

# **Plymouth, South Hams & West Devon Local Planning Authorities' 2023, 5 Year Housing Land Supply Position Statement**

**February  
2024**

# 377

dwellings above target at the 2023 monitoring point.

# 12,392

net additional dwellings added to the dwelling stock 2014 to 2023.

# 2,413

net affordable homes provided.

# 121%

Housing Delivery Test 2022 Result.

# 98%

of the whole plan requirement has either been delivered, is under construction or has planning consent at April 2023 monitoring point.

# 89%

of the PPA target has either been delivered, is under construction or has planning consent at the 2023 monitoring point.

# 120%

of the TTVPA target has either been delivered, is under construction or has planning consent at the 2023 monitoring point.

# 5.84yLs

can be demonstrated at the 2023 monitoring point.

# 13,733

dwellings either have consent or are under construction at the 2023 monitoring point. The equivalent of 10 year's worth of annualised housing requirement.

# 88%

of the Plymouth LPA monitoring target has either been delivered, is under construction or has planning consent at the 2023 monitoring point.

# 105%

of the South Hams LPA monitoring target has either been delivered, is under construction or has planning consent at the 2023 monitoring point.

# 115%

of the West Devon LPA monitoring target has either been delivered, is under construction or has planning consent at the 2023 monitoring point.

Appendix 3. South Hams LPA supply over the next 5 years (2023-2028)	
Appendix 4. West Devon LPA supply over the next 5 years (2023-2028)	
Appendix 5. Sites removed from 5 Year Land Supply (lapsed and undeliverable consents & sites considered developable not deliverable 2023-2028)	
Appendix 6. Amendments to past net additional dwelling delivery due to NPPF/PPG changes regarding counting student and communal accommodation	
Appendix 7. List of small sites in 5 year land supply	
Appendix 8. Small sites windfall allowance – historic evidence	
Appendix 9. List of sites with consent for communal accommodation & list of losses forecast in the 5 Year Land Supply	
Appendix 10. Progress towards JLP policy area and LPA monitoring targets at 2023 monitoring point	
Appendix 11. JLP Whole Plan Area Delivery & Supply 2014-2034 trajectories	

## **I. Introduction**

- 1.1 This position statement presents the 5 year housing land supply (5YHLS) position for the Joint Local Plan (JLP) Authorities<sup>1</sup> as of 31<sup>st</sup> March 2023 for the five year period from 1<sup>st</sup> April 2023 to 31<sup>st</sup> March 2028. It sets out the JLP Authorities 2022 Housing Delivery Test result and 2023 5YHLS position in accordance with the National Planning Policy Framework (NPPF) and National Planning Practice Guidance (PPG).
- 1.2 The Plymouth and South West Devon JLP was adopted by South Hams District Council on 21<sup>st</sup> March 2019, Plymouth City Council on 26<sup>th</sup> March 2019 and West Devon Borough Council on 26<sup>th</sup> March 2019. The 2023 5YHLS position is therefore set against the Housing Requirement in the JLP.

## **2. What is the 5 year housing land supply?**

- 2.1 Paragraphs 69, 76 and 77 of the NPPF sets out the requirements for local planning authorities to identify a 5 year supply of deliverable sites. Paragraph 76 specifically states:

*“Local planning authorities are not required to identify and update annually a supply of specific deliverable sites sufficient to provide a minimum of five years’ worth of housing for decision making purposes if the following criteria are met<sup>40</sup>*

- a) *their adopted plan is less than five years old; and*
- b) *that adopted plan identified at least a five year supply of specific, deliverable sites at the time that its examination concluded.”*

*footnote 40 states “Transitional provisions relating to the application of this paragraph are set out in footnote 79”*

Paragraph 77 specifically states:

*“In all other circumstances, local planning authorities should identify and update annually a supply of specific deliverable sites sufficient to provide either a minimum of five years’ worth of housing<sup>41</sup>, or a minimum of four years’ worth of housing if the provisions in paragraph 226 apply<sup>2</sup>. The supply should be demonstrated against either the housing requirement set out in adopted strategic policies, or against the local housing need where the strategic policies are more than five years old<sup>42</sup>. Where there has been significant under delivery of housing over the previous three years<sup>43</sup>, the supply of specific deliverable sites should in addition include a buffer of 20% (moved forward from later in the plan period). National planning guidance provides*

---

<sup>1</sup> Plymouth, South Hams & West Devon Local Planning Authorities

<sup>2</sup> Paragraph 226 of the NPPF makes clear that the 4 year supply only applies to authorities with an emerging plan that has been submitted for examination or has reached Regulation 18 or Regulation 19 (Town and Country Planning (local Planning) (England) Regulations 2012

