ORDINANCE NO. 1525 NEW SERIES
AN ORDINANCE ESTABLISHING A PLAN AND SYSTEM FOR JOINTLY
MAINTAINING AND OPERATING THE SAN DIEGO CITY AND COUNTY
ADMINISTRATION BUILDING ON THE CIVIC CENTER SITE.

WHEREAS, pursuant to the provisions of Ordinance No. 35 (New Series) of the ordinances of the County of San Diego, and Ordinance No. 621 (New Series) of the ordinances of the City of San Diego, providing for the joint construction, erection, ownership and maintenance of a building by the County of San Diego and the City of San Diego, in the City of San Diego, for county and municipal purposes, there has been erected upon the Civic Center site a joint San Diego City and County Administration Building, and all contracts heretofore awarded for the erection and construction of the same have been performed and accepted by said City and said County, and said building is now ready for occupancy and is actually being occupied by various departments of said City, and will in the immediate future be occupied by various departments of said County; and

WHEREAS, it is necessary in order to provide for the immediate preservation of the public property and safety that provisions be made at once for the operation, care and maintenance of said Administration Building in order to protect the same and to enable governmental functions of said City and said County to proceed without interruption; and

WHEREAS, the existing agreement between said City and said County, as evidenced by the ordinances hereinabove referred to, provides, among other things, as follows:

"That all expenses and expenditures necessarily incident to the operation and maintenance of such building when completed, shall be borne in equal shares by the County of San Diego and the City of San Diego, and in no event shall either the said County of San Diego or the said City of San Diego contribute, or become liable for, more than one-half (1/2) of such expenses or expenditures; provided, however, that any expenditures or expenses incident to the operation and maintenance of particular portions of such building or incident to the operation of particular officers, offices, departments or employees of either the said County of San Diego, or the said City of San Diego shall be borne wholly by the contracting party actually occupying such portion of said building or employing or maintaining such officer, office, department or employee.

It is the intent of this provision that each of the contracting parties shall, so far as is practicable, bear wholly the expense of the maintenance of the quarters occupied exclusively by its officers, agents and employees; and that the expenses to be paid jointly shall be those applicable to the maintenance of the entire building as a unit and which cannot practicably be segregated or traced to a particular portion of the building or a particular activity conducted therein exclusively by one of the contracting parties."

and,

WHEREAS, subsequent to the making of said agreement, and by Resolution No. 67200, adopted by the City Council February 15, 1938, and by Resolution of the Board of Supervisors of said County, adopted February 10, 1938, the allocation of space in said building to be occupied and considered, respectively, as county space and city space was finally determined and agreed upon, which said resolutions provide in part as follows:

"That in allocating the available space in said building between the City and the County, for the purpose only of calculating the percentage or amount of space which is respectively County space and City space, and for the purpose only of computing maintenance and operating expense to be paid by each, the space occupied by the offices of County Assessor and County Tax Collector, shall, without regard to the legal status of said offices, be considered as space permanently occupied by the County, and the cost of maintenance and operation of which shall be paid for by the County;

That space immediately adjacent to the tower on the first floor in the south wing of said building, designated as Area C on Sheet No. 1 of the plot plan of the approved architectural plans and drawings for said building on file with said City and said County, be allocated to and occupied by the County Auditor and Controller, and the cost of maintenance and operation of which shall be paid for by the County;

That such space as is requested by the City on the sixth, seventh, eighth, ninth and tenth floors of the tower of said building be allocated to and occupied by city offices and departments, and the cost of maintenance and operation of which shall be paid for by the City;

That all space below elevation 13.5, to-wit, the ground floor of said building, be allocated to and occupied by county offices and departments, but not for garage space or for motor vehicle uses unless by consent of the City, and the cost of maintenance and operation of which shall be paid for by the County; save and except that portion of such space which is hereby allocated to and shall be occupied by the City and County Health Departments, and which said portion of such space so allocated and occupied shall be considered joint space, and the cost of maintenance and operation of which shall be borne jointly, one-half by said City and one-half by said County;"

NOW, THEREFORE,

BE IT ORDAINED By the Council of the City of San Diego, as follows:

Section 1. That there be, and there is hereby created in the office of the City Treasurer a special fund, which shall be known as "San Diego City and County Administration Building Maintenance Fund."

That the sum of Twenty-five Hundred Dollars (\$2500.00) appropriated or to be appropriated by The City of San Diego, and the sum of Twenty-five Hundred Dollars (\$2500.00) appropriated or to be appropriated by the County of San Diego, to-wit, a total sum of Five Thousand Dollars (\$5000.00), and such additional sums as shall from time to time hereafter be so appropriated for the purposes hereinafter recited, shall be deposited concurrently and in like amounts to the credit of said fund, and shall be deposited concurrently in like amounts to the credit of the like named fund created by ordinance of the Board of Supervisors in the County Treasury; and the City Auditor and Comptroller, together with the County Auditor and Controller are hereby authorized, empowered and directed to exercise general supervision over said fund pursuant to the provisions of the respective charters of said City and said County and the general laws of the State of California.

Section 2. All moneys coming into said fund shall be used exclusively for joint maintenance and operation purposes of the San Diego City and County Administration Building, including the grounds surrounding the same, in the manner hereinafter provided.

Section 3. The Treasurer of the City of San Diego and the Treasurer of the County of San Diego shall be, and they are hereby designated as joint custodians of said fund, for and on behalf of said City and said County, respectively; and said custodians are hereby authorized, empowered and directed to receive said deposited sums jointly for and on behalf of the City of San Diego and the County of San Diego, and to deposit said sums in a special joint City and County bank account with a Federal Reserve Member Bank in the City of San Diego.

Section 4. Disbursements from said fund shall be made as follows:

Upon approval in writing by the Administration Building Control Committee, created by Section 9 of this ordinance, requisitions on either the City or the County Purchasing Agent for all items of joint maintenance expense of said building and grounds shall be drawn by the Superintendent of said building and grounds (which position is hereinafter created). The City Purchasing Agent and the County Purchasing Agent shall jointly issue purchase orders in sextuplicate, the originals of which shall be signed by said Purchasing Agents. Two copies of each original purchase order shall then be transmitted to the City Auditor and to the County Auditor, respectively, for approval as to sufficiency of funds, and one copy shall be transmitted to said Superintendent. Upon the joint approval of said purchase order by said Auditors and the return to each of said Purchasing Agents of one copy thereof, said Purchasing Agents shall forward the original purchase order to the vendor. Upon the delivery of materials, or the performance of services other than personal, invoice in quintuplicate shall be filed by the vendor with either of said Purchasing Agents. One copy of said invoice shall be retained by each Purchasing Agent, and after approval by them as to prices and amounts, three copies shall be transmitted to the Superintendent of said building and grounds, who shall prepare all claims upon the maintenance fund in duplicate. In the case of claims for materials, or services other than personal, he shall attach to each copy of the claim a copy of the invoice, certifying to the same, and present them to the Control Committee for approval, retaining one copy of the invoice for his files. Said Committee shall endorse upon each such claim its approval or disapproval, and in either event transmit both copies of the same to the Clerk of the Board of Supervisors. Upon approval of any claim on said fund by the Board of Supervisors, the Clerk thereof shall forthwith transmit one copy of the claim to the City Clerk for approval by the City Council, and one copy to the County Auditor. Upon approval of the claim by said City Council, said City Clerk shall transmit the same to the City Auditor, who shall thereupon prepare a warrant upon said maintenance fund, payable through the depository bank in the amount of the approved claim; number and sign said warrant and transmit the same to the County Auditor. Upon receipt of said warrant the County Auditor shall likewise number and sign and shall forward the same to the payee. Upon delivery to the payee, such warrant may then be presented by him to the depository bank for payment, and said depository bank is hereby authorized and directed to honor said warrant and forward the same to the joint custodians of said fund for the proper accounting thereof.

