

ThinkStation S10, the first Lenovo Workstation

- The new Lenovo ThinkStation family is designed for professional users running graphic- and compute-intensive applications that require a level of performance unattainable with a standard desktop PC.

- ThinkStation has an environmentally conscious, user-centric design meant to enable increased productivity. **Energy Star 4.0 Compliant** (some models), **RoHS compliant**, more than **50% recycled plastics**

- ThinkStation has been tested and certified on key workstation ISV applications for CAD, DCC, EDA, and Oil & Gas users. This ensures maximum compatibility between hardware and applications.

- In addition the ThinkStation is equipped with **ThinkVantage®** technologies such as rescue and recovery™ and client security solutions to provide the best of **data security**.
