1974 MASTERS NATIONALS

Highlight of Busiest Hall of Fame Spring

by BUCK DAWSON for SWIMMING WORLD

"See the Masters Touch", or was it "See the Masters Race" on the marquee at the International Swimming Hall of Fame in Fort Lauderdale. There were 10 age groups, all over 25, swimming 16 events in 16 lanes of timed finals at the Hall of Fame pool.

"Silver hair and gold medals," the newspaper headlined it, and they could have called it "Dad's Day on Fort Lauderdale Beach" because this is the only group of people anywhere who are over 25 and look good in the new skin suits! I was 14 the last time I felt this way about older women, but alas, I'm now too far gone for the feeling to be mutual.

These enthusiastic and beautiful people are in shape and they are not coy about it. There were 50 year olds holding hands as they walked down the street in their tank suits. You have to see to believe, and now that I've seen, I'm a 100% convert to Masters Swimming. The National AAU Men's and Women's Masters Short Course Nationals at the Hall of Fame pool in Fort Lauderdale were more of a thrill for me than any meet since my daughter Connie won her first age group medal at 6. She won five in this meet at 26.

For any young squirts who would snicker at the old Masters, try these times on for size: 100 yd Free - 46.12 and 200 yd free - 1:43.7 by Lt. Fred Schlicher (USN). And 18:29 for the 1650 by 43-year-old Bill Williams. These times should send to the showers the concept that competitive swimming is too tough on the adult libido to be anything but a kindergarten sport!

Ransom Arthur, John Spannuth, June Krauser and everyone else who had a stake in promoting and administrating Masters Swimming can be intensely proud. Masters has to be the most significant program the AAU has ever fostered. This is not oldsters riding around in golf carts or drinking a Schlitz with great gusto after reeling in a gamefishbut a true incentive program for adult en-

durance exercise. As such, it fills a social need that is second to none in our affluent, but flabby, Western World. This program puts exercise into the adult way of life, and a beautiful way of life it is.

There were 561 beautiful people swimming in this Fort Lauderdale Masters Nationals and I'm sure there were 561 different motives for swimming. Two things were in common: Every swimmer was self-motivated and the Masters program gave a legitimate excuse for all the training, travel expense and time off from work to go swim in these Nationals. Not one swimmer came because his age-group mother made him swim, or "to hold his college Scholarship". And, since most of these Masters swimmers are self-trained, they are not swimming because they are in love with their coaches—they are in love with swimming.

About one-third never swam in competition until Masters, another third were high school swimmers only, and the remaining third range from almost college letter winners to Olympic champions. 1968 Olympic champion Carl Robie, now a Sarasota lawyer, was getting fat, and besides, "Ifeel better when I work out a little." Two-time Olympian George Breen, now University of Pennsylvania swim coach, shaved down for the first time in his career. "I thought it was silly when they did it on the 1960 Olympic team," he said, "but this feels great!"

Nina Harmer, a 1960 Olympian who did shave down, kidded that she'd been trying to convince Breen for years.

In the 1650, Breen edged out John duPont, who slept on a yacht tied to a palm tree next to the pool, but Breen's wife Nancy, a so-so performer in her youth, won more medlas, and Breen's kids wanted Dad to hurry up so they could get back to the beach! Breen, holder of 6 world records in his not-so-distant past, lost out in his heat to Bill Williams, a Denver man whose 43-year-old time of 18:29 would have given Ford Konno a good race back in 1952 when Williams was a few minutes slower than his current time.

Jody Alderson, of 1948 and 1952 Olympic fame, is swimming again because her old Olympic teammates want her back on their relays. Mary Jane Sears, the Walter Reed all-everything in the early 1950's, is having trouble with her children who can't understand how Mom could have been as great as Dad says she was, and sometimes comes in second now against all these other old

Ex-Olympian Gail Peters did her career best in the 200 I.M. in Fort Lauderdale, which she thought might please her seven children. When 41 year old Dr. Burwell Jones, one of five ex-Michigan captains swimming in the meet, was told his physique looked better than when he was a world record holder and on the 1952 Olympic team, he replied seriously, "Yes, in those days swimmers were suppose to carry a little more flesh." Old time diving greats Vic Zoble and Jack Calhoun settled for swimming medals, while campaigning for more Masters Diving.