*further information on calculating the housing land supply, including the circumstances in which past shortfalls or over-supply can be addressed.”*

Footnote 41 states *“For the avoidance of doubt, a five year supply of deliverable sites for travellers – as defined in Annex 1 to the Planning Policy for Traveller Sites – should be assessed separately, in line with the policy in that document”*

Footnote 42 states *“Unless these strategic policies have been reviewed and found not to require updating. Where local housing need is used as the basis for assessing whether a five year supply of specific deliverable sites exists. It should be calculated using the standard method set out in national planning guidance”*

Footnote 43 states *“This will be measured against the Housing Delivery Test, where this indicates that delivery was below 85% of the housing requirement.”*

### **What is the starting point for the JLP authorities to demonstrate a 5YHLS?**

- 2.2 The NPPF makes clear that Local Planning Authorities are no longer required to demonstrate a 5YHLS for decision making purposes if the adopted plan is less than 5 years old and identified a 5YHLS when the plan was adopted. However, the NPPF sets out in paragraph 224 and footnote 79 that this change in the NPPF only applies to planning applications made on or after the date the NPPF was amended i.e. 19<sup>th</sup> December 2023 and that are then determined before the plan becomes 5 years old. For the purposes of decision-taking on relevant applications made prior to the 19<sup>th</sup> December 2023 the absence or demonstration of a 5YHLS remains material.
- 2.3 The JLP was fully adopted on 26<sup>th</sup> March 2019 and a 5YHLS was identified at the point of adoption, therefore the 5YHLS continues to be measured against the JLP Housing Requirement figure.

## **3. What is the Housing Delivery Test?**

- 3.1 The Government introduced the Housing Delivery Test (HDT) to determine local authorities’ performance against its new standard method for LHN or adopted plan housing requirement (whichever is the lower). The HDT measures<sup>3</sup> in percentage terms the net additional dwellings provided in a local authority area over the past three years against the lower of the adopted housing requirement or the authority’s LHN over the past three years.

---

<sup>3</sup> The method for calculating the HDT measurement is set out in the HDT measurement rule book <https://www.gov.uk/government/publications/housing-delivery-test-measurement-rule-book>  
Further details of the HDT and its implications are contained within the NPPG <https://www.gov.uk/guidance/housing-supply-and-delivery>

- 3.2 The 2022 HDT results were due to be published in November 2022 however publication was delayed as Government recognised the unfairness of the test upon LPA's in its recent planning reforms consultation<sup>4</sup> and indicated its intention to review the parameters of the Housing Delivery Test. The consultation sought views on whether the 2022 HDT should be suspended or amended and whether any consequences should be applied if the results are to be published. However, Government chose not to review the HDT at this time but indicated a future review of the test to consider ways in which the test could ensure that it does not penalise LPA's unfairly when slow delivery results from developer behaviour. The 2022 HDT results were therefore published alongside the updated NPPF on the 19<sup>th</sup> December 2023<sup>5</sup> and are the latest results to be published.
- 3.3 The HDT has the following policy consequences:
1. If delivery falls below 95% then an Action Plan must be published.
  2. If delivery falls below 85% then a 20% buffer should be added to the 5YHLS<sup>6</sup>. If relevant (see paragraph 2.2 & 2.3 above)
  3. If delivery falls below 75% then there is a presumption in favour of sustainable development<sup>7</sup>

### **HDT Calculation - Total net homes delivered over the last three years**

- 3.4 The HDT measurement rulebook explains that the number of net homes delivered to be used in the HDT (which is measuring delivery against plan requirement and LHN) is the National Statistic for net additional dwellings<sup>8</sup> with adjustments for net student accommodation and net other communal accommodation.<sup>9</sup>

#### How to count student cluster flats and communal accommodation?

- 3.5 As a result of the guidance contained in the HDT measurement rulebook it is now the case that student cluster flats are to be counted as single dwellings<sup>10</sup> against plan requirement and LHN figures. Furthermore, the Government introduced ratios to be applied to student communal and other communal accommodation<sup>11</sup> which are also to be counted against plan requirement and LHN.

