HP LaserJet Managed
MFPs and Printers

Uncompromising VISION

Exceptional RESULTS

HP LaserJet Managed MFPs and Printers were developed specifically to address essential business printing needs—today and tomorrow.

When we set out to create this line of LaserJet printers, we tasked our engineers and product teams with designing and developing printers that combined—without compromise—extraordinary design and user experience; exceptional print quality and reliability, even under the heaviest workloads; security that's unmatched in the industry; and extensibility features that allow them to adapt to and benefit from new technologies and new capabilities.

As the engineers, designers, and programmers progressed, they continuously validated their decisions against the most important metrics: real-world user expectations and business demands.

The result is an extraordinary portfolio that delivers brilliant, professional-quality prints at a remarkable price.

PERFORMANCE

From ideas to output

Performance tells the story. Whether you're printing five pages or fifty, colour or black and white, HP LaserJet Managed MFPs and Printers deliver the professional performance you'd expect from an enterprise machine.

- **Virtually eliminate warm-up time**

These devices feature fusers that warm rapidly and cool quickly, so they start printing sooner, complete jobs faster, and help you conserve more energy.¹

- **Spend less time on maintenance**

These devices require significantly fewer replacement parts, and no manual cleaning of printer components is required to maintain print quality.²

- **Get the best print quality automatically, right out of the box**

There's no need to change driver settings or the control panel. HP LaserJets employ built-in proprietary image enhancement technologies that consistently render vibrant and sharp colour prints, page after page.

- **Minimise downtime**

Original HP LaserJet High-Yield Cartridges can help you print more pages, more affordably.

DESIGN

Purposeful and professional

Design is about more than aesthetics. Done with purpose, it connects form to function—promising performance and conveying confidence. In HP LaserJet Managed MFPs and Printers, simple, intelligent design delivers functionality for today and adaptability for the future.

- Cutting-edge technologies minimise paper jams and faulty inputs.
- Modular feed and finishing accessories offer customisable configuration options.
- User-facing design expedites workflows and print services at the device.
- Efficient scanning, copying, and document digitisation at the device with HP LaserJet MFPs and Printers.
- Seamless monitoring, editing, and updating work in progress with touchscreen controls and a pull-out keyboard.
- Easy printing from your desktop PC, mobile device, or company cloud.

WORKFLOW

Effortless integration

HP LaserJet Flow MFPs offer advanced workflow capabilities at the device that optimise your productivity through quick alignment with current workflows and demands. Flow solutions help you capture the right content, organise, and distribute it quickly, easily, and accurately—helping you save time and effort on complex scanning and printing projects.³

Auto-orientation, auto-page crop, and auto-tone

Advanced document management features simplify production and perfect the contrast, brightness, and background removal of each page.

Built-in optical character recognition (OCR)

The OCR simplifies editable and searchable scans.

Fast two-sided, single-pass scanning

Scan faster and more reliably with speeds up to 200 ipm and an extended-life ADF that supports higher recommended monthly scan volumes.⁴

Large 8.1-inch touchscreen control panel

Advanced imaging and processing options, including send to Microsoft SharePoint, built-in OCR, auto-orientation, auto-page-crop, and auto-tone.

Embedded HP EveryPage technology

Scan every page and detect potential errors or missed pages on the spot—even when the weight, size, or condition of pages vary.

Large pull-out keyboard for simplified data entry

Make scanned documents easier to organise and find by adding information to files and context to your email.

HP Quick Sets

Find the right document workflow every time, and run it correctly at the touch of a button. HP Quick Sets automates all the steps of a complicated workflow, on a full-colour touchscreen that's easy to use.

SECURITY

The world's most secure printing⁵

Today, hackers have their eyes on businesses. The most destructive exploits are attacking networks through endpoint devices—and not just PCs, tablets, and smartphones. Networked printers are a new front line, vulnerable to attacks and security breaches. Hackers can intercept printing and imaging jobs traveling over the network from devices to printers; manipulate printer settings and functions from unsecured control panels; and access privileged data via unsecured USB or network ports.

