# Invest in agriculture without getting your hands dirty!

Total performance. Exceptional value.

A simple and highly effective means of investing for private clients,  
trustees and professional advisers

The Pound a Day portfolio™, managed by FIM Capital Limited, was developed because of the demand for a low cost, transparent investment portfolio service suitable for a wide range of investors. The relatively low minimum initial investment is particularly appealing to investors who may otherwise be overlooked by investment companies no longer interested in serving the needs of clients of this size.

It is an ideal investment platform for investors with £25,000 or more to invest. The investment management fee is, as the title suggests, one pound a day or £365 a year (extra leap year days are free!).

Pound a Day clients enjoy many of the benefits of a fully managed bespoke investment portfolio including,

- Minimum investment £25,000
- Quarterly income if required
- Regular savings scheme
- Comprehensive online reporting
- Regular investment reports

If you would like to learn more about the Pound a Day portfolio and its investment in agriculture, please contact Paul Crocker on **01624 604701** email [pcrocker@fim.co.im](mailto:pcrocker@fim.co.im), Tony Edmonds on **01624 604703** email [tedmonds@fim.co.im](mailto:tedmonds@fim.co.im) or Michael Craine on **01624 604704** email [mcraine@fim.co.im](mailto:mcraine@fim.co.im)

# **An Introduction to Shropshire Sheep**

The Shropshire has long been an integral part of the sheep scene in Britain. The breed emerged in the mid-1800s from improvements to the native heath sheep of its home county and north Staffordshire to become the supreme meat breed of the late nineteenth century. Founded in 1882 and publishing its first Flock Book in 1883, the Shropshire Sheep Breeders' Association and Flock Book Society has the distinction of being the oldest recorded sheep breed society in the UK.

Shropshires were exported in vast numbers to the world's developing agricultures, especially to North America and the colonies. In recent years export sales have established a new European profile for the breed with Shropshires sold to Austria, Belgium, Denmark, France, Germany, Ireland, The Netherlands Spain and Switzerland.

The Shropshire breed is often used for crossing to produce prime lamb for slaughter. Docile and hardy, with a sound constitution, thus enabling efficient flock management with minimal time and effort, the Shropshire adapts well to organic and extensive systems, gaining weight mainly off grass. Lambing returns of 160-180 per cent are regularly recorded by breeders and commercial producers alike.

A major attribute is the breed's ability to graze reliably amongst conifers and orchards without damaging the trees. Its value as an eco-friendly, cost-effective weed suppressant is increasingly borne out on large plantations in England, Ireland, Scotland, Scandinavia and elsewhere in Europe.

Shropshire rams are robust with good conformation. They are renowned for producing strong, active lambs with quick growth rates and lean, long, top-quality carcasses.

Shropshire ewes make excellent mothers. Long-lived, milky and prolific, they successfully rear multiples, producing lambs over many years.

# Facts and Figures

## Wool Properties

The Shropshire clips a heavy, dense fleece of good staple and fine texture. The average weight of a fleece is 3-4 kg, and the average length of staple is 10cm. The wool has a Bradford count of 54-56 (32 microns) and is in demand for traditional hand-knitting.

## Crossing Attributes

When used as a terminal sire for prime lamb production, Shropshires are recognised as excellent crossing rams thanks to the superior conformation, growth rates and carcass quality of their lambs. Pure-bred and Shropshire-cross lambs are typically ready for slaughter at 12-15 weeks old, with a typical carcass weight of 18kg and carcass classification of R3L or U3L. The resultant meat is lean, succulent and rich in flavour.

# Official Breed Description

The Shropshire is medium sized, with typical mature rams and ewes weighing 120kg+ and 70kg+, respectively. Shropshire Sheep are active and alert with a free action.

- Head** Naturally clean soft black face, with a covering of wool on the poll. Rams should possess a bold masculine head;
- Ears** Soft black in colour, of medium length and well set on;
- Neck** Muscular and not too long;
- Body** Well fleshed, long, deep and symmetrical. A broad, straight back with well-sprung ribs;  
Rump – quarters long and wide, dock well set on and gigots full and deep;
- Legs** Medium length, of strong bone and upright joints, well set apart and soft black in colour;
- Skin and Wool** Cherry pink skin covered with a dense, fine quality wool of good staple

## Undesirable Traits

Horn stubs.

White specks on face, ears and legs.

Thick, coarse, long, pricked or drooping ears.

Drooping rump (dock set low).

Throatiness.

Roman nose.

Coarse wool on breeches.

Coloured wool in fleece.

Animals exhibiting undesirable traits should not be considered for registration.

NOTE:- Judges/ inspectors are requested to adhere to the above breed standards.

# Objectives of the Society

- the promotion of breeding Shropshire Sheep at home and abroad, and the maintenance of their purity
- the publication of a Flock Book, and the annual registration of male and female pedigrees as are proved to the satisfaction of the Council to be eligible for entry
- the annual compilation of a report of the Society's activities including shows, sales and other related events
- obtaining and maintaining breed classes at various shows
- the maintenance and improvement of a high health status
- the continued improvement of the commercial characteristics of Shropshire Sheep and the promotion of commercial opportunities for the breed
- investigating cases of doubtful and suspected pedigrees
- arbitrating upon and settling disputes and questions relating to Shropshire Sheep and their breeding
- furthering the well-being of the breed and the Society by all lawful means

# Secretary's Report

## to the 2018 Annual General Meeting

I would like to firstly thank those members of the society who have helped and assisted me throughout the year on various different projects and topics'. This is my 9<sup>th</sup> Annual General Meeting!

