

Service Offering For Channel

For Single Phase UPS

Service Offering For Channel

The Importance of Service Coverage

Vertiv supports any application with an extensive service offering including installation, start-up, commissioning, maintenance, replacements, 24/7 remote monitoring and diagnostics and much more. Our remote diagnostics and preventive monitoring LIFE™ Service is adding value providing real-time information to take decision, as it allows early detection of anomalies and immediate reaction in case of alarms.

Benefits:

- Assured critical power delivery
- Optimized use of your IT staff
- Simplified small site UPS deployment and maintenance
- Instant access to power protection information
- Improved protection for your IT investment

Vertiv LIFE Services

With Vertiv LIFE Services you can be sure to experience enhancements in both uptime, as well as operational efficiency, giving you unparalleled system protection and support.

All equipment covered with Vertiv LIFE Services maintains constant contact with Vertiv's service organization 24/7.

You can benefit from Vertiv LIFE Services throughout the entire product lifecycle during both warranty and after warranty periods.

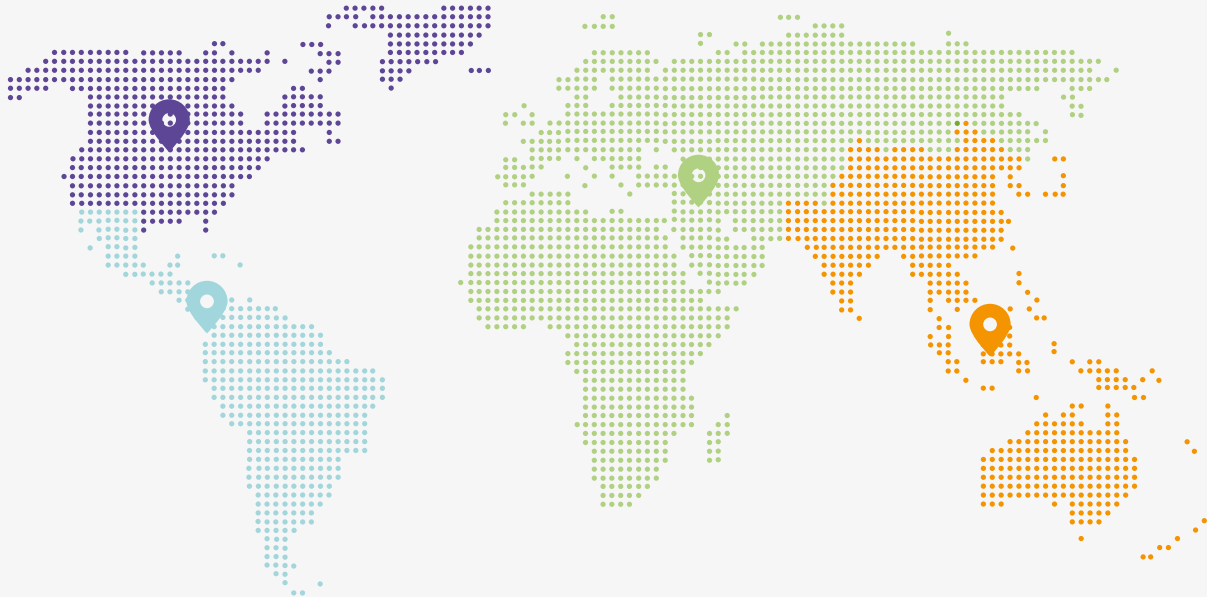

OUR PURPOSE

We believe there is a better way to meet the world's accelerating demand for data - one driven by passion and innovation.

Service offering for Channel – Single-Phase UPS

Vertiv™ offers a complete range of warranty extensions and services specifically designed for single-phase UPS products. The portfolio includes various options guaranteeing up to 10-year coverage to meet any possible customer need.

The Service Programs are available in a selection of countries, please check www.vertiv.com for specific country availability or contact your local Vertiv representative.

New UPS

Service Programs for new Single-Phase UPS

Warranty Extension +1

This Service Program extends standard warranty by one year. It can be purchased within six months from the Equipment purchase date:

- During this period, the product is covered by a standard replacement of the faulty unit
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service Program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy).

Warranty Extension +2

This Service Program extends standard warranty by two years. It can be purchased within six months from the Equipment purchase date:

- During this period, the product is covered by a standard replacement of the faulty unit
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service Program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy).

Warranty Extension +3

This Service Program extends standard warranty by three years. It can be purchased within six months from the Equipment purchase date:

- During this period, the product is covered by a standard replacement of the faulty unit
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service Program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy).

Power Emergency & Power Emergency Premier

This Service Program is valid only for single-phase UPS ≤3 kVA. It provides Customers with more than what the Standard Warranty and Warranty Extension programs provide. It can be purchased within six months from the Equipment purchase

date and covers the UPS for a total of 5 years:

- During this period, the product is covered by the advance replacement of the faulty unit
- The replacement unit is shipped within 8 working hours from the incident ticket acknowledgment
- The shipping costs are covered by Vertiv
- This Service Program includes 24x7 Professional helpline
- This Service program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy)
- The Premier version of this service also provides remote diagnostic and preventive monitoring with Vertiv™ LIFE™ Services.

Power Assurance & Power Assurance Premier

This Service Program provides Customers with more than what the Standard Warranty and Warranty Extension programs for single-phase UPS ≥5 kVA provide. It can be purchased within six months from the Equipment purchase date and covers the UPS for a total of 5 years:

- During this period, the product is covered by the advance replacement of the faulty unit or on-site repair intervention (depending on the type of failure and at the solely Vertiv discretion)
- This Service Program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy)
- This Service Program grants response within 8 working hours from the incident ticket acknowledgment:
 - The replacement unit is shipped to site or
 - On-site intervention of a Vertiv technician*
- The shipping costs are covered by Vertiv
- This Service Program includes 24x7 Professional helpline
- This Service Program includes One Preventive Maintenance after the 3rd year performed by a Vertiv technician*
- The Premier version of this service also provides remote diagnostic and preventive monitoring with Vertiv LIFE Services.

