OTHER FISCAL ITEMS

1. M. D. Anderson Hospital and Tumor Institute has requested financing of a research project from the John Q. Gaines Foundation for Cancer Research which is controlled through Central Administration of The University of Texas. The fund balance as of May 31, 1966 is \$2,235.63.

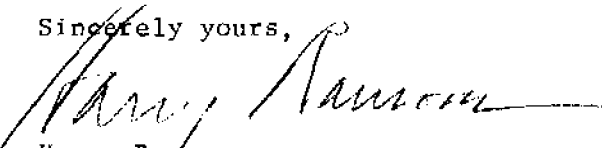

Leon Dmochowski, M. D., Ph.D., Head, Department of Virology, has submitted the request for emergency support of a research program entitled "Studies on Spontaneous and Induced Leukemia in Animals." His request has been approved by Dr. Clark and funds are being sought for its support.

The present resurgence of the interest in the possible viral etiology of human leukemia is a direct result of the studies carried out on mouse leukemias during the last ten years. The similarity of murine leukemia to leukemia in children increases the importance of studies of this disease in mice which is amenable to an experimental approach.

The funds requested are for partial, emergency support to assist Doctor Dmochowski during an interim period in which funding of the research program is being changed to a different source. The need is for two months of support of the mouse colony, and the budget is as follows:

Animal maintenance	\$2,100.00

FACULTY LEGISLATION: The following legislation has been passed by the General Faculty and/or Faculty Council. I recommend approval.

1. The Faculty Council on May 10, 1966, approved by the circularization procedure the proposal to change the College of Engineering degree plans (D&P 3705). These changes simply correct for the forthcoming issue of the catalogue changes already made and approved by the College, but which, when presented for approval to the Faculty Council and Regents, at the September 20, 1965 meeting, contained minor errors.

2. The Faculty Council at its meeting on April 18, 1966, approved the Summer Session calendar for 1967 (D&P 3688). This provides for registration for the first term on June 6 and 7 (Tuesday and Wednesday) with classes beginning June 8. Examinations for the first 6-week term are scheduled for July 15 - 18, Saturday - Tuesday, with classes for nine-week and twelve-week courses suspended during these days. Registration for second term is on July 19, Wednesday, with classes beginning Thursday, July 20. Final examinations for nine-week courses are on August 5 - 8, Saturday - Tuesday, and for second six weeks and twelve weeks on August 26 - 29, Saturday - Tuesday. Graduation day is August 29 (no public exercises).

3. The General Faculty at its meeting on May 10, 1966, approved the Long Session calendar for 1967-68 (D&P 3688-89). This provides for the opening of the session on Sunday, September 17, with orientation scheduled on Monday and Tuesday, September 18 and 19, registration September 18 - 22, and classes beginning Monday, September 25. Holidays scheduled are Thursday - Saturday, November 23 - 25, and Christmas vacation extends from Friday, December 22, 1966, through Tuesday, January 2, 1967. Tuesday and Wednesday, January 16-17 are "no class" days and examinations will be given from Thursday, January 18, through Saturday, January 27, which latter is also listed as graduation day (no public exercises). Second semester begins with registration Monday, January 29, through Friday, February 2, with classes beginning Monday, February 5. Spring vacation is scheduled for Monday - Saturday, April 1 - 6. May 17-18, Friday - Saturday, are "no class" days except in School of Law, where final examinations extend from May 17 - 29. Final examinations in other areas begin May 20 and extend through May 29, a Wednesday. Commencement is June 1, Saturday.

4. The General Faculty at its meeting on May 10, 1966, approved the recommendation of the Faculty Council that voting membership, ex-officio, on the Faculty Council be given to the Director of the Graduate School of Social Work and to the Director of the Graduate School of Library Science.

5. The Faculty Council on May 25, 1966, approved by the circularization procedure the following changes in the catalogue of the College of Arts and Sciences (D&P 3732-35):

1) Under Plan I for Bachelor of Arts degree, in requirement 4 under Prescribed Work, section (a) the laboratory course phrase is deleted as well as Physics 609 in stipulating that 12 semester hours in the natural sciences are required since beginning 1966-67 some of the courses given for non-science majors will not have laboratory work. The wording is broadened to cover all types of courses offered.