Especially the 'Steering Group – National Show & Sale West' – Janet & Charles Morris, Jeanette Hares, Trevor Lightfoot, also Rosie Lee for her battle to get all entries into the market on the day. Steering Group members give up over 5 days of there time for free to help organise this event.

National Show & Sales 2018 –

Entry numbers at Shrewsbury were lower than previous years but the stock that was sold achieved some healthy prices 'Quality v Quantity'.

Melton Mowbray was not as popular as previous years and stock that was sold did not achieve high process. The society council members will be reviewing the future of this venue as a national show and sale. Members will have the opportunity to answer a number of questions to help this decision.

### **What's been happening within the society with numbers !**

The society continues to grow year on year with a staggering 271 members at present and 34 new flocks formed in 2018.

<b>Type of Membership</b>	
Full Membership	223
Life Membership	21
Junior Membership	12
Overseas Membership (including as far as Australia)	12
Associate Membership	3

27 Flocks resigned in 2017/2018 (70% change in circumstances, 20% final reduction of stock, 10% no longer pedigree flocks)

As part of the membership database we hold a vast amount of data in relation to flocks and the numbers within the individual flock but this data is only as accurate and the information you as a member are requested/required to give to us. From birth notification, registration, transfer and sale as well as the completion of the annual flock survey.

This is the current data –

Ewes – 8285  
Largest flock having 872 ewes and the smallest having 1 ewe

Ewes in flocks

>100 to 300 Ewes	11
>50 to 99 Ewes	31
>30 to 59 Ewes	37
>15 to 29 Ewes	52
>1 to 14 Ewes	87

Rams – 1939  
Largest flock having 120 rams and the smallest having 1 ram

Rams in flocks

>50 to 90 Rams	6
>25 to 49 Rams	15
>10 to 24 Rams	31
>5 to 9 Rams	39
>1 to 4 Rams	107

It is very important to keep both your flock records along with the society flock records as complete and up to date as possible. If you would like help then please do not hesitate to contact me.

**Continuing for the Future –**

We are looking into more venues for possible ‘National Show & Sale’ locations as its not always practical and cost effective for some members with the current two locations. We plan to carry out a members survey into this!

As the society continues to grow we need to make sure that we have all the correct policy and procedures in place for all members and **not just a few**. Council are working on a number of different projects so that all policy and procedures are more transparent for every one of the membership.

BREXIT –This is top news at present and the society are working with DEFRA to ensure that we have a say on the movement of sheep in

Europe. As we were a registered society prior to the 1<sup>st</sup> November 2018 we do not need to make any changes at present but may need to become a 'Third County Breed Society' which is recognised by the whole of the EU. Updates in ShropTalk.

### **British Heritage Sheep – New Tastes from Old Traditions**

Back in late 2017 we were given the opportunity to become a member through the NSA.

This project is to promote and protect the UK's native breeds of sheep, add value to sheep supply chains, and enhance landscapes, rural communities and the environment.

Innovation for Sustainable Sheep and Goat Production in Europe (iSAGE) is making the European Sheep and Goat sectors more sustainable, competitive and resilient. These improvements come from strong collaboration between industry and research institutions.

# **President's Report**

## **to the 2018 Annual General Meeting**

Everything appears to be going well within the Society with a lot of help from different members all pulling together. As you will have seen in your copies of ShropTalk, Pippa Geddes our editor keeps us all up to date with happenings within the Society and hopefully showing the full range of activities that we get involved in. Shows, Farm Visits, Exports, Young Members and other items of interest.

With regard to the national Shropshire flock numbers, this seems to be flattening out although our Registrar Alison will let you know more later on this.

There has been further demand from Europe for breeding stock keeping our Export Officer Sue Farquhar along with Claire Jakeman busy and we thank them for their efforts in organizing very complex manoeuvres. Thank you also to the breeders who supported the exports with their stock. These exports not only benefit the exporting breeders but also us none exporters, in that it helps to set the price of our own stock when selling to our home market.

I'm sure that each of you have been bombarded with GDPR over the last 12 months. This is something that we have sorted within the Society and now comply with the regulations necessary.

The registration records on Grassroots is working well. The initial problems have settling down nicely as members are getting more familiar with the process. We are still helping members over the phone on occasion but this is fading. We now have online information covering our flocks and up to date records of registration, but we must try to keep it current by removing all the culled sheep that we seem to be forgetting to do. Between Ruth Mawer and Alison Schofield, an excellent job is being carried out.

Three of our Junior members George, Ellie and Owen again took part in the National Young Star's Competition achieving success once more. It is good to see this young blood coming through to hopefully

carry the Shropshire Sheep Society into the future. The Young Star's did an excellent job in pulling together and achieving recognition in the sheep world. Rosie Lee, Sue Farquhar and Harvey Clay did an excellent job keeping up with these Shropshire Young Shepherds – as mentors. Well done to all.

Our Signet recording is still going well with a further intake again this year. Again, these are providing added value to these sheep in the market place reflecting back on the whole breed with regard to prices. Many members of the scheme are finding clear progress in terms of growth rate, carcass conformation and maternal traits as a result of being able to measure and compare performance within and across flocks.

