Introduction

Using the Service Guide

All old service directories should be destroyed. This directory has been completely updated, so using an old book will cause confusion and service problems.

How to use the reference guides and tables

Document / Non-Document reference guide

The Document / Non-Document reference guide lists DHL's top 74 most commonly shipped commodities and indicates whether they should travel as a Document, Non-Document or are unacceptable for shipment to each of the countries in the DHL Network

Remember that the guide is for quick reference only. Refer to the Country Service notes for any queries, special cases, etc.

To use the Document / Non-Document reference guide:

- 1) Look across the top for the destination country and its value limit
- 2) Look down the list for the commodity you want.
- 3) Check the commodity description:
 - D the shipment can travel as Document
 - P the shipment must travel as Non-Document
 - * DHL can take the shipment, but there are some special conditions that vary from country to country. Check the country service notes.
 - U no service available/prohibited commodity

Codes and tables

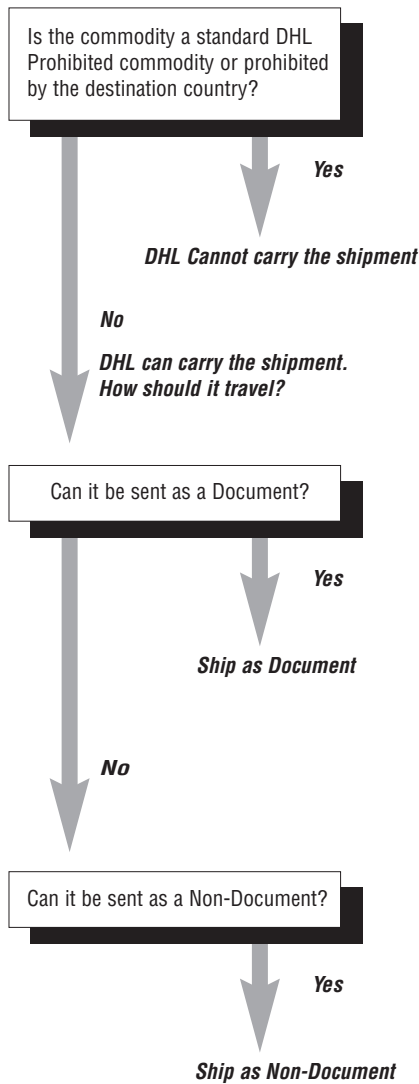

Codes are arranged so that the most frequently used tables are closest to the back and easier to find. Check the contents list on page 1 for their order.

New tables begin with a black bar. Changes in postcode numbers, code letters, sections etc. are signalled by a grey bar.

Standard Restricted & Prohibited Commodities

Carrying certain commodities has inherent risks. DHL Express therefore has a strict policy that aims to minimise risk – to our employees, our operations/Network and our property – and financial exposure to DPDHL.

The actual policy is available on: <http://isd.dhl.com/> under section DHL Service Guidelines.

Prohibited for carriage

The following items without exception must be refused for carriage by DHL Express, regardless of value, business potential or who the customer is. There is no exception process available:

- Live animals; mammals, reptiles, fish, invertebrates, amphibians, and birds.
- Human remains or ashes
- Bullion (of any precious metal)
- Cash (current legal tender) (bank notes, currency notes and coins)
- Loose precious and semi-precious stones
- Complete firearms, ammunition, explosives / explosive devices
- Illegal goods and Ivory

For additional country specific prohibited commodities refer to the country operations notes or ISD (Interactive Service Directory) - <http://isd.dhl.com/> under section DHL Service Guidelines.

Restricted for Carriage

The following commodities may be acceptable for carriage by DHL Express:

- Antiques and works of art
- Banderols/tax stickers
- Cigarettes & Electronic Cigarettes
- Dangerous goods & Perishable
- Furs
- Jewellery, watches
- Negotiable instruments in bearer form (whether cash-like or not)
- Air guns, imitation or replica firearms, replica ammunition and firearm parts
- Financial & Monetary Commodities

For additional country specific restricted commodities information refer to the country operations notes or ISD (Interactive Service Directory) - <http://isd.dhl.com/> under section DHL Service Guidelines.

