DESKTOP MAILING SYSTEM CONVENIENT, SMART AND FRIENDLY

Growing businesses count on smart productivity tools to keep their offices running smoothly. The Quadient IS-330 is a powerhouse professional that makes it simple to weigh, rate, post and track your mail with accuracy.

Easy to operate and convenient to use, the highly capable IS-330 with whisper-quiet operation is designed to integrate smoothly into your office environment and process mail efficiently.

With its state-of-the-art technology and online services you can be sure to have the best in class solution to meet your demanding needs.

2 lb. and 5 lb. integrated weighing platforms handle postcards, envelopes and small packages with ease. Add differential weighing to reduce manual process and handling
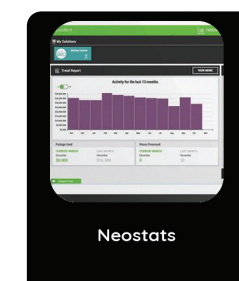

Display provides clear descriptions and prompts

Experience seamless downloads with a high speed internet connection – great for refilling postage funds, downloading the latest USPS® rate and system features

Save time and eliminate keystrokes with the IS-330 shortcut keys

Smooth, powerfeed provides fast batch processing

Optional automatic moistener with easy access reservoir ensures a perfect envelope seal

QUADIENT iMETER™ POSTAGE METER
SIMPLE MAIL PROCESSING
### WHISPER-QUIET OPERATION
SPACE SAVING DESIGN

QUADIENT iMETER™ POSTAGE METER
The Quadient iMeter™ postage meter is an internet connected smart device that provides functionality beyond the traditional postage meter. The IS-330 and Quadient iMeter™ are connected online to help you better manage your mailing operations and control costs. Low ink email alerts keep you abreast of your ink usage and simplify ink cartridge reordering. With the IS-330, postal rate changes are hassle-free thanks to direct rate downloads, which ensure full postal compliance.

Neostats

NEOSTATS – YOUR KEY TO SAVINGS
Take control of your postage expenses. Neostats expands the basic IS-330 postage reporting capabilities, providing detailed usage by department, class or time period. Create spreadsheets and colorful graphs in minutes.

FAST ACCURATE, WEIGHING AND RATING
Differential weighing and Smart Start technology help provide a simple mail processing experience with the IS-330. When using differential weighing, simply place mixed weight mail on the weighing platform, remove an envelope and the correct rate is calculated. With Smart Start technology, each time an envelope is removed from the weighing platform in differential mode, the powerfeeder starts and is ready to process mail.

STAND OUT FROM THE REST
Personalize items and help promote your business with ad slogans, custom text messages, QR codes and company logos.

UNDERSTANDING RATES HAS NEVER BEEN EASIER
The Rate Wizard simplifies the process of selecting the correct postal rate and class for your items. With concise step-by-step instructions, the selection process has never been easier. Shortcut keys save time and eliminate keystrokes too. From single envelopes to larger packages, you have the flexibility to weigh and manage mail with ease.

TRACK, CONFIRM AND SAVE
Using E-Services with Electronic Return Receipt™, you will save money by applying USPS® discounted rates for eDelivery Confirmation™, eSignature Confirmation™, and eCertified with Electronic Return Receipt™. Email alerts and online access save time by helping you monitor, track, and confirm important items, while providing the most accurate data.

DESKTOP MAILING SYSTEM

EFFICIENCY OPTIMIZED

- Ergonomically designed mailing system with integrated scale and clear display simplifies mail processing

- Smart Start technology eliminates keystrokes and saves time. Each time a mail piece is removed from the weigh platform, the system automatically starts the feeder
