest accessibility standards.

The Department amends subsection (a)(12) to replace the accessibility provisions found in Appendix E of the 2018 IBC with the updated accessibility provisions of Appendix E of the 2021 IBC. This is being done to implement the latest accessibility standards.

##### *§ 403.26. Swimming pools*

The Department amends subsection (b) to replace the accessibility provisions found in the 2018 ISPSC with the updated accessibility provisions found in the 2021 ISPSC. This is being done to implement the latest accessibility standards.

##### *§ 403.28. Uncertified buildings*

The Department amends subsection (b)(3)(ii) and (iii) to replace the accessibility provisions found in the 2018 IBC with the updated accessibility provisions of the 2021 IBC. This is being done to implement the latest accessibility standards.

#### *Affected Persons*

This final-omitted rulemaking will affect all builders and contractors in the construction industry and all building code officials who enforce the regulations.

*Fiscal Impact*

To enforce these regulations, the Department and building code officials will need to purchase the 2021 IBC, IEBC, IPC and ISPSC.

Builders and contractors will have to absorb some costs to comply with the updated standards. The Department does not possess specific data on any increase of costs to builders or contractors.

*Reporting, Recordkeeping and Paperwork Requirements*

The Department will have to update the following forms: Accessibility Advisory Board Petition and Application for Building Permit. There are no additional reporting, record keeping or paperwork requirements.

*Sunset Date*

There is no sunset date for this final-omitted rulemaking. The act requires accessibility standards to be updated every 3 years following publication of the triennial revisions to the ICC codes.

*Effective Date*

This final-omitted rulemaking will take effect upon publication in the *Pennsylvania Bulletin*.

*Contact Person*

The contact person is Matthew W. Kegg, Director, Bureau of Occupational and Industrial Safety, Department of Labor and Industry, 651 Boas Street, Room 1613, Harrisburg, PA 17121, (717) 783-6304, mkegg@pa.gov.

*Regulatory Review*

Under section 5.1(c) of the Regulatory Review Act (71 P.S. § 745.5a(c)), on November 5, 2021, the Department submitted a copy of this final-omitted rulemaking and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the House Committee on Labor and Industry and the Senate Committee on Labor and Industry. On the same date, the regulations were submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P.S. §§ 732-101—732-506).

Under section 5.1(j.2) of the Regulatory Review Act, on December 8, 2021, the final-omitted rulemaking was deemed approved by the House and Senate Committees. Under section 5.1(e) of the Regulatory Review Act, IRRC met on December 9, 2021, and approved the final-omitted rulemaking.

*Findings*

The Department finds that:

(a) Final-omitted rulemaking is allowed when procedures specified in sections 201 and 202 of the Commonwealth Documents Law (45 P.S. §§ 1201 and 1202), are impracticable, unnecessary or contrary to the public interest. 45 P.S. § 1204(3).

(b) Following the procedures, outlined in sections 201 and 202 of the Commonwealth Documents Law, is impracticable and unnecessary since the Department is required to adopt the updated ICC accessibility codes without change.

*Order*

The Department, acting under authorizing statute, orders that:

(a) The regulations of the Department, 34 Pa. Code Chapters 401 and 403, are amended by amending §§ 401.1, 403.21, 403.26 and 403.28 to read as set forth in Annex A, with ellipses referring to the existing text of the regulations.

(b) The Department submitted these regulations to IRRC and the House and Senate Committees.

(c) The Secretary of the Department shall certify this order and Annex A and deposit them with the Legislative Reference Bureau as required by law.

(d) This order shall become effective on the date of publication in the *Pennsylvania Bulletin*.

JENNIFER BERRIER,  
*Secretary*

(*Editor's Note:* See 51 Pa.B. 8061 (December 25, 2021) for IRRC's approval order.)

## Title 49—PROFESSIONAL AND VOCATIONAL STANDARDS

### BUREAU OF PROFESSIONAL AND OCCUPATIONAL AFFAIRS

#### [ 49 PA. CODE CH. 43b ]

#### Practice and Procedure

The Commissioner of Professional and Occupational Affairs (Commissioner) amends 49 Pa. Code, Chapter 43b, by adding Subchapter D (relating to practice and procedure) pertaining to activities of and formal proceedings before the licensing boards and commissions under the Bureau of Professional and Occupational Affairs (Bureau), to read as set forth in Annex A.

#### *Effective Date*

This final-omitted rulemaking will be effective upon publication in the *Pennsylvania Bulletin*.

#### *Statutory Authority*

The Commissioner has the power to promulgate regulations specifying the procedural rules to be followed in the conduct of hearings in disciplinary matters before a licensing board or licensing commission under 63 Pa.C.S. § 3105(b) (relating to hearing examiners), regarding regulations.