Section 5. No purchase orders to be paid out of said maintenance fund, nor any claims against said fund, shall be approved except purchase orders and claims for materials, supplies, equipment and contractual services for the joint maintenance and operation of said Administration Building and grounds, including claims for metered services such as water, gas and electric current. Neither the salary of the Superintendent of said building, nor the salary or wages of any city or county officer or employee working under the supervision of said Superintendent in the maintenance and operation of said building and grounds shall be payable out of said maintenance fund; but the payment of said salaries and wages shall be made in the manner hereinafter in this Ordinance provided.

The Superintendent, provided for by Section 6 of this ordinance, shall keep accounts of expenditures from said joint maintenance fund in such manner as to show the proportion thereof expended for the maintenance and operation of those portions of said building used and occupied exclusively as city offices and departments and county offices and departments. The amount so shown shall be pro-rated between the City and the County upon the basis of the total number of square feet in said building used and occupied exclusively by each. The County shall pay to the City monthly, upon claim being made therefor, a sum of money equal to one-half of the difference between the amount chargeable to the City and the amount chargeable to the County.

Section 6. That there is hereby created in the Classified Civil Service of The City of San Diego the position of Superintendent of the San Diego City and County Administration Building and Grounds, who may act, ex-officio, as Superintendent of said Building and Grounds on behalf of the County of San Diego.

The Council shall by resolution appoint to said position a person qualified under the rules of the Civil Service of the City of San Diego, and who shall have all the rights and be subject to all the rules and regulations of said Civil Service. Said Committee thereupon shall make its recommendation in each instance, respectively, to the City Council and to the Board of Supervisors as to the necessity of such employment. The approval of the respective legislative bodies shall be required to authorize any such employment; provided, however, that in the appointment of any assistant, clerk or other employee subject to the direction of said Superintendent the following principle of selection shall be rigidly adhered to: Such authorized appointments shall be made respectively from the Civil Service Eligible lists of the City and of the County; and the appointees shall remain, respectively, city employees or county employees, as the case may be, and subject to all Civil Service laws, rules and regulations of the service to which they belong, and receive such compensation as may be established for each grade or position;

provided, further, that the City shall pay the salary or wages of the city employees engaged in said work in the amounts, at the times and in the manner provided by city laws, rules and regulations; and that the county shall pay the salary or wages of the county employees engaged in said work in the amounts, at the times and in the manner provided by county laws, rules and regulations.

Section 8; That at no time during the maintenance and operation of said building under the provisions of this ordinance shall any county employee working under the direction and supervision of said Superintendent be given access to or permitted to service any departmental office or offices of the City; and that no city employee working under the direction and supervision of said Superintendent shall be permitted access to or service the departmental offices of the County; and it shall be the duty of the Superintendent to see that this provision is strictly enforced; provided, however, that upon the request of any department head or official of the City or of the County, the Superintendent may direct the repair, adjustment or correction of the plumbing, heating, ventilating or lighting systems, or other necessary joint maintenance service requiring skilled work of a nature contemplated to be performed under this ordinance, to be done by any qualified person under his direction irrespective of whether such person shall be a county employee or a city employee; provided, further, however, that any such work, if performed by a county employee in a city office or department shall be done during office hours, or in the presence of a duly authorized city employee, and likewise that any such work, if performed by a city employee in a county office or department, shall be done only during office hours or in the presence of a duly authorized county employee.

Section 9. There is hereby established an Administration Building Control Committee, which shall be a permanent and standing committee. The members of this committee shall be composed of one City Councilman, or other city official selected by the Council, one County Supervisor, or other county official selected by the Board of Supervisors, and the City Attorney and the District Attorney. The members of said Committee shall serve without compensation. The member selected by the City Council may be removed and replaced at any time by a resolution of the Council, and the member selected by the Board of Supervisors may be likewise removed and replaced at any time by a resolution of the Board of Supervisors.

The powers, duties and functions of said Committee shall be as follows:

(e) Said Committee shall also hear and pass upon complaints emanating from City or County Officials or employees regarding any matter connected with the administration, operation and maintenance of said building or the grounds thereof, and shall recommend to the respective legislative bodies of the City and of the County such action as it may deem appropriate in the circumstances.

This itemized statement shall be subscribed by the auctioneer, conducting the sale, and any false statement submitted by said auctioneer to the City Treasurer shall be deemed sufficient cause for the suspension or revocation of his permit to conduct such auction.

"It is hereby made unlawful for any person carrying on or conducting, or assisting in carrying on or conducting an auction sale:

"(g) To substitute any article in lieu of the article offered to and purchased by the bidder, except with the bidder's knowledge and consent.

"(h) To sell or offer for sale at public auction any property whatsoever without having a valid and unrevoked license therefor, as required by this ordinance.

Nothing contained in this section shall apply to any sale made upon the execution or by virtue of any process issued by a court, nor to any sale made by any public officer in his official capacity required to be made under the laws of the United States or the State of California, or under the Charter of The City of San Diego, nor to any sale of property by any social organization

WHEREAS, the City has no moral or equitable right to the moneys so paid; NOW,

THEREFORE,

BE IT ORDAINED by the Council of the City of San Diego, as follows:

Section 1. That there be, and there is hereby created and established in the office of the City Treasurer a special account to be known as "Payments Refundable Account," into which said account shall be placed in the manner hereinafter provided moneys received by the City on account of double or duplicated or over payments made by citizens through mistake or inadvertence in the payment of final water bills, fees or licenses, and moneys received by the City on account of license fees where licenses are not issued. Immediately upon the discovery that such a double or overpayment, or payment on account of license fee where license is not issued, has occurred, the head of the department which has received the money shall promptly certify to the Auditor and Comptroller complete details thereof, including the name of the payor, the date, the amount and the nature of the payment. Upon receiving such certification it shall be the duty of the Auditor and Comptroller to transfer immediately from the General Funds of said City to said Payments Refundable Account a sum of money equal to the payments so received as hereinabove provided; provided, however, that, except in cases of final or closing water bills, duplicate, or double, or over payments on account of monthly water bills shall not be placed in said account nor refunded therefrom, but shall be credited by the Water Department upon the next ensuing water bill.