I would like to thank Pippa Geddes for her management of the Signet Recording Scheme. Marion Webb for her efforts in dealing with our finances and lastly, I must thank Simon Mackay for his efforts as Secretary. A demanding role, being a focal point for the whole Society. He does a lot of unseen work to keep the Society ticking over, so thanks Simon and I'm sure that he will keep up the good work in ironing out the few niggles with the new website.

Finally I would like to pay tribute to all the members who work behind the scenes at our Society sales to make them run as smoothly as they do. Without you all we really would be floundering. See you all again this coming year and don't forget everybody else here, - to come along to support the events. Likewise we hope to be staging one, if not two farm visits this coming year. Come along to Cheshire and Monmouthshire.

# Sales Report 2018

Thanks to all members who have taken the time to promote Shropshire's in varying ways, showing, breed stands, sales and just talking to people gains interest and possibly sales.

## Website

We are still without our website BUT we are on the home run now. Simon has endeavoured to take on this huge task. We are on the final push and hopefully we will be live very soon. Council are asking us all for input as we need to keep the website current with up to date information and events. If you see anything that you think would be of interest please send it to Simon. We are continually looking for good quality photographs with high resolution.

## Northern Ireland & Ireland

As you will remember Pat Delaney has always been mentioned fondly with his humour and continued support of Shropshire's. Pat has decided to stand down as our Irish Co-ordinator after many years of looking after our interests. He has tracked down many sheep that would have been lost without his dedication and determination. Pat will continue to have Shropshires and will always be a friend to us all. Our sincere thanks to Pat and his wife for many years of service.

We are so lucky to now have Adrian Norton who Pat kindly nominated to take this post on behalf of the society. Adrian keeps a flock of his own flock who happily graze in his Christmas tree plantation.

## Show & Sale Shrewsbury

Another pre sale evening success. Alison Schofield tested us with her quiz then we sat down on our hog roast / buffett. Thank you to all that helped.

Our show Champion winning the Morley Perpetual Challenge Cup was a shearling ewe from the Stonegrove flock. Reserve Champion, Best opposite sex to the champion and the Roydon Trophy went to M & S Shimwell's Brereton ram lamb. The Southworth Shield for best

pen was won by Stonegrove Livestock. The Junior Member highest placed exhibitor-bred Shropshire in the show went to Ellie Russell  
Show & Sale Melton Mowbray

Sadly this is not the sale for us mostly due to the time of year. This will be reviewed to see if we continue to support this event. Thanks to all that attend.

### Exports

We really didn't know if we would receive any orders with all the worry of Brexit. Thankfully we started to get enquiries and happily report we completed six sales.

It was such a struggle to find all the sheep to complete the sales as we only select the best for our customers. Unfortunately we had a number of eligible exporting members not taking part which put huge pressure on our Inspectors. On behalf of the society we would like to thank the breed society Inspectors for their continued support and efforts. We are also very lucky to have the Assembly Centre of Sue Farquhars as there are very few left and thanks to Sue for keeping us sane on a very stressful programme of export sales.

Thomas Hensenne, BELGIUM purchased 3 shearling rams, Bruno Greindl, BELGIUM, had 71 shearling ewes, 9 ewe lambs, 2 shearling rams and 2 ram lambs. Bruno was only copied in emails from his friend Thomas Hensenne and I captured him to gain this sale.... Thank you Bruno for your confidence and I know you are extremely happy with your sheep. Sebastian Vanlerberghe, FRANCE who has the largest registered flock of Shropshires in France again came back for his breeding rams and took delivery of 5 lovely ram lambs. Mika Rood, BELGIUM who is a repeat customer and member of our society. Mika took delivery of 30 lovely ewe lambs and 1 ram lamb. Raymond Houben, Holland this enquiry came via contact made at the NSA event at Malvern in July and passed on from Sue Farquahar who was manning the breed stand. Raymond purchased 2 ram lambs and was extremely impressed with the service and follow through.

Adrian Norton, Ireland and our new Irish Co-ordinator purchased 2 ewe lambs and 1 shearling ram. Thank you to our export purchasers for having the confidence that you will only receive the best sheep together with an easy transaction.

### Home Market

We have been trying out the website SELL MY LIVESTOCK which now has a Shropshire Sheep sales page. I believe this is the way forward to sell your sheep. There is/will be a link from our website to access this site. You can upload photographs so please do your best to stage your photos. If you sell your sheep leave your advert on the site but make sure you put SOLD on as this shows to anyone looking we are actively selling our sheep and there is a market for them. Please keep contacting me if you need any assistance.

We re-established The Sansaw Flock in 2008 following the purchase of breeding stock from the Bowles family's Sidedowns and Hayne Oak Flocks.

As a family we have a long association with Shropshire Sheep dating back to the late nineteenth century and want to continue this relationship with the breed, ensuring that it survives and flourishes as a commercially viable breed into the future.

Our flock is MV accredited and Scrapie Monitored. We always have a range of stock for sale and would love to see you at Sansaw, so please get in touch.

# Showing Shropshire Sheep

- All sheep must be eligible to enter, (see the SSBA's registration rules and the show societies' rules).
- Exhibitors must be paid up members, at most shows it is possible that the sheep can be led by a third party, check show rules.
- At shows with both breed and Downland/Rare breed sections, exhibitors are asked to support the Shropshire classes.
- Lambs must be born after the 1st December of the current season, and should be trimmed unless entering untrimmed classes, where squaring off of the tail only is permitted.
- Rams and shearlings may be shorn anytime after 1st January.
- Breeding ewes must have reared lamb(s) in the current season and must be shorn after 1st May and be shown untrimmed, except squaring off of the tail.
- SSBA trophies are awarded annually to the exhibitor gaining the most points at their six best shows.
- Points for the Farquhar and President's trophies are only applicable to sheep of exhibitors' own breeding.
- The Farquhar Trophy is open to exhibitors showing in Shropshire breed classes.
- The President's Trophy is open to those showing in Any Other Down Breed or Rare Breed classes.
- The Novice Trophy is open to exhibitors showing in Shropshire breed classes in their first five years of showing, or until they win the Novice Trophy three times.