#### *Background and Purpose*

Section 502 of 2 Pa.C.S. (relating to representation) of the Administrative Agency Law, permits, but does not require, a party to be represented when appearing before a Commonwealth agency. Sections 31.1—35.251 of 1 Pa. Code (relating to General Rules of Administrative Practice and Procedure) (GRAPP) apply “when agencies hold a hearing, unless the agency adopted alternate procedures.” *KC Equities v. Dep’t of Publ. Welfare*, 95 A.3d 918, 932 (Pa. Cmwlth. 2014). Section 31.21 of GRAPP (relating to appearance in person) authorizes individuals to appear on their own behalf. It also provides that a member of a partnership may represent the partnership, a bona fide officer of a corporation, trust or association may represent the corporation, trust or association, and an officer or employee of another agency or of a political subdivision may represent the agency or political subdivision in presenting any submittal to an agency. However, for adversarial proceedings, GRAPP requires all parties, except for individuals appearing on their own behalf, to be represented by an attorney unless otherwise permitted by the agency in a specific case. See 1 Pa. Code §§ 31.21—31.23 (relating to appearance in person; appearance by attorney; and other representation prohibited at hearings).

This final-omitted rulemaking expressly adopts GRAPP for the activities and proceedings before the licensing boards and commissions under the Bureau, with a limited

exception. The Commissioner, in consultation with the various boards and commissions, is providing for non-attorney representation in formal proceedings involving business organizations, such as partnerships, corporations, limited liability companies, trusts and other associations, as well as agencies and political subdivisions. Like other agencies that have promulgated regulations that supersede GRAPP’s provisions governing representation of parties in administrative proceedings, the Commissioner is adopting this final-omitted rulemaking to provide more flexibility to those entities who wish to avoid the costs of legal representation. Administrative hearings generally involve questions of fact that do not require complex legal analysis and may not require the legal expertise of an attorney. Hearings before boards and commissions are designed to be brief and informal. Requiring attorney representation in all adversarial hearings involving business entities, agencies or political subdivisions undermines the informal, speedy and low-cost nature of administrative proceedings and may dissuade parties from defending matters against them. The Commissioner believes that allowing non-attorney representation would provide small businesses with a cost-effective alternative for representation at hearings.

Through this final-omitted rulemaking, the Commissioner is joining other Commonwealth agencies that allow representation by non-attorneys in administrative proceedings. For example, the Department of Agriculture under 7 Pa. Code § 131.12 (relating to appearances) allows a partnership to be represented by any of its members and a corporation or association to be represented by any of its officers for adjudicatory proceedings relating to matters within its jurisdiction. The Pennsylvania Labor Relations Board permits entry of appearances by attorneys or other representatives under 34 Pa. Code § 91.2 (relating to appearances); and the State Health Facility Hearing Board under 37 Pa. Code § 197.9 (relating to appearances) permits a member of a partnership to represent the partnership; a bona fide officer of a corporation, trust or association to represent a corporation, trust or association; and an officer or employee of another agency or political subdivision to represent the agency or political subdivision in an appeal or petition before the hearing board.

#### *Omission of Proposed Rulemaking*

Under section 204(1)(iii) of the Commonwealth Documents Law (CDL) (45 P.S. § 1204(1)(iii)), the Commissioner is authorized to omit the procedures for a proposed rulemaking in sections 201 and 202 of the CDL (45 P.S. §§ 1201 and 1202) if the administrative regulation or change therein relates to agency procedure or practice. Publication of this proposed rulemaking is unnecessary because the regulations are procedural regulations relating to representation by non-attorneys for partnerships, corporations, limited liability companies, trusts, other associations and agencies and political subdivisions in administrative proceedings before the professional and occupational licensing boards and commissions within the Bureau.

#### *Description of Amendments*

#### *§ 43b.301. Applicability of general rules of practice and procedure*

Section 43b.301(a) (relating to applicability of general rules of practice and procedure) expressly adopts GRAPP, which governs the practice and procedure before the boards and commissions under the Bureau, except where it is inconsistent with this chapter. Subsection (b) clarifies that subsection (a) supplements 1 Pa. Code § 31.1 (relating to scope of part).

§ 43b.302. *Representation in formal proceedings*

Section 43b.302(a) (relating to representation in formal proceedings) reiterates the GRAPP rule that an individual may appear on their own behalf or may be represented by an attorney in formal proceedings before the boards and commissions under the Bureau. Subsection (a) permits a partnership, corporation, limited liability company, trust, association, agency or political subdivision to be represented by an attorney in formal proceedings before the boards and commissions under the Bureau or may be represented by a non-attorney as provided in subsection (b). The non-attorneys listed in paragraphs (1) through (5) of subsection (b) are the persons by or under whose authority the powers of a business organization/entity are exercised and under whose direction the activities and affairs of the entity are managed. Paragraph (6) provides that an officer or employee of an agency or political subdivision may represent the agency or political subdivision, provided the rules and policies of that agency or subdivision allow such representation. Subsection (c) makes clear that subsections (a) and (b) supersede GRAPP in 1 Pa. Code §§ 31.21 and 31.23.

