Admitted from the Mayor's approval an ordinance preparing on the part of the City to buy from the San Diego Water Company the real and personal property and from the Southern California Mountain Water Co. its conveying system and water, was read and filed, such message, is as follows, viz:

San Diego, October 9th 1900
To the Honorable Board of Delegates of the City of San Diego, Cal

Newspaper

I have with return to your Honorable Body an ordinance entitled "an ordinance preparing on the

part of the City of San Diego, California, to buy of and

from the San Diego Water Company all the real and

personal property and by it in supplying water

to the City of San Diego and its inhabitants, and to

pay therefor the sum of \$500,000.00 and also pro-

viding on the part of the said City of San Diego to

buy of and from the Southern California Water Company

its conveying plant in the City of San Diego.

California, offering to pay therefor in the sum of \$100,000.00 and also proposing on the part of the said City of San Diego to purchase from said Southern California Mountain Water Company, a supply of water for the use of said City, and the inhabitant of the rate of four cents per (100) thousand gallons.

My reasons for returning the ordinance to your honorable Body are as follows:

First, it is not advisable to combine these different propositions in one ordinance, to wit: the purchase of the system of water works of the San Diego Water Company; the purchase of the system of water works of the Southern California Mountain Water Company, and the purchase of the supply of water from the said Southern California Mountain Water Company. Each of these propositions are freight to each other and should be considered in separate ordinances, so that any defect that may appear in one of them would not invalidate the other. I would advise that the line of procedure be observed throughout all future action.

Second - Section 2 should state explicitly that all pipe now on hand should be laid and all gates

hydraulic, fittings, or other material now on hand should be in place.

The ordinance in question refers in

substance, that the City offers to pay \$100,000.00 for the Mountain Water Company as it exists at the present time. As but a trifle over half of the pipe is laid, the same not conform with the offer of the Southern California Mountain Water Company made to the

City some weeks ago. To see their system for \$100,000.00 all complete, all pipe laid, all gates, hydraulic fittings and other accessories in place, including service connections with all easements along the line of

pipe. I believe this to have been the intention of the framers of the ordinance, but in my opinion, the wording is not sufficiently clear to remove

practical construction, and consequent disputes. Third, Section 3 reads as follows:

That if the said City of San Diego acquires title to the said system of water works of the said

San Diego Water Company, and said distributing system of said Southern California Mountain Water Co that it purchase of and from the said Southern California Mountain Water Company, all the water required by said City for its own use, and for the use of its inhabitants for a period of five years.

You will note that the price of the water, the quality of the water, the point of delivery, the pressure at point of delivery, nor many other important general points are not specified.

In view of the above objections I return the said ordinance to your honorable Body without my approval.

Whereas, it appears from the records and proceedings of the board of trus-

tees of said city, and for and on behalf of the said city of San Diego; and,
 Whereas, said pueblo lot numbered 1155 has since said sale and the execution of said deeds to the said Matthew Sherman been subdivided into lots and blocks, and is now known as "Sherman's addition," and,

directed to deliver said deed to the owners of said property, viz., the grantees in said deed, by delivering the said deed to the county recorder of the said county of San Diego, state of California, for the owners of said property, and instructing him to record the same.
 Section 2. That said deed shall contain a recital that it is made pursuant to this ordinance to correct a defect in the execution of the said deeds made by the said city by and through its said board of trustees to Matthew Sherman, bearing date June 14th, 1867, one of which deeds was recorded June 15th, 1867, in Book 2 of Deeds at page 317, and the other was recorded August 8th, 1867, in Book 3 of Deeds at page 332, in the office of the county recorder of said county of San Diego, state of California, which said deed shall also recite that the said city of San Diego does not convey any interest which said city has acquired in said property for delinquent taxes, or otherwise since said pueblo lot 1155 was so subdivided. It being the intention of said common council that said deed to be so executed by the said mayor and city clerk shall correct any error in the execution of said deeds, so executed in the year 1867, or either of them, and that such deed to be so executed by said mayor and city clerk shall overcome any possible question that the said city of San Diego did not by the said deeds so executed in the year 1867 by the said board of trustees convey all the right, title, interest, and estate of every name and nature whatsoever that the said city had in said pueblo lot 1155 at the time said deeds were so executed in the said year 1867.
 Section 3. That this ordinance shall take effect and be in force from and after its passage and approval.