---

<sup>4</sup> See paras 19 to 23 of [Levelling-up and Regeneration Bill: reforms to national planning policy - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/levelling-up-and-regeneration-bill-reforms-to-national-planning-policy)

<sup>5</sup> [Housing Delivery Test: 2022 measurement - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/housing-delivery-test-2022-measurement)

<sup>6</sup> The buffer to be applied to the 5YHLS is only set by the result of the HDT

<sup>7</sup> See NPPF paragraph 11d and footnotes 7 & 8

<sup>8</sup> <https://www.gov.uk/government/collections/net-supply-of-housing> published by MHCLG annually in November

<sup>9</sup> As defined in the Housing Flow Reconciliation (HFR) guidance notes at <https://www.gov.uk/guidance/dwelling-stock-data-notes-and-definitions-includes-hfr-full-guidance-notes-and-returns-form>

<sup>10</sup> Provided they meet the government definition of a dwelling (see link to HFR guidance in footnote 9)

<sup>11</sup> Not previously accounted for in the JLP authority statistics due to the provisions of the old PPG which is superseded by the new guidance.

- 3.6 As the HDT applies to the past three years the Government upon introduction of the test required local authorities to make adjustments to their net supply statistics retrospectively to account for the changes introduced in the guidance. The three JLP authorities have therefore adjusted their past delivery figures<sup>12</sup> and future supply figures to ensure it complies with the requirements of the HDT and is consistent with the NPPF/PPG. The amendments for each authority individually and collectively are set out in appendix 6.

### **HDT Calculation - Total number of homes required over the last three years**

#### Housing requirements less than five years old

- 3.7 Paragraph 12 of the HDT measurement rulebook indicates that where the latest adopted housing requirement figure is less than five years old, or has been reviewed and does not need updating, the figure used will be the lower of either the latest adopted housing requirement or the minimum annual local housing need figure for the relevant years. With regard to adopted joint plans paragraph 12 makes clear that where the housing requirement is set out in an adopted joint plan; the joint plan should be clear whether areas will be measured jointly or separately for the purposes of the HDT.

### **What happened upon adoption of the JLP?**

- 3.8 Paragraphs 16 to 18 of the HDT measurement rulebook explains that any new housing requirement will be used for the calculation of the HDT from the date that it becomes part of the development plan and that for calculating the HDT, the new adopted housing requirement will apply from the start of the relevant plan period. Following adoption of new strategic policies, the new housing requirement figure can be used to recalculate the HDT results during the year in collaboration with MHCLG.

### **How are areas with joint local plans monitored for the purposes of the Housing Delivery Test?**

- 3.9 At the time the JLP was adopted the PPG stated “*Areas which have or are involved in the production of joint plans will have the option to monitor their Housing Delivery Test over the whole of the planning area or on a single authority basis. This will be established through the plan making process and the approach will need to be set out in the plan. For joint plans less than 5 years old in November 2018, the authority will need to notify MHCLG of their preference.*”

---

<sup>12</sup> This was only relevant for the years 2014-2018

### **What did this mean for the JLP Authorities? (Post Adoption of the JLP)**

- 3.10 The adopted JLP sets out the HR and 5YHLS position at policy areas (Plymouth Policy Area and Thriving Towns and Villages). Under the provisions of the revised NPPF/PPG and HDT measurement rulebook, the HR, the HDT and the 5YHLS can only be set out at the whole plan level or single authority level. On this basis the JLP's HR and 5YHLS at the Policy Area level was inconsistent with the revised NPPF & PPG. The JLP authorities post adoption of the JLP, notified the Ministry of Housing, Communities and Local Government (as it was then called) of the newly adopted JLP containing a new HR, and that the JLP Authorities have chosen the whole plan option for the purposes of the application of the HDT and 5YHLS. In accordance with Paragraph 18 of the HDT Rule Book the JLP authorities therefore requested a recalculation of the HDT measurement for 2018. The Government then recalculated the HDT measurement for 2018 (see appendix 1) which confirms that under the provisions of transitional arrangements the HDT and 5YHLS is to be applied at the whole plan level and this supersedes the position set out in Policy SPT3 of the JLP, without the need to review the policy in the adopted plan until the plan is reviewed 5 years from adoption. This remains consistent with revised PPG paragraph 043, which now states *“Where an adopted joint plan has a joint housing requirement and trajectory that is not demarcated by local planning authority boundaries, the authorities will be treated as one authority for the purposes of the Housing Delivery Test, with the consequences of their result applied to both authorities”*<sup>13</sup>

#### The Housing Delivery Test measurement for 2022

- 3.11 As explained above the HDT is a percentage measurement of the number of net homes delivered (the numerator) divided by the number of homes required (the denominator) over the last 3 years (2019-2022). The number of homes required<sup>14</sup> is the lower of the latest adopted housing requirement or the minimum LHN figure for each year.