# **Regulations and Conditions of Entry into the Flock Book**

## **(Main Flock Book and European Flock Book)**

1. The main Flock Book is restricted to sheep registered in the British Isles. The European Flock Book is limited to any country where the SSBA is responsible for the registration of Shropshire Sheep. The European Flock Book is available only in digital format. Where “Flock Book” is used in the following regulations it refers to both Flock Books.
2. The list of countries where the SSBA is responsible for the registration of Shropshire Sheep is published annually in the Flock Book and is kept up to date by the Registrar. If and when required the SSBA will facilitate data transfer to another flock book provider but will not be liable to pay any costs associated with such data transfer. If for any reason beyond the SSBA’s control the Society is unable to continue to provide a registration service for overseas sheep, the SSBA will not be liable for any refunds of registration fees already paid.
3. All registered flockowners must keep a private Flock Book (to be produced to the Registrar if called upon to do so), otherwise they will be barred from registering their flocks, as it is obvious no truthful pedigree can be given unless such a course is adopted.
4. Rams to be eligible for entry must be named. No name which has already appeared in the Flock Book can be duplicated. If this regulation is not observed, the Registrar reserves the right of renaming the ram.
5. No ram will be eligible for entry unless bred by the breeder whose flock is already entered in the Flock Book or accepted for entry in any forthcoming volume.

6. No ram shall be eligible for entry unless the names and numbers of Sire and the Sire of the Dam be given, along with the registration number of the Grand Dam.
7. The Council reserves the right of declining any entry, if so recommended by the Registrar.
8. No breeder's entry will be accepted unless he or she complies with the following conditions:-
  - a. that the whole of the sires used in his/her flock from the date of his/her first registrations be inserted into the relevant Flock Book, and that every ram used subsequently must be entered year by year;
  - b. if required, satisfactory proof must be given of the means by which persons registering rams have hired or purchased them.
9. No pure-bred breeding ewes can be introduced into a registered flock except from that of another registered breeder (i.e. a breeder whose flock is recorded in the last published volume of the Flock Book at the time the stock were disposed of), and the owner must furnish the Registrar with particulars of numbers and breeding, otherwise his/her entries will not be considered.
10. No pedigree breeding animals, their semen, ova and embryos can be accepted into the flock book in any country where the SSBA is responsible for registration unless accompanied by an equivalent Zootechnical Certificate from the equivalent breed society in the country of origin.
11. Only current members of the SSBA may register their sheep as pedigree Shropshires. Animals born in flocks during years when their membership of the SSBA has lapsed may not be registered.

12. The Society's Grading-Up Scheme closed on 31<sup>st</sup> March 2014. After this date, no new flocks will be allowed to join the Scheme. Flocks already participating will be permitted to complete the Grading-Up process.
13. Any females already on the Grading-Up Scheme must be sired by a registered ram. Female progeny will only be eligible for full registration as pedigree ewes at the third generation.
14. When a flock is advertised to be wholly dispersed, no portion of that flock shall be entered by the vendor when first entering a new flock. If any portion of the flock so advertised is reserved, the sexes, ages and numbers thereof must be fully stated in the catalogue.
15. In case the Council at any future date discover an inaccuracy or fraudulent entry, they reserve the right to cancel such entry and/or expunge the flock in question from the Flock Book.
16. All Rules and Regulations will only be issued in English and if they are translated by anyone the English version is deemed the master. Any disputes and issues regarding entries to the Flock Book, including those that may arise with breeders in countries where the SSBA is responsible for registrations, will be dealt with in English and under English law.

## **List of European Countries where the SSBA offers registration services**

The SSBA are responsible for the registration of Shropshire Sheep in the following countries:

<b>Country</b>	<b>Region</b>	<b>Restrictions</b>
France	All	None
Ireland	All	None

# Regulations for the Export of Sheep

## General

1. An Export Sale is defined as any sale where an official ministry health certificate requiring the signature of an LVI (livestock veterinary inspector) is required for the movement of the livestock.
2. If any member of the SSBA is approached regarding ANY (society-led or private) export of Shropshire sheep, they should immediately inform the Sales Officer.
3. Society-led export orders will be organised and managed by the Export Committee, comprising the President, the Export Officer, the Sales Officer, the Treasurer and the Registrar.
4. Export prices will be set annually by the SSBA's Council.
5. Export prices must be adhered to for all sheep, whether sold as part of a society-led export, or sold privately.
6. Any changes to the export levy will be agreed by Council. It is currently 5% of the sale price, where inspection is involved. Where there is no inspection (for example, where Purchasers have selected their own animals) the levy is 4%.
7. All SSBA members exporting sheep, whether as part of a society-led order or as a private sale, must pay the export levy at the relevant level to the breed society.
8. The Export Officer must keep up-to-date with any changes in export regulations and provide an advisory service to non MV flock-owners who wish to export.