In order to obtain approval for the carriage of Restricted commodities, a fully documented business case must be prepared and presented as per the Prohibited and Restricted Commodities Policy for evaluation and approval prior to shipment acceptance.

Transportation of Negotiable Instruments (NI)

Compliance with DP-DHL Corporate Risk Management policy helps protect DHL staff and property from harm due to opportunist and organized crime. It consists of special procedures for the proper handling of "negotiable instruments".

Why does DHL need this policy on negotiable instruments?

- To communicate special procedures for the handling of negotiable instruments to ensure network-wide compliance.
- To ensure insurance coverage in the event of lost shipments. Our insurers only cover claims where approved transportation methods have been followed.
- Compliance with this policy protects DHL staff and property from physical harm due to opportunist and organised crime.

The actual policy is available on: <http://isd.dhl.com/> under section DHL Service Guidelines.

What are Negotiable Instruments?

Negotiable Instruments are financial and monetary commodities such as any paper, document or device that can be used to transfer value (e.g. Bank Notes, Traveller's Cheques). The definition includes other document types which can be used to pay specified amounts of money under specific conditions. Negotiable Instruments are defined as either Bearer or Non-Bearer Form. A negotiable instrument is in non-bearer form when it is not readily transferable unless there is a fraudulent intervention, e.g., false identification, erasure or forgery, etc. Non-bearer form negotiable instruments are usually made payable to (or for the benefit of) a specific person or entity and usually require an endorsement or a validation before a value or payment is transferred.

Negotiable Instrument non Bearer Form

The following list provides examples of **non-bearer form (nominative) negotiable instruments**:

- Banker's Drafts
- Bills of Exchange
- Bills of Lading
- Bonds
- Cashier Cheques
- Cheques
- Delivery Orders
- Promissory Notes
- Shares
- Stock Certificates

For additional country specific restrictions please refer to the List of Negotiable Instrument commodities in the Document/Non Document reference guide table, the country operations notes or ISD (Interactive Service Directory) - <http://isd.dhl.com/> under section DHL Service Guidelines.

Transportation of Negotiable Instruments (NI)

Negotiable Instrument in Bearer Form (whether cashlike or not)

The following list provides examples of **bearer form (nominative) negotiable instruments**:

- Banderoles
- Bank Notes (cash)
- Banker's Drafts (not cashed or blank)
- Bonds (not cashed or blank)
- Cheques (bearer form or not cashed or blank)
- Credit Cards (activated)
- Gift Certificates / Vouchers / Tokens

Onforwarding

What is Onforwarding?

The activity of handing over shipments to a third party for onward delivery.

What are the general Terms and Conditions for Onforwarding?

For cities or postcodes (zipcodes) marked with F the delivery service will be served by a third party, additional delivery days may apply. Additionally some locations may attract a fee for Remote Area Service (RAS). Please contact the local Customer Service in the billing country for further information on the exact RAS locations and charges.

What are the Terms and Conditions for Onforwarding to unlisted cities?

Majority of DHL Countries and Territories have national coverage however potentially proof of delivery will either not be available or may take from 5 days up to 3 weeks. Please contact Customer Service to confirm service availability and shipment destination service area coding to unlisted cities.

For additional country specific terms and conditions please refer to ISD (Interactive Service Directory) - <http://isd.dhl.com/> under section Onforwarding Notes

Billing Service/Insurance Selling Capabilities

Shippers Interest Insurance

Due to legal or regulatory restrictions only certain countries may sell / bill insurance. In considering whether insurance may be sold, the status of the BILLING country must be confirmed. This applies whether the billing is origin country, destination country or third party.

Corporate Insurance and Risk Management conducts the legal and regulatory reviews to add countries to the approved listing. All requests to add countries to the list and all reviews MUST be co-ordinated through Corporate Insurance and Risk Management. corpriskmgmt@deutschepost.de

Paperless Trade

Shipper sends a non-document shipment but only provides the supporting paperwork electronically i.e. no archive label and no customs invoices on the shipment.

