

Product Bundles

Academic Product Bundles are now available for our broad spectrum of PLM Solutions including Unigraphics NX, I-deas NX Series, Solid Edge, Tecnomatix, Teamcenter, Parasolid and Open Enterprise Visualization applications software.

The 100 series number provides the modules and commercial price for a quote. The 300 series provides both the Initialization and the Academic Bundle Renewal fee. The commercial seat value X the number of seats provides the commercial value of the total offering to an Academic Partner. The Academic Initialization Fee and Renewal Fee are charged to an Academic Institution on a site license basis unless specified as with the SE 291 (Student - Single User) The number of seats specified for each institution should be printed on the quote form.

Academic Bundle

Academic Product Bundles are available for our broad spectrum of PLM Solutions including Unigraphics NX, I-DEAS NX Series, Solid Edge, E-Factory, Teamcenter, Parasolid and Open Enterprise Visualization , D-Cubed and JT Open applications software.