*Fiscal Impact and Paperwork Requirements*

There is no fiscal impact and no paperwork requirements are associated with this final-omitted rulemaking.

*Regulatory Review*

Under section 5.1(c) of the Regulatory Review Act (71 P.S. § 745.5a(c)), on November 5, 2021, the Commissioner submitted copies of the final-omitted rulemaking, and a copy of a Regulatory Analysis Form to the Independent Regulatory Review Commission (IRRC) and to the Chairpersons of the Senate Consumer Protection and Professional Licensure Committee (SPC/PLC) and the House Professional Licensure Committee (HPLC). On the same date, the regulations were submitted to the Office of Attorney General for review and approval under the Commonwealth Attorneys Act (71 P.S. §§ 732-101—732-506).

Under section 5.1(e) and (j.2) of the Regulatory Review Act (71 P.S. § 745.5a(e) and (j.2)), on December 8, 2021, the final-omitted rulemaking was deemed approved by the SPC/PLC and the HPLC. Under section 5.1(e) of the Regulatory Review Act, IRRC met on December 9, 2021, and approved the final-omitted rulemaking.

*Additional Information*

Individuals who need information about this final-omitted rulemaking may contact the Bureau of Professional and Occupational Affairs, P.O. Box 2649, Harrisburg, PA 17105-2649, RA-BPOA@pa.gov.

*Findings*

The Commissioner finds that:

(1) Public notice of the Commissioner’s intention to promulgate these regulations under the procedures in sections 201 and 202 of the CDL (45 P.S. §§ 1201 and 1202) has been omitted under section 204 of the CDL (45 P.S. § 1204) because publication of proposed rulemaking is unnecessary in that the regulations relate only to agency procedure or practice.

(2) The promulgation of the regulations in the manner provided in this order is necessary and appropriate to effectuate non-attorney representation in formal proceedings before the boards and commissions under the Bureau.

*Order*

The Commissioner, acting under the authority of 63 Pa.C.S. § 3105(b) orders that:

(a) The regulations at 49 Pa. Code Chapter 43b are amended by adding §§ 43b.301 and 43b.302 read as set forth in Annex A.

(b) The Commissioner shall submit this final-omitted rulemaking to the Office of Chief Counsel and the Office of Attorney General for approval as to form and legality as required by law.

(c) The Commissioner shall submit this final-omitted rulemaking to IRRC, SPC/PLC and HPLC as required by law.

(d) The Commissioner shall certify this final-omitted rulemaking and deposit it with the Legislative Reference Bureau as required by law.

(e) This order shall take effect upon publication in the *Pennsylvania Bulletin*.

### APPLICATIONS FOR NATIONAL POLLUTANT DISCHARGE ELIMINATION SYSTEM (NPDES) PERMITS AND WATER QUALITY MANAGEMENT (WQM) PERMITS UNDER THE CLEAN STREAMS LAW AND FEDERAL CLEAN WATER ACT

This notice provides information about persons who have applied to the Department of Environmental Protection (DEP) for a new, renewed, or amended NPDES or WQM permit, or a permit waiver for certain stormwater discharges, or have submitted a Notice of Intent (NOI) for coverage under a General Permit. The applications and NOIs concern, but are not limited to, effluent discharges from sewage treatment facilities and industrial facilities to surface waters or groundwater; stormwater discharges associated with industrial activity (industrial stormwater), construction activity (construction stormwater), and municipal separate storm sewer systems (MS4s); the application of pesticides; the operation of Concentrated Animal Feeding Operations (CAFOs); and the construction of sewage, industrial waste, and manure

storage, collection and treatment facilities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376). More information on the types of NPDES and WQM permits that are available can be found on DEP's website (visit [www.dep.pa.gov](http://www.dep.pa.gov) and select Businesses, Water, Bureau of Clean Water, Wastewater Management, and NPDES and WQM Permitting Programs).

Section II identifies individual NPDES permit applications received and draft permits issued by DEP relating to sewage, industrial waste, industrial stormwater, MS4s, pesticides and CAFOs. A 30-day public comment period applies to these applications, except when a site-specific water quality criterion is used to establish effluent limitations, in which case a 45-day public comment period applies. The period for comment may be extended at the discretion of the Department for one additional 15-day period. Additional information, including links to draft permits and fact sheets that explain the basis for DEP's tentative determinations may be reviewed by generating the “Applications Received with Comment Periods Report” on DEP's website at [www.dep.pa.gov/CWPublicNotice](http://www.dep.pa.gov/CWPublicNotice). Notification of 15-day extensions for comment will be provided in the “Applications Received with Comment Periods Report” (Comments column).