2) Under Requirements for the Degree of Bachelor of Arts, Plan I, American Studies, under Majors and Minors the number of semester hours specified by course number are reduced from 33 to 24 which will allow the student greater freedom in selecting a minor and provide for greater variety and flexibility in the undergraduate major in American Studies.

3) Under Requirements for the Degree of Bachelor of Arts, Plan I, Asian Studies, under Majors and Minors, Asian Studies 301 is added to prescribed courses, but the number of semester hours required does not change. The reason given for this change is that Asian Studies 301 (offered for the first time in 1965-66) will provide the student with the core information and concepts necessary for a better understanding of Asia in general and the topics covered in later advanced courses in particular. This legislation also eliminates the possibility of taking an intensive course in an Asian language at the senior level since intensive courses will no longer be given at the undergraduate level.

4) The Department of Psychology under Requirements for the Degree of Bachelor of Arts, Plan I, under Majors and Minors, eliminates home economics and management from among the courses to be taken for First Minor Requirements and adds linguistics, social welfare studies, and special education, the change being designed primarily to reflect the changes in course offerings of other departments, eliminating those which no longer offer sufficient course work relevant to psychology and adding those which do. The change also takes into account the creation of new departments in which a minor would be appropriate for psychology majors. The number of semester hours needed remains at twelve.

5) Under Bachelor of Science in Home Economics, Prescribed Work, change the total semester hours to 126 instead of "126 or 128." In the past 128 semester hours were required of those who chose Chemistry 801, and thus these students were in a sense penalized for having chosen a course regarded by many as more difficult than the alternate course.

6. The Faculty Council at its meeting on May 28, 1966, approved by the circularization procedure the proposed change in the catalogue of the College of Business Administration (D&P 3730) under required work which should be taken during the freshman year toward fulfilling the requirements for the degree of Bachelor of Business Administration which substitutes "(a) Six semester hours in a physical and/or biological science" for "(a) Six semester hours in a laboratory science" since a strictly laboratory science course at freshman level in chemistry has been abolished.

7. At same time approval was given to the recommendation of the School of Communication (D&P 3731) where under Plan I: News and Related Fields for a Bachelor of Journalism, a new course, Journalism 320R is added as a required course, and the number of selected courses is limited to six instead of the nine semester hours. The faculty feels that the new course should be required.

8. The Faculty Council on June 10, 1966, approved by the circularization procedure the proposal to change the degree requirements for the Bachelor of Journalism (D&P 3736). This change makes Journalism 312K a required course whereas heretofore other courses could be substituted for it. The faculty feel that 312K is a basic course and taking it will give the students a more logical arrangement of work. There is no change in number of hours for degree.

BUSINESS CONTRACTS: Set out below are reports from Business Manager James H. Colvin in regard to the awarding of various contracts for the 1966-67 fiscal year based on bids. I concur in his recommendations and recommend that he be authorized to execute contracts in accordance therewith. Tabulations of the bids on the Uniform and Linen Rental Contract and on the Contract for Dairy Products are set out on pages following these recommendations.

AWARD OF CONTRACT FOR AIR FORCE ROTC UNIFORMS: On June 12, 1963, bids were received to supply Air Force ROTC uniforms for the 1963-64 year. Bid invitations were sent to nine firms, but only two bids were received. Sol Frank Company of San Antonio was awarded the contract on a low bid of \$91.92 for the complete uniform. The material and services furnished under this contract have been satisfactory and have met Air Force standards. I concur in the recommendations of Lt. Colonel Karl Y. Benson, Jr., Professor and Chairman of Air Force Science, and Mr. W. R. Dustin, Military Property Custodian, that the present contract with Sol Frank Company be extended for the academic year 1966-67, and that the Business Manager be authorized to sign such contract, subject to the same conditions and requirements as in the previous years.

AWARD OF PEST CONTROL SERVICE CONTRACT: On June 8 bids were opened for the Pest Control Service contract for food service units in the Division of Housing and Food Service. Bid invitations and specifications were sent to the following:

- G & S Pest Control
- Terminix Company
- Stroope Pest Control
- Capital Exterminating Company
- Orkin Exterminating Company

Bids were received from the following:

<u>Name</u>	<u>Monthly Charge</u>
Orkin Exterminating Company	\$60.00
Terminix Company	60.25

I therefore recommend that the Board of Regents approve the awarding of a contract for this service to the Orkin Exterminating Company, the low bidder.