The good news? HP saw it coming. We developed LaserJet Enterprise Managed MFPs and Printers with embedded security features covering device, data, and document risks. These solutions change the equation—transforming networked printers from vulnerabilities to strongpoints.

64% of IT managers report likely printer malware infection⁷

60% of IT managers reported a printer data breach⁸

SECURE THE DEVICE

- HP SureStart monitors and maintains the BIOS
- Whitelisting helps protect the firmware
- Run-time intrusion detection keeps memory safe
- HP Connection Inspector stops suspicious network connections

SECURE THE DATA

- Multi-factor authentication blocks unauthorised access
- Encryption prevents data theft and alteration
- Monitoring identifies threats and self-heals

SECURE THE DOCUMENT

- Workplace privacy and compliance through secure document workflows
- Anti-counterfeit tools deter tampering and fraud

Easily manage security across the fleet

HP JetAdvantage Security Manager offers an effective, policy-based approach to helping secure HP printing and imaging devices. Get the support you need to build, deploy, and maintain your device security and compliance plan.⁶

For more information on HP printing security features, visit hp.com/go/printersthatprotect.

A background image showing a white HP printer on the left and a tablet on the right. The tablet screen displays the HP logo, the word 'Reset', a home icon, and a green document icon with the word 'Copy' below it. The printer is partially visible, showing its paper tray and control panel.

EXTENSIBILITY

Forward-thinking adaptability

Technology, capabilities, and user expectations never stop evolving, and HP FutureSmart Firmware and the HP Open Extensibility Platform (OXP) let your printers evolve as well.

FutureSmart firmware

- Extends the life of the printer
- Offers consistency across your entire fleet via an intuitive interface
- Simplifies fleet-wide updates
- Allows your existing HP devices to be equipped with next-generation features⁹

HP OXP

- Creates a unified environment for third-party software companies and enabled imaging and printing devices
- Integrates the third-party solutions you rely on today with your printer fleet tomorrow

SOLUTIONS

Focus on results

Help reduce costs, increase work efficiency, and accelerate business results with HP printing solutions. Help streamline information workflows by optimising your IT infrastructures, managing your imaging and printing environments, and improving document intensive processes.

HP JetAdvantage Connect lets you seamlessly leverage existing IT network tools and policies to manage mobile printing. Securely print from a variety of smartphones and tablets as easily as from a PC.¹⁰

HP Access Control Printing Solutions helps you provide print authentication, authorisation, and secure pull-printing capabilities across your organisation, and protect sensitive information with custom user controls and usage rights. Proximity card readers can be attached externally or placed in the Hardware Integration Pocket (HIP) of supported devices.¹¹

HP Embedded Capture eliminates the need for a server and simplifies the digitisation of your documents by digitised predetermined scanning information.

HP Capture and Route controls and tracks scanned content once it has been digitised and distributes it to its printing location.