Permitted only for countries that accept imaged copies of paperwork.

Billing Terms - Definitions

Duties & Taxes Unpaid - DTU

This is the standard DHL declarable service - Standard outbound WPX.

Duties & Taxes Paid - DTP

This billing term signifies that all charges for transportation delivery and incurred duties and taxes will be billed to an entity other than the receiver of the goods. Refer to Network Policy for further details.

DTP IN - Countries authorized to receive DTP shipments. Import duties and taxes should be billed back through the EXB outbound file to the origin or third party.

DTP OUT - Countries authorized to send DTP shipments. Import duties and taxes on the shipment can be billed back to the origin countries for them to invoice their customer.

Neutral Delivery Service - NDS

This is the delivery of dutiable shipments without documentation other than the shipment waybill. The shipment waybill must NOT show the customs declared value. Refer to Network Policy for further details.

Split Duty/Tax - DVU

This service provides DHL customers the possibility to request the VAT be split out and billed separately to the receiver, with the destination duties being billed to a third party. Refer to Network Policy for further details.

Operations note

AU shipments with TP Comment: EPARCEL; AU is trialing (B2C-Residential) Service offers: 1. A door to door delv from AWB 2. If NH, a card is left advising cnee to collect at the service outlet 3. If no attempt to CC within 5 days, a 2nd card is left. 4. If no attempt to CC within 10 days, the shpt is then returned to DHL for HIC. No re-directs or re-attempts after the 1st attempt will be made. Retrieval to return the shpt to DHL within 10 days is poss but delays expected. - AU Border Force require formal clearance of ALL inbound shipments. It is imperative that correct manifesting at origin is done for all shipment types into AU in order to avoid delays. Whilst this is not usually an issue for WPX, any missing data for DOX shipments can result in potential delays leading to lower transit time performance. The ABF may detain and impose fines up to A\$8100/shpt on DHL for unmanifested DOX/WPX. For more info, pls ctc Oceania Customs & Regulatory Affairs Mgr. For local variations refer to the operations note for PER

Commercial Invoice /Proforma only acceptable for special regimes and intercompany exchange/. Full detailed description of goods. Unit price, number of items, total value and currency must be specified. Terms of delivery as per INCOTERMS 2016. If no Terms of delivery, indicating that the transport charges are included in the price, transport charges must be added to the invoice value for the purposes of duties and taxes collection. If no Terms of delivery in the invoice and the transport charges are not payable in BG, TRC is initiated to origin for transport charges if the customer does not agree to use for customs purposes the official IMPEX tariff. These requirements apply for all invoices with value over 30 leva/~15 EUR/ or equivalent. Shipments can be held in Customs for a maximum of 60 calendar days. If no clearance is possible within that timeframe, shipments are subject to RTO without prior notice. No possibility exists for DHL to act as an IoR. - Payment Deferment: The use of DHL's credit or cash to fund the clearance, duty and tax charges related to an inbound shipment, instead of the Receiver using his own bond or credit line. The customs process is accelerated with DHL making prompt payment of relevant charges, while the Receiver defers payment up to an agreed period. Mandatory application of Payment Deferment Fee as of January 2015 to all Dutiable shipments of a minimum 10 EUR (or local equivalent) or 2% whichever is highest. This change now makes the deferment fee formally applicable to non-account holders as well as account holders. For all non-account holders the principle of No Pay no Parcel applies and it is mandatory to collect Duty and Tax charges before or during delivery.

 Daily flight can accept max 70kg per piece. Please contact pnhqcc@dhl.com for advice on heavy shipment. The multi-pieces or heavy shipments (200kgs) do not uplift in partial pieces or multi-Mawb(s), otherwise, will be facing with custom clearance.

Physical note

The multi-pieces shipments has to uplift all complete pieces together on 1Mawb for custom clearance purposed. - Dangerous Goods shipments can not be exported from KH due to non acceptance by airlines.