Section III provides notice of applications and draft individual permits for stormwater discharges associated with construction activities. A 30-day public comment period applies to these applications.

Applications and NOIs may be reviewed at the DEP office that received the application or NOI. Contact information for each DEP office for Sections I & II is listed as follows. Contact information for Section III is available within the table. Members of the public are encouraged to use DEP's website to obtain additional information as discussed previously.

**LAND RECYCLING AND ENVIRONMENTAL REMEDIATION**

**UNDER ACT 2, 1995  
PREAMBLE 1**

**Acknowledgment of Notices of Intent to Remediate Submitted Under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).**

Sections 302—305 of the Land Recycling and Environmental Remediation Standards Act (Act) require the Department of Environmental Protection (Department) to publish in the *Pennsylvania Bulletin* an acknowledgment noting receipt of any Notices of Intent to Remediate. An acknowledgment of the receipt of a Notice of Intent (NOI) to Remediate is used to identify a site where a person proposes to, or has been required to, respond to a release of a regulated substance at a site. Persons intending to use the background standard, Statewide health standard, the site-specific standard, or who intend to remediate a site as a special industrial area, must file a (NOI) to Remediate with the Department. A NOI to Remediate filed with the Department provides a brief description of the location of the site, a list of known or suspected contaminants at the site, the proposed remediation measures for the site, and a description of the intended future use of the site. A person who demonstrates attainment of one, or a combination of the cleanup standards, or who receives approval of a special industrial area remediation identified under the Act, will be relieved of further liability for the remediation of the site for any contamination identified in reports submitted to and approved by the Department. Furthermore, the person shall not be subject to citizen suits or other contribution actions brought by responsible persons not participating in the remediation.

Under Sections 304(n)(1)(ii) and 305(c)(2) of the Act, there is a 30-day public and municipal comment period for sites proposed for remediation using a site-specific standard, in whole or in part, and for sites remediated as a special industrial area. This period begins when a summary of the NOI to Remediate is published in a newspaper of general circulation in the area of the site. For the following identified site(s), proposed for remediation to a site-specific standard or as a special industrial area, the municipality, within which the site is located,

may request to be involved in the development of the remediation and reuse plans for the site if the request is made within 30-days of the following specified date. During this comment period the municipality may request that the following identified person, as the remediator of the site, develop and implement a public involvement plan. Requests to be involved, and comments, should be directed to the remediator of the site.

For further information concerning the content of a NOI to Remediate, please contact the Environmental Cleanup Program Manager in the Department of Environmental Protection Regional Office under which the notice appears. If information concerning this acknowledgment is required in an alternative form, contact the Community Relations Coordinator at the appropriate Regional Office listed. TDD users may telephone the Department through the Pennsylvania Hamilton Relay Service at (800) 654-5984.

### PLAN APPROVAL AND OPERATING PERMIT APPLICATIONS

The Department has developed an "integrated" plan approval, State Operating Permit and Title V Operating

Permit program. This integrated approach is designed to make the permitting process more efficient for the Department, the regulated community and the general public. This approach allows the owner or operator of a facility to submit permitting documents relevant to its application for all sources related to a facility or a proposed project, affords an opportunity for public input, and provides for a decision on the issuance of the necessary permits.

The Department received applications for Plan Approvals or Operating Permits from the following facilities. Copies of the application, the Department's analysis, all pertinent documents used in the evaluation of the application and subsequently prepared proposed plan approvals/operating permits are available for public review during normal business hours at the appropriate Department Regional Office. Appointments for scheduling a review must be made by calling the appropriate Department Regional Office. The address and phone number of the Regional Office is listed before the application notices.

Persons wishing to file a written protest or provide comments or additional information, which they believe should be considered prior to the issuance of a permit, may submit the information to the Department's Regional Office. A 30-day comment period from the date of this publication will exist for the submission of comments, protests and information. Each submission must contain the name, address and telephone number of the person submitting the comments, identification of the proposed Plan Approval/Operating Permit including the permit number and a concise statement regarding the relevancy of the information or objections to issuance of the permit.

A person wishing to request a hearing may do so during the 30-day comment period. A public hearing may be held, if the Department, in its discretion, decides that a hearing is warranted based on the information received. Persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper, the *Pennsylvania Bulletin* or by telephone, when the Department determines this type of notification is sufficient. Requests for a public hearing and any relevant information should be directed to the appropriate Department Regional Office.

