Phaser® 8560 Colour Printer / Phaser 8560MFP Multifunction Printer

A Colourful choice. Xerox offers a choice of value-packed office devices that deliver the utmost in productivity: The Phaser 8560 printer gives busy workgroups a fast, affordable, easy-to-use colour printer that can expand from a desktop model to a four-tray, floor-standing powerhouse; the Phaser 8560MFP multifunction printer adds top-of-the-line copying, scanning and faxing for all your office document needs.

Outstanding colour

The Phaser 8560 printer and the Phaser 8560MFP multifunction printer give you precise details and rich, vibrant colours.

- **Count on superior output.** Print on everything from cover stock to recycled paper. Confidently handle colour projects in-house and reduce costs and increase efficiency.

- **True Adobe® PostScript® 3™.** This and other automatic colour-enhancement tools ensure that colour-intensive documents print reliably and accurately.

- **Produce fast, versatile prints for everyday jobs.** When you really want to impress, switch to 2400 FinePoint™ print resolution mode.

- **Nothing else on the market offers more consistent, vivid colour.** The last page of a large print job looks as good as the first.

No-fuss productivity

A simple, cartridge-free design and a host of helpful features make these devices easy to set up, operate and share.

- **Streamlined, automated driver installation.** Gets your device up and running in minutes.

- **Replenishing ink is as easy as reloading a stapler.** There's no mess to clean up and no bulky boxes to store.

- **PrintingScout™ technology.** Monitors your print projects. If a potential issue arises, a handy pop-up alert suggests a remedy.

- **Manage, configure and monitor print jobs directly from your computer.** Thanks to the CentreWare® IS Embedded Web Server.

- **Built-in security tools** (standard on 8560DX and all 8560MFP configurations). These features keep your data safe. Secure Print holds hard-copy output until a PIN is entered, and Hard Drive Overwrite "shreds" data after every job or on request.

A colour printer that meets the challenge

The Phaser 8560 printer and Phaser 8560MFP multifunction printer delivers fast, attention-grabbing results.

- **Pick up the pace.** A first-page-out print time as fast as five seconds. Both black and white and colour print at up to 30 ppm.

- **A 600 MHz processor and 256 MB of memory** (upgradeable to 1 GB). These devices provide the power you need for the most intense projects.

- **Put off reloading paper, or swapping one size for another.** A combined paper-tray capacity of 625 sheets — a huge stack of paper for a device that sits on a desktop. Add third and fourth trays to increase capacity to 1,675 sheets.

- **Handy productivity printing tools.** These are standard, not expensive add-ons: job accounting, custom-size pages, image smoothing and many more.

- **Automatic two-sided printing.** Saves time and reduces paper costs.

Go ahead, get creative. Print on business card stock, postcards, labels, transparencies and more. You can expect the same brilliant output no matter what the media.

Paper input

1 100-sheet Tray 1 (multipurpose tray) for a wide range of custom media and sizes

2 525-sheet main tray. Add one or two additional 525-sheet trays for a total capacity of 1,675 sheets

3 Automatic two-sided printing (standard on all configurations except N)

4 Productivity Kit (includes 40 GB hard drive) provides more print features (standard on 8560DX and all 8560MFP configurations)

Scanning tools

Use the power of scanning and your Phaser 8560MFP to efficiently organise, edit and distribute information.

- Scan documents straight to your desktop. Edit them now or store them for access later.
- Scan documents to a public folder. This gets them off your desktop and makes them accessible to anyone.
- Scan documents to password-protected private folders. This allows central storage but restricted access.

What do both products have in common?

Easier to use than colour lasers or inkjets, solid ink delivers high performance, a very low cost of ownership and outstanding print quality.

Multiple functions, no waiting

The **Phaser 8560MFP** adds copy, scan and fax capabilities and will tackle your workload with an array of time-saving tools:

- **Access walk-up copying, scanning, or faxing.** Use these functions when you need them, even while other jobs are printing. Spend your valuable time working, not waiting for your turn.

- **See the first page of your copy job fast.** As little as 15 seconds for your copy job and the first page of your print job in as little as 6 seconds.

- **Gather all those loose paper documents.** Scan them straight to your desktop, or to a public or private folder. Organise, edit, and distribute files with powerful onboard scanning tools.

- **LAN Fax.** Lets you send faxes directly from your PC.