Off Hours and weekend service:

Additional Charges
 Off-Hours: no service.
 Sat: USD0.00
 Sun: no service
 Normally, there's no service but for urgent shipment, we will do our best to help. Additional charges may apply. -
 On Saturday, Service is available from 8:30 to 17:00.

Operations note

It is recommended to dedicate correct mobile number of consignee for better delivery. All shipments are routed via BKK HUB. Please note that shipments that are suddenly requested for RTO may still need to go through import clearance prior to re-export and consequently, may entail clearance costs and/or duties/taxes. - Our service is available mainly in the city - Phnom Penh and Siem Reap. We nominate local agent to provide the service in Svay Rieng and Preah Sihanouk province mainly to customers in Special Economic Zone and it takes one additional day. Delivery Service to any other part of the country will rely on local taxi / bus with an additional day delay.

Operations note

St Pierre et Miquelon are french islands near Canada. We can ensure only a door to airport service to Halifax.

Consignee is responsible for transport from Halifax, clearance and delivery. Shipments must be coded YHZ. An entry code/ buzz code is required for entry into multi-unit residential addresses. When possible, include this information on the awb. - Full and detailed description is required on all HAWB's and Comm. Invoices. HS codes would also assist in quicker clearance. Delays can occur if proper shipper and consignee information as well as clear description of goods is not available. Export shpts over 2500CAD need custom document B-13 to be filled out by cstmr. If not, DHL will complete the formalities & charge the shipper.

Shipping schedules 1

- 1 Maximum weight: 5 kgs (11 lbs)
- 2 All shipments for diplomatic institutions must be from and to diplomatic institution. Must be sealed with a diplomatic sticker and AWB has to specify that shipment is a diplomatic mail.

WPX

TAX IT # (RUT) and consignee's email has to be provided b4 the arrival for entry submission (included on AWB), if not available DHL will try to contact consignee & delay incurred and storage fees. Palletized & oversized non-palletized shipment will need Formal Entry, it will need a BROKER intervention & local insurance, shipment will be transferred to a 3rd party warehouse automatically. Palletized shipments less than US\$1000 will be cleared by DHL broker's partner. If consignee receives more than one shipment on same day or flight & Chilean's customs established limits could be considered formal. All shipments sent to duty free zone (IQ, PUQ) Max wt per shipment and pieces 100kg. If shipment exceeds weight will require a broker intervention in SCL because DHL can't transport shipments over 100kgs as a weight into those cities. Shipments under DTP mode & returned, consignee must assume costs or fees of external warehouse. Costs will not be reimbursed to origin. - All WPX must be accompanied by original PPWK, this includes AWB, commercial invoice and any additional PPWKS as required. Invoice Requirements: Shipper's logo (if a company), C/I number, date of issue, full shipper & consignee's information (name, address), Company Name or Consignee Name & Commercial address, manufacturing codes, and brand, full description of products per item and/or harmonized codes, contents, qty, FOB value, weight, and model. Pro-Formas or DHL Invoices are NOT acceptable. Origin certificate needed for any special treatments. Non-compliant shipments or w/ any inaccurate info (on contents qty, value, weight) will be subject to service delays, 100% inspections & possible penalties/fines

Physical note

The International Standards for Phytosanitary Measures (ISPM) established the regulations of Wood Packaging Material (WPM) requiring that all shipments using wood as a packaging material must undergo approved treatment prior to departure from the exporting countries: heat treatment or Methyl Bromide. - Expect delays in NCY shipments delivery times. Failure to comply with the requirements may result in disposal, treatment or shipment being returned to origin. It is suggested that alternative packaging material is used to avoid the WPM regulation. The regulations apply to the following wood packaging materials: pallets, dunnage, crating, packing, blocks, drums cases, load boards, pallet collars and skids.