## Stock Eligibility and Selection

1. Members must indicate on their Annual Flock Return if they wish to supply sheep for export in the coming 12 months and their membership subscription must be received by the registrations clerk by 30<sup>th</sup> November.

2. Members wishing to export must include the expiry dates of MV Accreditation & Scrapie Monitoring Schemes or Certificate of Compliance signed by their vet on the Flock Return form.
3. Members will then be requested by the Sales Officer to send a copy of their MV & Scrapie Monitored Certificate or Certificate of Compliance to the Export Officer with a deadline date.
4. All sheep forward for export must be registered and registration fees paid within three days of the inspection.
5. To ensure that all members are given an equal chance to export males, the Export Committee shall keep a list of all flocks eligible to export stock. Ram orders shall be allocated in strict rotation and this does not depend upon the breeder supplying females to export orders. If a breeder is unable to supply a ram when first requested, he/she shall remain at the top of the list until able to fulfil an order.
6. Only sheep that have been inspected on farm can be taken to the Assembly Centre. No substitutes allowed.
7. If the blood lines of the ram do not meet the requirements of the order then the next ram on the rota will be considered. The owners/breeders of the ram(s) passed over will maintain their position in the rota until they can fulfil an order.
8. New breeders supplying sheep for export shall be added at the bottom of the Ram Export List and must wait until they reach the top before being invited to send a male for export.
9. By the end of June, all Breeding Ewes accepted for export must have had their lambs weaned and be completely dried off.

### **Breed Inspections and Export Assembly**

1. A number of breed Inspectors appointed by the SSBA's Council will cover different parts of the country.
2. Inspections will ensure that eligible sheep (both male and female) meet breed standards. They will be carried out on the

- owner's farm by an appointed Inspector, before sheep are transported to the Export Assembly Centre.
3. The Export Committee will decide upon the most appropriate Export Assembly Centre to use for each consignment, based on the location of breeders supplying stock.
  4. The Export Assembly Centre will have Public Liability Insurance.
  5. The Inspector is responsible for conformity to breed standard not to the weight of the sheep which is the responsibility of the vendor.
  6. All breeders supplying sheep for export will be asked to sign a "disclaimer" which states that the society cannot be held responsible if animals are accidentally injured or fall ill whilst at the Export Assembly Centre, and are subsequently judged unfit by a vet for the export consignment. (Breeders can insure their own sheep for this eventuality). It is the responsibility of the breeder to collect any such sheep within one month of delivery providing the animal is fit to travel and subject to any movement restrictions in place at the time.

### **Procedure to be Followed by the Export Committee for Society Led Exports**

1. The Registrar will inform the Export Committee of members eligible to export and the size of each qualifying flock, as soon as practical after 31st December.
2. On receipt of a sales enquiry the Sales Officer shall contact the potential Purchaser(s) and send them a copy of the Export Order form and confirmation letter, if and when required.
3. On receipt of a completed Export Order form and deposit from a Purchaser or group of Purchasers, the Sales Officer shall contact all members by letter/email that are eligible to supply sheep for export and attach the Ram & Ewe Rotation form.

This shows the allocation for each member for both ewes and rams.

4. Members to confirm to the Sales Officer that they can supply their allocation.
5. Males will be allocated according to the Ram Rotation form and must be tested free from Brucella Ovis and females will be allocated pro rata to the size of breeders' flocks.
6. Breeders supplying sheep for an export order will be contacted by the Export Officer at least one month before the export is due to leave the country.
7. A reserve ram will be nominated (next on the Ram Rotation form). This ram will also be Brucella Ovis tested. If this ram is not required for the final export order, the member will be reimbursed, upon receipt by the Treasurer, of a copy of the veterinary surgeon's invoice up to a maximum value of £50. This sum will be taken from the export levy.
8. If insufficient females are offered by relevant flocks, the spare allocation will be divided equally amongst other participating flocks.
9. The Sales Officer will contact the Society Inspector(s) giving due notice of the deadline by which inspections must be carried out. To include details of stock numbers involved and which flocks to be inspected.

### **Procedure to be followed for Private Exports**

1. Member to inform the Sales Officer of a private export sale. Sales Officer will take full details of the animals, which will include what has been requested, numbers, total cost and when they are scheduled to go.
2. Export prices are to run in line with Society-led exports. All sheep must be pedigree registered before they travel.
3. Sales Officer will inform the Export Committee full details of the sale. At this point the Treasurer will prepare an invoice for

the Vendor with levy due to the Society and this will be sent within two weeks of the export.

4. The Vendor will send a list of sheep exported plus address of the purchaser to the Registrar within two weeks of the export.

### **Specific to the Nominated Society Sheep Inspectors**

1. The Inspectors must have no vested interest in the sheep they are inspecting. This is determined by the Registrar and Export Officer.
2. Inspectors should identify each animal inspected and complete the society form, and for any failing inspection, a reason must be given in a written statement signed by the Inspector. The inspection results should be forwarded to the Export Officer and a copy held by the Registrar for three months after the export has taken place.
3. The reasons why any sheep fail to pass the inspection will be explained to the owner by the Inspector, after the inspection has been completed.
4. The Inspectors will invoice the Treasurer for fuel expenses incurred for inspections at the society's agreed mileage rate within one week of inspections taking place. This will come out of one fifth of the inspection levy (ie 1% of the sale price), and the remainder of the 1%, will be split between the Inspectors pro rata to the number of sheep inspected.