There is a lot of reunion to Masters Swimming. Vee Toner, chaperone-manager of the 1956 Olympic team, came to officiate, so she could be with her girls Mary Jane Sears, Jody Alderson, Betty Mullen Brey and Barbara Jenson Reeves. Besides "Bumpy" Jones and diver Jack Calhoun, the 1952 Men's Olympic team had gold medalist Gay Rosser swimming freestyle and Olympic champion Yoshi Oyakawa experimenting with the bent arm backstroke.

1955 Pan Am champion Wanda Werner swam herself, then watched her husband Cav Cavanaugh set a Masters record. Sperry Jones Rademacher, two-time Olympic kayak paddler, put her paddle down to set two new Masters Swimming records. Don Kane put down his synchronized swimming rule book, left his famous swimming wife and father-in-law at home in California, and won a couple of breaststroke races.

The Fogle girls, mother Florence, better known as "Sis", June (Krauser) and Joan (Cynthia Bruce) had quite a meet, but almost typical of Masters, Sis and June won far more races than eight-time National AAU Senior champion Joan, who was disqualified by her nephew Larry, who ran a good tight meet. "Aunt Cynthia was ahead, but she did not hit the touch pad." "Sis" Fogle's 6 national records didn't seem to impress her too much. "It's fun," she says, "but let's face it, I'm in the 'and up' class. When you're past seventy, it's a matter of staying afloat!"

We'd like to report that the Masters program is not only "staying afloat", it's here to stay as America's most substantial contribution yet to adult physical fitness. It's fun

to report on the big names who were legion " reunioning in the water at these Masters Nationals. That's what the Hall of Fame is all about. We'd like to have the meet back next year and have our Hall of Fame honoree ceremonies at the same time. This way even more swimmers could re-run their famous races of yore. This old home week of swimming makes a thrill for us all, but the real guts of the Masters is the unknown, never-was swimmer going her best time in a slow heat, or Watson Lawrence..., the man who lost 100 lbs. since he took up Masters "to get back in shape". We hope such necessary evils as cut-off times will never keep a swimmer out of Masters Nationals. An efficient timed final meet like this one held in a 16-lane pool is the current answer to overcrowding. Let's hope by adding a day, rather than subtracting a swimmer, we can keep it this way for any "old timer" who wants an excuse to "get back in shape".

Swimming Still Rated Top Participant Sport; Camping on Increase

By NEIL AMDUR

The next time your wife or girl friend tries to talk you into a camping trip, don't laugh: camping is second only to swimming in the sporting hearts and habits of American women.

This interesting statistic has emerged with thousands of others in a detailed survey of the participant sports tastes of Americans-from children-under-12 to adults.

The study was compiled late last year by the A. C. Nielsen Company, a prominent market research firm, in telephone interviews with 2,000 survey households involving 6,375 persons across the country. Nielsen has been selling its volumes of statistics to manufacturers, advertisers, analysts and potential sports investors.

SWIM STAR AT 63

Sixty-three-year-old Bernice Wayne of San Mateo, Calif., has always recognized the need to stay in shape through proper diet and exercise. But when she decided to start swimming regularly last year, she had no idea of the fame that was to follow.

Enrolling in her city-sponsored swim program, Mrs. Wayne met

PEOPLE in the NEWS

Ray and Zada Taft, organizers and trainers of San Mateo's national championship Marlin Swim Team. The Tafts thought they detected some real swimming talent in Mrs. Wayne, who had been an exceptionally fine performer in her teens.

Ray Taft got out his stopwatch and asked Mrs. Wayne to swim the 50-yard freestyle while he timed her. She completed the assignment in what Mr. Taft thought was record time. When he checked her time against the national record, he found he was almost right. He told her she was the second fastest woman in her age bracket in the 50-yard freestyle in the United States.

As Mrs. Wayne later told her husband, "When I heard that I

had almost set a record without even training for it, I was hooked on swimming."

Since then, following a three-times-a-week training schedule, Mrs. Wayne has broken the national 100-yard breaststroke and 50-yard butterfly records in her age group and has competed in a number of AAU-sanctioned meets, winning 20 medals and one trophy. She also helped the Marlin Masters Swim Team win their second national team title.