All Non Docs shipments that are consigned to Companies must have 'RNC' (Tax ID number) specified on AWB and Commercial Invoice. RNC and consignee name on PPWK must match exactly how the consignee is registered with the Tax authorities. To particulars, PPWK must have the Personal ID number (número de cédula) or passport number on PPWK. The name and number on AWB must match exactly with the name and number on Cnee's ID. Otherwise, delays occur and under no control of DHL. Clearance Formal process time range is around 4 labor days to get the valuation of Duties to pay if all documentation is correct. Cnee is informed on amount to be paid and only after Cnee pays, DHL clears shipment from Customs; this is 24-48 hrs in addition to final delivery to cnee. (For DTP, DHL pays next day after valuation is recvd from Customs). - All consignees (private or a company) who receives a Non-Doc that are held for formal process must be registered at the Dominican Customs system. Cnee needs to fill a form & send all the proper information to unidadregistro@dga.gov.do (only once) with the TAX ID# or Personal ID#. This process needs to be done before the arrival, otherwise a penalty can be applied by authorities. All PPWK must be original and Commercial invoice must be very detailed as possible, specifying individual description of every item (with brand when applies), unit value per item, total value per item, and total value of shipment. Shippers are urged to include a Harmonized Declaration if possible. The phone number is always necessary for Non Docs. The shipments that arrive to DO w/out the proper information will be affected and processing time will be difficult to estimate. For more info, please consult Service Impact.

- 1 Phytosanitary Permit required also a Public Health Certificate by consignee.
- 2 Consignee must obtain permission from the Dominican Republic Military Force; shipment is picked up by the Armed Forces from Customs to be decodified. Cnee must personally pick up shipment from the Armed Forces.
- 3 Invoice should detail all items inside with correct harmonized codes.
- 4 Invoices should detail the purposes and correct value.
- 5 Consignee must provide Public Health Certificate.
- 6 Send D/A no matter what the value is. Importer should come directly to Customs.
- 7 Must be sent Door-to-Airport.
- 8 Part for Ships in Transit- Clearance Process as a Free Zone; Cnee or Shpr (of DDP) will pay extra transportation and police custody.
- 9 Phytosanitary Permit required. Consignee must provide Public Health Certificate.
- 10 Raw material for textile and Argicultural equipments are duty free. Paperwork must be processed by consignee after the arrival of the shipment.

Value note

Official Value Limit:	Unlimited
Values from USD0.00 to USD0.00	Additional Delay: 4-6 days Shipments FOB value equal and over USD 200.00 are considered formal. Taxes/duties apply.
Values from USD0.01 to USD200.00	No additional delay Deminimum, No duties/taxes apply. Customs is allowed to determine if sht is valued correctly. If determines under valued, cnee must clear shipment directly.
Values from USD200.01 to Unlimited	Additional Delay: 6-8 days Shipments FOB Value equal and over USD 2,000.00 need an additional documentation by the Consignee/Importer, which is DVA, where Importer does a legal confirmation of the Value of the Goods. This must be signed and stamped by the Consignee. USD200.00

Advisory Value Limit

Invoices should be Original (No proforma invoices accepted). Invoices should be detailed per items and Harmonized Codes needed, as per GATT. If invoices received are copies, Origin will be notified and no process can be done. Under declared shipments will be strongly penalized by Customs. Importer will need to go to Customs and provide a proof of value if Customs considers shipment to be of higher value than declared. - Consular Invoice is no longer needed, regardless of the FOB value. Exchange commission fee (13% of the FOB) is no longer calculated; the Importer will pay a "Customs Service Fee" USD0.25 per Kilo. Import Accessorial Fees are applied locally to Importers; warehousing, clearance fee, ppwk turnover, etc.

Weight note

Max. weight per shpt; 299.5 kg (660.0 lbs), Max. weight per piece: 70.0 kg (154.0 lbs)

Physical note

A Miscoded/missorted WPX shp is cleared formally in 1-6 weeks (dep. on commodity). No RTO is considered by Customs once a shp is held formally in Customs. If origin requests RTO for DDP shp, an extra Customs Service is applied (6 weeks-2 months). Customs will take payment of 3% of original duty. SDQ can deliver shp above the weight limits - additional cost based on destination and shp weight will be incurred by Shipper if DDP or by the Receiver if DAP. Please contact the station for the amount.

Additional Charges

Off-Hours: no service.

Sat: USD

Sun: no service

08:00-12:00. Pick up and partial deliveries just in the central area. Urgent service on Saturdays must be pre-arranged.