### **Terms and Conditions Set For Export**

1. Overseas Purchasers must confirm their acceptance of the terms and conditions of the export order by signing the Export Order form and returning this to the Sales Officer.
2. A deposit of 20% is required on completion of the Export Order form. The monies will be held in the Society's bank and deducted from the final balance. Should the order be cancelled, incurred expenses will be deducted before the deposit is returned.

3. All monies for the sheep are to be paid by the purchaser at least 10 working days prior to the date set for the export to the Society's bank account, by money transfer, in pounds sterling.
4. All monies are to be paid by a sterling bank transfer and all charges are to be paid by the purchaser.

### **Specific to the Export Officer Following the Export**

1. All sheep records must be sent to the Registrar for inclusion in the relevant Flock Book.
2. The Publicity Officer must be informed of export consignments for the necessary promotion of the breed to take place.
3. The Export Officer to provide the Treasurer with a full account of the export on the Society invoice form for each flock taking part. This includes numbers sent and sale price, within 48 hours of dispatch.

### **Specific to the Treasurer**

1. All monies will be paid to the Vendor(s) after the deduction of any levies, expenses, fees etc due to the Society, within 5 working days of the export consignment leaving the UK.

# SSBA Official Ear Marking System

Each year starts on 1st December to run until 30th November the following year.

The following requirements meet both SSBA and current DEFRA regulations.

For further information refer to the Government website [www.gov.uk/guidance/sheep-and-goat-keepers-how-to-identify-your-animals](http://www.gov.uk/guidance/sheep-and-goat-keepers-how-to-identify-your-animals) or contact your local Animal Health offices.

The Society's official earmarking requires the following to be adopted by members:

All lambs, before they are over two months old must be tagged in accordance with the DEFRA rules and the SSBA's identification rules.

## Eartag Format

The tag information must contain the unique consecutive number of each lamb born followed by the breeder's flock designation letters and the year in which it is born on one side and the official Defra Flock Number on the other.

For example: **001 AA 19 UK 0301102**

Where 001 is the unique consecutive number of the lamb, AA is the breeder's flock designation letters and 19 is the year of birth. UK 0301102 is the official Defra Flock number. Animals with tattoos cannot be exported.

Every flock has breeder's flock designation letters that are assigned to them on joining. These letters appear on every pedigree animal's ear tag and identify the breeder. They can be two or three characters long and can be any combination of letters. The exception being sheep bred outside the British Isles where the letters are three characters long starting with an "F".

Replacement tags should always contain the sheep's original identity. Sheep will not be accepted at shows or sales unless properly tagged/ bolused.

Tags must be officially printed, not hand-written. They can be any colour except RED. (Black is the combination to use with boluses and yellow is used for electronic tags).

Each member must keep a private flock book reflecting a reliable system of earmarking, so as to identify each sheep, and be prepared to produce the same for inspection by the Society's officers. The Society operates a computerised ewe and ram registration scheme. This assists both the Society and the flock owner in determining sire and dam lines.

## Shropshires at Malvern

Two Shropshire sheep from the Stonegrove flock were present at Worcester Cathedral to launch The Royal Three Counties Show 2018, the 60<sup>th</sup> year it has been held in Malvern.

Champion was a shearling ram from the Stonegrove flock shown by William and Archie Dorrell, Reserve a shearling ewe from Ellie Russell's Tushbrook flock. Pictured with Judge, Mr A Jones.

Also held at Malvern in 2018 was the National Young Stars competition. The SSBA team of (l-r) Ellie Russell, George Clay & Owen Powell finished an excellent fourth in the sheep section.

Ellie was also 3rd and George 5th out of a large class of 21 in the final of the Young Stock Person of the Year at the East of England Winter Stock Festival.

## Shropshires Through

Ewes and lambs from the Millenheath flock of Mrs J Hares in the springtime.

Sorting the ewe lambs in the Blackheath flock of M Madders & S W Johnson in the very dry summertime.

## The Seasons

The ewes ready for tuppung from the Troutsdale flock of Mr, Mrs & Miss Turnock in the glorious autumn.

Enjoying the sunshine, the Norwegain flock of Uwe Rutzen in the Scandinavian wintertime.

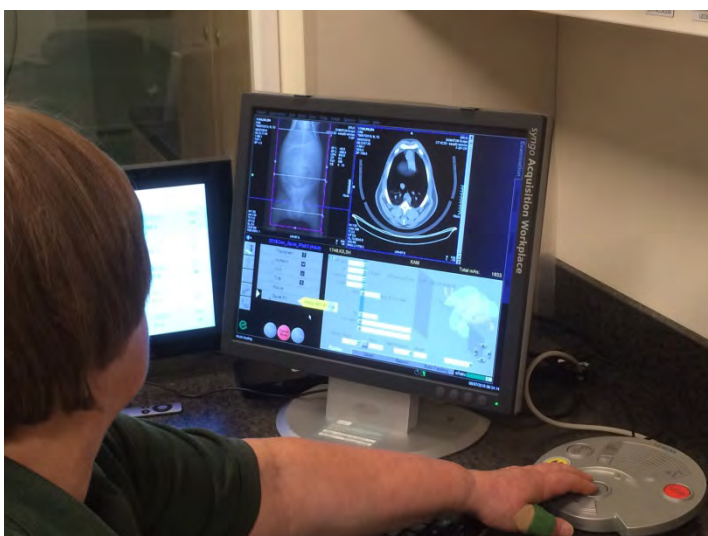

## CT Scanning of ram lambs

In 2018, for the first time, Shropshire rams were scanned by a mobile CT (computed tomography) Scanner Unit that comes to England once a year to evaluate lambs from terminal sire breeds.

