3. Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see [hp.com/go/printerclaims](http://hp.com/go/printerclaims). Exact speed varies depending on the system configuration, software application, driver, and document complexity.

4. HP's most advanced embedded security features are available on HP Managed and Enterprise devices with HP FutureSmart firmware 4.5 or above. Claim based on HP review of 2019 published features of competitive in-class printers. Only HP offers a combination of security features to automatically detect, stop, and recover from attacks with a self-healing reboot, in alignment with NIST SP 800-193 guidelines for device cyber resiliency. 1. Measured using ISO/IEC 24734, excludes first set of test documents. For more information, see [hp.com/go/printerclaims](http://hp.com/go/printerclaims). Exact speed varies depending on the system configuration, software application, driver, and document complexity.

2. HP's most advanced embedded security features are available on HP Managed and Enterprise devices with HP FutureSmart firmware 4.5 or above. Claim based on HP review of 2019 published features of competitive in-class printers. Only HP offers a combination of security features to automatically detect, stop, and recover from attacks with a self-healing reboot, in alignment with NIST SP 800-193 guidelines for device cyber resiliency. 1. Requires the HP Smart app download. For details on local printing requirements see [hp.com/go/mobileprinting](http://hp.com/go/mobileprinting).

2. Either after first page or after first set of 150 test pages. For details see [hp.com/go/printerclaims](http://hp.com/go/printerclaims).

3. Upon purchase, your printer comes with \$120 prepaid value card that will be added to your account (\$144 in Canada). This will cover 24 months of service on a monthly \$4.99 for 100 pages Instant Ink plan (\$5.99 in Canada). Other plans are available that may shorten or lengthen your offer period. After you have successfully registered your printer and created your HP Connected Account and Service Account, you must redeem your offer and select an Instant Ink printing plan. The Service begins when the offer is redeemed. Must redeem your prepaid value card within 6 months from printer set up or it will be void. Rollover allows unused pages in a month to be placed in a rollover account and then applied to pages in excess of your monthly allowance. The rollover account balance is limited to a maximum of twice the pages available in your plan. The ink balance will be decremented for any overage fees, resulting in less months of printing. Receiving your ink cartridges requires Internet connection to eligible HP, email address, and delivery service in your geographic area. Printers require direct connection to the Internet for program participation. For details, see [hpinstantink.com](http://hpinstantink.com).

4. Local printing requires mobile device and printer be on the same network or have a direct wireless connection. Remote printing requires an Internet connection to an HP web-connected printer. For details on how to print, including whether an app is required, see [hp.com/go/mobileprinting](http://hp.com/go/mobileprinting).

5. Wireless operations are compatible with 2.4 GHz and 5.0 GHz operations only. Learn more at [hp.com/go/mobileprinting](http://hp.com/go/mobileprinting). Wi-Fi is a registered trademark of Wi-Fi Alliance®.

6. Compared to the majority of competing in-class consumer color desktop inkjet all-in-ones <\$299 USD. Keypoint Intelligence - Buyers Lab 2018 research study commissioned by HP based on research survey of printer manufacturers' published specifications, sustainability reports, and press releases as of 12/15/2018 and not confirmed by lab testing. Market share as reported by IDC CYQ3 2018 Hardcopy Peripherals Tracker, 2018Q3 Release. AiO with best in-class security features based on review of published embedded security features of competitive in-class models and defined as offering business-class, multi-point security, including but not limited to: encryption at the level of data, device, network, document, enterprise-class Wi-Fi security, and secure printing. 1. Mobile device needs to be connected directly to the Wi-Fi Direct® signal of a Wi-Fi Direct-supported AiO or printer prior to printing. Depending on mobile device, an app or driver may also be required. For details, see [hp.com/go/mobileprinting](http://hp.com/go/mobileprinting).

Wi-Fi Direct® is a registered trademark of Wi-Fi Alliance®.

2. Mobile device needs to support Bluetooth v4.0+ and be enabled. A mobile app such as HP ePrint or HP AiO Remote must be installed and opened for printing. Mobile device must be within 5 feet of the printer.

For details, see [hp.com/go/bleprinting](http://hp.com/go/bleprinting). Bluetooth is a trademark owned by its proprietor and used by HP under license.

3. Power consumption varies with print job, the use of wireless connectivity and the charging of battery. Values given are nominal.

1. Scan speed measured at 300 dpi (black-and-white, grayscale, and color). Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.

2. Scanning from a Smartphone or tablet requires the HP ScanJet Wireless Adaptor 100 (L2761A), which must be purchased separately, and the HP JetAdvantage Capture App. Download the app at [hp.com/go/documentmanagement](http://hp.com/go/documentmanagement). Wireless performance is dependent on physical environment and distance from access point and may be limited during active VPN connections. Wi-Fi Direct® scanning requires the Smartphone or tablet to be connected directly to the Wi-Fi® network of the scanner. Wi-Fi and Wi-Fi Direct are registered trademarks of Wi-Fi Alliance®.