Operations note

If Customs reqmrs are not met, add to delays, extra charge of USD55 or USD250 must be paid by cnee for info changes (amt to pay will depend on time that info is provided). Material for conventions needs to be sent with enough time. Temp imports are not allowed in most cases. Pls ctc sdq duty@dhl.com for further details. For International agreements (DR-CAFTA, EPA, etc) Certificate of Origin is req'd by customs. - Values on invoices must be real. Values can be rejected & charged by customs authorities according to their database. Expect delays. To return a shpt as FOC, cnee needs to do a formal letter to Customs Director. This auth from Customs can take 15-30 days. Shpts under USD200 with similar characteristics (same cnee, arrival day, flight) will be retained by customs to avoid fiscal evasion. If shpt is considered undervalued, Customs can require bank transfer or certification to valid contents value.

Various goods require CE marking to be available on the products. Most common goods imported with requirement of CE are: all electronics (incl. electronic cigarettes), toys, glasses etc. Pbi missing CE will automatically result with RTO if goods will be inspected by Customs Authority & daily appr 10% of goods are inspected by Authority!!!! Only original commercial invoices are accepted and should state Incoterm (CIP, DDU, DAP preferable) with the end point, reason for export and Country of Origin of items in order to avoid clearance delays as correct invoices are required by Customs. Note following WPX restrictions: - Original Invoices and other paperwork like certificates etc. must be enclosed into the document pouch on the shipment. EE customs does not accept copies. Clearance delays incur till correct original paperwork is provided by origin. No X-mas gift shipments are accepted; real content of shpt must be stated on invoice & AWB, otherwise shpts will be RTO'd.

- 1 Max quantity: 10 pieces; Otherwise ship via WPX
- 2 Max. quantity 5 items; Otherwise ship via WPX
- 3 Shippers must be made aware by origin stations: Passports are frequently taken by customs into temporary custody for scrutinization. This is a lengthy procedure which creates considerable delays whereby DHL has no influence whatsoever, no matter what kind of escalation re tracings etc. Usually customs doesn't even allow to give information to shipper and/or consignee. If passport is ok it will be given back for onforwarding. If not it will be handed over to the border police for further legal actions.
- 4 Must be part of a manual; Otherwise ship via WPX

WPX

Companies shipping promotional items like T-shirts, pens and mugs into Germany are required to confirm in writing that these goods are for internal purposes only and not intended for resale or that they are samples only, must include a Proforma Invoice stating: "These goods are for internal company use, are non-revenue give-aways and are not intended for resale". Companies shipping Exhibition goods: Since 2012, the local DHL Express Customs team is no longer able to clear these goods. They must be cleared by a broker (an EU registered company with own EORI number). The third party DHL Customs brokerage service via DHL Trade Fairs & Events will lead to costs of approx 340 EUR (VAT, Duty & Taxes not included) in addition to the transport costs, with payment by receiver in cash or credit card. DDP terms are not possible. A charge for Handover to Broker applies (charge code WG). No exhibition services are included. - Shipments can be held in Customs for a maximum of 10 calendar days. If no clearance is possible within that timeframe, shipments are subject to RTO arrangements, on shipper's instructions. No possibility exists for DHL to act as an IoR. No Temporary Imports are possible if no duty-free clearance is possible, or if importing without a Carnet ATA. For details see Service Impact. A charge for Handover to Broker applies (charge code WG), or if applicable a charge for a T1 form applies i.e. Bonded Transit Documents (charge code WL). Additional notes:

- 3 Biological material, e.g. blood samples etc: Acceptable only if human origin, not if from animals. Invoice must specify: a) human origin, (animal blood prohibited, see list of prohibited commodities), b) infectious or non-infectious; c) purpose, e.g. in-vitro diagnostic, laboratory test, etc..
- 4 If raw coffee, max value: Euro 22. If roasted, no possibility of sample clearance i.e duty & tax applicable.
- 5 Very high duty & tax apply. For export & import, the customer may wish/need to register the excise tax in the "Excise Movement and Control System" (EMCS). A customer not familiar with or without access to EMCS must appoint a 3rd party broker to make entries on his behalf. DHL will neither make the entries nor act as a tax consultant. The invoice must state exact number of articles per type/brand. If Customs / customer request a physical inspection to determine contents / count articles, a fee of 35 Euro per commenced hour must be paid by importer. Fee cannot be paid via DDP/DTP. Fee applies even if inspection is related to transit to a bonded warehouse for self-clearance.
- 6 For duty free clearance, Proforma Inv must indicate for 'Intercompany data-exchange'. For duty free clearance of software, Comm Inv must state the relevant software.
- 7 Acceptable only in small quantity for private use AND ONLY IF ADDRESSED TO GERMAN PHARMACY with German doctor's prescription and German pharmacy order. Subsequent involvement of a pharmacy not possible. Otherwise shipment is subject for RTO. For commercial shpts, cnee must hold appropriate license.
- 8 Country of origin must be indicated in invoice.
- 9 Small quantity for personal use or samples: maximum value 22 EUR. No foodstuffs acceptable containing meat, fish, eggs, dairy products, or any other animal products of any kind, i.e. basically only vegetables, fruits, etc.. Foodsupplements and Vitamins: for commercial use cnee must provide import license. All shipments (i.e. into DE as well as transit to other EU- and Non-EU countries) sent by ignoring prohibition of animal products are subject for veterinary clearance prior to customs clearance which is extremely costly, complicated and time- and labour intensive. Costs for shipments to DE charged to consignees 150,- EUR. Shipments which cannot be cleared due refuse of payment by consignee or due to missing necessary documentation like health-certificate, import-licence etc. are subject for RTO or destruction under customs supervision.
- 10 A fully documented business case is required for authorization to transport these commodities.
- 11 Latin name of species from which goods are originating required, and if necessary (Washington Convention) a CITES certificate is needed from origin.
- 12 Blood fractions (e.g. RNA / DNA / Antisera and other immunological products) require CITES document, even if fraction is modified or produced by a biotechnological process.
- 13 Shipments to US military facilities: For duty/tax-free clearance form AE302 (or AE550 re personal soldier shipments) supplied by local military transportation officer necessary, delays depending on speedness of availability.
- 14 Duty & tax relief not automatic and not for everything. Minimum requirements: Copies of passport & flight-ticket (plus for expatriates registration confirmation of hometown or city of return), a list of contents with indication what is old and what is new, i.e. what was purchased abroad. Invoices for all abroad purchasing which is dutiable and taxable if newer than 12 months in any case. Clearance delays to be expected until all necessary documentation provided by consignee.
- 15 Latin name of species required, Phytosanitary Certificate necessary. (Exception only for laboratory samples and samples of plants, if for analysis purposes.) All shipments are subject for phytosanitary clearance, costs charged to consignee 150,- EUR. Shipments which cannot be cleared due to refuse of payment by consignee are subject for RTO or destruction under customs supervision.

Value note

Official Value Limit:	Unlimited
Values from USD0.00 to USD30.00	No additional delay Deminimus limit. (Except items with applicable consumer tax e.g. tobacco, cigarettes, coffee etc. No deminimus limit for such items.)
Values from USD30.01 to USD30.01	No additional delay Informal.
Values from USD30.02 to Unlimited	Additional Delay: 0-24 hours Formal limit. Power of Attorney required from consignee for clearance. If Power of Attorney on file, same day clearance. Otherwise shipment is held until Power of Attorney and other details received from consignee.
Advisory Value Limit	USD30.01

If shipment exceeds 31.000 USD delays are possible due to applicable consignee solvency check re unknown consignees and/or necessity of obtaining POA and/or other possible requirements to be fulfilled by consignee e.g. prepayment or COD in case of Stop Credit etc.. - According to customs legislation all commercial importers need a customs number (EORI-number). No clearances are possible without such number. Delays are possible if customs number of consignee is not on file and needs to be obtained prior to clearance. If customs of consignee is known it should be indicated in paperwork which speeds up clearance.