#### COVID-19 Adjustment for the Housing Delivery Test measurements

- 3.12 The Government previously announced an adjustment to the 2020 HDT measurement in light of the disruption caused by the first national lockdowns. The Housing Delivery Test: 2020 Measurement Technical Note states *“To reflect the temporary disruption caused by the first national lockdown announced on 23 March 2020, the period for measuring the homes required in 2019/20 has been reduced by 1 month. As ‘homes required’ data (detailed above) can be calculated by the day, the 19/20 ‘homes required’ measurement period has been reduced by 31 days”*. Furthermore, the Government has also made an adjustment to the 2021 HDT measurement. The 2021 Measurement Technical Note, paragraph 43 states *“Over the course of the 2020-21 measurement year, there were considerable variations in levels of housing delivery as local authorities and construction industry continued to face disruption on a*

<sup>13</sup> Reference ID:3-063-20180913 (PPG 2018) & Paragraph 043 Reference ID:68-043-20190722 (PPG 22 July 2019).

<sup>14</sup> MHCLG, Housing Delivery Test Measurement Rulebook - paragraph 12, July 2018

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/728523/HDT\\_Measurement\\_Rule\\_Book.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/728523/HDT_Measurement_Rule_Book.pdf)

*national, regional and local level due to the pandemic. As a result, the Government took the decision to apply a 4-month adjustment to the housing requirement figures for 2020-21 in order to account for these fluctuations” and in paragraph 44 “For the purposes of the calculation, the ‘homes required’ for the months of April-July 2020 will be deducted from every result. This equates to a deduction of 122 days from the homes required figure for the 2020/21 test year.” No adjustments are made to the 2021/22 test year. Table 1 below shows that for the HDT measurement the minimum LHN figure is to be used as it is lower than the JLP whole plan housing requirement annualised.*

Table 1: HDT Measurement – Number of Homes Required (the Denominator)

	Number of Homes Required <sup>15</sup>			Total number of Homes Required
	2019/20 <sup>16</sup>	2020/21 <sup>17</sup>	2021/22	2019-2022
(Total Annual LHN for all three District Authorities combined)	1,190	879	1,263	3,332 <sup>18</sup>
JLP Whole Plan Area Housing Requirement (Annualised)	1,335	1,335	1,335	4,005

3.13 The number of homes delivered (the numerator) over the period 2019-2022 is shown below in table 2. The HDT measurement uses as its denominator in the equation, the minimum LHN for District Authorities which includes Dartmoor National Park (DNP), therefore the HDT methodology includes the number of homes delivered in the DNP to ensure the test is a fair test. It is important to note that the JLP HR relates only to the area covered by the JLP and does not include DNP. If the JLP HR was lower than the minimum LHN and became the denominator in the equation, then the delivery in DNP would be excluded from the total number of dwellings delivered (the numerator).

<sup>15</sup> All numbers in the table are rounded to the nearest whole number.

<sup>16</sup> Number of homes required adjusted by the 31 day COVID reduction.

<sup>17</sup> Number of homes required adjusted by the 122 day COVID-19 reduction.

<sup>18</sup> See HDT 2022 Measurement [Housing Delivery Test: 2022 measurement - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/statistics/housing-delivery-test-2022-measurement)

Table 2: Number of Homes Delivered (the numerator)

	Number of Homes Delivered <sup>19</sup>			Total number of Homes Delivered
	2019/20	2020/21	2021/22	2019-2022
Plymouth CC	693	535	341	1,569
South Hams DC (Inc. DNP)	509 <sup>20</sup>	545 <sup>21</sup>	546 <sup>22</sup>	1,600
West Devon BC (Inc. DNP)	290 <sup>23</sup>	299 <sup>24</sup>	266 <sup>25</sup>	855
<b>Whole Plan Area</b>	<b>1,491</b>	<b>1,380</b>	<b>1,153</b>	<b>4,024</b>

3.14 The 2022 HDT measurement as a result of the adoption of the JLP is therefore applied to the JLP Local Authorities combined and is shown in table 3 below.

Table 3: 2022 HDT measurement

Number of homes required <sup>26</sup>			Total number of homes required	Number of homes delivered			Total number of homes delivered	HDT 2022 measurement	HDT 2022 consequence
2019/20	2020/21	2021/22		2019/20	2020/21	2021/22			
1,190	879	1,263	3,332	1,491	1,380	1,153	4,024	121%	None

### Which buffer should therefore be applied to the 5YHLS?

3.15 The 2022 HDT result for the 3 JLP authorities is above 95% therefore there continues to be no policy consequences and no buffer is required for the purposes of the 2023 5YHLS.

<sup>19</sup> As published in the Government's net additional Supply data series <https://www.gov.uk/government/statistical-data-sets/live-tables-on-net-supply-of-housing>. All numbers in the table are rounded to the nearest whole number.

