From: Kaleigh Frazier [mailto:studentinfo@scohio.org]
Sent: Wednesday, November 12, 2014 12:10 PM
Subject: Public Records Request

Dear School District Treasurer:

Pursuant to the Ohio's Public Records Law, Ohio Revised Code § 149.43, the undersigned hereby makes the following public records request on behalf of School Choice Ohio, an Ohio not-for-profit organization. In making this request, the undersigned certifies pursuant to Ohio Revised Code § 3319.321(A) that the requested records will not be used for any profit making plan or activity. The requested records thus constitute accessible Ohio public school student directory information that qualifies as a public record as defined by Ohio law.

We request that your district provide us with records comprising the directory information for all students in your school district, including district students who attend charter schools. Please provide a copy of the directory information on the enclosed Excel spreadsheet, if possible, or in a native electronic format, such as an Excel spreadsheet or comma-separated value text file.

Please produce the requested public records in electronic format (compact disc, email, flash drive, etc.). Because public school districts do not have an obligation to create new records, please provide copies of your existing student directories for all students.

The purpose of this request is to communicate with families regarding their full range of education options.

In responding to this public records request, please provide records that include the following directory information listed below for each student enrolled:

1. Student name
2. Parent/Guardian's name
3. Student's address
4. Student's email address
5. Parent/Guardian's email address

6. Student and/or Parent/Guardian's telephone contact information

7. Student's grade level for the 2014-15 school year
8. Student's graduation year
9. Student's year of birth
10. Student's school building for the 2014-15 school year
11. If applicable, student's assignment area and/or assignment zone and/or sister schools

Ohio law requires a public entity to provide the requestor with the legal basis, in writing, for the failure to respond to any part of a public records request. **Accordingly, if you have designated any part of the requested records as not subject to release, please provide the parts that are available, as well as the legal rationale for withholding the requested public records.**

Electronic records may be sent via email to Kaleigh Frazier at studentinfo@scohio.org.

Any physical version of the records (disc, flash drive, etc.) can be sent by United States Postal Service to:

School Choice Ohio
Attention: Kaleigh Frazier
88 E Broad St, Suite 640
Columbus, OH 43215

Again, consistent with §3319.321(A), School Choice Ohio affirmatively represents that this information will not be used in a profit-making plan or activity nor will any information be disclosed to any other party in violation of §3319.321(B)(3).

We understand that you are entitled to a reasonable amount of time to fulfill the request. Consequently, if you will not be able to fulfill this request in approximately five (5) business days, please contact Kaleigh Frazier at studentinfo@scohio.org to make other arrangements.

We look forward to receiving the requested public records.

Sincerely,

Cynthia Valencia De Maya
Outreach Director
School Choice Ohio

Wanda Truss

Dear Ms. Frazier:

We are in receipt of your public records request dated November 12, 2014 in which you request directory information for "all students in [our] district, including students who attend charter schools."

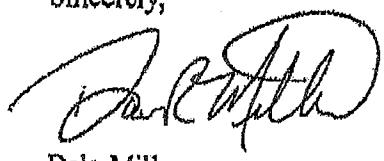
The Family Educational Rights and Privacy Act ("FERPA") generally prohibits the disclosure of student personally identifiable information which has not been designated by the educational institution as "directory information", subject to certain exceptions. 20 U.S.C. 1232g(b)(1). Educational institutions are given the discretion to identify categories of directory information and are required to notify parents and eligible students of the categories so designated to allow them an opportunity to opt out of non-consensual disclosures. Pursuant to Board policy JO, a copy of which is attached, the Springfield City School District has not designated any category of personally identifiable information of current students as "directory information." Your request does not meet the requirements of any other exception under FERPA; consequently, no personally identifiable information of current students may be disclosed in response to your request.

Your request for "directory information" about students attending charter schools is also denied. As we explained to your organization by letters in response to your prior requests, while we are required to track these students in the EMIS system, they are not enrolled in the District, do not attend our schools, and are not subject to the District's student records policy. As a result, they have not been given an opportunity to opt out of any disclosures of student directory information. The students' records are provided to the District by the Ohio Department of Education for specific purposes and cannot be used for any other purposes. In compliance with

federal FERPA regulations, the District is not permitted to re-disclose the information to any third party without prior consent from the student's parent or eligible student. 34 C.F.R. 99.33(a).

For the foregoing reasons, your request dated November 12, 2014 is denied.

Sincerely,



Dale Miller
Treasurer

EXHIBIT X

STUDENT RECORDS

In order to provide students with appropriate instruction and educational services, it is necessary for the District to maintain extensive educational and personal information. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parent(s) or the student in compliance with law, and yet be guarded as confidential information.

The Superintendent is responsible for the proper administration of student records in keeping with State law and Federal requirements and the procedures for the collection of necessary information about individual students throughout the District.

