## PRICING

Prices in this catalogue are suggested list. Prices subject to change without notice.

## TERMS

Terms for approved accounts are net 30 days. Terms for non established accounts are C.O.D., VISA, Mastercard or Direct Bank Payment. A \$50.00 charge will be applied for any returned cheque.

## FREIGHT

Freight is prepaid on orders over \$200\*. Orders received before 1 PM Monday to Friday will be shipped the same day. Ground transportation is used, usually next day service. If a special service is required, accommodations can be made (extra charges will apply).

**\* Some exceptions apply:**

- A "No Freight Allowed" symbol  will appear on items to which Prepaid Freight may not apply

## GO GREEN

We have Gone Green and enhanced our ordering process by utilizing email and our NEW WEBSITE / E-STORE. Benefits to you are:

- All around faster, better service
- It's eco friendly and cost effective
- Order Confirmations can be sent to multiple recipients and viewed by technicians in the field via BlackBerrys and PDAs. Orders can be checked for accuracy before the order is shipped.
- Pricing can be seen by accounting sooner and any discrepancy can be resolved instantly
- Packing slips, rather than invoices, will be included in orders - maximizing dealer confidentiality

## ORDERING INFORMATION

If you can't readily identify the part, call us and we may ask the following questions:

- What does the part do?
- What is the part attached to? Are there any part numbers?
- What is the brand of equipment, colour of spa pac?
- 110 or 220 volt equipment?
- Match the part as close as possible to the catalogue picture. Note any markings on the product.

-  Email us a digital photo (parts@centralspaandpoolsupply.com)

- Send us the part for matching. Contact us for a Match Part RGA Number.
- We offer one of the largest selections of spa and pool parts & accessories in Canada. If the part is not in the catalogue ask us. We should be able to find the part for you or cross reference it with another part available.

## CUSTOM / SPECIAL ORDERS

Any custom special orders must be paid in full prior to ordering

- Special order products cannot be returned.

## LEGEND

- All returns must have the RGA# clearly marked. Products returned without RGA# on box may be refused.
- All returns must be accompanied with a copy of original invoice.
- In some cases a digital photo is required in lieu of returning the product.
- Proof of installation (service invoice) by a certified technician must be provided. Manufacturer will not warranty without proof of installation by a certified technician

## Unwanted Product

Our intent is to make it easier for you to return unwanted product ordered in error or because a customer cancelled their order with you. Central Spa & Pool Supply Ltd. limits the amount of inventory that may be returned.

- Unwanted product may be returned, at our discretion, and must be returned within **30 days** of purchase and subject to a restocking fee.
- Product must be suitable for resale - soiled, marked or installed products are not accepted and will be returned to you at your expense.
- Special order products cannot be returned.

## Product Shipped in Error

- Our Customer Service will match unknown parts to the best of their ability. If a part received is wrong and not requested by the specific part # it is the **responsibility of the receiver to ship product back prepaid**.
- If Central Spa & Pool Supply Ltd. makes a shipping error we will remedy the mistake at our expense.

## Product Failed during Manufacturer's Warranty Period

- When possible review the manufacturer's warranty card.
- Ship product prepaid to Central Spa & Pool Supply Ltd. for warranty evaluation.
- Credit, replacement, or repair will be at the discretion of the manufacturer's warranty policy and evaluation. Freight and field labour is not covered.
- Please note that due to date codes, please forward as soon as possible and attach your service invoice to establish length of operating time.
- Proof of installation (service invoice) by a certified technician must be provided. Manufacturer will not warranty without proof of installation by a certified technician

## Labour Reimbursement Policy

- Labour is reimbursed only according to the manufacturer's policy.
- Proof of installation (service invoice) by a certified technician must be provided. Manufacturer will not warranty without proof of installation by a certified technician

## Sending Parts for Testing or Repairs

- Please call technical support with full description of product. Some repairs and testing may be solved with telephone support. Special shipping instructions may be required.

### IMPORTANT

- Consumer installation of parts should be discouraged for safety, liability and warranty concerns.
- Central Spa & Pool Supply Ltd. honors all manufacturers' warranties and will help the dealer to determine failure and support your claim. Warranties may not apply to products that are improperly installed or matched, disassembled, or failed due to outside factors such as chemical abuse, dry fire, and improper voltage or amperage.
- Dealers are encouraged to send product back for us to forward on to the manufacturer to aid their customer requests and prevent future failure.
- Some products not covered under warranty may be replaced only as a courtesy.
- A manufacturer's defect will usually show up in a short period of time.
- Central Spa & Pool Supply Ltd. shall not be responsible for the results of any technical advice with respect to design, installation or use of any of the products it sells.

