KeepRite
Heating & Cooling Products
The Pros Know.

Built with strength

When you choose KeepRite® heating and cooling equipment, it means your home comfort is backed by superior engineering and quality manufacturing so you can enjoy more important things. Each unit is 100% run tested, and we design our products to give you the best in quality, energy efficiency and reliability. It's our tradition to deliver products that exceed your expectations.

Backed by exceptional warranties

The only No Hassle Replacement™ limited warranty that you'll find in the industry backs every KeepRite ProComfort™ product. It means comfort with no questions. We'll replace your unit if the heat exchanger fails within the covered period. We give you extra coverage in addition to a 10-year parts limited warranty.*

ProComfort™ gas furnaces

The ProComfort gas furnace series offers our best comfort in the cold seasons, from the highest featured Observer® communicating system to the budget-friendly with available modulating gas valve, variable-speed fan motor, and sound-reducing insulated blower compartments.

*To the original owner, KeepRite products are covered by a 10-year parts limited warranty upon timely registration. The limited warranty period is 5 years if not registered within 90 days of installation. Jurisdictions where warranty benefits cannot be conditioned on registration will automatically receive a 10-year parts limited warranty. See warranty certificate for complete details.

What is a gas furnace?

KeepRite gas furnaces are designed for the best durability and comfort. The warmth and efficiency of natural gas combined with a quiet, efficient blower motor delivers comfort throughout the cold seasons. The gas furnace can also be combined with an indoor evaporator coil and properly matched outdoor air conditioner or heat pump to provide cooling during the warm seasons.

Gas Furnace

What sets KeepRite® gas furnaces apart?

- 1. Reliable** – Direct hot surface ignition system features an advanced silicon nitride igniter and in-shot burners for greater reliability.
- 2. Safe** – Temperature limit control, reliable gas valve and induced draft motor all help ensure safe operation.
- 3. Quiet** – Solid pre-painted steel insulated cabinet with tight-fit door latch system, blower motor isolated behind a sealed door, and soft-mount rubber gaskets on key components lower operating sounds.
- 4. Efficient** – ECM variable-speed blower motor provides efficiency. (Available on many models.) Models with ECM fan motors are also compatible with two-stage cooling, and their advanced dehumidification capability can reduce additional moisture in the air when paired with an air conditioner or heat pump and a humidity-sensing thermostat.
- 5. System Control** – State-of-the-art electronic controls monitor system operation and allow for faster, easier system diagnostics.
- 6. Observer® Communicating Wall Control** – ProComfort Deluxe models are teamed with our innovative Observer communicating wall control, offering full-color touchscreen technology and coordinating with compatible air conditioners and system accessories to create maximum efficiency and ideal comfort.

What matters in a gas furnace?

Get the most out of a heating system by choosing the gas furnace that fits your comfort needs. All of our gas furnaces include comfort enhancing and durable features to deliver lasting performance. For the maximum combination of comfort, efficiency and convenience, ask about our Observer communicating system models with Wi-Fi® capability. For more consistent temperature control, look for modulating or two-stage models. For year-round efficiency as the furnace blower runs during the cooling season, look for variable-speed and ECM blower motors. Our quietest models feature insulated blower and heater compartments. And our No Hassle Replacement limited warranty is offered on our premium products to give you peace of mind. KeepRite gas furnaces offer energy efficiency, increased comfort, durable performance, and quiet operation.

Efficiency ratings—what do they mean?

ENERGY STAR®—A U.S. Environmental Protection Agency program to identify and promote energy-efficient products in order to reduce energy consumption.

Annual Fuel Utilization Efficiency (AFUE)—Measures the heating efficiency of a gas furnace. The higher the AFUE, the greater the gas heating efficiency and energy savings potential.

G9MAE ProComfort™ Deluxe 98 Gas Furnace

- Up to 98% AFUE heating efficiency
- Modulating gas valve
- Variable-speed ECM fan motor
- Communicating capability
- 10-year No Hassle Replacement™ limited warranty
- Lifetime heat exchanger limited warranty (upon timely registration)
- 10-year parts limited warranty (upon timely registration)

UP TO
98%
AFUE

G9MXT ProComfort™ 96 Gas Furnace

- Up to 96% AFUE heating efficiency
- Two-stage gas valve
- ECM fan motor
- 5-year No Hassle Replacement™ limited warranty
- Lifetime heat exchanger limited warranty (upon timely registration)
- 10-year parts limited warranty (upon timely registration)

UP TO
96%
AFUE

G9MVE ProComfort™ Deluxe 96 Gas Furnace

- Up to 96% AFUE heating efficiency
- Two-stage gas valve
- Variable-speed ECM fan motor
- Communicating capability
- 10-year No Hassle Replacement™ limited warranty
- Lifetime heat exchanger limited warranty (upon timely registration)
- 10-year parts limited warranty (upon timely registration)

UP TO
96%
AFUE

G9MXE ProComfort™ 96 Gas Furnace

- Up to 96% AFUE heating efficiency
- Single-stage gas valve
- ECM fan motor
- 1-year No Hassle Replacement™ limited warranty
- Lifetime heat exchanger limited warranty (upon timely registration)
- 10-year parts limited warranty (upon timely registration)

UP TO
96%
AFUE

Qualifying models only

G8MVL ProComfort™ Deluxe 80 Gas Furnace

- 80% AFUE heating efficiency
- Two-stage gas valve
- Variable-speed ECM fan motor
- Communicating capability
- 10-year No Hassle Replacement™ limited warranty
- 20-year heat exchanger limited warranty
- 10-year parts limited warranty (upon timely registration)