<sup>20</sup> This figure includes 2 dwellings delivered in DNP.

<sup>21</sup> This figure includes 2 dwellings delivered in DNP.

<sup>22</sup> This figure includes 19 dwellings delivered in DNP.

<sup>23</sup> This figure includes 41 dwellings delivered in DNP.

<sup>24</sup> This figure includes 31 dwellings delivered in DNP.

<sup>25</sup> This figure includes 36 dwellings delivered in DNP.

<sup>26</sup> Numbers in table are rounded.

## 4. National Policy & Guidance - Demonstrating a 5YHLS

### What constitutes a ‘deliverable site’ in the context of housing policy?

- 4.1 The NPPF contains a definition of ‘deliverable’ which applies to sites that can be identified in the 5YHLS. This is defined in the glossary of the NPPF as follows:

**“Deliverable:** *“To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within five years. In particular:*

- a) *sites which do not involve major development and have planning permission, and all sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (for example because they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans).*
  - b) *where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.*
- 4.2 The three JLP authorities interpret this definition to mean that small sites (below 10 dwellings with either outline of full permission, and major sites (10 dwellings or more) with detailed permission are considered to be deliverable unless there is clear evidence to demonstrate that they are not. Large sites of 10 or more dwellings with outline permission<sup>27</sup> or are allocated in a development plan<sup>28</sup> should only be considered deliverable where there is clear evidence of a realistic prospect that housing completions will begin on site within five years.

### National Planning Practice Guidance (PPG)

- 4.3 The PPG<sup>29</sup> provides additional guidance on what is meant by ‘clear evidence’ in relation to assessing whether sites with outline permission, (major development - 10 dwellings and above) permission in principle, allocated in a development plan or identified on a brownfield register can be considered deliverable within the 5 year land supply. It states

*“Such evidence, to demonstrate deliverability, may include:*

- *current planning status – for example, on larger sites with outline or hybrid permission how much progress has been made towards approving reserved matters, or whether*

<sup>27</sup> Or a site that has a grant of permission in principle.

<sup>28</sup> Or identified on a brownfield register.

<sup>29</sup> PPG paragraph: 007 Reference ID:68-007-20190722

*these link to a planning performance agreement that sets out the timescale for approval of reserved matters applications and discharge of conditions;*

- *firm progress being made towards submission of an application – for example, a written agreement between the local planning authority and the site developer(s) which confirms the developers’ delivery intentions and anticipated start and build-out rates;*
- *firm progress with site assessment work; or*
- *clear relevant information about site viability, ownership constraints or infrastructure provision, such as successful participation in bids for large scale infrastructure funding or other similar projects.”*

4.4 The PPG<sup>30</sup> states that ‘Annual Position Statements’ will be expected to include commentary on whether delivery has either exceeded or not progressed as expected and an indication of the reasons for acceleration or delays to the commencement on sites or effects on build out rates. The PPG<sup>31</sup> also states that Local Planning Authorities (LPA’s) need to engage with stakeholders who have an impact on the delivery of sites to provide a robust challenge and to seek as much agreement as possible on the potential delivery on sites which contribute to the 5YHLS.

4.5 The JLP authorities, 2023 5YHLS assessment has been produced in line with NPPF ‘deliverability’ definition and the guidance set out in PPG. The JLP authorities have liaised with developers/promoters of sites contained within the JLP Housing supply between September and October 2023<sup>32</sup> to establish:

- agreements on delivery profiles and delivery rates for sites;
- progress towards submission of applications where applicable;
- whether there is ‘clear evidence’ of non-delivery or delivery of consents/allocations within the 5YHLS, in line with the requirements of the ‘deliverability’ definition;
- reasons for a site’s acceleration or slow down if applicable including whether; COVID-19 and inflation/cost of living crisis has had an effect on delivery/deliverability; and
- whether there is a developer on board.

4.6 The 5YHLS position for the whole plan area is set out below combining the summary tables for each authority’s supply identified to deliver over the next 5 years (2023-2028) and provides details of the housing delivery within the JLP plan period to date. The

<sup>30</sup> PPG Paragraph: 014 Reference ID: 68-014-20190722

<sup>31</sup> PPG Paragraph: 015 Reference ID: 68-015-20190722 & PPG Paragraph 16 Reference ID: 68-016-20190722

<sup>32</sup> The assessment of deliverability at April 2023 takes account of developers/promoter intelligence/evidence at September/October 2023, if confirmation of an application lapsing has been provided post April 2023 it has therefore been removed unless there remains clear evidence of a realistic prospect of delivery within the 5YLS period,

detailed components of the whole plan 5YHLS broken down by the supply in each LPA area is set out in appendices 2, 3 and 4<sup>33</sup>. These appendices indicate:

- the site's planning status, including how many dwellings have commenced construction if applicable;
- whether there is an agreement in relation to the delivery profile with the developer/promoter;
- the assumptions that the LPA's have made with regard to lead in times and delivery rates where applicable;
- whether there is 'clear evidence' to support its inclusion in the 5YHLS where applicable and whether there is 'clear evidence' to justify a site's exclusion from the 5YHLS where applicable.