Asked if she looks forward to eventually putting away her red Marlin swim suit and retiring. Mrs. Wayne stated emphatically. "I intend to go on swimming competitively until I'm 100. I've never had so much fun in my life."

Louise Jones does it again

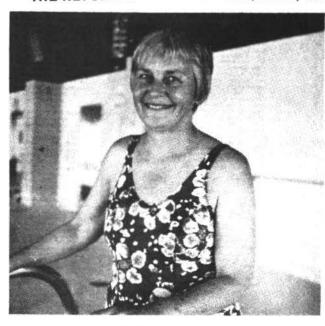

Louise Jones, member of the Masters Swim Club at the Indian Boundary YMCA in Downers Grove, participated in the National Masters Short Course Swim Meet held at the International Swim Hall of Fame Pool in Ft. Lauderdale, Florida, on May 18-19 and placed in four out of four events in the 55-59 age division.

Louise competed against nineteen women from the continental United States and Hawaii and won 4th place in the 200 yd. freestyle, 5th place int he 100 yd. freestyle, 5th place in the 500 yd. freestyle, and 6th place in the 50 yd. freestyle.

A few weeks earlier she competed in the CAAU State Championship Swim Meet and won 1st place in the 100 yd. freestyle, 1st place in the 200 yd. freestyle, 2nd place in the 500 yd. freestyle, and 3rd place in the 50 yrd. freestyle.

And the other, stocky but well-built, has laugh lines etched by years of impish grinning around her blue eyes. She tooks, well, like someone's mother.

She is.

The two are part of a growing number of adults becoming involved in the Amateur Athletic Union, (AAU) Masters Age group swimming program.

The grogram allows adults, ages 25 and up, to compete against each other in five-year increments.

Fitness is the prime reason for participation, says Boobie Lawrence St. and Geraldine Koupal. 41.

Mrs., Lawrence, wife of the director of the Kresge Hearing Research Institute at U-A, Dr. Americ Lawrence, hontil how years ago.

But she has always been active. Mrs. Lawrence was a runner-up in the 1938 Womens Singles Tennis Championship in New Jersey.

Mrs. Koupal, also an avid tennis player, began her wimming career several years ago at a swimming school in Celifornia.

Both admit it wasn't easy to begin training.

"I wanted to spend my spare time devoted to something worthwhile," Mrs. Koupal asid. "When i swim up and down the pool it takes all my tensionship in chuckling as their group followed reces for 13-and 14-year-olds.

"I get so nervous," giggles Mrs. Lawrence, "that I can hardly stand it. I remember asking another swimmer once, "Why.do we put ourselves through this?"

The answer to flast question probably comes in the announcement by the National AAU of the top fen masters times in 1972.

In the 36-34 age group, Mrs. Lawrence's list of in the 36-34 age group, Mrs. Lawrence's list of the top fen masters times in 1972.

The one single thing that has kept the program from growing, both agreed, is the lack of available pool space and time in the area.

Most area pools are filled with junior high, high school and college swim teams, instruction and open-wim schedules. That leaves no time for masters to work out at the Women's Pool at the University or Alloy Section 1999, but only because they are wives of faculty members. Outsiders are not allowed to swim in that pool.

What is left, they said, is for a woman to get a membership to a private swim club or the Ann Arbor Y and work out on her own.

"That's hard," they agreed.

John Keating of San Francisco has sent these two photos as well as others. We thank John for the contribution.

Top photo: Left, Bill Loughborough, Pacific AAU Masters Swimming Chairman; Anne Adams, Southern Pacific AAU Masters Swimming Chairman; and right, Mike Garibaldi, swimmer and Meet Director of the Salinas Masters Meet held in April at the Hartnell College.

Bottom photo: Left to right - Don Stupfel, Carl Mitchell, Zada Taft and Ray Taft. Carl Mitchell, age 67, coached Ray Taft at Balboa High School in San Francisco in 1936. He also coached Don Stupfel at the same school later. He coached at the same school for 37 years. Carl competed in his first Masters meet sponsored by Marin Aquatic Club in June winning two gold medals in the 50 back and 50 free, and also a silver for the relay. Now that Carl competes for the San Mateo Marlins -- Ray Taft is his coach!

