Xerox® WorkCentre® 3655i Multifunction Printer

Xerox® ConnectKey® Technology gives you the freedom and convenience to work when you want, where you want, by keeping you seamlessly connected to the tools that drive your business forward. For more information, visit **www.connectkey.com**.

Work from anywhere.

The WorkCentre 3655i allows your staff to control device functions from any workstation. The Remote Control Panel makes it more convenient to train users and for IT staff to remotely view and monitor the user interface.

Xerox® devices built on ConnectKey Technology support a Wi-Fi Direct connection that lets you print from your mobile device without having to connect to a network.

Xerox enables secure and accurate printing and scanning with a continuum of mobile options that fit your environment, with free print and scan apps, such as Xerox® Mobile Link App, plus a robust set of mobile enterprise solutions.

Learn more about why Xerox is the only choice for today's mobile professionals by visiting **www.xerox.com/mobile**.

A better way of working.

Experience a simplified, and intuitive user interface that can be tailored for your individual business needs. Easily create a workflow that enables you to scan information to your selected destinations, (email, desktop, network folders, cloud repositories) in secure text searchable formats, at the touch of a button. This saves time, and allows more to be done with the information you scan and store.

Embedded apps allow you to easily connect your mobile workers to the device. Xerox App Gallery allows you to download new apps, such as Print from DropBox™ and Scan to Microsoft® Office 365 directly from the user interface. Xerox® ConnectKey® Technology helps to streamline how your business deals with critical information—in-house or in the cloud.

Apps are available at the Xerox App Gallery. Visit **www.xerox.com/AppGallery**.

Real cost savings for the real world.

Xerox® print drivers based on Microsoft® Windows® give you the ability to save different settings per application, minimizing the need to make changes and reducing the risk of potential errors. Xerox® ConnectKey® Technology evolves with your needs by restricting usage and regulating printing. The User Permission control integrates with your internal authentication system, allowing you to prevent pre-determined or non-authenticated users from seeing specific features on the user interface.

Secure your data.

ConnectKey Technology provides advanced features and technologies to help ensure your company's confidential information stays secure. Our standard security features include AES 256-bit hard disk encryption, McAfee® protection powered by Intel Security, image overwrite, secure print with timed deletion and emailing to external mail servers.

More flexibility regardless of location.

Improve your mobile printing experience.

- **Apple® AirPrint™.** Print email, photos and important office documents directly from your Apple iPhone® or iPad® with no drivers to install. With AirPrint, your iPhone or iPad automatically locates and connects to the AirPrint-enabled device over your office Wi-Fi network.

- **Xerox® Print Service Plug-in for Android™.** Android printing is simple without third-party apps or print drivers. This plug-in lets you easily print to a Xerox® ConnectKey Technology-enabled MFP through a wireless network.

Xerox® Easy Translator Service.

This optional service allows customers to scan a document and receive a translated print and/or email notification. Users can also send an image from an iOS or Android device, or a PC, that is forwarded for translation. For more information, visit **https://xeroxtranslates.com**

Whether on a desktop or floor-standing, the Xerox® WorkCentre® 3655i Multifunction Printer offers the right configuration for any office environment.

Keep your costs under control.

With the Xerox® WorkCentre® 3655i, you'll impact your bottom line – and impress your customers.

- **Customize your print driver settings for economy and efficiency.** For example, choose N-up for printing multiple pages on a single sheet as your default. Adjust settings for specific applications, such as always printing emails as duplex pages.

- **Print responsibly.** By default, our print driver is set to two-sided printing, and the Earth Smart feature allows you to select other default settings that encourage responsible usage, such as no printing banner pages.

- **Easy, accurate billing;** The WorkCentre 3655i has the ability to connect to the network to automatically submit meter readings so that toner replenishment can be streamlined to enable more productivity.

- **Manage and track device usage.** Xerox® Standard Accounting provides reports for greater cost control of all device functions. Advanced solutions from Xerox Business Innovation Partners deliver even more helpful tools for larger office environments.
