# The Crikvenica Riviera - WHY ME?

4

"And why not?" – that's what my four my destinations of Crikvenica, Dramalj, Jadranovo and Selce would reply in unison. For starters, they put me in a great location. Wherever you set out from, you'll see that I'm not that far away. Here, on the same day you can let your mind wander on a sandy beach, take a walk in the woods, or enjoy the bustle of the town and have fun at one of my numerous events.

They say that I'm internationally renowned, as it was here, back in the 16<sup>th</sup> century, that Juraj Julije Klović (Giulio Clovio), the world's greatest miniaturist, began his education. I've also treated a number of crowned heads and leading sportsmen, and helped them to recuperate. The climate and sea here are unrivalled, and in 2014 I became the proud holder of the title of most creative destination in the world! Why was that? Come with me on a short trip through the pages of this guide and everything will become clear. I won't reveal all my attractions immediately. Let's get to know each other first.

And don't forget, since we live in a rapidly changing world, you can easily go to my website or take a stroll to one of my four info centres, because it's quite possible that I've already gained other new and interesting attractions since I wrote and printed this for you.

# Sweet DREAMS

Dear visitor, I have accommodation perfectly suited to your needs. I have charming small hotels and large hotel complexes, both traditional and modern in style. You can even sleep in a hotel, part of which was once a Pauline monastery and which is located right on the spot where Crikvenica began to emerge.

I have guest houses and hostels, and also traditional stone rural houses further inland, or you can go camping in Dramalj and Selce. The family accommodation offer will provide you with a relaxed atmosphere and the warmth of home. For an additional guarantee of quality, look for the "Kvarner Family" sign and the "Pet", "Hike" and "Bike" Friendly subcategories.

You can find accommodation in one of my hotels, which have 3700 beds. There are further 15 400 beds in family accommodation, 2160 in campsites, 1000 in hostels and 2700 in other types of accommodation.

Pssst! Don't leave without trying our famous Frankopan cake, which the café of the Hotel International in the centre of Crikvenica makes according to a recipe from a 17<sup>th</sup>-century cookbook, and which you will not be able to find anywhere else.

## For FOOD LOVERS

The irresistible flavours and aromas of the Mediterranean. The eternal play of sweet, sour and savoury combined with a drop of local žlahtina white wine from Vinodol. This is how I would describe in a nutshell a culinary journey through my region. Trust me when I say that the simplicity of the local cuisine will leave a smile on the face of even the most demanding gourmets among you. Fish and meat specialities prepared in a variety of ways, and dishes for lovers of vegetarian cuisine, fast food and desserts are just part of the food that's on offer. There's also our special traditional cuisine. You can try it in the restaurants or at one of the numerous culinary events, or you can even make it yourself with the help of the book of recipes entitled "Our Grandmas' Cookbook". We strongly recommend that you try at least one of the tasty fish dishes on the "Oily Fish Route", such as *Crkveniške rupice* fish balls.

Feel free to contact the creative chefs in our numerous restaurants, regardless of whether you are just passing through, you want to treat your business partners, or you're looking for the perfect venue for a wedding reception.

**BATUDA** is a local Crikvenica dish. This extraordinarily tasty and thick minestrone soup, whose main ingredients are vegetables, is traditionally prepared by local people in the winter months. It can also be ordered in many restaurants in the Crikvenica area. The popularity and importance of this dish in Crikvenica is best reflected by the fact that there is even a local song dedicated to it. In the past, its verses We eat Batuda every day... could often be heard at local folk festivals, reflecting the customs of the area.

# The Riviera with the most beautiful BEACHES

My beaches have long been among the best. Sandy or pebbly beauties, mysterious and peaceful oases, proud rocky and secluded adventurous ones, or even urban and vibrant trendsetters; they are all here for you to relax and have fun on. They're very diverse and link all four of my coastal places, and are equally beautiful when seen from the sea or the air. They grab your attention with their wonderful natural surroundings, entertainment and recreational facilities for both children and adults, and, of course, the wonderfully clean sea.

I make sure that they are safe and comfortable for everyone: for young and grown-up family members, people with disabilities, activity seekers, young people looking for fun, and even pets. I should also mention that the numbers are on my side, as it has been shown that the conditions for going to the beach are perfect on most days in the period from May to September. However, you shouldn't think that out of season my beaches are completely idle. At this time, they are the ideal place for walking and relaxing in the clean sea air, breathing in therapeutic particles of sea salt and the essential oils of Mediterranean plants, or for recreational activities or playing with your kids.