Permits issued to the owners or operators of sources subject to 25 Pa. Code Chapter 127, Subchapter D or E, or located within a Title V facility or subject to 25 Pa. Code § 129.51(a) or permits issued for sources with limitations on their potential to emit used to avoid otherwise applicable Federal requirements may be submitted to the United States Environmental Protection Agency for review and approval as a revision to the State Implementation Plan. Final Plan Approvals and Operating Permits will contain terms and conditions to ensure that the sources are constructed and operating in compliance with applicable requirements in the Air Pollution Control Act (35 P.S. §§ 4001—4015), 25 Pa. Code Chapters 121—145, the Federal Clean Air Act (42 U.S.C.A. §§ 7401—7671q) and regulations adopted under the Federal Clean Air Act.

Persons with a disability who wish to comment and require an auxiliary aid, service or other accommodation to participate should contact the Regional Office listed before the application. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service at (800) 654-5984.

**Intent to Issue Plan Approvals and Intent to Issue or Amend Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter B. These actions may include the administrative amendments of an associated operating permit.**

**46-0005BA: Merck, Sharp & Dohme, Corp.** (770 Sunmeytown Pike, West Point, PA 19486-0004) for the construction of a new Building 63A, which will include a new biological manufacturing process line, construction of good manufacturing practice (GMP) space, and the construction of a 1-megawatt (MW) natural gas-fired non-emergency generator at an existing permitted Title V facility in Upper Gwynedd Township, **Montgomery County**. The new biological manufacturing process line will only result in VOC emissions (less than 0.5 TPY) and an insignificant amount of HAP (0.0002 TPY). The GMP space involves the use of cleaning solvents, all alcohol-based, with a potential of 5.89 TPY of VOC. The 1-MW generator is a peak unit, limited to 500 hours per year. The proposed engine will be equipped, by the manufacturer, with computerized combustion controls, turbo-charger, aftercoolers, NO<sub>x</sub> sensor, and lean-burn technology to comply with BAT. Potential emissions from the 1-MW generator are as follows: NO<sub>x</sub>—0.81 TPY; CO—1.62 TPY; VOC—0.57 TPY; SO<sub>x</sub>—0.001 TPY; PM—0.025 TPY; and HAP—0.179 TPY. All sources will be operated in accordance with manufacturer's specifications and good air pollution control practices. The 1-MW generator will be subject 40 CFR Part 60, Subpart JJJJ. Applicable requirements have been included in the Plan Approval. This project does not trigger applicability toward NSR or PSD regulations. The plan approval will include monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements.

Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. Comments on the draft plan approval can be submitted through the Air Quality resource account at RA-EPSEROPUBCOM@pa.gov.

The expected actual increases in facility emissions as a result of the changes proposed are: 33.04 tpy VOCs, and 2.19 tpy HAPs. The facility is a State Only facility. DEP's review of the information submitted by the applicant indicates that the air contamination sources as constructed or modified will comply with all regulatory requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code § 127.450.

**55-00026B: Hummel Station, LLC** (2386 North Old Trail Road, Shamokin Dam, PA 17876) has submitted an application to the Pennsylvania Department of Environmental Protection for plan approval to increase the allowable number of hours the duct burners may be operated from 1,000 hours in any 12 consecutive month period to 5,000 hours in any 12 consecutive month period in each of the three natural gas fired turbines at their combined-cycle power plant in Shamokin Dam Borough, **Snyder County**. The facility consists of three (3) identical 1 x 1 powerblocks. Each powerblock consists of a combustion turbine and steam turbine with a natural gas-fired duct burner and a heat recovery steam generator. The turbines are Siemens 5000F5ee DLN natural-gas-fired CTs with STs equipped with natural-gas-fired DBs and HRSGs. The maximum heat input rating of each CT is 2381 MMBtu/hr (HHV) and 2145 MMBtu/hr (LHV). Each DB will have a maximum heat input rating of 204.1 MMBtu/hr (HHV). The air contaminants from each power block are controlled by a selective catalytic reduction (SCR) system and an oxidation catalyst. The proposed project is subject to the Best Available Technology (BAT) requirements of 25 Pa. Code §§ 127.1 and 127.12 and 40 CFR Part 60 Subpart KKKK—Standards of Performance for Stationary Combustion Turbines codified in 40 CFR 60.4300—60.4420. 40 CFR Part 60 Subpart TTTT—Standards of Performance for Greenhouse Gas Emissions for Electric Utility Generating Units codified in 40 CFR 60.5508—60.5580. Based on the review of the application, the Department has determined that the construction and operation of the proposed modification will satisfy all applicable requirements of these subparts.