## Les PRIX

Les PRIX sont les prix vendant suggérés. Les prix sont sujets au changement sans préavis.

## TERMES

\* Veuillez noter que les pièces par caisse sont notés pour votre convenance

**Nous offrons un service rapide et efficace, soutenu par un personnel avec des années d'expérience en réparation de spa.**  
**Le soutien technique et les réparations sont toujours disponibles pour aider le détaillant à résoudre les problèmes de spa.**

## Instructions Pour les Renvois et les Garanties

- **Appelez pour un # de RGA et une télécopie sera envoyée énumérant les étapes à suivre.**
- Le # de RGA doit être inscrit clairement sur la boîte. Produit retourné sans RGA peut être refusé.
- Une copie de la facture originale doit accompagner le retour.
- Colis envoyés paiement à la livraison seront refusés.
- En certains cas, une photo par courriel est requise, au lieu de renvoyer la pièce
- Preuve d'installation ( facture de service) par un technicien accrédité doit être fournit. Le fabricant ne respecte pas la garantie sans la preuve d'installation par un technicien accrédité.

## Produit Non-Désiré

- Nous voulons que le renvoi de pièces commandées en erreur, ou annulées par votre client, soit aussi facile que possible. Central Spa & Pool Supply Ltd. limite la quantité d'inventaire qui peut être renvoyé.
- Produit non-désiré peut être renvoyé, à notre discretion et doit être renvoyé dans les **30 jours** après l'achat et sera sujet à des frais de réapprovisionnement.
- La partie doit être convenable à la revente - les pièces sales ou installées seront refusées, et renvoyées à vos frais.
- Les commandes sur-mesure ne peuvent pas être renvoyées.

## Erreur de Livraison

- Les pièces inconnues seront identifiées le meilleure que possible par notre service à la clientèle. Si la partie est commandée et ce n'est pas le bon choix, ou commandée sans # de partie, **l'acheteur est responsable pour le retour, à son coût.**
- Si Central Spa & Pool Supply Ltd. commet une erreur de livraison, l'erreur sera remédiée à nos frais.

## Défaut du Produit Pendant la Période de Garantie

- Si possible, prendre en note la carte de garantie du fabricant
- **Renvoyez le produit, à vos frais, pour l'évaluation de la garantie.**
- Le crédit, le remplacement ou la réparation sera à la discretion de l'évaluation de la garantie par le fabricant. Les frais d'expédition et de la main d'oeuvre ne seront pas remboursés.
- S'il vous plaît, notez que dû aux codes datés, le produit doit être renvoyé aussitôt que possible, aussi, inclure la facture de votre client pour établir la durée de temps de l'opération de la partie.
- Preuve d'installation ( facture de service) par un technicien accrédité doit être fournit. Le fabricant ne respecte pas la garantie sans la preuve d'installation par un technicien accrédité.

## Remboursement des Coûts de Main-d'Oeuvre

- La main d'oeuvre est remboursée seulement selon la garantie du fabricant.
- Preuve d'installation ( facture de service) par un technicien accrédité doit être fournit. Le fabricant ne respecte pas la garantie sans la preuve d'installation par un technicien accrédité.

## Renvoi de Parties Pour Réparation ou Teste

- S'il vous plaît, appelez notre soutien technique, décrivant le problème au complet.
- Souvent il est possible de résoudre le problème au téléphone. Des instructions spéciaux pour la livraison peut être requises.

### IMPORTANT

- *L'installation des parties par le consommateur devrait être découragée pour des raisons de sécurité, de responsabilité et de concernes avec la garantie.*
- Central Spa & Pool Supply Ltd. respecte toutes les garanties de fabricant et aidera le détaillant à déterminer la raison de l'échec de la pièce et offrira le soutien pour votre réclamation. Il se peut que les parties improprement installées, démontées, ou qui on fait défaut dû à l'abus chimique, voltage ou ampérage non-réglé, ne seront pas garanties.
- Les détaillants sont encouragés à renvoyer le produit et nous le feront suivre au fabricant pour aider à résoudre aucun problème avec vos clients et pour prévenir des problèmes à l'avenir.
- Certains produits non-garantie seront peut-être remplacés comme courtoisie.
- Un défaut du fabricant apparait normalement après un bref bout de temps.
- Central Spa & Pool Supply Ltd. n'est pas responsable des résultats d'aucun avis technique au sujet de modèle, d'installation ou d'usage d'aucun produit qu'il vend.

