## Busy households needing an ultra-low-cost printing solution will be won over by this 3-in-1 inkjet with Wi-Fi

Need a ultra-low cost and hassle-free printer? Epson's cartridge-free EcoTank with print, copy and scan features, provides a great choice for busy households. This 3-in-1 inkjet can save you 90% on ink costs on average[1], with the ink included in the box. It's also reliable, mess-free, and backed by a warranty for complete peace-of-mind.

### Cartridge-free printing

Running out of ink can be frustrating. Even if you've stocked up, it still takes time to change a cartridge. If you have a busy household and rely on your printer, there's an easy solution. Epson's EcoTank has a ultra-high-capacity ink tank system, which completely removes the need for cartridges.

### Ultra-low cost

Did you know that Epson's EcoTank can save you 90% on ink costs on average[1] ? It comes with high yield ink bottles that can print an impressive 4,500 pages in black and 7,500 pages in colour[2]. That means you'll receive an extremely low cost-per-page.

### Easy to use

We think printing should be simple and fuss free. That's why our ink tank system is fully integrated and purpose-built. From the very start, it's straightforward to set-up with just three easy steps. It's clean and efficient too.

### Mobile printing

Equipped with Wi-Fi, the ET-2600 can send documents to print from smartphones and tablets using the free Epson iPrint[3] app. You can even email files from anywhere in the world via Epson Email Print[3].

### Peace of mind

The EcoTank has been purpose-built to provide a long-term printing solution. It delivers consistent and reliable results thanks to our advanced Micro Piezo printhead and genuine Epson ink. It includes a 12 month warranty.

* Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.

1. Average number of cartridges required /savings achieved printing the same number of pages using the ink bottles included within the EcoTank range, excluding hardware price. Comparison made on the average of the A4 EcoTank range versus the average of the top 10 best selling models in Western Europe, in the period January 2017– December 2017, as tracked by GfK. Printing costs calculated on the proportion of Standard and XL cartridges as tracked by GfK for the same reference period for the Western European market, using average retail prices. Ink cartridge yields as communicated by the manufacturer's websites