4.7 Some sites<sup>34</sup> previously identified in the 2022 5YHLS have been moved out of the 5YHLS due to their progress or status changing since 2022 and the latest evidence on their delivery. The sites that have been removed from this year's 5YHLS and the reasons for their removal are identified in appendix 5. Whilst delivery on some of these sites may well occur in the next 5 years, the evidence at this stage and their current planning status suggests there isn't a 'realistic prospect' of delivery in the 5YHLS and therefore a cautious approach is taken in line with the NPPF 'Deliverability' definition. Should progress occur on these sites during the next 12 months then they could be brought forward into the 5YHLS if there is clear evidence to justify delivery can be realistically assumed.

#### The impact of COVID 19, inflation and rising interest rates

4.8 The National Lockdown during the March to June 2020 period and subsequent lockdowns delayed the progression of sites under construction and the commencement of sites. The Government has recognised the impact that the pandemic had on construction and have adjusted the HDT measurement by 1 month for the 2020 measurement and 4 months for the 2021 measurement (see para 3.12 above). It is clear from the developer liaison in the past 3 years that a number of developments shut down during lockdown periods and have experienced delays. This has clearly affected the completion of new dwellings over the last 3 years and commencement of new sites and dwellings have also been affected. Furthermore, high inflation and rising interest rates are having an impact on build costs and the availability and affordability of finance and therefore the demand for new homes. Nationally developers have forecasted a reduction of housing output in the short term as house prices continue to fall and demand for new homes has reduced. As a result, it has been assumed that a number of allocations will deliver later in the plan period and in some cases move backwards to deliver dwellings beyond 2034.

<sup>33</sup> Appendix 2 – Plymouth LPA, Appendix 3 – South Hams LPA, Appendix 4 West Devon LPA

<sup>34</sup> Appendix 5 identifies the list of sites previously identified in the 2022-25 5 YLS that have subsequently moved out of the 5YHLS on the basis of the 2023 position update. These appendices also list sites with consent that have been considered to be undeliverable and sites where the consent has lapsed since April 2023.

## 5. JLP whole plan delivery 2014-2023 & 5YHLS

### Net additions to the dwelling stock in 2022/23

- 5.1 Across the whole plan area a further 1,285 net additions to the dwelling stock have been delivered during 2022/23. This is an increase on the previous year that was heavily affected by the impacts of COVID i.e. National Lockdowns. Delivery remains ahead of the cumulative target at the 2023 monitoring point by 377 dwellings. Table 4 below shows the Housing Survey results for 2022/23 by whole plan, policy and LPA area.

Table 4: Net additions to the dwelling Stock in 2022/23

<b>Geographical Area</b>	<b>Net additional dwellings – 2022/23</b>
<b>Plymouth LPA</b>	<b>385</b>
<b>South Hams LPA</b>	<b>551</b>
<b>West Devon LPA</b>	<b>349</b>
<b>JLP Whole Plan Area Total</b>	<b>1,285</b>
<b>Policy Area- Plymouth</b>	<b>590</b>
<b>Policy Area – Thriving Towns &amp; Villages</b>	<b>695</b>

### Total net completions from the plan base date by year

5.2 Table 5 below shows the total net completions from the adopted JLP plan base date (2014) by year.

Table 5: Total net additions to the dwellings stock from the adopted JLP base date (2014)

	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21	2021/22	2022/23	Total (net additions 2014-2023)
Plymouth LPA	700	1,129	557	1,372	850	693	535	341	385	6,562
South Hams LPA <sup>35</sup>	177	428	326	511	465	507	543	527	551	4,035
West Devon LPA <sup>36</sup>	116	154	196	160	73	249	268	230	349	1,795
JLP whole plan area total <sup>37</sup>	993	1,711	1,079	2,043	1,388	1,449	1,346	1,098	1,285	12,392
Policy Area - Plymouth	700	1129	557	1,398	883	852	671	448	590	7,228
Policy Area – Thriving Towns & Villages	293	582	522	645	505	597	675	650	695	5,164

5.3 The JLP Housing Requirement is to deliver 26,700 net additional dwellings over the plan period 2014-34, which is annualised to 1,335 dwellings per annum (dpa). At the 2023 monitoring point 12,392 net additional dwellings (see figure 1 below) have been added to the dwelling stock in the first 9 years of the plan period across the JLP whole plan area. This represents a surplus of 377<sup>38</sup> dwellings above the housing requirement annualised at this point of 12,015.