Upon request, all records and files included in the student's cumulative file are available to parent(s) or the student (if he/she is over 18 years of age). This request must be in writing and is granted within seven calendar days. No records are to be removed from the school. A principal, teacher or other qualified school personnel must be present to explain any of the tests or other material.

All rights and protections given to parents under law and this policy transfer to the student when he/she reaches age 18 or enrolls in a postsecondary school. The student then becomes an "eligible student."

The District provides notice to parents and eligible students annually, in accordance with the procedures set forth under administrative regulations, of the rights held by parents and eligible students under law and this policy. It is the intent of the District to limit the disclosure of information contained in the student's education records except:

1. by prior written consent;

2. as directory information and

3. under other limited circumstances, as enumerated under administrative regulations.

The following rights exist:

1. the right to inspect and review the student's education records;

2. the right, in accordance with administrative regulations, to seek to correct parts of the student's education records, including the right to a hearing if the school authority decides not to alter the records according to the parent(s)' or eligible student's request;

3. the right of any person to file a complaint with the U.S. Department of Education if the District violates relevant Federal law, specifically the Family Educational Rights and Privacy Act (FERPA) and

4. the right to acquire information concerning the procedure which the parent(s) or eligible student should follow to obtain copies of this policy, the locations from which these copies may be obtained, as well as any fees to be charged for such copies. (See administrative regulations.)

The District proposes to designate the following personally identifiable information contained in a student's education records as "directory information:"

1. student's name;

2. student's address;

3. telephone number(s);

4. student's date and place of birth;

5. participation in officially recognized activities and sports;

6. student's achievement awards or honors;

7. student's weight and height, if a member of an athletic team;

8. dates of attendance ("from and to" dates of enrollment) and

9. date of graduation.

The above information is disclosed without prior written consent, except when the request is for a profit-making plan or activity. Student records that consist of "personally identifiable information" generally are exempt from disclosure. Student directory information, however, is released unless the parents have affirmatively withdrawn their consent to release in writing.

Administrative regulations set forth a procedure for annual notification to parents and eligible students of the District's definition of directory information. Parents or eligible students then have two weeks in which to advise the District, in accordance with such regulations, of any or all items which they refuse to permit as directory information about that student.

To carry out their responsibilities, school officials have access to student education records for legitimate educational purposes. The District uses the criteria set forth under administrative regulations to determine who are "school officials" and what constitutes "legitimate educational interests."

Other than requests as described above, school officials release information from, or permit access to, a student's education records only with the prior written consent of a parent or eligible student, except that the Superintendent or a person designated in writing by the Superintendent may permit disclosure in certain limited circumstances outlined under administrative regulations (e.g., transfers to another school district or to comply with judicial order or subpoena or, where warranted, in a health or safety emergency, etc.).

The District maintains, in accordance with administrative regulations, an accurate record of all requests to disclose information from, or to permit access to, a student's education records and of information disclosed and access permitted.

EXHIBIT Y

We Have Options for Students Just Like You. Navigate

ROMA
Future pediatrician
My love of science led me to a career as a doctor. The coursework at Springfield High School has helped me fulfill my plan and go toward my goals. It's been just amazing. I feel more prepared for the future because my International Baccalaureate classes gave me a new way of thinking and interacting with the world. And, taking online classes with OnCourse let me add more to my schedule. I could still work with a teacher and have that support, but doing some work online helped me fit more into my high school years.

"I'm entering college with a real advantage."

TOMMY
Future chemical engineer
Springfield City Schools worked with me to customize my schedule to support a plan for my future. It's moved me toward my goal of becoming a chemical engineer and earning my PhD. With a mix of Advanced Placement, International Baccalaureate and online classes, along with an engineering internship, I feel more prepared to enter college. I know that my experiences at Springfield High School helped me advance. The diversity of classwork and the opportunities were suited to my needs. Springfield High School has the best coursework around.

"I feel more prepared to enter college than many other area high school seniors."

ASHLEY
Future mathematician
I've always wanted a career where I could use my math skills. I looked to my teachers and counselors at Springfield High School to help me decide on computer science. With the right mix of classes and real-world experience as a paid intern at a local manufacturing firm, I've learned what I really love. I've realized that maybe I can be the one to create the next big thing. Springfield High School helped me figure out who I want to be. I will go to college already ahead in my classes, thanks to Springfield City Schools.

"In order to know yourself you have to try new things."

Credit Flex | Springfield High School | College Credit | Alternative Education | Career Development | The Learning Café | OnCourse

Credit Flex
We offer flexible credit options, including internships and special projects. This allows students to advance their studies and gain valuable real-world experience that goes way beyond the classroom.

Springfield High School
Our unique academy approach to learning gives students the opportunity to choose a traditional high school experience or to customize their course selection to fit their interests.

College Credit
For students who plan to make college a part of their future, we offer several ways to begin college work and earn college credit. SHS is home to the area's only International Baccalaureate® program, the largest selection of Advanced Placement courses, and many other Dual Enrollment options, including PSEO.