Code §§ 127.1 and 127.12, the total emissions from all three combined cycle gas turbines combined (Source IDs P181, P182 and P183) shall not exceed the following totals. These emissions limits also include those during startup and shut down events:

- a. Nitrogen Oxides—239.89 tons/12 consecutive month period (CMP)

When the alarms are triggered, the permittee shall take corrective action as soon as practicable and fix the circuit breaker units to a like new state in order to prevent the emission of sulfur hexafluoride (SF<sub>6</sub>) to the maximum extent practicable.

12. All conditions of the previously issued plan approvals to Hummel Station LLC remain valid unless superseded by a condition contained in this plan approval.

All pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department of Environmental Protection determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-3648.

## OPERATING PERMITS

**Intent to Issue Title V Operating Permits under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.**

*Southcentral Region: Air Quality Program, 909 Elmerston Avenue, Harrisburg, PA 17110.*

*Contact: Thomas Hanlon, Facilities Permitting Chief, (717) 705-4862, Thomas Bianca, New Source Review Chief, (717) 705-4863, or William Weaver, Regional Air Quality Manager, (717) 705-4702.*

**28-05028: Chambersburg Energy, LLC** (225 Alleman Road, Chambersburg, PA 17202) for the power station located in Guilford Township, **Franklin County**. Chambersburg Energy, LLC is a major facility subject to the operating permit requirements of Title V of the Federal Clean Air Act and 25 Pa. Code Chapter 127, Subchapters F (relating to operating permit requirements) and G (relating to Title V operating permit requirements). The significant Title V permit modification will revise the language of Section E, Group 001, Condition # 002. The proposed language is as follows: "The permittee may not allow the emission into the outdoor atmosphere of nitrogen oxides (NO<sub>x</sub>), in excess of:

a) 25 ppmvd at 15% oxygen while firing natural gas, based on a one-hour averaging period.

b) 42 ppmvd at 15% oxygen while firing low-sulfur distillate oil.

c) These limits shall not apply during periods of startup and shutdown.

1) Startup is defined as the period of time from when fuel combustion commences in the unit for a duration of thirty (30) minutes.

2) Shutdown is defined as that period of time from the initial lowering of turbine output, with the intention to shutdown, until the time at which the combustion is completely stopped. The duration of each startup or shutdown shall not exceed thirty (30) minutes.

d) The limit in paragraph (a) shall not apply during black start events.

1) Black start event is defined as an instance during a power grid emergency when the permittee is requested by the authoritative Regional Transmission Organization to provide black start power (less than 5 MW of power generation) to the regional electric power grid. The duration of each black start event shall not exceed three (3) hours, including startup and shutdown of the unit.

2) The permittee shall provide sufficient raw CEMS data and parameters calculated using the raw data to demonstrate continued compliance with the NO<sub>x</sub> emission limit in Section E, Group 001, Condition # 004. In the event that emissions from a black start event exceed the NO<sub>x</sub> emission limit in Section E, Group 001, Condition # 004, the permittee shall notify DEP within 48 hours of the black start event.

The emissions during startup, shutdown, and black start events shall be included in the calculations required in Section C, Condition # 011 and reported as required in Section C, Condition # 016.

Compliance with the requirement(s) specified in this streamlined permit condition assures compliance with the NO<sub>x</sub> emission limits in 40 CFR 60.332(a) and the SO<sub>2</sub> emission limits specified in 25 Pa. Code § 123.21 and 40 CFR 60.333(a).<sup>29</sup>

The proposed permit language alleviates the permittee of the NO<sub>x</sub> concentration limits during black start events, since operation in such a scenario precludes the operation of the water injection system to control NO<sub>x</sub> emissions. Due to a reduction in exhaust, emissions from a black start event are estimated to be less than normal operations. Therefore, the pound per hour NO<sub>x</sub> emission limit remains in place during black start events.

### *Noncoal Applications Received*

*Effluent Limits*—The following effluent limits will apply to NPDES permits issued in conjunction with a noncoal mining permit:

Table 2

\* The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applied to surface runoff resulting from a precipitation event of less than or equal to a 10-year 24-hour event. **MINING ACTIVITY NPDES DRAFT PERMITS**

This notice provides information about applications for a new, amended or renewed NPDES permits associated with mining activity (coal or noncoal) permits. The applications concern industrial waste (mining) discharges to surface water and discharges of stormwater associated with mining activities. This notice is provided in accordance with 25 Pa. Code Chapters 91 and 92a and 40 CFR Part 122, implementing provisions of The Clean Streams Law (35 P.S. §§ 691.1—691.1001) and the Federal Clean Water Act (33 U.S.C.A. §§ 1251—1376).

The Department of Environmental Protection (Department) has prepared a draft NPDES permit and made a tentative determination to issue the NPDES permit in conjunction with the associated mining activity permit.