Lambs are mildly sedated and restrained in a padded cradle.

Lambs are then scanned, storing cross sectional images every 8mm down the length of the body.

The data gathered is analysed to see how Shropshires compare with other terminal sire breeds.

## English Winter Fair

Shropshire lambs at the English Winter Fair held at Staffordshire County Showground. The Shropshire class was won by a pair of wether lambs from the Millenheath Flock of Mrs J Hares.

## Shropshire Lamb

Lamb from Sharron Wilkin's Loppington Flock for sale in her local farm shop.

## Show Winners

**Shropshire County Show**  
Champion Mrs J Hares' (Millenheath) ewe lamb and Reserve Champion Mrs S Farquhar's (Piddington) breeding ewe. Pictured with judge Ms Y Clinton-Palmer.

**Royal Cheshire Show,  
Staffordshire County,  
Royal Welsh, Denbigh &  
Flint and Minsterley**  
Prolific Champion  
Roydon Rhett owned and  
bred by Anne Harvey.

**Newport Show**

## Regulations on the Up-Grading Of Unregistered Shropshire Ewes

Pure Bred Ewe FA prefix	1 <sup>st</sup> cross Ewe FB prefix		
Pedigree Ram		2 <sup>nd</sup> cross Ewe FC prefix	Pedigree ewe eligible for full pedigree registration
	Pedigree Ram		
		Pedigree Ram	

1. The Society's Grading-Up Scheme was introduced in 2004 and closed on 31<sup>st</sup> March 2014.
2. No new flocks will be allowed to join the scheme after the March 2014 deadline. Flocks already participating will be permitted to complete the Grading-Up process (see above graphic), although they will not be allowed to add any further "FA" generation ewes after 31<sup>st</sup> March 2014.
3. Under the Scheme, the descendents of purebred but unregistered Shropshire ewes can progress to become fully pedigree registered animals over three generations, provided the original ewes were inspected and confirmed as being of true breed type, and their female progeny were sired by fully pedigree registered Shropshire rams.
4. The Society's usual registration fee (£5/head) applies to Grading-Up females of the FB and FC generations, and thereafter.
5. For more detailed information about Graded-Up Shropshires, or the Scheme, please contact the Registrar.

# THE NATIONAL TERMINAL SIRE EVALUATION

## A NEW ANALYSIS FOR TERMINAL SIRE BREEDS FROM SIGNET BREEDING SERVICES

- ▶ Multi-breed analysis, with over 1 million animal records
  - Over 10,000 CT scans included in the analysis
- ▶ 25 breeding values, including eight new traits
  - New weight-adjusted carcass traits
- ▶ Monthly BLUP runs
- ▶ Greater commercial focus

RECORDING ONLINE HAS NEVER BEEN BETTER VALUE, WITH REDUCED FEES FOR CLIENTS SUBMITTING DATA ONLINE.

# Signet's new genetic analysis: The National Terminal Sire Evaluation

In 2019, Signet will relaunch the genetic evaluation service provided for terminal sire breeds. The new service will deliver AHDB-funded research through a multi-breed evaluation, including new estimated breeding values (EBVs) and a major change to existing traits, expressing breeding values on a more commercially focused, weight-adjusted basis. This exciting new approach will result in some of the biggest changes to Signet analyses in the last 20 years, with all breeding values being re-based for the first time since 1990.

## What does this mean for Shropshire breeders?

**Updated EBVs** - The biggest change within the new analysis will be to move all carcass traits from being age adjusted (current method) to weight adjusted. This means the updated EBVs will be a better prediction of carcass composition (muscling/fatness) at a fixed weight. As lambs are selected for slaughter based on a combination of weight and finish, rather than age, this will give a more commercial focus to carcass EBVs.

**New traits** - A new analysis gives the perfect opportunity to introduce new traits. From past and present CT images in breeds where lambs are regularly CT scanned, we have been able to calculate EBVs for:

- CT Eye muscle area
- Vertebrae number (thoracic, lumbar and total)
- Spine length (thoracic, lumbar and total)
- Intramuscular fat percentage (IMF%)

Other new traits will include:

- Birth weight
- Lambing ease
- Litter size reared

**Re-basing** - In 2019 all EBVs and Indexes will be re-based. Currently figures are shown relative to the average animal in 1990. The re-base will be set to 2010 meaning figures will be reported back to the average animal in 2010 which will have an EBV of 0 or an index of 100.

The re-based figures will now mean a scan weight EBV of +4kg means that the animal is 4kg heavier at scanning than the average animal in 2010.

Re-basing is an inevitable part of genetic evaluations and is crucial to keep the figures tangible. It also means that unknown animals/flocks will not start with EBVs as drastically low as they have previously.

**New Indexes** - Included breeds will now receive two indexes

- Terminal sire index – optimising growth, muscle depth and CT lean weight whilst holding the current levels of finish
- Maternal index – optimising prolificacy, maternal ability and early growth rate without increasing mature size or having a detrimental effect on muscling or lamb finish

**Benchmark** – the new Shropshire benchmark can be seen below, new traits are included on a more detailed benchmark upon request:

<b>Shropshire</b>	Bottom 5%	Bottom 10%	Bottom 25%	Average	Top 25%	Top 10%	Top 5%
<b>Maternal Ability EBV</b>	-0.26	-0.13	0.09	0.33	0.57	0.79	0.92

### RamCompare

RamCompare is a major industry sheep breeding initiative and the first commercial progeny test in the UK for terminal sire rams. In the first three seasons over 6,600 ewes were mated to 138 leading rams and updated results incorporating 2018 born lambs will be released in April 2019.