No withdrawals from said account for the purpose of refund shall be made unless authorized in each instance by ordinance.

Section 3. That Ordinance No. 1031 (New Series) of the ordinances of said City, entitled, "An Ordinance establishing in the Office of the City Treasurer an account to be known as the 'Duplicate Payments Refundable Account'; providing for the transfer of moneys to said account and the method of withdrawals therefrom," adopted November 24, 1936, be, and the same is hereby repealed.

Nick bend check tests may also be required at any time when found desirable by the City Building Inspector in order to fully demonstrate the welder's ability to make a sound weld.

"(g) When a satisfactory report covering all of the requirements in the above test has been received by the City Building Inspection Department from said testing laboratory, the Chief Inspector shall authorize the issuance of a welder's license by the City License Department, excepting that before said authorization can be issued, the applicant shall appear before the Chief of the Fire Department or his authorized assistants for instruction and examination upon necessary fire prevention methods and receive such approval therefor. ORDINANCE NO. 1712 NEW SERIES
AN ORDINANCE AMENDING SECTIONS 2, 6 AND 7 OF ORDINANCE NO. 13322 (TAXICAB ORDINANCE) OF THE ORDINANCES OF THE CITY OF SAN DIEGO, APPROVED SEPTEMBER 30, 1931, AND REPEALING SECTION 1 OF ORDINANCE NO. 150 (NEW SERIES), ADOPTED FEBRUARY 6, 1933, AND ORDINANCE NO. 1469 (NEW SERIES), ADOPTED OCTOBER 25, 1935.

BE IT ORDAINED by the Council of the City of San Diego, as follows:

Section 1. That Section 2 of Ordinance No. 13322 (Taxicab Ordinance) of the ordinances of the City of San Diego, entitled, "An Ordinance regulating the operation of taxicabs, automobiles for hire, and sightseeing cars engaged in the business of transporting passengers for hire upon the public streets of the City of San Diego, requiring permits therefor, authorizing the Traffic Commission of the City of San Diego to grant or deny applications for permits to operate such vehicles, fixing penalties for violation of the terms of this ordinance, and repealing all ordinances or parts of ordinances in conflict herewith," approved September 30, 1931, be, and the same is hereby amended to read as follows:

"Section 2. JURISDICTION.

"(a) It shall be unlawful for any owner to engage in the business of operating any of the vehicles as defined in Section 1 of this ordinance, within The City of San Diego, without first obtaining a permit in writing so to do from the City Council of the City of San Diego. Except as hereinafter provided, the City Council of the City of San Diego shall have power to issue or refuse any such permit as the public welfare, convenience or necessity may require, and shall refuse to issue it when it shall find that transportation facilities already available are adequate to meet the public need. Such available transportation facilities shall be considered adequate to meet the public need when there is one (1) taxicab operating in the City of San Diego for each 2000 of its estimated population. The estimated population shall be determined as of January first of each year by multiplying the number of water meters in operation in the City of San Diego by four. Provided, however, that the City Council of the City of San Diego may, in its discretion, increase the number of permits authorized hereunder not to exceed five (5) permits. Provided, further, that the available transportation facilities shall be considered adequate to meet the public need when there is one (1) automobile-for-hire operating in The City of San Diego for each 10,000 of its estimated population, as above determined.

"(b) All taxicabs must have and conform to a color scheme approved by the Municipal Traffic and Safety Commission. The City Council is hereby authorized and empowered to require applicants for permits to furnish such information as to the City Council seems proper as a basis for consideration of applications, and the responsibilities and qualifications of persons applying therefor, the nature of the business they wish to conduct, the number, condition, capacity, description and safety of the vehicles intended to be operated, as well as distinguishing marks or paint upon such vehicles, shall be included in the information required to be given by applicants. The City Council may refuse a permit to any applicant whose responsibilities, qualifications, or methods of operating its business does not comply with standards and requirements as determined by the Municipal Traffic and Safety Commission, and/or whose trade name, color scheme, or insignia to be used on vehicles imitates that of any other permittee or applicant in such a manner as to deceive the public. It shall be unlawful for any owner and/or driver of any of the vehicles defined in this ordinance to operate such vehicle when said vehicle does not conform to the trade name, color scheme or insignia as provided by the Municipal Traffic and Safety Commission.

"Upon obtaining a permit as herein required and upon filing the bond, insurance policy or securities hereinafter required, the holder of such permit shall be entitled to a license upon payment of the fee required by ordinance therefor. Such permits shall be filed with the City Treasurer as part of the application for license.

"(c) It shall be unlawful for any person to drive or operate any of the vehicles mentioned in Section 1 of this ordinance without first obtaining a permit in writing so to do from the Municipal Traffic and Safety Commission of the City of San Diego. Applicants for such permits shall file applications therefor with the Traffic Division of the Police Department, upon blanks to be furnished by the Municipal Traffic and Safety Commission. Upon obtaining a permit, as herein required, the holder of such permit shall be entitled to a badge of such design and bearing such number as the Municipal Traffic and Safety Commission may prescribe, upon payment of the fee required by ordinance therefor. Said permit shall be filed with the City Treasurer as part of the application for license. Such badge must be conspicuously worn by the permittee during all business hours, and shall not be transferable.

"No permit shall be issued to any driver or operator under the age of twenty-one (21) years, or to any person not a citizen of the United States, or who has not lawfully declared his intention to become such; or to any person who has been convicted of a felony, or who has been convicted of either driving a vehicle upon the highway while under the influence of intoxicating liquors or narcotic drugs, or reckless driving, unless two (2) years have elapsed since his discharge from a penal institution or after his being placed on probation, during which period of time his record is good; and driver or operator may not obtain a permit unless he shall have been a continuous resident of the City of San Diego for at least six (6) months immediately preceding the application. Each applicant for a permit shall be examined by a person designated by the Municipal Traffic and Safety Commission as to his knowledge of the provisions of this ordinance, the traffic regulations, and the geography of the City, and if the result of the examination be unsatisfactory, he shall be refused a permit. Each such applicant must demonstrate his skill and ability to safely handle his vehicle by driving it through a crowded section of the City, accompanied by an inspector appointed by the Municipal Traffic and Safety Commission.

"(d) Applications for permits under the provisions of this ordinance shall be filed with the City Clerk for presentation to the City Council of the City of San Diego at any regular meeting thereof. Such application shall state the name and address of the applicant, the character of the business to be transacted, the kind of equipment, condition of equipment, and such other facts as may be required by the Municipal Traffic and Safety Commission.