Your Special Water Committee to whom you referred the matter of preparing a contract for the purchase of the system of water works of the San Diego Water Company, and the district system of the Southern California Mountain Water Company, and the purchase of a supply of water from the Southern California Mountain Water Company, in accordance with the acceptance of the proposition heretofore made by your Honorable Body, beg leave to report to you as follows:

The proposition made by your Honorable Body to the Southern California Mountain Water Company to buy all the water that the City may use for a period of five years at four cents per 1000 gallons, has been somewhat altered, in this, that your Committee, after negotiating with the Southern California Mountain Water Company relative to the matter, in order to formulate a contract found it necessary to make some changes, in this, that the time of the contract has been extended to ten years instead of five years, and the amount of water fixed at an average minimum of 225 inches per year.

We have also formulated and agreed upon a contract with the San Diego Water Company for the purchase of 150 days term of water works for the sum of three hundred thousand (\$500,000) dollars to be paid out of the proceeds of bonds to be raised by the said City of San Diego, which we herewith hand you for your consideration, and recommend that the same be entered into between the City and the San Diego Water Company.

We have also formulated and agreed upon a contract between the Southern California Mountain Water Company and the City of San Diego relative to the purchase of the distributing system of the Southern California Mountain Water Company for one hundred thousand (\$100,000.00) Dollars, which we herewith hand you for your consideration, and recommend that the contract be entered into between the City and the Southern California Mountain Water Company.

We also herewith hand you an ordinance authorizing and directing that each of the said contracts be executed by the Mayor as the City and deed, for and on behalf, and in the name of the City of San Diego, and attested by the City Clerk of said City by affixing thereto his signature and the official seal of said City, these contracts have ever been approved by the Mayor.

And we also recommend that, in order to carry out the terms of said agreements, your Honorable Body immediately adopt the necessary procedure in order to submit to the qualified electors of this City, the question of voting bonds in the sum of six hundred thousand (\$600,000.00) Dollars, for the purpose of acquiring said system of water works of the San Diego Water Company, and the distributing system of the Southern California Mountain Water Company.

San Diego California May 7th 1901.

To the Honorable Board of Delegates,
 City of San Diego.

Gentlemen:-

Your Special Committee appointed to formulate rules
 for the government of this Board, herewith report that they have
 revised to some extent the rules of the previous Board, and herewith
 present the result of their efforts for your consideration.

We have made but few changes in the rules of the previous Board
 and these changes are all in the line of facilitating the dispatch of
 business, and requiring the attendance of the members at all sessions
 of the Board.

The rule heretofore in use providing for the standing committees,
 has been amended by consolidating three committees, to-wit, "City
 lands," "Public Buildings," and "Schools and Library," into one; and by add-
 ing a new committee, to-wit, "Ordinances".

We feel that if the duties of the Committee on Ordinances, which
 are largely judicial in character, are properly carried out, the result
 will justify the appointment of such a committee, and will make
 quite a saving in the time of the Board at its sessions, as well as a
 saving of time and expense to the department of the City Attorney.

We have made something of a change in the order of business,
 as the same has been; but we believe the changes proposed will
 greatly facilitate the transaction of the business of the Board.

The addition of a rule providing the manner in which any member may be suspended for non-attendance, is my belief, for the best interests of the city. So long as a man remains a member of either Board of the Common Council, he should, if possible attend all its meetings.

We recommend that the rules submitted be adopted as the rules of this Board and that the city clerk be instructed to have 250 copies of the same printed.