It is the first therapeutic fragrance company for Spas, Hot Tubs, Whirlpool Baths and Baths. PharmaSpa products are made using only the highest quality of ingredients. Our products use the finest natural dried extracts (all of our spa products are water soluble). All of our products are produced and manufactured in Canada. Our Epsom salts are eco friendly. Our Epsom salts are very beneficial to your health. But most of all, our products are safe for your spa and bath. They do not leave a rim around the spa; they do not foam or unbalance the water and are safe for all jets!

**+ Benefits of Epsom salts (Magnesium Sulfate)**

It can help reduce stress, improve sleep and concentration. Reduce swelling and relieve pain and muscle cramps. Promote oxygen absorption and eliminates toxins. Improve nutrient absorption. Skin moisturizing. Prevent and relieve migraine headaches.

All products are for recreational use with natural dried extracts and no color additives.

**RAYPAK ELECTRIC HEATER**

The Raypak Electric Spa Heater consists of a sheathed low watt density resistance element installed in a copper tank. This tank has a 1-1/2" threaded inlet and outlet on the side for plumbing connection. The heater voltage is only 240V single phase. The control circuit passes through a manual switch, the temperature control and magnetic contactor coil. All items are pre-wired and installed in a baked enamel steel case. Available in two compact models 5.5kW and the 11kW.

<b>FLO-MASTER XP2E SPA PUMP</b>			2" Side Discharge
<b>56 FRAME ~ 2 SPEED</b>			
Designed for today's large spas with multiple jets requiring increased flow. The XP2e pump fits within the same envelope as the original XP2 pump yet provides greater flow than its predecessor allowing spas to use more jets per pump. Reliable, the XP2e pump allows for the same and greater flow rate and overall energy efficiency of the spa while reducing consumer operation costs.

<b>FLO-MASTER XP3 SPA PUMP</b>			2 1/2" Suction/Side Discharge
<b>56 FRAME ~ 2 SPEED</b>			
The XP3 pump, AquaFlo by Gecko's latest offering in its high performance spa pump line, is designed for today's large spas with multiple jets requiring increased flow and performance achieved through efficiency rather than brute force. The greater flow provided by the XP3 pump allows the use of more jets per pump and lower amp pump making the spa more energy efficient and reducing consumer operating costs.

<b>FITTING SAVER</b>			
Tired of digging to replace a broken or cracked return fitting? The Fitting Saver provides a quick, long-term and cost-effective fix to this common problem.			
The Fitting Saver slides into a broken fitting, creating a seal in the 1½" threads of the fitting and the 1½" pipe beyond the break. A ¾" open pipe extends through the seals, enabling water to pass through the repaired fitting when the pool is back in service.			
The repair can be completed in minutes and provides a semi-permanent solution that eliminates the need for immediate fitting replacement.			
AN-FITTINGSAVER 4	\$ 194.68		Fitting Saver Repair System, 4"
AN-FITTINGSAVER 14	\$ 227.42		Fitting Saver Repair System 14" 1 Insert the Fitting Saver into the damaged fitting 2 Tighten the hex nut to seal the leak 3 Install the faceplate 4 Fitting SAVED. Repair complete !

# Why Variable Speed Pumps?

Variable Speed Pumps have grown in popularity due to their energy efficiency, near-silent operation and long service life.

Users can customize the operation of their pump based on their daily requirements:

- Higher flow rates to operate heaters and water features, or
- Lower flow rates in the evening or during reduced use.

Programmable flow rates allow homeowners the advantage of lower rates outside of peak usage.

Running the pump at optimal speed and duration reduces friction, wear and tear on the piping, filter and accessories thus increasing life expectancy of your pool equipment.

<b>FITTING SAVER</b>			
Tired of digging to replace a broken or cracked return fitting? The Fitting Saver provides a quick, long-term and cost-effective fix to this common problem. The Fitting Saver slides into a broken fitting and creates a seal in both the 1½" threads of the fitting and the 1½" pipe beyond the break. A ¾" open pipe extends through the seals, enabling water to pass through the repaired fitting when the pool is put back into service. The repair can be completed in minutes and provides a semi-permanent solution that eliminates the need for immediate fitting replacement.