*Effluent Limits for Coal Mining Activities*

For coal mining activities, NPDES permits, when issued, will contain effluent limits that are the more stringent of technology-based (BAT) effluent limitations or Water Quality Based Effluent Limits (WQBEL).

The BAT limits for coal mining activities, as provided in 40 CFR Part 434 and 25 Pa. Code Chapters 87—90 are as follows:

<i>Parameter</i>	<i>30-Day Average</i>	<i>Daily Maximum</i>	<i>Instantaneous Maximum</i>
Iron (Total)	3.0 mg/l	6.0 mg/l	7.0 mg/l
Manganese (Total)	2.0 mg/l	4.0 mg/l	5.0 mg/l
Suspended solids	35 mg/l	70 mg/l	90 mg/l
pH*		greater than 6.0; less than 9.0	

Alkalinity greater than acidity\*

\*The parameter is applicable at all times.

A settleable solids instantaneous maximum limit of 0.5 ml/l applies to: surface runoff (resulting from a precipitation event of less than or equal to a 10-year 24-hour event) from active mining areas; active areas disturbed by coal refuse disposal activities; mined areas backfilled and revegetated; and all other discharges and drainage (resulting from a precipitation event of greater than 1-year 24-hour to less than or equal to a 10-year 24-hour event) from coal refuse disposal piles. Similarly, modified BAT limits apply to iron, manganese and suspended solids in surface runoff, discharges and drainage resulting from these precipitation events and those of greater magnitude in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

Exceptions to BAT effluent limits may be applicable in accordance with 25 Pa. Code §§ 87.102, 88.92, 88.187, 88.292, 89.52 and 90.102.

*Effluent Limits for Noncoal Mining Activities*

The limits for noncoal mining activities as provided in 25 Pa. Code Chapter 77 are pH 6 to 9 and other parameters the Department may require.

Discharges from noncoal mines located in some geologic settings (for example, in the coal fields) may require additional water quality based effluent limits. If additional effluent limits are needed for an NPDES permit associated with a noncoal mining permit, then the permit description specifies the parameters.

In addition to BAT or WQBEL limits, coal and noncoal NPDES permits establish effluent limitations in the form of implemented Best Management Practices (BMPs) identified in the associated Erosion and Sedimentation Plan, the Reclamation Plan and the NPDES permit application. These BMPs restrict the rates and quantities of associated pollutants from being discharged into surface waters in this Commonwealth.

More restrictive effluent limitations, restrictions on discharge volume or restrictions on the extent of mining that may occur are incorporated into an NPDES permit when necessary for compliance with water quality standards and antidegradation requirements (in accordance with 25 Pa. Code Chapters 91—96).

The procedures for determining the final effluent limits, using a mass-balance equation or model, are found in Technical Guidance Document 563-2112-115, Developing National Pollutant Discharge Elimination System (NPDES) Permits for Mining Activities. Other specific factors to be considered include public comments and Total Maximum Daily Load(s). Additional discharge limitations may apply in the event that unexpected discharges occur.

Discharge rates for surface mining activities are precipitation driven. Discharge rates for proposed discharges associated with underground mining are noted in the permit description.

Persons wishing to comment on an NPDES draft permit should submit a written statement to the Department at the address of the district mining office indicated before each draft permit within 30-days of this public notice. Comments received within the comment period will be considered in the final determinations regarding the NPDES permit applications. Comments must include the name, address and telephone number of the writer and a concise statement to inform the Department of the exact basis of a comment and the relevant facts upon which it is based.

The Department will also accept requests or petitions for a public hearing on NPDES permit applications, as provided in 25 Pa. Code § 92a.82(d). The request or petition for a public hearing shall be filed within 30-days of this public notice and contain the name, address, telephone number and the interest of the party filing the request and state the reasons why a hearing is warranted. A public hearing may be held if the Department considers the public interest significant. If a hearing is scheduled, a notice of the hearing on the NPDES permit application will be published in the *Pennsylvania Bulletin* and a newspaper of general circulation within the relevant geographical area. When a public hearing is held, the Department will consider comments from the public hearing in the final determination on the NPDES permit application.

Lower Allen Township	2233 Gettysburg Road Camp Hill, PA 17011	Cumberland

*Plan Description:*

The exemption from the requirement to revise the Official Plan for the Lark Meadows Residential Subdivision, DEP Code No. A3-21912-266-3E, APS Id 1052815, is disapproved. The proposed subdivision consists of the creation of fifteen new lots, of which fourteen are for new single-family dwellings and one for stormwater management. A residual lot containing an existing dwelling and the fourteen lots proposed for new dwellings are to utilize a new force main with proposed flows of 2,850 gallons per day (gpd) to be collected, conveyed, and treated by Lower Allen Township. The proposed subdivision is located off of Manor Drive in Lower Allen Township. This plan is disapproved because it does not qualify as an exemption from the requirement to revise the Official Plan. It does not qualify because the subdivision proposes the connection to or an extension of public sewer facilities which require or which must apply for a new or modified permit from DEP under the Pennsylvania Clean Streams Law (CSL) as per Chapter 71, Section 71.51(b)(5).