"(e) Whenever any applicant for a permit shall have complied with all conditions and regulations relative to the filing of his application, it shall be the duty of the City Clerk to forward said application to the City Council of the City of San Diego at a regular meeting thereof. Such application shall be referred to the Municipal Traffic and Safety Commission for the purpose of having a public hearing thereon to determine the public convenience and necessity, as hereinafter set forth. Notice of said hearing shall be given to all persons interested, including the owner of the vehicle, at least five (5) days before

the date set for such hearing. Notices of such public hearings, containing the time and place thereof and the names of applicants for permits, shall be published in the official newspaper of the City; provided, however, that the Commission may continue any hearing from time to time without further notice.

"(f) If the Municipal Traffic and Safety Commission finds that the public convenience and necessity requires the granting of a permit, it shall report this finding to the City Council of the City of San Diego, together with its recommendations, and such recommendations shall be adopted or rejected by said City Council, based upon said recommendations. A majority vote of the members present shall authorize the issuance or denial of a permit. No permit shall be issued by the City Clerk until favorable action upon the application therefor is first had by the City Council of the City of San Diego.

"(g) The Chief of Police may, upon special occasions, issue permits for a limited period of time for any of the vehicles defined in Section 1 of this ordinance, in excess of those already issued, upon payment of a license fee of one dollar (\$1.00) per day per vehicle.

"(h) Every taxicab shall be operated regularly to the extent reasonably necessary to meet the public demand for taxicab service. In the event that service of any taxicab is discontinued, excepting strikes, acts of God, or causes beyond the control of the permittee, the Commission may give written notice to the permittee to restore such taxicab to service, and if the same is not so restored within five (5) days after such notice the Commission, in its discretion, may recommend to the City Council that the permit for such taxicab be revoked, and the Council, in its discretion, may revoke the same.

"(i) If the service for which a permit or permits is granted hereunder is discontinued, or if the person, firm or corporation sells or discontinues its business, the permits granted hereunder shall be automatically cancelled and shall be reissued only in accordance with the provisions of this section.

That the provisions of this section shall not affect the number of taxicabs, 'for hire' cars and sightseeing cars operating with valid licenses on the effective date of this ordinance, except as such vehicles are abandoned or the right to operate such vehicles has been lost through inability of operators to meet requirements of the ordinances of the City of San Diego; or in the event licenses are not renewed within fifteen (15) days after the expiration thereof, or through revocation of licenses for cause by the City Council of the City of San Diego."

Section 2. That Section 6 of said Ordinance No. 13322 be, and the same is hereby amended to read as follows:

"Section 6.

(a) It shall be unlawful for any person to drive or operate any taxicab unless the number of the permit granted for its operation shall be painted on the rear and on the top panel of each side of the radiator hood of each of said vehicles in numbers not less than two (2) inches in height;

(b) It shall be unlawful for any person to drive or operate any automobile-for-hire or sight-seeing automobile unless such vehicle is equipped and carrying at front and rear and in plain view from outside such vehicle a small distinguishing metal plate approved by the Municipal Traffic and Safety Commission. The City Auditor shall issue said plates, and he is hereby authorized and directed to collect the sum of fifty cents (50¢) per set for said plates;

Except as hereinafter provided, the City Council of the City of San Diego shall have power to issue or refuse any such permit as the public welfare, convenience or necessity may require, and shall refuse to issue it when it shall find that transportation facilities already available are adequate to meet the public need. Such available transportation facilities shall be considered adequate to meet the public need when there is one (1) taxicab operating in the City of San Diego for each 2000 of its estimated population. The estimated population shall be determined as of January first of each year by multiplying the number of water meters in operation in the City of San Diego by four. Provided, however, that the City Council of the City of San Diego may, in its discretion, increase the number of permits authorized hereunder not to exceed five (5) permits. Provided, further, that the available transportation facilities shall be considered adequate to meet the public need when there is one (1) automobile-for-hire operating in the City of San Diego for each 10,000 of its estimated population, as above determined.

(b) All taxicabs must have and conform to a color scheme approved by the Traffic Commission. The City Council is hereby authorized and empowered to require applicants for permits to furnish such information as to the City Council seems proper as a basis for consideration of applications, and the responsibilities and qualifications of persons applying therefor, the nature of the business they wish to conduct, the number, condition, capacity, description and safety of the vehicles intended to be operated, as well as distinguishing marks or paint upon such vehicles, shall be included in the information required to be given by applicants. The City Council may refuse a permit to any applicant whose responsibilities, qualifications, or methods of operating its business does not comply with standards and requirements as determined by the Traffic Commission, and/or whose trade name, color scheme, or insignia to be used on vehicles imitates that of any other permittee or applicant in such a manner as to deceive the public. It shall be unlawful for any owner and/or driver of any of the vehicles defined in this ordinance to operate such vehicle, when said vehicle does not conform to the trade name, color scheme or insignia as provided by the Traffic Commission.

Upon obtaining a permit as herein required and upon filing the bond, insurance policy or securities hereinafter required, the holder of such permit shall be entitled to a license upon payment of the fee required by ordinance therefor. Such permits shall be filed with the City Treasurer as part of the application for license.

(c) It shall be unlawful for any person to drive or operate any of the vehicles mentioned in Section 1 of this ordinance without first obtaining a permit in writing so to do from the Chief of Police of the City of San Diego. Applicants for such permits shall file applications therefor with the Traffic Division of the Police Department, upon blanks

to be furnished by the Traffic Division of the Police Department. Upon obtaining a permit, as herein required, the holder of such permit shall be entitled to a badge of such design and bearing such number as the Chief of Police may prescribe, upon payment of the fee required by ordinance therefor. Said permit shall be filed with the City Treasurer as part of the application for license. Such badge must be conspicuously worn by the permittee during all business hours, and shall not be transferable.

No permit shall be issued to any driver or operator under the age of twenty-one (21) years, or to any person not a citizen of the United States, or who has not lawfully declared his intention to become such; or to any person who has been convicted of a felony, or who has been convicted of either driving a vehicle upon the highway while under the influence of intoxicating liquors or narcotic drugs, or reckless driving, unless two (2) years have elapsed since his discharge from a penal institution or after his being placed on probation, during which period of time his record is good; and driver or operator may not obtain a permit unless he shall have been a continuous resident of the City of San Diego for at least six (6) months immediately preceding the application. Each applicant for a permit shall be examined by a person designated by the Chief of Police as to his knowledge of the provisions of this ordinance, the traffic regulations, and the geography of the City, and if the result of the examination be unsatisfactory, he shall be refused a permit. Each applicant must demonstrate his skill and ability to safely handle his vehicle by driving it through a crowded section of the City, accompanied by an inspector designated by the Chief of Police.

