

MACHINED VISE JAWS

MACHINED ALUMINUM VISE JAWS

For Precision Machine Vises

- Fits Kurt™ Anglock™, Te-Co™, Palmgren™ and similar precision machine vises
- Machined for better locating and precise positioning
- Parallel-no need to “true-up” jaws prior to machining part!
- Chamfered for accurate fit between vise bed and vise jaw
- Machinable-customize to your desired shape
- Reusable, saving you time and money!
- Price is for set of 2 jaws

MACHINED!