Introducing HP JetAdvantage On Demand

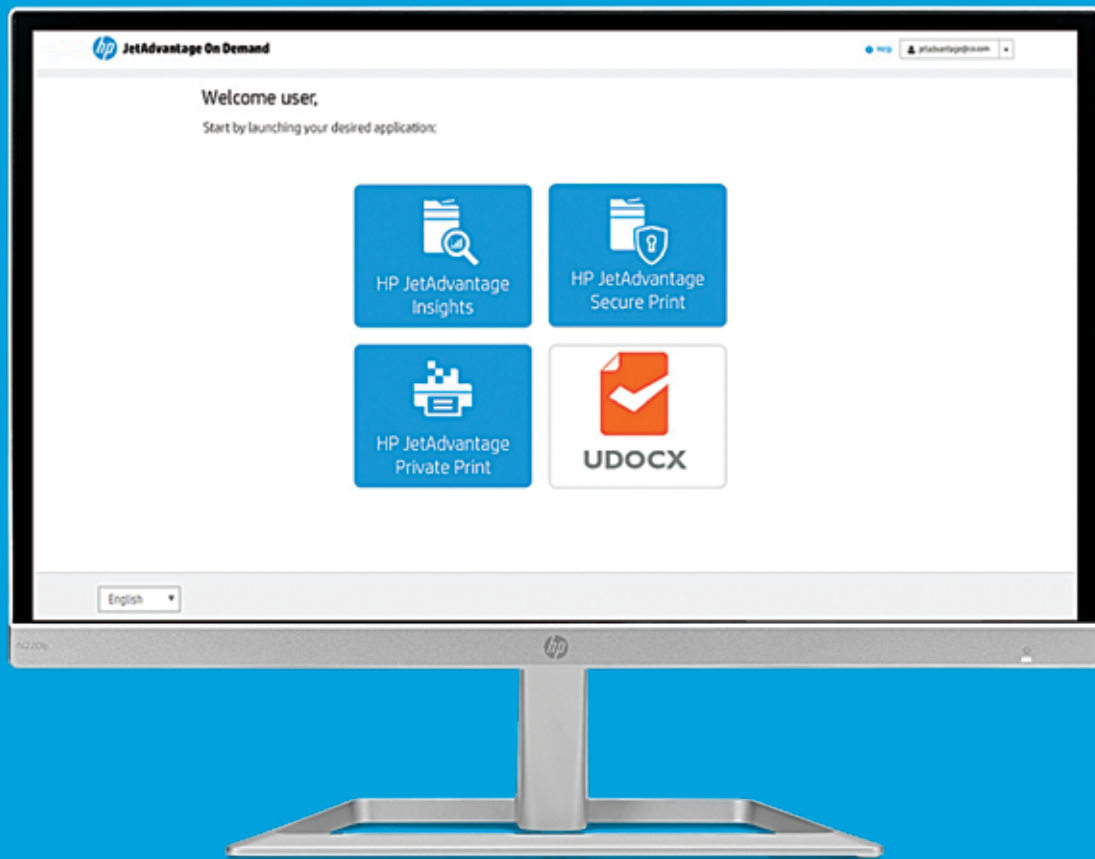

HP JetAdvantage On Demand is the industry's first software as a service (SaaS) portal that allows for easy and cost-effective management of both apps and user access to those apps.¹²

HP JetAdvantage Private Print helps secure documents with a pull printing app for select HP devices.

HP JetAdvantage Secure Print helps secure and track print jobs for all HP and non-HP networked devices.

HP JetAdvantage Insights optimises the print environment by transforming data into action.

Udocx (third-party solution) increases productivity and improves corporate efficiency by uniformly digitising all your documents.

Meet the HP A3 LaserJet E700XX and E800XX series

The next generation of quality, productivity, and security

Businesses that stay ahead don't slow down. It's why HP created the next generation of HP LaserJet Managed MFPs—to power office productivity with a smart, streamlined design that's reliable and hassle-free. Count on premium quality, maximum uptime, and the industry's strongest security—all made to drive successful organisations forward.⁵

For more information on the latest HP LaserJet Managed MFPs and Printers, watch the video [here](#).*

* <http://www8.hp.com/us/en/printers/a3-multifunction/managed-color-laserjet-printer.html>

Our latest LaserJet Managed MFPs and Printers redefine excellence with game-changing LaserJet printing innovations:

Low operating cost per page (OCP) with long life consumables and field-replaceable parts

Flow options on most models

More robust page volume and engine life (up to 100,000 pages RMPV)