**LAND RECYCLING AND ENVIRONMENTAL REMEDIATION****UNDER ACT 2, 1995  
PREAMBLE 2**

**The following plans and reports were submitted under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.908).**

Provisions of Sections 301—308 of the Land Recycling and Environmental Remediation Standards Act (act) (35 P.S. §§ 6026.301—6026.308) require the Department to publish in the *Pennsylvania Bulletin* a notice of submission of plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the act's remediation standards. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis for selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling analytical results which demonstrate that remediation has attained the cleanup standard selected. Submission of plans and reports, other than the final report, will also be published in the *Pennsylvania Bulletin*. These include the remedial investigation report, risk assessment report and cleanup plan for a site-specific standard remediation. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes poten-

tial adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements.

For further information concerning plans or reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of receipt of plans or reports appears. If information concerning plans or reports is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania Hamilton Relay Service at (800) 654-5984.

**LAND RECYCLING AND ENVIRONMENTAL REMEDIATION****UNDER ACT 2, 1995  
PREAMBLE 3**

**The Department has taken action on the following plans and reports under the Land Recycling and Environmental Remediation Standards Act (35 P.S. §§ 6026.101—6026.907).**

Section 250.8 of 25 Pa. Code and administration of the Land Recycling and Environmental Remediation Standards Act (act) require the Department to publish in the *Pennsylvania Bulletin* a notice of its final actions on plans and reports. A final report is submitted to document cleanup of a release of a regulated substance at a site to one of the remediation standards of the act. A final report provides a description of the site investigation to characterize the nature and extent of contaminants in environmental media, the basis of selecting the environmental media of concern, documentation supporting the selection of residential or nonresidential exposure factors, a description of the remediation performed and summaries of sampling methodology and analytical results which demonstrate that the remediation has attained the cleanup standard selected. Plans and reports required by the act for compliance with selection of remediation to a site-specific standard, in addition to a final report, include a remedial investigation report, risk assessment report and cleanup plan. A remedial investigation report includes conclusions from the site investigation; concentration of regulated substances in environmental media; benefits of reuse of the property; and, in some circumstances, a fate and transport analysis. If required, a risk assessment report describes potential adverse effects caused by the presence of regulated substances. If required, a cleanup plan evaluates the abilities of potential remedies to achieve remedy requirements. A work plan for conducting

a baseline remedial investigation is required by the act for compliance with selection of a special industrial area remediation. The baseline remedial investigation, based on the work plan, is compiled into the baseline environmental report to establish a reference point to show existing contamination, describe proposed remediation to be done and include a description of existing or potential public benefits of the use or reuse of the property. The Department may approve or disapprove plans and reports submitted. This notice provides the Department's decision and, if relevant, the basis for disapproval.

For further information concerning the plans and reports, contact the environmental cleanup program manager in the Department Regional Office under which the notice of the plan or report appears. If information concerning a final report is required in an alternative form, contact the community relations coordinator at the appropriate Regional Office. TDD users may telephone the Department through the Pennsylvania Hamilton Relay Service at (800) 654-5984.

DEPARTMENT OF REVENUE

Interest Rate Notice

Under sections 806 and 806.1 of The Fiscal Code (72 P.S. §§ 806 and 806.1), the Secretary of Revenue announces that, for the calendar year beginning January 1, 2022, all underpayments of tax which became due and payable to the Commonwealth shall bear interest at the rate of 3% per annum. All overpayments of the tax paid during this calendar year under Article III of the Tax Reform Code of 1971 (72 P.S. §§ 7301—7361) shall bear interest at the rate of 3% per annum. All other overpayments of tax paid during this calendar year shall bear interest at the rate of 1% per annum. These rates will remain constant until December 31, 2022. These rates will be codified under 61 Pa. Code § 4.2(a) (relating to rate of interest).

These rates have been established based upon the rate established by the Secretary of the Treasury of the United States under section 6621(a)(2) of the Internal Revenue Code (26 U.S.C.A. § 6621(a)(2)) to be effective January 1, 2022.

Although the Tax Reform Act of 1986 amended section 6621 of the Internal Revenue Code by requiring that the Secretary of the Treasury of the United States establish quarterly rates of interest to become effective for Federal purposes on the first month of each calendar quarter, these amendments do not affect Commonwealth law. The Fiscal Code, as previously cited, requires that the interest rate be established effective January 1 of each calendar year without regard to any change in the Federal interest rate during the calendar year.