(d) Applications for permits under the provisions of subsections (a) and (b) of Section 2 of this ordinance shall be filed with the City Clerk for presentation to the City Council of the City of San Diego at any regular meeting thereof. Such application shall state the name and address of the applicant, the character of the business to be transacted, the kind of equipment, condition of equipment, and such other facts as may be required by the Traffic Commission.

(e) Whenever any applicant for a permit under sub-sections (a) and (b) of Section 2 of this ordinance shall have complied with all conditions and regulations relative to the filing of his application, it shall be the duty of the City Clerk to forward his application to the City Council of the City of San Diego at a regular meeting thereof. Such application shall be referred to the Traffic Commission for the purpose of having a public hearing thereon to determine the public convenience and necessity, as hereinafter set forth. Notice of said hearing shall be given to all persons interested, including the owner of the vehicle, at least five (5) days before the date set for such hearing. Notices of such public hearings, containing the time and place thereof and the names of applicants for permits, shall be published in the official newspaper of the City; provided, however, that the Traffic Commission may continue any hearing from time to time without further notice.

(f) If the Traffic Commission finds that the public convenience and necessity requires the granting of a permit, it shall report this finding to the City Council of the City of San Diego, together with its recommendations, and such recommendations shall be adopted or rejected by said City Council, based upon said recommendations. A majority vote of the members present shall authorize the issuance or denial of a permit. (h) Every taxicab shall be operated regularly to the extent reasonably necessary to meet the public demand for taxicab service. In the event that service of any taxicab is discontinued, excepting strikes, acts of God, or causes beyond the control of the permittee, the Commission may give written notice to the permittee to restore such taxicab to service, and if the same is not so restored within five (5) days after such notice the Commission, in its discretion, may recommend to the City Council that the permit for such taxicab be revoked, and the Council, in its discretion, may revoke the same.

(i) If the service for which a permit or permits is granted hereunder is discontinued, or if the person, firm or corporation sells or discontinues its business, the permits granted hereunder shall be automatically canceled and shall be reissued only in accordance with the provisions of this section.

That the provisions of this section shall not affect the number of taxicabs, "For Hire" cars and sightseeing cars operating with valid licenses on the effective date of this ordinance, except as such vehicles are abandoned or the right to operate such vehicles has been lost through inability of operators to meet requirements of the ordinances of the City of San Diego; or in the event licenses are not renewed within fifteen (15) days after the expiration thereof, or through revocation of licenses for cause by the City Council of The City of San Diego.

Section 3. PUBLIC LIABILITY. It shall be unlawful to operate any vehicle, as defined in Section 1 of this ordinance, unless there shall be filed with the City Clerk of The City of San Diego, and deposited by him with the Purchasing Agent of The City of San Diego, a policy of insurance executed and delivered by a company authorized to carry on an insurance business in the State of California, the financial responsibility of which company shall theretofore have been approved by the City Manager, by the terms of which said insurance company assumes responsibility for injuries to persons or property caused by the operation of said vehicle in the following amounts, to-wit:

\$5,000 property damage;

\$5,000 for death or injuries to any one person in any one accident;

\$10,000 for death or injuries to two or more persons in any one accident;

Provided, however, that no policy of insurance issued by any mutual assessment or reciprocal company as defined by the Insurance Code of the State of California shall be accepted by the City of San Diego.

Section 4. OPERATING REGULATIONS.

(b) Any driver employed to transport passengers to a definite point shall take the most direct route possible that will carry the passenger to his destination safely and expeditiously.

(c) Refusal of any driver to give a receipt when requested upon payment of the correct fare shall constitute a misdemeanor.

(d) All disputes as to fares shall be determined by the officer in charge of the Police Station nearest to the place where the dispute is had. Failure to comply with such determination shall subject the offending party to a charge of misdemeanor.

(e) It shall be unlawful for any person to refuse to pay the lawful fare of any of the vehicles regulated by this ordinance, after employing or hiring the same, and any person who shall hire such vehicle with intent to defraud the person from whom it is hired shall be guilty of a misdemeanor.

(f) No driver of any taxicab or automobile for hire, as defined in this ordinance, shall seek employment by repeatedly and persistently driving his vehicle to and from in a

short space in front of, or by otherwise interfering with the proper and orderly access to or egress from any theatre, hall, hotel, public resort, railway or ferry station, or other place of public gathering; or, by leaving his vehicle, or otherwise approach and solicit patronage by pedestrians upon the sidewalk, in any theater, hall, hotel, public resort, railway or ferry station, or street railway loading point; but such driver may solicit employment by driving through any public street or place without stops, other than those due to obstruction of traffic, and at such speed as not to interfere with or impede traffic, and may pass and repass before any theater, hall, hotel, public resort, railway or ferry station, or other place of public gathering; providing that, after passing such public place, he shall not turn and repass until he shall have gone a distance of two blocks upon the streets and highways of the City, and no person shall solicit passengers for such vehicles except the driver thereof when sitting upon the driver's seat of his vehicle.

(g) No driver of any vehicle defined in Section 1 of this ordinance shall accept, take into his vehicle, or transport any larger number of passengers on any one trip than the rated seating capacity of his vehicle. No passenger shall be permitted to ride in the front seat alongside the driver of any taxicab.

(h) No driver of any taxicab, as defined by this ordinance, shall park his taxicab on the same side of the street in any block in which two taxicabs are already parked, or within one hundred (100) feet of any other taxicab, or within fifteen (15) feet of any fire plug, except as modified by Section 7 of this ordinance. He shall remain within five (5) feet of his taxicab excepting when assisting passengers to load or unload, or when answering his telephone.

(i) No driver of any taxicab, as defined by this ordinance, shall park his car in front of the Union Depot at the foot of Broadway, or within one hundred (100) feet thereof, for a longer period than three (3) minutes.

(j) The driver of any of the vehicles regulated by this ordinance shall promptly obey all orders or instructions of any police officer or fireman.

(k) The Traffic Commission shall have power to make and adopt such rules and regulations, in addition to those specifically mentioned herein, as are consistent with carrying out the purposes of this ordinance, and as are in its judgment and discretion necessary and proper for safety in the operation of the vehicles regulated by this ordinance.

Section 5. FARES.

(a) Taxicabs. It shall be unlawful for any owner or driver to operate any taxicab in the City of San Diego unless such vehicle is equipped with a taximeter of such type, style and design as may be approved by the Traffic Commission of said City, and it shall be the duty of every owner operating a taxicab to keep such taximeter in perfect condition so that said taximeter will, at all times, correctly and accurately indicate the correct charge for the distance traveled or for the distance traveled and waiting time, and such taximeter shall be at all times subject to inspection by any inspector of the Traffic Commission or any peace officer, and such inspector, or any peace officer is hereby authorized at his instance or upon complaint of any person to investigate or cause to be investigated such taximeter, and upon the discovery of any inaccuracy in said meter, to remove or cause to be removed such vehicle equipped with such taximeter from the streets of The City of San Diego until such time as said taximeter shall have been correctly adjusted.