We further recommend that each committee provided for by these rules consist of three members, except the water committee and the ordinance committee, which shall consist of five members each.

Respectfully Submitted
J. S. Clark
Geo. McNeill
J. H. Briggs

Rate of \$.155 upon the \$100.00 assessed valuation will produce \$18.600. The amount required for the payment of lighting the streets and for public places under provisions of the contract with the Gas and Electric Light Company.

Ports Improvement Fund.

Rate of \$.003 upon the \$100.00 assessed valuation will produce \$360, which will provide for materials to properly care for piers and piers for the current fiscal year.

Public Health Fund.

Rate of \$.007 upon the \$100.00 assessed valuation will produce \$840, which amount will provide in full for maintaining the Health Department during the current fiscal year.

Public Building Fund.

Rate of \$.05 upon the \$100.00 assessed valuation, together with the estimated apportionments from revenues, will produce \$11,400. which amount will provide in full for rentals of public buildings, engines

House, paid and paid attendance, plaza purchase, and for gas used by the city; and also provided \$60000 for payments on new city hall building.

Office Fund.

Rate of \$.01 upon the \$100.00 assessed valuation will produce \$1700. which will provide in full for the stationary, rent, postage, printing, fuel, and water for the various departments, if proper economy is used.

General Fund.

Rate of \$.045 upon the \$100.00 assessed valuation, together with the estimated apportionments from other sources, will produce \$6400, which amount will provide for the general and contingent expenses of the city during the current fiscal year, including the special election held January 17th 1901, general municipal election held April 2nd 1901, and the special election held April 20th 1901, the total expenses of which elections amount to \$4207.10.

Legal Fund.

The revenue derived from the delinquent taxes viz, \$1500, is sufficient to provide for the necessary expenses of the legal fund; therefore, no levy is recommended for said fund.

Said resolution of the Police Commissioners is as follows, viz:
 Whereas, it has been called to the attention of this Commission that a certain organization called the

"Civic Federation" has been assuming, through its Secretary, one R. H. Young, to perform duties that properly belong to the Police Department of this City; and

Whereas, the Common Council has passed an Ordinance authorizing and empowering the City Attorney to incur whatever indebtedness may be absolutely necessary in the prosecution of criminal actions for the violation of any provision of the Charter or of the ordinances of the City of San Diego, provided the expense shall not exceed \$10.00 in any one case; and it having been brought to our attention that the City Attorney has used a portion of the money permitted by him to be used as aforesaid, in contributing to the expenses of the said Civic Federation, and as the expenditure of such money is not within the letter or spirit of the ordinance, and a continuation of such expenditures, without check or limitation, we regard as a waste of public money, which money could be employed more advantageously and with better results if placed under the control of the Police Department of said City; and it appearing to us that such course is not for the best interest of the City, and is not conducive to the best discipline of the Police Department of said City, therefore,

Be it Resolved, that we recommend that an ordinance be adopted by the City Council, empowering and authorizing the Chief of Police of said City to expend a sum not exceeding \$100.00 per month for detective service in the detection and prevention of crime committed within said City of San Diego.

We believe that the adoption of such an ordinance would bring about better results for the City, and place the police affairs in the hands of the Commission appointed by law to supervise such matters, and take it from the control of private individuals in no wise responsible to the City for their conduct, and whose course has resulted in no practical good to the City, but on the contrary, has engendered a feeling of discord, and discontent.

Be it further Resolved that a copy of these

resolutions be submitted to the City Council at once, with a draft of a proposed ordinance covering the matter herein contained.

Whereupon an Ordinance, as submitted by the Board of Police Commissioners, authorizing the Chief of Police to use not to exceed \$100.00 in any one month for secret service purposes, is read and Delegate Lambert moves the adoption of said Ordinance as read:

Delegate Bradbury offers an amendment to said Ordinance that the amount be fixed at not to exceed \$100. in any one quarter of one year, instead of \$100. per month, a roll call being taken. Said amendment is adopted by the following vote, to-wit: -