But enough talking – let's run down to the beach!

## CRIVENICA TOWN BEACH

The queen of my beaches has won a number of awards, and has been declared the most attractive and tidiest beach in Croatia. This is a natural beach that has been shaped for decades by the waves and sea currents. Everyone feels at home on it: youngsters learning to swim in the shallows, those who want to relax on the fine, warm sand, and also people with disabilities, whose stay is made more pleasant by a special lift for entering the sea and toilet facilities with locks. Young people can spend the day enjoying the water sports, beach volleyball, and the other entertainment on offer, while the night is reserved for dancing and hanging out by the sea. The beach's distinctive Mediterranean garden contains a number of plant species. Besides its attractive appearance, it also teaches us about the importance of protecting Mediterranean plant species. This beach is vibrant 365 days a year, as after the summer it is a favourite place for strolls and recreational activities.

Havišće appeals equally to all ages, regardless of whether you want to enjoy fun and games in the sea or just soak up the sun without a worry in the world. ## For an active HOLIDAY

I'm the best friend of sport and activity lovers. I'm right by the sea but also close to the mountains and forest. I was made for enjoying walks, jogging, cycling and virtually all other sport activities on land or in the sea. If you didn't already know, together with my neighbours, Novi Vinodolski and Vinodol, I have 300 km of walking and mountain trails for you, and the same amount of cycling trails. Don't hesitate to dive into the wonderful world of my waters and enjoy the company of the attractive sea life there. Go sailing or fishing, either alone or accompanied by someone local. If you're a team player, keep an eye on the calendar of events, as my area hosts a variety of sport and recreational events, such as bike races, walks, running races, regattas, fishing competitions, tournaments, and lots more.

Is there anything else? Of course, there is. Go to Vinodol and, if you haven't already done so, learn to ride or explore the landscape from a bird's-eye view, as this is a paradise for paragliding.

They also call me the "marathon town", as virtually each season here has its own marathon. The story goes back to 1910, when the oldest swimming marathon in the Adriatic, from Šilo to Crikvenica, was held for the first time. It's held every year on 15<sup>th</sup> August. Autumn has its own attraction in the shape of the Adria Advent Marathon, which is held on the first Sunday of Advent, while in spring the focus is on two wheels and the Crikvenica cycling marathon.

And last but not least - experts say that my climate is great for activities in the open air all year round, both on land and sea.

The period of the best climatic conditions for various open air activities, such as walking, cycling and sailing, lasts almost all year round. The temperature of the sea from the middle of June to almost the end of September is above 20°C, which makes the sea comfortable for swimming in that period. From May to September, 40-50 % of the days have ideal conditions for a trip to the beach.

## Healthy & BEAUTIFUL

I'm proud of the fact that I was one of the first places in Croatia to engage in health tourism, an activity I've been successfully carrying out for more than a century. In case you didn't already know, with more than 2,300 hours of sunshine a year, I'm one of the sunniest places in the country. In my area, the fresh sea air mixes with the pleasant currents of the mountain air, the sea is clean, and the climate and micro-climate mild and therapeutic. With the help of the local nature, the superb services offered by the leading health resorts, the wellness and spa facilities, and the cosmetics treatments on offer, every day here will become an oasis of harmony and well-being for you.

The largest medical facility in my area, and the one with the longest tradition, is Thalassotherapia Crikvenica. It specialises in respiratory and physical rehabilitation and, among other things, has a modern rehabilitation centre, accommodation and facilities for holding congresses, organised classes for children undergoing treatment, and a park for medical rehabilitation. The Thalassotherapia complex also includes the Oxy polyclinic for baromedicine. The Terme Selce polyclinic successfully combines health and sport with a carefully thought-out medical programme that so far has treated more than 120 European, World and Olympic champions from around thirty different sports, including Ivica and Janica Kostelić, Luka Modrić, Ivan Rakitić, Tanja Poutiainen, and many others. A tourist clinic and high-quality specialist services in a pleasant and relaxing environment are the most important features of the Katunar polyclinic in Crikvenica.

There are also various dental and specialist clinics here, where they'll take great care of you.

I always take advantage of any opportunity to promote a healthy lifestyle through various events, such as my cycling and swimming marathons, Health Festival, dedicated to healthy living and also culinary promotions like Oily Fish Month and Fisherman's Week, when you can sample and learn how to prepare healthy traditional fish dishes.