<sup>35</sup> Therefore, does not include delivery in DNP

<sup>36</sup> Therefore, does not include delivery in DNP

<sup>37</sup> Taking account of revised NPPF/PPG changes regarding how student and communal accommodation should be counted for the HDT & 5YLS. Appendix 6 identifies the difference in the net additional supply compared to the position set out in the JLP which was examined under the transitional arrangements and against the NPPF 2012 and PPG prior to July 2018.

<sup>38</sup> The surplus position has reduced from 427 dwellings to 377 dwellings.

Figure I: JLP – Net additions to the dwelling stock in the whole plan area (2014-2023)

5.4 Table 6 below provides a breakdown by development type of the 12,392 net additions since the base date of the development plan.

Table 6 – Net additions to the dwellings stock in the whole plan area, by development type (2014-2023)

Breakdown of Delivery	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21	2021/22	2022/23	Total 2014-2023

Net additional affordable housing from development 2014-2023

5.5 Policy SPT 3 refers to a target of 6,600 net additional affordable dwellings from development over the plan period 2014-34 annualised to 330dpa. Net affordable housing delivery from development over the first 9 years of the plan period (2014-2023) = 2,413 dwellings at an average of 268 dpa and a shortfall position of 557 dwellings at the 2023 monitoring point. The shortfall at the 2023 monitoring point is due primarily to the large scale major regeneration programmes within Plymouth at Devonport, North Prospect and Barne Barton in the early part of the plan period. These regeneration schemes have

resulted in 714 losses (within the plan period) of poor quality affordable houses being replaced by a supply of high quality affordable housing that will continue to deliver at North Prospect and Barne Barton over the next few years. The JLP & 5YHLS identifies a headroom of housing against the housing requirement and a sufficient supply of affordable housing is expected from the supply to be on track to deliver the policy targets by 2034 (See conclusion section paragraphs 5.20 & 5.21).

### **What is the 5YHLS for the JLP whole plan area for the period 2023-2028?**

- 5.6 The supply identified in the next 5 years (2023-2028) for each of the JLP authorities is set out in detail by source type in appendices 2, 3 and 4. Table 7 below brings together the total supply identified from each LPA and identifies a total net supply of 7,362 dwellings for the 2023-28 period.

Table 7: 5YLS – Total net supply across the whole plan area 2023-2028

	2023/24	2024/25	2025/26	2026/27	2027/28	Total Supply (net) 2023-2028
Plymouth LPA	326	261	434	653	867	2,541
South Hams LPA	715	675	727	752	523	3,392
West Devon LPA	264	265	295	323	282	1,429
Whole Plan Area 5YLS Total	1,305	1,201	1,456	1,728	1,672	7,362

- 5.7 At April 2023 a total of 13,733 dwellings had consent in the whole plan area, 1,662 of which had commenced construction. Therefore, a total of 26,125 dwellings have either been delivered, are currently under construction or have planning consent at April 2023, which represents 98% of the JLP housing requirement. It should be noted that not all dwellings with consent appear in the 5YHLS due to phasing on large sites and developer's decisions with regard to how slow or fast they aim to build out their consents. In addition, some sites with consent have been assessed as being undeliverable within the 5YLS<sup>39</sup>.

#### 5YLS Supply Source – Large sites (sites of 5 or more dwellings in PPA and 10 or more in TTVPA)

- 5.8 All large sites<sup>40</sup> with consent have been assessed. Sites with outline and detailed consent for less than 10 dwellings and sites of 10 dwellings or more are considered deliverable unless there is 'clear evidence' to suggest otherwise. Sites with outline consent and JLP allocations with no consent have been assessed to establish whether there is 'clear

<sup>39</sup> see appendix 5

<sup>40</sup> 5 dwellings or more in the PPA and 10 dwellings or more in the TTVPA

evidence' that they can be considered deliverable in the 5YHLS. Where there is 'clear evidence' to suggest that any site with any form of consent could be considered undeliverable it has been removed from the 5YHLS. These sites are identified in appendix 5. On this basis there is no need to apply a lapse rate to sites identified from this source as all sites in this category have been assessed and sites removed where they are considered undeliverable.

- 5.9 Where applicable the lead-in-times and delivery rate methodologies that informed the 5YHLS assessment in the JLP examination in early 2018 have been used to inform assumptions and to sense check against developer's forecasts and assumptions<sup>41</sup>.