Phase II of the project opened up nominations wider than the original five terminal sire breeds with 2018 born lambs being sired by a range of nine breeds.

### How can I get involved?

2019 will prove to be the most exciting in Signets history with changes enhancing the service we can provide to performance recording clients. With change comes opportunity, and hence there has never been a better opportunity to get involved with the most proven method of improving flock genetics.

# **Society Forms and Regulations**

## **For Their Use**

### **Annual Flock Return**

1. You will receive this form in the post or via email in the autumn. It must be completed and returned with the necessary remittance to the address on the form by 30 NOVEMBER each year for your flock details to be included in the Flock Book. (NO reminders will be sent).
2. You may register on the flock return ewes not previously registered that are in-lamb for the first time. (These animals must be birth notified)
3. If you have used a ram lamb, or a previously unregistered ram (must be birth notified) it also needs to be registered.
4. £1 is payable for every ram used in your current breeding programme.
5. In the envelope you should place:
  - a. Membership Renewal Form
  - b. Flock Return Form
  - c. Annual Ewe List –  
Can also be completed on line via PedeWeb
  - d. Annual Return Survey–  
Can also be completed on line via PedeWeb
  - e. Cheque to include All Fees

**Post to Address on the form.**

### **Birth Notification**

1. Birth Notification must include ALL of the following data:-  
Eartag or Reg No. of Dam, Reg No. of Sire, Date of Birth and the sex and tag number of all the lambs. You can use any method to send the data for example the official Birth Notification Forms or electronically via Ped eWeb.

2. To be sent or completed on line within 90 days of birth and not less than 2 weeks before being shown. NB ALL lambs must be birth notified before being shown. You will receive a certificate of Birth Notification to take to shows.
3. Your Sheep will be issued with a “BN” number visable via Ped eWeb.
4. Remember to keep a copy for your records.

**Post to Address on the form.**

## **Service Certificate**

Can be completed either on line via Ped eWeb or by using the service certificate form.

1. When selling in-lamb ewes - complete a Service Certificate and give this to new owner.
2. When using a hired ram ensure that the owner of the ram completes a service certificate as proof of its use.

## **Registration**

Can be completed either on line via Ped eWeb or by using the registration form.

### Ewes and Rams

1. All female sheep, including lambs, destined to be sold at a designated breeding sale MUST be registered prior to entry. Male sheep must be eligible for registration ie birth notified. Sheep sold at a primestock only sale do not have to be registered.
2. The animal’s Scrapie Genotype can be included on the registration certificate, if the animal has been scrapie genotyped. The genotype result should be supported with documentation from the testing laboratory and will only be included by request.
3. All shearlings and older sheep MUST be registered before being shown. Any entries not registered will be withdrawn.

4. Home-bred ewes in-lamb for the first time can be registered via the Flock Return or by using the Registration Form.
5. As all lambs are birth notified only the ear tag number or "BN" number is required as information is already stored on computer. Lambs can be registered at any time.
6. Ewes and ewe lambs over four months old being sold privately MUST be registered by the Breeder even if sold to an unregistered or non-Shropshire flock. Ewe lambs under four months old need only be birth notified.
7. Only current Full Members, Junior Members or Registering Overseas Members of the SSBA may register sheep as full pedigree animals. Females and males born in flocks of lapsed members may not be registered.
8. Your Sheep will be issued with a registration number and you will be emailed a certificate when payment has been received by the Society. A posted certificate is also available at extra cost.
  - a. All females bred in the British Isles; registration number will be prefixed by an "F"
  - b. All grading up first generation females bred in the British Isles; registration number will be prefixed by an "FA" (no longer issued).
  - c. All grading up second generation females bred in the British Isles; registration number will be prefixed by an "FB"
  - d. All grading up third generation females bred in the British Isles; registration number will be prefixed by an "FC"
  - e. All females bred by a Registering Overseas Member; registration number will be prefixed by an "FE"
  - f. All males bred in the British Isles; registration number will be just a number.
  - g. All males bred by a Registering Overseas Member; registration number will be prefixed by an "E"

## **Post to Address on the form**

### **Transfer of Ownership**

Can be completed either on line via Ped eWeb, completing the tear off part of the pedigree certificate, or by using the transfer form.

There is no fee for this.

#### Private Sales

1. Whenever a registered Shropshire is sold, the completed signed form should be sent to the registrations clerk within 10 days of the sale. The future progeny of sheep that have been sold cannot be registered with the SSBA until this has been completed.
2. The top half of the Registration Certificate to be given to the Purchaser.
3. If lambs sold at foot under 4 months are birth notified they can be transferred, then registered by the purchaser. If older than 4 months, they have to be registered by the original breeder
4. Please inform secretary whether new owner (if not already a member) requires membership forms.

#### National Show & Sales

Registrar to give all Pedigree Certificates to the Auctioneer, who will give them to the purchasers.

**PLEASE NOTE, ALL OFFICIAL SSBA FORMS CAN NOW BE  
DOWNLOADED FROM THE BREED SOCIETY'S WEBSITE  
(PUBLICATIONS AND FORMS SECTION)**