Alternative Education
Traditional classroom learning isn't right for everybody. That's why we have alternative education programs that give students the specialized support they need to reach to their goals.

Career Development
Our students are learning skills for the jobs of tomorrow with guidance from our business partners and in our affiliated programs. We're able to prepare students for rewarding careers in everything from advanced manufacturing technology to bioscience and engineering.

The Learning Café
This innovative program combines learning, job readiness, and free community programs with nutritious meals and free childcare. Offering personal interest classes, academic classes for credit, adult GED programs, and more, The Learning Café has something for everyone.

OnCourse
Our accredited K-12 online learning program lets students and their families personalize education like never before. Students can take all of their classes online or choose to blend online and classroom learning—whatever works for them! Either way, we're there to provide guidance and support every step of the way.

Good evening,

I am sending the most recent file of Semester One lunches per the request by your photographer today.

These lunches are current for Sem One as of 8-22-2014, today-Friday.

He did not leave an email address so I am sending it to all of you

Let me know if anything else is needed

Early Release and late entry information will come later since he said that was not urgent.

This file is the most up to date list available for Semester one,

I can send Semester two later on Monday, but this is all the time I have to do this one now.

Thanks,

debbie

Attachment:	Second ID List for Lifetouch students to add.xls

Hi Mr. Sample,

Please find a list attached "Second ID List for Springfield High School for 13-14," of all additional students who will need ID cards, but to date do not have a lunch assigned or

are students attending the local Joint Vocational school , CTC—who will not be eating lunch at SHS at any time.

If you would like me to combine the lists from yesterday and today, please let me know.

For now, I thought this may be better.

I will try to keep an accurate list of anyone who enrolls after today and will update their

lunches again on Tuesday, hopefully when all lunches will be assigned.

Please email me back if you want me to send an updated list of the students on this unassigned lunch list

on Tuesday.

Have a good day,

debbie

Hi Deborah,
Just wanting to get a jump on this for next school year. We have school pictures scheduled for Friday August 22. And would like to have the student data file by Wednesday August 6th. The data does not have to be perfect because we can make adjustments the day of if needed. You can email the file to bwireman@lifetouch.com and copy me.
If you have any questions let me know.
Thanks for all you do.

I'm looking at the data and there is a student with no last name.

[redacted] (last name) [redacted] [redacted]

May I have his last name to completely fill in his camera card? Please send today so that I may complete the updating for the lab.

Thank you,

Barb

Barb,

I had a conversation with Gretchen about the additional students we have enrolled. I am sending you this attachment of student enrolled after December, so that you may process cards for the spring pictures tomorrow.

Thank you,

Gloria Humphrey-McDaniel

Attachment:	MHS ID problems.xlsx
Attachment:	ID CORRECTIONS.xls
Attachment:	STEM ID ERRORS.xlsx

Tracy : Attached is what the academies gave me. Don't forget – IAC needs all theirs reprinted because there were no bar codes. On the attachment that says ID Corrections, it also lists a few of the IAC errors (besides the bar code issue).

If you need anything further, please let me know.

Thanks.

Mike & Tracy:

Attached is the list of students with early release/late entry for their ID's.

Let us know if you need anything further.

Thanks.

Sue

From: Scott, Deborah
Sent: Friday, September 19, 2014 2:15 PM
To: Bury, Susan
Cc: Kuehnle, Jonathan
Subject: Early Release and Late Entry

Attached is the file showing the periods students are excused from being in classes

LE-means students are excused from the periods beside LE late entry

ER-means students are excused from the period beside ER early release

Hopefully this will work for whatever they are doing with ID files.

Thanks,

debbie

Yes, that is fine. I did notice.

I can get Preschool but not Headstart. They are not in my system.

Lori

From: Tracy Sample [mailto:tsample@lifetouch.com]
Sent: Thursday, October 17, 2013 1:47 PM

To: Baldwin, Lori
Subject: Re: lists

Looks like I just need the Preschool and Head Start.

You may already know but I have been taking the CD's to MVECA for upload since I drive by there anyway. Hope that is ok?

Thanks, Tracy

So sorry.... I started to do this but they changed some homerooms yesterday so I had to wait. Not all students are still set up. you may call the school or call me Thursday to get updated list ... I'll try then.

Hope this helps.

Subject: Re: [GRAYMAIL] lists

Lori,

There is one main piece of data missing from these schools. The student number is missing. Last night I was prepping the data for the lab to make the camera cards and did not see the column for student number. Please send again as soon as possible updated roster for these schools.

Thank you,

Barb

Mrs. Durrant,

Thank you for sending your school data. Unfortunately the Kenwood-Springfield attachment is not in the correct format. Please re-send it as an excel spreadsheet, where I can extract the data for the lab's format for printing the camera cards.

I included Lori Baldwin in this email because she knows the format needed to properly process the data for the printed camera cards used on picture day.

Any questions, please let us know,

Thank you,

Barb