Larger and faster; up to 250 sheet ADF

Latest HP FutureSmart printer firmware⁹

Flexible, modular paper handling and finishing for maximum productivity

Device-based sensing capabilities that monitor and diagnose many service needs

Smaller footprint than previous generation

hp.com/go/managedA3

1. Compared to previous generations of laser printers. 2. Fewer service parts claim based on BLI analysis of leading in-class A3 MFPs as of August 2016; calculations use publicly available and/or published manufacturer rated yields for longlife consumables and assume 600,000 pages printed (using a 60% black/40% colour ratio); market share as reported by IDC as of Q2 2016. 3. Flow MFP bundles not available for all models. 4. Scan speeds measured from ADF. Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software. 5. Based on HP review of 2016 published embedded security features of competitive in-class printers. Only HP offers a combination of security features for integrity checking down to the BIOS with self-healing capabilities. A FutureSmart service pack update may be required to activate security features. Some features will be made available as a HP FutureSmart service pack update on selected existing Enterprise printer models. For list of compatible products, see hp.com/go/LJCompatibility. For more information, visit hp.com/go/printersecurityclaims. 6. HP JetAdvantage Security Manager must be purchased separately. To learn more, please visit: hp.com/go/securitymanager. Competitive claim based on HP internal research on competitor offerings (Device Security Comparison, January 2015) and Solutions Report on HP JetAdvantage Security Manager 2.1 from Buyers Laboratory LLC, February 2015. 7. Ponemon Institute, "Annual Global IT Security Benchmark Tracking Study," March 2015. 8. Ponemon Institute, "Insecurity of Network-Connected Printers," October 2015. 9. Some features enabled by future HP FutureSmart upgrades may not be available on older devices if, for example, physical product characteristics limit the functionality of the new feature. 10. HP JetAdvantage Connect works with leading mobile devices. A one-time plug-in must be installed for devices running Android™ operating system. For details and a list of supported operating systems, see hp.com/go/JetAdvantageConnect. 11. Solutions deployed through the Hardware Integration Pocket (HIP) may require additional purchase. 12. Based on an HP assessment of print manufacturers SaaS offerings as of September 1, 2016, no other print manufacturer offers a single platform for user and app management. Requires Internet access. Supported browsers include Microsoft® Internet Explorer® 9–11, Google Chrome™ 9 and newer, Mozilla® Firefox® 4 and newer, and Safari® 5 and newer. Compatible with select HP LaserJet, PageWide, OfficeJet Pro, and Digital Sender Flow devices that can connect to the Internet. May require a firmware upgrade. Learn more at hp.com/go/jetadvantageondemand. 13. Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see hp.com/go/printerclaims. Exact speed varies depending on the system configuration, software application, driver, and document complexity. 14. Maximum input capacity may require purchase of additional optional input accessory. 15. HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period. 16. Only available on the E8000 series. 17. Purchase of the Inner Finisher (Y1G00A) for the LaserJet Managed E72525 MFP, E72530 MFP, E72535 MFP or Color LaserJet Managed E77822 MFP, E77825 MFP, E77830 MFP also requires purchase of 2nd Exit (Y1G23A). 18. Purchase of the Booklet Finisher (Y1G07A) or Stapler/Stacker Finisher (Y1G18A) for the LaserJet Managed E72525 MFP, E72530 MFP, or E72535 MFP also requires purchase of 2nd Exit (Y1G23A) and Spacer (Y1G24A). Purchase of the Booklet Finisher (Y1G07A) or Stapler/Stacker Finisher (Y1G18A) for the Color LaserJet Managed E77822 MFP, E77825 MFP, or E77830 MFP also requires purchase of 2nd Exit (Y1G23A). 19. Financing and service offerings available through Hewlett-Packard Financial Services Company and its subsidiaries and affiliates (collectively HPFSC) in certain countries and is subject to credit approval and execution of standard HPFSC documentation. Rates and terms are based on customer's credit rating, offering types, services and/or equipment type and options. Not all customers may qualify. Not all services or offers are available in all countries. Other restrictions may apply.