All shipments received into India need consignees KYC documents (Government recognized Identity and Address proof) to be presented to Customs during shipment clearance. Import clearance cannot start unless KYC documents and Authorization approvals are uploaded in www.dhIndia-kyc.com. All Imports attract duty, however duty exemption, if any, is by virtue of specific duty exemption circulars/ notification by Indian Customs. Please refer to Operation Notes and Service Impact Notes for critical information before pick up. Cnee should have a valid Import Export Code No. (IEC). IEC is not applicable for individuals. Restricted Goods require cnee to obtain approvals from the government. Hence pickup only upon cnees written confirmation. DHL India does not arrange for paperwork or approval for such cases. For the consignees already holding account with DHL India, KYC documents will be available in our repository through proactive actions. - 1) Used/refurbished items (computer, laptops, printers, mobile, machinery, equipment, tools, etc) are subject to import restrictions. Ship only if consignee provides written confirmation to clear shipment with compliant paperwork. 2) Shipments can be cleared as gifts or samples, only if the invoice mentions the item to be a gift or sample. Duty is payable even on gifts and samples. 3) Formal import entries take additional 2-3 working days for clearance for Formal entry or NOC which attract special clearance charges. 4) If Shipper & Consignee are the same or related (other than unaccompanied baggage), additional declaration/ paperwork required from the Consignee. Non-compliance will result in shipment neither cleared nor RTO.5) For WMX & Temperature Controlled Shipments, please check with InternationalTCL@dhl.com before sending such shipments to IN. All Gateways in India do not have dry ice replenishment facility.

WPX

WPX shipment must be accompanied with detailed Commercial Invoice and Packing List. Import duty applies for all WPX shipments : Duty 0% to 20%, VAT 10% to 20%, Income Tax 2.5% to 15%. For consignee posses Tax Number will apply Income Tax 7,5%. For consignee posses Tax Number + Import Identification Number will apply Income Tax 2,5%- Effective 01st August 2010. Indonesia Customs have issued regulation number P-35/BC/2010 as an amendment to Custom regulation P-20/BC/2008 regarding the Import Clearance process for Bonded Zone Shipments. For all Express Companies & Forwarders, it is now mandatory for the importer to provide original Power of Attorney (POA) letter. This POA must be renewed monthly. If no original POA letter is provided, shipment will be delayed until it can be obtained. The regulation also states that clearance of Bonded Zone shipments >100kgs must be done by consignee.

Parts, machine & electronic . . . 1

- Following the issuance of the Ministry of Trade Regulation No.82/M-DAG/PER/12/2016 on Import Provisions for iron or steel, alloy steel, and its derivatives the above mentioned items are considered as restricted items to Indonesia. The objectives in this regulation sets out various guidelines for importers of iron or steel, alloy steel, and its derivatives by securing of import-approval recommendation. This regulation restricts products of iron or steel, alloy steel, and its derivatives (listed under HTS 7208 to 7326). In order to enable clearance the above mentioned commodities, the importer must obtain approval of the following prior to shipping; 1.Import Approval. 2.Surveyor certificate

Value note

Official Value Limit:	Unlimited
Values from USD0.00 to USD100.00	No additional delay
Values from USD100.01 to Unlimited	Additional Delay: 0-48 hours 0
Advisory Value Limit	USD1,500.00

Deminimis value increase from US\$50.00 to US\$100.00. All non restricted and non prohibited shipment will be treated as duty free if FOB not exceeding US\$100.00. Shipments with a value between US\$100 - US\$ 1,500 the importer may select the clearance process either per line item tariff (based on HTS) or flat tariff of 7.5%. Shipments with a value more than US\$1,500 will fall under formal clearance mode. - Customs has the right to amend the FOB value when cimce is performed. However the importer has the right to file an objection by themselves. Poor desc. and/or under value will result in physical inspect and drive Customs to amend value of goods. FRML cimce process for company will require Tax ID No, Import ID, Customs registration No, and POA. Failure to provide these docs would result shtpt being RTO or abandoned after 30 days as per ID Customs regulations.