*During normal working hours, excluding public holidays, Saturdays and Sundays.

Running UPS

Renewal Service Programs for Running Single-Phase UPS

Warranty Extension +1 Renewal

This Service Program renews Warranty+1 and extends it for one year for a maximum of two renewals. It can be purchased before Warranty +1 or the first Warranty +1 Renewal expire.

- During this period, the product is covered by a standard replacement of the faulty unit
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy).

Power Emergency & Power Emergency Premier Renewal

This service renews Power Emergency and extends it for another five years achieving a total coverage of ten years for single-phase UPS ≤3 kVA. It can be purchased before Power Emergency expires.

- During this period, the product is covered by the advance replacement of the faulty unit
- This Service Program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy)
- This Service Program grants emergency response within 8 working hours from the incident ticket acknowledgment:
 - The replacement unit is shipped to site
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service Program includes one complete battery set to

exchange internal exhausted batteries. The battery set is shipped with installation instructions and safety instructions concerning proper handling of the batteries

- The Premier version of this service also provides remote diagnostic and preventive monitoring with Vertiv™ LIFE™ Services.

Power Assurance & Power Assurance Premier Renewal

This service renews Power Assurance or Power Assurance Premier and extends them for another five years achieving a total coverage of ten years. It can be purchased before Power Assurance or Power Assurance Premier expire.

- During this period, the product is covered by advance replacement of the faulty unit or on-site repair intervention (depending on the type of failure and at the solely Vertiv discretion)
- This Service Program covers both electronic parts and batteries (batteries are covered only for failures, not for misuse and/or reduced autonomy)
- This Service Program grants emergency response within 8 working hours from the incident ticket acknowledgment:
 - The replacement unit is shipped to site or
 - On-site intervention of a Vertiv technician*
- The shipping costs are covered by Vertiv
- 24x7 Professional helpline
- One Preventive Maintenance visit*
- This Service Program includes one exchange of the internal exhausted batteries performed by a Vertiv technician* during the Preventive Maintenance visit
- The Premier version of this service also provides remote diagnostic and preventive monitoring with Vertiv LIFE Services.

On-site intervention

Service Programs for On-site intervention on Single-Phase

UPS Installation

This Service Program includes the visit of a Vertiv technician for the on-site installation of your UPS or your Battery Cabinets:

- It can be purchased within six months from the Equipment purchase date
- This Service program is available with the two scheduling options, 8x5* or 24x7 (excluding public holidays) in the country where the UPS is installed.

Start-Up Visit

This Service Program includes the visit of a Vertiv technician for UPS Start-up:

- Start-up Service Program can be purchased within six months from the Equipment purchase date
- This Service program is available with the two scheduling options, 8x5* or 24x7 (excluding public holidays) in the country where the UPS is installed
- This offer is not intended to be used as a repair service in case of UPS failure.

*During normal working hours (in the country where the UPS is installed), excluding public holidays, Saturdays and Sundays.

New Battery Cabinet

Service Programs for new Battery Cabinet

Warranty Extension +1

This Service Program extends standard warranty by one year.

It can be purchased within six months from the Battery Cabinet purchase date:

- During this period, the battery cabinet is covered by a standard replacement of the faulty unit (battery cabinets are covered only for failures, not for misuse and/or reduced autonomy)
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service Program covers one battery cabinet only. In case of installations with more than one battery cabinet, one warranty extension per battery cabinet is needed.

Warranty Extension +3

This Service Program extends standard warranty by three years. It can be purchased within six months from the Battery Cabinet purchase date:

- During this period, the battery cabinet is covered by a standard replacement of the faulty unit (battery cabinets are covered only for failures, not for misuse and/or reduced autonomy)
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service Program covers one battery cabinet only. In case of installations with more than one battery cabinet, one warranty extension per battery cabinet is needed.

Running Battery Cabinet

Renewal Service Programs for Running Battery Cabinet

Warranty Extension +1 Renewal

This Service Program renews Warranty+1 and extends it for one year for a maximum of two renewals. It can be purchased before Warranty +1 or the first Warranty +1 Renewal expire.

- During this period, the battery cabinet is covered by a standard replacement of the faulty unit (battery cabinets are covered only for failures, not for misuse and/or reduced autonomy)
- The shipping costs are covered by Vertiv
- This Service Program includes 8x5 Professional helpline
- This Service Program covers one battery cabinet only. In case of installations with more than one battery cabinet, one warranty extension per battery cabinet is needed.

Note: for more and detailed information on our Service Programs please get in contact with your dealer to get the Scope of Work of the Service Program you have purchased.

How Does the Online Service Program Work?

If you have purchased a Service Program you have communicated your name, surname and e-mail address to your dealer, who has provided us with them so that we can send you an e-mail with the Service Program Code for the Service Program you have purchased.

The e-mail with the Service Program Code will be sent to you within 2 working days from Service Program purchase.

In order to receive the service you have bought it is mandatory to activate the Service Program. To do so you need to register your Service Program on our website within 30 days from purchase, otherwise the Service Program will expire.

To register Service Program:

- Go to:
<https://www.vertiv.com/en-emea/support/register-your-product/registration/>
- Fill in the registration form
- Tick GDPR box (data processing mandatory, marketing purposes upon your choice)
- Submit registration request
- You will be immediately notified that the submission has been registered
- You will be also acknowledged within 2 working days by Vertiv with further details regarding the Service Program delivery.