MASTERS NOTES

We apologize for the mistakes in the National Meet Results in the last issue. There was Charles Moss who was 2nd in the 50 Fly for 45-49 with a 28.43; and John McGuire who was 2nd in the 100 Free for 7-79 with a 1:17.26. The cards stuck while typing! And then there were also a couple of typos..... And speaking of times, Dave Mulliken, 55, of Champaign, IL has gone 2:23.02 for 200 yd Fr, 6:34.70 for 500 yd FR, and 22:49.73 for the 1650 yd FR. His breaststroke times have been 36.92 for the 50 yd, 1:21.80 for the 100 yd and 3:03.57 for the 200 yd..... RESULTS - now there is an interesting subject! Please check your typewriter ribbon when typing them for Swim-Master. Do not use thin paper. Just include the regulation age groups (25-29, 30-34, 35-39, etc.), the regulation events (no "B" groupings or events that are not listed in our rules). Name the events properly (not Coed Relay but Mixed Relay). It might be a good idea to get out our AAU Masters Swimming Rules and read them every once in awhile..... ALL-AMERICANS - All-American certificates were given out at the SC Banquet and some have been mailed. There are some left that I need address for - Ken Hammer, Vickie Good, Frances Watkins, Paul Herron, Richard Tanabe, Edna Perrce, Henry Johnson, Chuck Ogilby, Ann Todd, Edna Segal, Terri Mejia and Gretchen Ghent. Anyone with information on any of the above, please contact June Krauser..... GOLD MEDAL - Pat Matthiesen of the San Mateo Marlins writes, "You did a terrific job handling the meet in May. Seeing that I won my first National gold medal I would think anything was great! Since I had never seen a swimming meet until I went to Santa Monica last year, a gold medal in a National is pretty good for a 57 year old mother of six and grandmother of four. Last year, (after 2 months of practice) I entered the 200 free and had to do breaststroke the last 2 lengths because I just couldn't go on. This year I came in 2nd in the 1650, all freestyle. I found out about the Masters program when I went to sign up for a china painting class! Since then I have been to Santa Monica, Chicago, Australia, New Zealand and Fort Lauderdale, and my gold medal (200 breast) and love every minute. The people and their spirit are marvelous!.....

TESTIMONIAL - Ed Neilson writes, "I'm a believer now! I hadn't done any pool swimming on a regular basis or strenously since 1939. I heard about the Master Swimmers and investigated in September 1973. I was hopefully anticipating that I would be able to retain some of the swimming capability that I had generated while swimming off the beach in Long Island Sound during the summer. I thought that if I could do as good in May, what a great way to start summer 1974. I'm way ahead. I started swimming once a week and gradually worked up to three and four times a week. Needless to say, I enjoyed the strenuous workouts I experienced. I felt better physically. I participated in some swimming meets and was encouraged. At the meets I observed some people with physiques that I could envy. Some in my age group. Naturally, the larger turnout was the younger people. During the Christmas season I decided I should try to do something about my appearance. No fad diet. Just a little more judicious choice of what I eat and the quantities. I didn't starve. But the swimming could hammer, literally hammer, the fat and weight off. Six months ago I didn't think it was possible, but I have transformed considerably. Four inches had to be removed from all my belts to avoid a long tail extension. The change, and it's for the better, has been noticed at work and in the pool by people who see me frequently. A yr ago I weighted 220 # and had been at or near it for the better part of 15 yrs. I'm 5'-8" tall. Now I weight 187#. Incentally, I am 57 years old. I've had a physical exam to check out whether I may be exceeding my limitations. The exam also included an exercise EKG. It proved that I am sound. I can say -I FEEL GREAT"..... FUN - Grace Webster Deal writes, "This is turning out to be one of the most interesting experiences I've had in years - I've been golfing for the last 10 years - and so I've kept in good physical condition and - of course I swam for fun, taught my children and had swimming classes for women as my contribution to Wives Clubs when my husband was on active duty with the Air Force. But competition?? Me? After 42 years - what fun! I used to be a team mate of Florence Chadwick at the San Diego A.C. - never was very good - just healthy and active. Reg Richardson - one of your very active Masters' members out here " was on the boy's team during those years - so it was fun surprising him. Wonder where all those other old team mates are now?".....