## Every day's A NEW EXPERIENCE

Each season has its own magic. That's why I try to ensure that every day you spend here is enjoyable.

40

Winter's cold days are warmed up by the magic of **ADVENT EVENTS, THE JOY OF CARNIVAL EVENTS, AND THE ROMANTIC ATMOSPHERE OF ST. VALENTINE'S DAY.**

In spring, nature reveals all its splendour: besides the enjoyment of the fresh air, I've also prepared tasty surprises in the shape of **EASTER CAKE, THE STRAWBERRY FESTIVAL AND OILY FISH MONTH.** The marathon season also begins with the **CRIKVENICA CYCLING MARATHON.**

The carefree and cheerful summer months are marked by the sound of music: **THE MELODIES WITH A TASTE OF THE SEA FESTIVAL, TRADITIONAL KLAPA SINGING GROUP EVENINGS, AND VARIOUS CONCERTS.** The traditional entertainment continues in the form of the **(SR)JETNO SELCE ETHNO FESTIVAL, TOURISM DAY AND FISHERMAN'S WEEK.** In addition, **THE JAKOVARSKA VESLA ROWING COMPETITION AND ŠILO-CRIKVENICA SWIMMING MARATHON** will have you cheering on the competitors. **THE CRIKVART AND THE SELCE STREET ART** entertainer festival in Crikvenica and Selce will take you back to your childhood.

And that every day in July and August on the Crikvenica Riviera is especially exciting the credit goes to the **CRIKVENICA SUMMER SHOWTIME** program, which has one name and countless faces.

Autumn is reserved for pets - **CRIKVENICA4PETS** and lovers of healthy living - **HEALTH FESTIVAL.** The warm colours of autumn will be made even more attractive with **THE ST. MARTIN'S DAY AND THE RUNNING MARATHON.**

IT'S ALWAYS INTERESTING HERE (THEY SAY THAT I HAVE MORE THAN 250 EVENTS THROUGHOUT THE YEAR), SO IF YOU DON'T WANT TO MISS ANYTHING, FOLLOW ME AT [WWW.RIVIERACRIKVENICA.COM](http://WWW.RIVIERACRIKVENICA.COM) AND ON THE FACEBOOK PAGE OF CRIKVENICA CROATIA.

# Fall in love IN/WITH CRIVENICA

Lovers and romantics, I'm the perfect place for you throughout the whole year.

To start a memorable love affair or enjoy a carefree time with your loved one, follow the brief instructions below. Whether your love is still in its infancy or can be measured in decades, you'll enjoy walking along my Love Path. This 8-km-long trail near the centre of Crikvenica has been attracting people with its wonderful nature and pleasant silence since the last century, which just goes to show that I've long been recognised as a destination for lovers. Have you heard about the Sweet One, the Mysterious One or the Playful One? These are just three of the ten perfect locations for kissing, which are not only marked with signs but also have their own special map. And if you want to go for a brief wander with your loved one, you can always go into the Mediterranean Labyrinth of Love! Located in a beautiful setting by the River Dubračina in Crikvenica, this maze is special because it's made from 400 laurel bushes, and they say that it grants wishes, rejuvenates, enhances beauty, strengthens love, and encourages creativity and life in abundance. I have also tailored events just for you, from the celebration of St. Valentine's Day to romantic summer evenings with klapa singing groups.

You'll make me particularly happy if you choose me as the venue for the most romantic day of your life. Below, there is some useful information so that you can start preparations. I, the Riviera of Love, will make the day of your dreams become reality. I can hardly wait!

## FOR HISTORY & CULTURE lovers

For the history lovers among you, my valuable cultural-historical heritage will be like a favourite book that you will always love going back to. To begin with, make sure you visit my museums, galleries and churches. You'll find out that in ancient times I was called Ad tures and that there was a ceramics workshop here. You'll learn who Nikola Frankopan IV was, everything about the famous fishing history of my inhabitants, and about the Vrtare Male cave in Dramalj, one of the richest paleontological sites in Croatia. Who is Malik and why is Kotor Hill important? Where did a boy, drawing on a nail, set out on the road to becoming a world-famous artist? Why do they thresh straw in Selce, and next to which archaeological site in Jadranovo can you find medicinal mud?