(1) Every such taximeter shall be equipped with a flag or other mechanical device with the words "For Hire" printed or stamped thereon, and said flag shall be so attached and connected to the mechanism of said taximeter as to cause said mechanism to cease operation when said flag is in an upright position and indicating that the taxicab is for hire, and which said flag shall, when moved forward or downward, start the operation of said taximeter so that the same will operate in the manner defined in this ordinance.

(2) It shall be unlawful for any driver of a taxicab while carrying passengers to display the flag or device attached to such taximeter in such a position as to denote that such vehicle is for hire, or is not employed, or to have such flag or other attached device in such a position as to prevent said taximeter from operating, and it will be unlawful for any driver to throw such flag or other device of a taximeter into a position which causes said taximeter to record when such vehicle is not actually employed or to fail to throw said flag or other device on such taximeter into a non-recording position at the termination of each and every service.

(3) All charges for transportation of passengers in taxicabs operated in The City of San Diego must be based on the charges indicated on said taximeters, and it shall be unlawful for any owner, driver or operator of any taxicab to charge any passenger or passengers any sum in excess of or lower than the sum indicated on said taximeter.

(4) The taximeter shall be so placed in said taxicab that the reading dial showing the amount to be charged shall be well lighted and readily discernible by the passenger riding in such taxicab, unless or except such taximeter is equipped and operated as a receipt printing taximeter.

(5) Said taximeter shall be correctly and accurately adjusted to correctly indicate the charge per mile or fraction thereof, which charge shall be in accordance with the rates filed with the Traffic Commission by the owner of said taxicab and in accordance with the rates posted in said taxicab as herein provided, and it shall be unlawful for any taxicab owner to so adjust said taximeter that the same will indicate either a greater or a lesser charge than the charge so filed and posted.

(b) Automobile-For-Hire. The charge to be made by drivers of Automobile-for-Hire, as defined in this ordinance, shall be in accordance with the rates filed with the Traffic Commission by the owner of said Automobile-for-Hire, and in accordance with the rates posted in said Automobile-for-Hire, as herein provided, and it shall be unlawful for any driver of said vehicle to charge either a greater or a lesser charge than the charge so filed and posted.

(c) Posting of Fare Schedules. Within ten (10) days after this ordinance becomes effective, every owner of any taxicab or automobile-for-hire operating in the City of San Diego shall file or cause to be filed with the Traffic Commission of said City a true and correct statement of the rates to be charged for the transportation of passengers in any and all taxicabs and/or automobiles-for-hire operated by said owner, and such owner shall not change or modify said rates in any manner without the written permit of said Commission and without filing said modified or changed rates with said Commission. There shall be displayed in the passenger compartment of each taxicab and/or automobile-for-hire in full view of the passenger a card not less than two inches by four inches in size, which shall have plainly printed thereon the name of the owner, or the fictitious name under which said owner operates, the business address and telephone number of said owner, and a correct schedule of the rates to be charged for conveyance in said vehicle.

(d) Rates. It shall be unlawful for the owner or driver of any taxicab, as defined in Section 1 of this ordinance, to fix a rate in excess of twenty-five cents (\$.25) for the first quarter (1/4) mile and ten cents (\$.10) for each additional half mile or fraction thereafter. It shall be unlawful for the owner or driver of any for-hire car, as defined in Section 1 of this ordinance, the charge less than a minimum fare of one dollar (\$1.00) per trip. The Traffic Commission of The City of San Diego is hereby authorized and empowered to revoke the license of any owner and/or vehicle violating any of the provisions of this section.

Section 6.

(a) It shall be unlawful for any person to drive or operate any taxicab unless the

number of the permit granted for its operation shall be painted on the rear and on the top panel of each side of the radiator hood of each of said vehicles in numbers not less than two (2) inches in height.

(b) It shall be unlawful for any person to drive or operate any automobile-for-hire or sight-seeing automobile unless such vehicle is equipped and carrying at front and rear and in plain view from outside such vehicle a small distinguishing metal plate approved by the Traffic Commission. The City Treasurer shall issue said plates, and he is hereby authorized and directed to collect the sum of fifty cents (50¢) per set for said plates.

(c) In the event any vehicle for which a permit has been granted has become disabled, written permission may be obtained from the Police Department to use another vehicle of the same class for a period not to exceed forty-eight (48) hours, which permit may be renewed from time to time, but in no event shall said renewal or renewals exceed the period of forty-eight (48) hours; provided, further, that said written permission must be posted conspicuously on the windshield of said temporary vehicle.

Section 7. The City Council of the City of San Diego, upon the recommendation of the Traffic Commission, or in its own discretion, shall have power to deny, revoke or suspend at any time all permits and licenses mentioned in this ordinance, and it shall also have the power to have withdrawn from service all taxicabs not in good safe condition and clean in appearance.

The Traffic Commission is hereby authorized to locate and designate as public taxi cab or auto-fore-hire stands the space alongside the curb adjacent to property used as public parks, public buildings, railroad stations, steamship and ferry landings, and the center of any street where the roadway, exclusive of the sidewalks, is thirty (30) feet in width or more. The Traffic Commission may also designate the number of such taxicabs or automobiles-for-hire that shall be allowed to stand at any of the places designated by them.

Any action taken or order issued by the Traffic Commission shall be final unless an appeal is taken, in writing, within ten (10) days to the City Council by filing the same at the office of the City Clerk.

Section 8. PENALTIES.

Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by forfeiture of his permit, and by a fine not exceeding five hundred dollars (\$500.00), or by such forfeiture and imprisonment in the City Jail for not more than six (6) months, or by both such forfeiture, fine and imprisonment.

It shall be unlawful for any person or persons, firm or corporation to conduct, maintain or operate an establishment for the slaughtering of animals or for the manufacturing of meat products for human consumption or any establishment where meat is sold or distributed wholesale or retail for human consumption within the City limits of the City of San Diego, without first having obtained a permit therefor.

Section 2. Every applicant for such permit shall file with the Clerk of the Department of Public Health, a written application, which shall state the name and address of the applicant and description of the property, its location, street and number, wherein and whereon it is proposed to conduct such establishment, and such other information as the Department of Public Health of the City of San Diego by regulation may require.

Section 3. Every person, firm or corporation applying for a permit under the provisions of this ordinance shall, at the time of making application for such permit, pay an annual inspection fee, as hereinafter established, to the Clerk of the Department of Public Health authorized to receive such fees. Said money shall be paid into the City Treasury and placed in the General Fund. A permit for which application is made under the provisions of this ordinance may be granted at any time during the year, but all permits granted hereunder shall expire on the 31st day of December of the year in which the same are granted. No permit shall be transferable from one person, firm or corporation to another, and no permit shall be valid except for the location designated in the original application.