AWARD OF LAUNDRY SERVICE CONTRACTS: On June 8 bids were opened in the Business Manager's Office for the laundry service contracts for the several Division of Housing and Food Service units. I recommend that the Board of Regents approve the awarding of contracts for this service for the 1966-67 fiscal year as follows:

		Price per lb. Finished Flatwork	Low Bidder
Group 1	Men's Residence Halls (Moore-Hill, Brack. , Roberts, Prather)	.075	Burton's Laundry & Cleaners
Group 2	Men's Residence Halls (San Jacinto, Simkins)	.0775	Austin Laundry & Dry Cleaning Com- pany, Inc.
Group 3	Women's Residence Halls (Kinsolving)	.0745	The Driskill Laundry and Cleaners
Group 4	Women's Residence Halls (A-B-C , Littlefield)	.0745	The Driskill Laundry and Cleaners
Group 5	Cafeterias, etc.	.10	Austin Laundry & Dry Cleaning Company, Inc.

The above represent the only bids received in the indicated areas, except that in Group 4 Austin Laundry bid .0775.

It should be pointed out that the low bids average about 25% higher than the prices called for in the current contracts. We discussed this with the bidders present and were informed that these price increases were the result of rapidly increasing labor costs, and that the Minimum Wage Bill now in Congress will cause an even greater increase next year for these services.

I recommend that the awards be made as indicated. I think the price is reasonable and fair and substantially below the retail prices for finished flat work.

AWARD OF CONTRACT FOR LAUNDRY AND DRY CLEANING FOR OCCUPANTS OF KINSOLVING DORMITORY: For several years Austin Laundry and Dry Cleaning Company, Inc. , and Burtons Laundry and Cleaners have provided laundry and dry cleaning services to the occupants of Kinsolving Dormitory. The contract for these services provides that the University will be paid \$25.00 per month. I concur in the recommendation of Mr. F. C. McConnell, Director of Housing and Food Service, that this contract be extended for the 1966-67 year and request that the Business Manager be authorized to sign such contract, subject to the same conditions and requirements as in the previous year.

AWARD OF UNIFORM AND LINEN RENTAL CONTRACT: On June 8 bids were opened in the Business Manager's Office for the uniform and linen rental contract for the various units of the Division of Housing and Food Service. I recommend that the Board of Regents approve the awarding of a contract for this service for the 1966-67 fiscal year to Martin Linen Supply Company, of San Antonio, the low bidder.

An examination of the bids shows that this company's bids were low or the same price on all but six items, none of which are of large volume. The additional cost for these items was computed, based on a typical month, and compared with the savings resulting from the 10% discount which Martin Linen Supply Company will allow on the entire bill. The resulting figures clearly show Martin Linen Supply Company to be the low bidder.

Therefore, I recommend that the award be made in accordance with the bid submitted.

AWARD OF CONTRACT FOR DAIRY PRODUCTS: On June 8 bids were opened in the Business Manager's Office for the Dairy Products contracts for the various units of the Division of Housing and Food Service. I recommend that the Board of Regents approve the awarding of contracts for dairy products for 1966-67 as follows:

<u>Product</u>	<u>Low Bidder</u>
Milk	Oak Farms Dairies
Ice Cream	Oak Farms Dairies
Frozen Dessert Mix	Superior Dairies

Bid invitations together with specifications, estimated requirements, etc., were furnished to the following local concerns and the bids allowing discounts on the total monthly bills were as follows:

	<u>Milk</u>	<u>Ice Cream</u>	<u>Frozen Dessert Mix</u>
Pure Milk & Ice Cream Company	10%	No bid	No bid
Oak Farms Dairies	25%	20%	12%
Superior Dairies	15%	-0-	-0-
Carnation Company	23%	18%	10%

A study of the individual unit prices has been made and where differences in unit prices exist we have determined the consumption of the products based on the minimum quantities shown on the Estimate Sheet submitted with the bid specifications. This study revealed that we should make awards to the companies submitting the greater discount on the monthly bill, except for frozen dessert mix.

For frozen dessert mix, Superior Dairies is the low bidder with a net bid of 75¢ per gallon. Oak Farms bid \$1.18 per gallon less 12% discount, and Carnation bid 95¢ per gallon less 10% discount, which are both higher than the net bid of Superior Dairies.

It is therefore my recommendation that milk and ice cream contracts be awarded to Oak Farms Dairies and the frozen dessert mix contract be awarded to Superior Dairies.