## LEARN THE GLAGOLITIC SCRIPT

Glagolitic is an old Slavonic script that emerged in the middle of the 9<sup>th</sup> century and which was used in Croatia for a thousand years right up until the 19<sup>th</sup> century. A great number of Glagolitic manuscripts, handwritten and printed books, inscriptions and graffiti in stone have been preserved, and today you can even write it in a variety of fonts on your computer. Get to know this important part of Croatian cultural identity, learn a new alphabet, and have fun writing about your memories of your summer holiday – in Glagolitic!

Try, learn,  
ENJOY...

A holiday and enjoyment go hand in hand. However, it's also an opportunity to acquire new knowledge and skills. The best way to do this is to find out first-hand how people used to live, work and have fun. If you love sport and recreation, during the summer months you'll be able to enjoy my fishing, sailing, bocce, tennis, table tennis and other tournaments. Set yourself a challenge and take part in one of the three marathons on the Crikvenica Riviera. For starters, in spring take part in the cycling marathon, then in summer swim the Šilo-Crikvenica one, and then in late autumn get ready for winter in the running one.

Become the best cook in your family! How? I'll teach you at the interesting workshops that take place at various events (Oily Fish Month, Fisherman's Week, etc.), and have good fun too. You can learn all the secrets of gardening at my flower festivals, while if you love paintbrushes, paint and various painting techniques, there are art and creative workshops.

However, that isn't all, so make sure you follow me regularly, because my programme always contains the start of a great experience for you.

## For KIDS

I love kids' inquisitiveness and imagination. And kids love my beaches, endless games and fun, and various sport and recreation activities both on land and in the sea, such as beach volleyball, badminton, water-skiing or parasailing. I'm particularly proud when they learn how to swim, dive, fish or sail right here with your help on organised courses or at events like traditional fishing with holidaymakers. There's no time for them to catch their breath, because after they've tired themselves out playing in the sea, I have a whole host of performances, music events and creative workshops for them. You have to show them Malik's tree in Crikvenica, where they'll hear the story of this mischievous elf.

After that, I recommend combining relaxation with learning in the aquarium and town museum, and then it's time to take them to the adrenaline park in Crikvenica, where with paintball, climbing, sumo wrestling, mini golf and other fun activities you yourself can briefly become a child again. And do you know what else? My paths by the sea are pleasant for strolling with pushchairs, riding a bike or roller-skating. I hope that I will be one of your children's best childhood memories.

# #cool plan for YOUNG PEOPLE

Holidays! How great that sounds! Regardless of whether you're carefree and don't need to set the alarm in the morning or you have a working summer, it's time to enjoy yourself. Let's start like this: swimming, sunbathing, resting, good company, beach volleyball, music, dance, various events, going out at night, and first love. There are also other interesting activities like parasailing behind a speedboat, having fun in the adrenaline park or horse riding, or if you're more adventurous, you can go diving or paragliding. I have plenty of places where you'll be able to get a Wi-Fi connection without any problem and surf and update your social media by posting all your crazy pictures of your holiday, including at least one of my kissing spots – maybe the Sweet One if your love's like that. And feel free to take your dog with you, because I'm pet friendly. I actually envy you a bit!

P.S. If you need any additional advice, visit me at [WWW.RIVIERACRIKVENICA.COM](http://WWW.RIVIERACRIKVENICA.COM), e-mail me or ask at the info centre when you arrive.

You can find accommodation right at the beginning of this booklet ("Sweet dreams"). Immediately after that, you can find places where you can eat something tasty ("For food lovers"), and then sport, recreation and entertainment activities. If you flick towards the end and the section entitled "Getting here", you can find out about the different means of transport that can get you to me, but also those that can help you get around town, e.g. city bus, rent-a-bike, etc.

# The bow-wow 🐾 RIVIERA

I look forward to seeing each and every guest. In fact, when I see your four-legged friend, I wag my own tail with happiness. There's accommodation for you in one of the apartments or hotels labelled as pet friendly. The real fun begins on the dog beach in Podvorska harbour in Crikvenica, which, if you didn't already know, is one of the best in Croatia. Here, your pets are the stars and can freshen up in their own shower or even have a beer in the bar. Yes, you read that correctly. Monty's Dog Beach & Bar in Crikvenica is the first bar of its kind in Croatia and offers beer, ice cream, cake and herbal teas for your dog. If your dog needs an advice of a vet, don't worry, I've got everything you need.

Psst!

Please don't forget to be a responsible pet owner. This means that, apart from playing with me, you must take care of my health and make sure my food and water bowls are full, and that I'm kept on a leash while we walk in the town. It's also important that we show respect for each other and that you always clean up after me.

