MANAGE BETTER WITH LOGITECH SYNC

Sync is a modern, cloud-based platform that adds value to your customer deployments, enabling monitoring, management, and insight on Logitech video conferencing devices, including Logitech Conference Cameras and Tap Room Solutions.

MONITOR

A real-time dashboard that highlights rooms with issues so IT managers can dig into the details. That means fewer surprises and urgent requests for help

MANAGEMENT

Remote management so customers can easily deploy upgrades and bug fixes across all of their meeting rooms from just about anywhere in the world

INSIGHTS

Sync will also measure how rooms are used, giving our customers the insights needed to optimize their meeting room spaces

*Future Availability: RightSight for Mac coming soon; **Rally Camera not upgradeable to a Rally System