Section 4. The inspection fees for meat processing are established as follows:

All fees are due and payable on or before the 10th day of January of each calendar year.

Section 5. Upon the receipt of such application, it shall be the duty of the Director of Public Health of San Diego to investigate the sanitary conditions in the establishment mentioned in the application, and if it shall appear that the sanitary conditions comply with and conform to the rules and regulations of the Department of Public Health of The City of San Diego, the rules and regulations of the State Board of Health, and with the California Meat Inspection Regulations of the Department of Agriculture, Division of Animal Industry, and any and all other Acts or Laws of the State of California, in reference thereto, which provisions of said laws, rules and regulations, and any amendments thereto, are by this reference adopted as a part of this ordinance, a permit therefor shall be granted, only upon the express condition, however, that it shall be revocable upon a conviction of the person or persons holding a permit for the violation of any of the provisions of this ordinance.

Section 6. Whenever it shall appear to the satisfaction of any authorized Meat Inspector that any meat or meat food products may be unfit for human food, or any carcasses or parts of carcasses may be sold or offered for sale contrary to the provisions of this ordinance, such meat or meat food products or carcasses or parts thereof shall be subject to confiscation, or subjected to such treatment as shall satisfy said inspector that such meat or meat food products, or carcasses or parts thereof, cannot be sold for human food. There shall be prepared for use on meats or meat food products, not intended for use as human food, a special stamp setting forth the nature of such product.

Section 7. That the owner, proprietor or manager of every establishment or place where meat or meat food products are manufactured or sold, shall be required to make application for permit under this ordinance, and such permit shall be kept posted in a conspicuous place in his place of business.

Section 8. For the purpose of this ordinance the following words, phrases, names and terms shall be construed, respectively, to mean:

Establishment: Any premises where animals are slaughtered or otherwise prepared for food purposes. Any place or establishment handling meats and products thereof will be classed as establishments required to operate under meat inspection as provided in the Agricultural Code if meats or products thereof are pickled, cured, smoked, rendered, or there is added thereto condiment, spices, preservatives or seasoning. This applies to any of the operations mentioned, either alone or in combination, and includes such practices as adding seasoning to ground meats, placing in cure pigs' feet, trimmings, et cetera.

Director of Health: The Director of Health, or qualified Meat Inspector, Market Inspector, Food Inspector or Sanitary Officer regularly employed by the Department of Public Health of the City of San Diego, California.

Section 9. If any section, sub-section, sentence, clause or phrase of this ordinance, is for any reason held to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of the ordinance. The Council of the City of San Diego hereby declares that it would have passed this ordinance and each section, sub-section, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, sub-sections, sentences, clauses or phrases be declared invalid or unconstitutional.

Section 10. Any person, firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than Five Hundred Dollars (\$500.00), or by imprisonment in the City Jail for a period of not more than six (6) months, or by both such fine and imprisonment. Each such person, firm or corporation shall be deemed guilty of a separate offense for every day during any portion of which any violation of any provision of this ordinance is committed, continued or permitted by such person, firm or corporation, and shall be punishable therefor as provided by such ordinance.

ORDINANCE NO. 1845 NEW SERIES

AN ORDINANCE GRANTING TO THE ZOOLOGICAL SOCIETY OF SAN DIEGO THE RIGHT TO OCCUPY, MAINTAIN AND OPERATE ZOOLOGICAL GARDENS IN BALBOA PARK, AND COMMITTING TO SAID SOCIETY CUSTODY, CARE AND MAINTENANCE OF ZOOLOGICAL EXHIBITS THEREIN.

WHEREAS, the Zoological Society of San Diego, hereinafter in this ordinance referred to as the "Society," is a non-profit corporation organized and existing for the purposes of zoological work and the operation and maintenance of zoological exhibits in Balboa Park, in the City of San Diego, for the instruction, education and entertainment of visitors to said park; and

WHEREAS, as the result of the very efficient work and efforts of said Society over a period of years and the donation to it from time to time by public spirited persons of large sums of money, services and materials, together with the gift to the Society of numerous valuable animals, birds and reptiles, there has been gathered together and developed in Balboa Park one of the finest zoological collections and zoological gardens in the United States, which are of immense benefit and value to The City of San Diego and its inhabitants; and

WHEREAS, pursuant to understandings and agreements between said Society and the City the Society for many years has devoted itself to the development, care and maintenance of said zoological gardens and exhibits at its own expense and out of its own revenues, save and except comparatively small appropriations made from time to time by the City, which said appropriations have not at any time been and are not now sufficient to defray more than a fractional part of the expense involved in the development, care, operation and maintenance of said gardens and exhibits; and

WHEREAS, said Society, pursuant to said understandings and agreements, has been permitted by the City to occupy certain designated areas of Balboa Park for the purpose of conducting therein its Zoological work and activities, as aforesaid; to fence said areas, and to erect necessary buildings, structures, cages, runways and other necessary improvements, chiefly at the Society's own expense, and to charge an admission fee to said zoological gardens, the revenues therefrom being devoted by the Society to improvement, care, maintenance and operation thereof; and

WHEREAS, the Society by reason of its long experience in zoological work, the trained capable personnel at its command, and the nationwide esteem in which it is held, is exceptionally well qualified to continue the further improvement and maintenance of said gardens and exhibits; and

WHEREAS, the City Council and said Society desire to clarify and specifically set forth the rights, responsibilities, duties and obligations, respectively, of the City and of said Society with regard to said zoological gardens and exhibits; NOW, THEREFORE,

BE IT ORDAINED by the Council of the City of San Diego, as follows:

Section 1. That the occupancy and use by the Society of that certain portion of Balboa Park heretofore allocated to and set aside for the use of said Society by the City, which said area is completely enclosed by fencing and known as "The Zoological Gardens," be, and the same are hereby ratified, confirmed and approved, together with its control and jurisdiction over all buildings, structures and equipment within said area used or usable by said Society in and about or connected with its zoological work in the maintenance and operation of zoological gardens and zoological exhibits therein, upon the terms and conditions hereinafter in this ordinance set forth.

Section 2. That the Society shall have the right to charge an admission fee to the premises referred to in Section 1 hereof not to exceed twenty-five cents (25¢) per person; to furnish and charge for transportation facilities within said grounds, and to operate or let concessions therein for the sale of refreshments, curios, souvenirs and other merchandise ordinarily available to visitors to zoological gardens and exhibits of similar character; provided, however, that all revenues derived by the Society from such sources shall be expended by it in and about the development, operation and maintenance of said gardens and exhibits.

Section 3. That the City does hereby hire to said Society all of the birds, animals and reptiles which the City owns and which are now located in said above-described area and which are now in the care and custody of said Society, upon the following terms and condi-

tions, to-wit:

(a) The Society shall assume the responsibility and obligation to conduct, operate and maintain said Zoological Gardens and exhibits in a careful, efficient manner, to the end that the same shall at all times be and remain in at least as good condition as they are at the present time.