Oops...  
IT'S RAINING!

70

What if the sky is grey and cloudy and the boring rain won't stop falling? What if you don't know what to do with yourself? **For starters, explore my streets and, if you haven't done so already, make sure you visit my AQUARIUM and the MUSEUMS in the town and nearby places.** Take a ride out to green Vinodol [WWW.TZ-VINODOL.HR](http://WWW.TZ-VINODOL.HR), and on the way to Novi Vinodolski [WWW.TZ-NOVI-VINODOLSKI.HR](http://WWW.TZ-NOVI-VINODOLSKI.HR) stop off in Pavlomir [WWW.PAVLOMIR.HR](http://WWW.PAVLOMIR.HR) and try the local wine and enjoy the good company. Take an excursion to the nearby island of Krk [WWW.KRK.HR](http://WWW.KRK.HR) or, if you have a bit more time, visit Plitvice Lakes [WWW.NP-PLITVICKA-JEZERA.HR](http://WWW.NP-PLITVICKA-JEZERA.HR) or the Nikola Tesla Memorial Centre [WWW.MCNIKOLATESLA.HR](http://WWW.MCNIKOLATESLA.HR) in the village of Smiljan near Gospić.

If you want to combine sightseeing with shopping, then the city of Rijeka [WWW.VISITRIJEKA.HR](http://WWW.VISITRIJEKA.HR) is the place for you. Situated about half an hour away, it has two large shopping centres, a number of smaller stores and souvenir shops, a cinema, theatre, several museums, including one dedicated to information technology, which I particularly like, and of course the Museum of Childhood [WWW.MUZEJDETINJSTVA.COM](http://WWW.MUZEJDETINJSTVA.COM) and the Natural History Museum [WWW.PRIRODOSLOVNI.COM](http://WWW.PRIRODOSLOVNI.COM). You should also visit the astronomical observatory, Trsat Castle, and the

main city market to experience the life of the city.

Or maybe you prefer those little joys in life which are so often consumed by the everyday hustle and bustle, such as spending a long and relaxing time over coffee, or playing games and hanging out with those close to you. In any case, don't let the rain spoil your day.

[WWW.MCNIKOLATESLA.HR](http://WWW.MCNIKOLATESLA.HR)

### Would you like to learn something new and interesting?

Visit the Rijeka Astronomy Centre, the first and only one of its kind in Croatia that has both an observatory and a planetarium, which is also the only digital planetarium in this area. The centre provides education and fun for all age groups with an interesting programme in the digital planetarium and observatory (films, interactive presentations, observations, lectures, concerts, etc.)

# Where to go ON TRIPS?

No matter how old you are or how much of the world you have seen, I know that each new trip is exciting, even when you've been there before. In fact, in such cases it's more so, since you obviously enjoyed the place the first time and often become the guide for your companions when you return. I'll try to be brief and fit in as much as I can. To begin with, there are organised trips which are offered by the majority of tourist agencies or excursion boats that can be found in the harbour. There are excursions to Plitvice Lakes, Istria, Venice, Postojna Cave, the Brijuni Islands, Krk, Rab and numerous other destinations where you'll be able to have a great time and see a wealth of natural and cultural attractions. You'll also be able to learn about the people and their customs, and enjoy and sample their traditions. If you prefer to do things on your own, you also have plenty of options. Let's start from the beginning - with me! Take a short trip to Vinodol and Novi Vinodolski so that you can verify that it's possible to do what I wrote at the beginning: in the morning, have a swim and sunbathe on a sandy beach, then take a bike ride to Lake Tribalj. After that, have lunch and try some of the žlahtina white wine of Vinodol. As you head towards the expanse of forest, you'll be delighted with the "Eyes of Vinodol" vantage points. The magical combination of the karst landscape, mountains and forest of the Vinodol hinterland entranced members of the film-making industry who shot the legendary film *Winnetou* here. For dinner, you can try specialities prepared from local wild plants, and other delicious and healthy dishes, far from the noise of the city, and enjoy the colours, smells and sounds of the forest.

I recommend that you continue by exploring the surrounding places, towns and islands. I'll be fair and not favour anyone, and I won't be exaggerating when I say that wherever you go, it'll be beautiful.

