Workshop trolley inlays

The PROJAHN PROForm inlays

For a perfect fit of the tools, all PROForm inlays are made of a resistant and stable EVA polymer foam. A robust plastic surface supports the firm fit and makes it easy to clean the inlays.

The 2-colour contrast system allows you to quickly find the right place of your tools.

The surface finish of the PROJAHN inlays offers a modern and high-quality carbon look.

Configuration

You can assemble the PROJAHN tool inlays to suit your ideas and areas of application. The inlay modules fit in all PROJAHN workshop trolleys.