(b) That all donations to the Society of money, materials or zoological exhibits shall by the Society be devoted to the development, improvement, care, maintenance and operation of said gardens and exhibits, and that all the costs and expenses thereof, or involved therein, shall be defrayed by the Society out of its own revenues, save and except such portion of said costs and expenses as may be paid from the special tax levy of two cents (2¢) on each one hundred dollars of assessed valuation levied by the City under the provisions of Section 77a of the City Charter.

(c) The title to all animals, birds or reptiles hereafter acquired by the Society by purchase or donation for exhibition in said gardens shall be immediately vested in The City of San Diego, and shall thereupon be subject to the provisions of this ordinance.

(d) From time to time the Society may apply to the City Council for leave to sell or exchange any excess or undesirable specimens of the zoological exhibits covered by this ordinance; thereupon the Council shall by resolution either grant or deny such request. If the request is granted, the title to any and all specimens received by the Society in exchange shall likewise immediately vest in the City and become subject to the provisions of this ordinance.

(e) All moneys derived by the City from the special tax levy required by Section 77a of the City Charter to be used exclusively for the maintenance in Balboa Park of zoological exhibits shall be under the control of the Park Department of the City. All disbursements thereof shall be made only through requisitions drawn by the Society and approved by the Park Director or the City Manager.

(f) The Society shall at all times protect and save harmless the City from and against all claims for damages on account of injury to persons or property occurring within said zoological gardens or by reason, directly or indirectly, of the maintenance therein of said zoological exhibits; it being expressly intended by this provision to exempt and absolve The City of San Diego from any such liability whatsoever in any way connected with the maintenance and operation of said Zoological Gardens and exhibits, and that the Society shall assume full and complete responsibility in the premises. In this connection the City Council shall have the right to require that the Society furnish and maintain at its own expense for the benefit of the City a policy of insurance in such amount as the Council may by resolution determine.

"Section 4502 MARQUEES: (A) For the purpose of this ordinance, a 'Marquee' is hereby defined to be an ornamental deck or canopy, primarily for the purpose of shelter, extending out over public property 3'6" or more, wholly supported by the building of which it is a part, the width being not less than five feet measuring at any point parallel with the building, excepting that a semi-circular marquee may be not less than a four foot radius, or the substantial equivalent where other and similar curved shapes are used.

"No marquee shall be erected or placed over or above public property except as hereinafter provided.

"(B) In order to be approved, all marquees shall comply with the provisions and restrictions stipulated in this Section, Paragraphs (A) to (L), inclusive. No permit for the erection of any marquee shall be issued until the Fire Department, the Planning Commission, and the Inspection Department have stamped and approved the design and drawings therefor. All marquees shall be approved incombustible ornamental marquees, and the exterior design, appearance and architectural effect shall be approved by the City Planning Commission.

"(C) Marquees when supported entirely free of the sidewalk may extend over the public sidewalk provided that the marquee and all parts thereof are kept back at least 18 inches in the clear from a vertical plane assumed parallel and perpendicular to the curb line. No marquee shall be placed or erected above an alley or similar narrow thoroughfare. All marquees are to be constructed from incombustible materials throughout, excepting that the roof deck only on marquees when located outside the Inner Fire Districts (Fire Zones No. 1), may consist of solid wood planking at least 1-3/4 inches in thickness, provided that said wood planking is protected with a Fire Retardent roof covering on the upper side and metal lath and cement plaster or rust resisting sheet metal on the lower or soffit side.

"(D) Excepting as otherwise provided herein, all sheet metal pertaining to and in connection with marquees shall be not less than 24 gauge rust resisting galvanized sheet metal or the approved equivalent, all rigidly constructed, reinforced and connected in a safe substantial manner. Except as otherwise stated in Paragraph (C) above, all marquee roof decks shall be reinforced concrete, 20 gauge rust resisting galvanized sheet metal or the approved equivalent. "(E) The roof of every marquee shall be properly drained to conductors of sufficient size to carry all rain water to the street. Every such conductor may project not more than four inches from the face of the building and shall run below sidewalk surface to the street gutter. The conductor lengths beneath the walk surface shall be leak tight tile, cast iron, copper or approved equivalent. Under approved conditions, no roof drainage or down spout will be required where the total over all gross area of the marquee does not exceed 25 square feet.

"(F) All marquees, including the roof deck, supporting parts and connections, shall be designed to safely support a uniform live load of 60 pounds per square foot in addition to all dead loads. The structural framing and important supporting members are to be structural steel or reinforced concrete, designed according to standard engineering practice.

"(G) The marquee roof level shall not be more than 12 inches below the top edge of the low part of the marquee parapet or enclosure and there shall be no opening or access leading directly from building into the space between marquee roof and the lower or soffit side. A four foot level edge or unobstructed horizontal breach to marquee roof not over 12" above roof level shall be provided on the face of the marquee for the reception of the Fire Department ladders. Said four foot level edge or breach need not be provided on a marquee located on a building facing two intersecting streets each not less than 20 feet in width, provided there be no window or door openings in the building directly above the marquee.

"(H) Every portion of any and all marquees, including all signs, lettering, ornament, panels, molding, etc., thereon, or directly or indirectly attached thereto, shall be not less than seven (7) feet, eight (8) inches in the clear above every portion of the sidewalk under such marquee.

"(I) When erecting or placing a marquee, such marquee shall be placed over at least one entrance and the same may extend full length of the building along street front. No marquee shall be more than four feet in height at any point measured from the lowest portion or point thereof to the highest portion or point thereof, except as hereinafter provided in this section.

"(J) Any such marquee or canopy more than ten feet in length, measuring parallel with the face of the building to which it is attached, may be not more than 2-1/2 additional feet in height for each five feet or major fraction thereof, in excess of such ten foot length, but in no event shall such marquee height in any part exceed nine feet at any point in any case for any length when measured from the lowest portion or point thereof to the highest portion or point thereof, except as hereinafter provided in this Section.

"(K) Ornamentations may be constructed at the top of a marquee and also as a part of a decorative frame or border located along the boundary lines of such marquee, provided that no portion of any such ornamentation or decoration projects more than three (3) feet above the highest hereinbefore over-all heights specified for marquees. Approved rods, chains, and/or similar supporting members, spaced not less than five feet apart need not be included in determining the height of a marquee.

"(L) Before erecting any marquee, a permit to do so shall first be obtained from the Inspection Department; should there be any electrical work or electrical illumination connected therewith, an electrical permit shall also be obtained before work is started.

"The permit for the erection and completion of the marquee shall be taken out by one person, firm or corporation and they shall assume full responsibility for the completed structure as a whole."