### THE KLOVIĆ HOUSE

In the quiet little place of Grižane in Vinodol, you can find the Klović house, which is located in the renovated building of the old elementary school. It's dedicated to Juraj Julije Klović (Giulio Clovio), the greatest and most famous miniaturist, who was born right here back in 1498. He spent most of his life abroad, working for popes and cardinals, kings and dukes, and died in Rome in 1578. He worked with some of the greatest artists of the age, including Michelangelo, Vasari and El Greco. The permanent exhibition of the Klović house contains reproductions of Klović's works (the original miniatures are kept in museums, galleries and archives all over the world), including some which would otherwise be impossible to see, as they need to be kept under protection. According to tradition, Klović was such an accomplished miniaturist that he could paint the entire "Last Supper" on a thumbnail. It is also said that he received his first instruction in painting at Crikvenica's Pauline monastery. There is a permanent exhibition in honour of this great artist in the covered passage leading to the Church of the Assumption of the Blessed Virgin Mary in Crikvenica.

## "THE EYES OF VINODOL" VANTAGE POINTS

YOU'LL EXPERIENCE AN INDESCRIBABLE FEELING OF FREEDOM AND HARMONY WITH NATURE WHEN YOU FIRST ENCOUNTER THE "EYES OF VINODOL", A SERIES OF VANTAGE POINTS IN THE AREA AROUND NOVI VINODOLSKI AND VINODOL THAT OFFER MAGNIFICENT VIEWS.

Relaxation in the clean air, silence that is disturbed only by the sounds of nature, and the green-blue view are the perfect combination for recharging your batteries. Three vantage points are located in the area of Vinodol municipality: "Mahavica" (above the village of Drivenik), "Pridva" (above Grižane/Tribalj), and "Slipica" (above Bribir). There are another three in the area of the town of Novi Vinodolski: "Gradina" (above the village of Ledenice), "Sviba" (under Sviba) and "Kuk" (near Krmpote).

# DIVERSE SURROUNDINGS

Thanks to the proximity of good transport connections, you'll enjoy exploring the surrounding towns, islands, national parks and nature parks on your own. In addition to Rijeka's interesting museums and other cultural and entertainment attractions, and its numerous shopping facilities, you'll particularly enjoy Trsat, where, among other things, you'll find the oldest Marian shrine in Croatia, a wonderful park and a castle. The attractive islands of Krk and Rab will charm you with their beautiful natural surroundings and sites of cultural-historical interest, such as the small island of Košljun, the town walls of Krk, Paradise Beach or the four bell towers of Rab. You must certainly visit Vrbnik on the island of Krk, whose Klančić street, at 43 cm, is the narrowest street in the world, and also the imposing Nehaj Tower in Senj. The natural beauty and incredible diversity of Gorski Kotar, and its nature and national parks will leave you speechless every time you come back here.

## FUŽINE

In the heart of the mountains, an unusual place awaits you – a real cowboy town. In case you didn't already know, Gorski Kotar impressed filmmakers so much that they decided to build a small town for the filming of the popular western "Winnetou". In Fužine, you can find Vrelo Cave, which because of its beauty is also called "Little Postojna" after the cave in Slovenia. Although it's only 300 metres long, it is rich in cave formations, and is particularly attractive because of the nearby mountain spring, lake and karst ponor.

Getting  
here...

## Arriving

I mentioned at the beginning, and you'll see for yourself when you come here, that I'm not far away. Irrespective of whether you are coming by car, bus, train or plane, you'll see that you'll get here soon. If part of your journey is by sea, you'll enjoy yourself even more. However, just please be careful and patient; you'll get here. Finally, just in case you didn't already know, buses generally come to me directly, while the train will take you to Rijeka, from where you'll have to take a bus or taxi, or rent a car. Rijeka is really close to me (about thirty kilometres). And just so that you don't get confused, the airport is called Rijeka but it's actually on the island of Krk, from where you'll be able to use an organised transfer service. The other possibilities are hiring a car or taxi.

## Here we are!

Welcome! You've finally arrived. I'm not so big but to make things easier for you, here are a few tips on how to get around me. To begin with, there's the City Bus, a little bus, which connect Crikvenica, Dramalj, Jadranovo and Selce. Another possibility is to take a taxi. There are also various hire options (bike, motorbike, car, boat), which you can find in most tourist agencies in my area. To cross over to Šilo on the island of Krk, there's a regular shipping line and a superfast speedboat which leaves from Crikvenica town harbour. Finally, there's the attractive tourist train that you can take from Crikvenica to Dramalj, which is particularly popular with kids. Most of its route is right next to the sea. However, I recommend that you use some of your time to see me on foot. You'll enjoy it, and who knows what you might find.