#### Supply Source – Small Sites & Small Sites Lapse Rate

- 5.10 A list of small sites<sup>42</sup> contained in the 5YHLS are provided in Appendix 7 broken down by LPA area. The NPPF 'deliverable' definition makes clear that these sites should be considered deliverable unless there is clear evidence to indicate they will not be delivered. A lapse rate<sup>43</sup> is applied to the small sites within the 5YHLS where the site has yet to commence construction consistent with the approach taken in the examination into the JLP.

#### Supply Source – Small Sites Windfall Allowance

- 5.11 The supply contains an allowance for small sites (non-garden land) based on historic evidence. Appendix 8 provides the evidence for the small sites windfall allowance for both the Plymouth Policy Area and the Thriving Towns & Villages Policy Area. The allowance is for sites less than 5 dwellings within the Plymouth Policy Area which has reduced slightly to 41dpa as a result of small site delivery. Within the Thriving Towns & Villages Policy Area, the allowance is for sites less than 10 dwellings, and this has increased slightly to 105dpa. The evidence to justify this increase is set out in Appendix 8. The allowance is only applied in years 4 and 5 of the 5YHLS.

 Revised Housing Topic Paper (Provision and Supply) January 2018 TP3(rev) Appendix 11.2  
<https://www.plymouth.gov.uk/sites/default/files/HousingTopicPaperProvisionSupplyUpdated.pdf>

<sup>42</sup> The threshold for small sites in Plymouth LPA is below 5 dwellings as the JLP allocated sites of 5 dwellings and above within the Plymouth LPA. The threshold for small sites in South Hams & West Devon LPA's is below 10 dwellings in line with threshold for major development as the JLP allocated sites of 10 dwellings and above in the South Hams and West Devon LPA areas.

<sup>43</sup> 10% in the Plymouth Policy Area (Plymouth LPA and SH urban fringe) 15% in Thriving Towns & Villages Policy Area

### Supply Source – Sustainable Village Allowance/Consents

- 5.12 JLP Policy TTV25 makes provision in the order of 550 homes sought from the sustainable villages as part of the overall housing provision for the Thriving Towns and Villages Policy Area. 38 dwellings are forecast to be delivered in the 5YHLS in the TTV from this supply category. They are on 2 sites with consent but are not JLP allocations nor counted as other large site commitments. These sites are listed in Appendix 3.

### Supply Source – Student Accommodation

- 5.13 The changes to the NPPF and PPG post July 2018 make clear that student accommodation in the form of cluster flats is to be counted against adopted housing requirements and LHN as single dwellings. This represents a change to the previous planning framework where student accommodation could only be counted on the basis of the amount of accommodation released to the market. The JLP authorities' demonstrated evidence of such a release of market housing as a result of the provision of purpose-built student accommodation within Plymouth.
- 5.14 The JLP authorities produced a methodology to count the effective release of student bed spaces in HMO's to the open market. The methodology<sup>44</sup> used to inform the housing supply in the JLP is now superseded by new Government guidance and the parameters of the HDT<sup>45</sup>. The 5YHLS now contains the student accommodation sites that are under construction or with consent and their respective dwelling numbers as per the requirements of the HDT. The deliverability of these sites and their delivery profile has been assessed in liaison with responses provided by developers/promoters. Where a site with consent has been considered to be undeliverable it has been removed from the 5YHLS and a list of such sites is provided in appendix 5. On this basis there is no need to apply a lapse rate to the sites contained in the supply as they have been assessed and are considered deliverable in accordance with the NPPF 'deliverable' definition and guidance set out in PPG and the HDT measurement rule book.

### Supply Source – Communal Accommodation

- 5.15 The PPG<sup>46</sup> provides a methodology for the counting of communal accommodation<sup>47</sup>. The methodology provides a national ratio (1.8) to be applied to C2 communal accommodation on the basis of bed spaces i.e. number of bed spaces divided by 1.8. The supply therefore applies this ratio to such sites including consents that result in the loss of

<sup>44</sup> <https://www.plymouth.gov.uk/sites/default/files/PlymouthStudentAccommodation.pdf>

<sup>45</sup> PPG paragraph 041 Reference ID: 68\_041-20190722

<sup>46</sup> Paragraph: 041 Reference ID: 68-041-20190722 <https://www.gov.uk/government/publications/housing-delivery-test-measurement-rule-book>

<sup>47</sup> Including student accommodation but not student cluster flats as they are counted as single dwellings provided they meet the Government definition of a dwelling. There are no student communal accommodation consents within the supply.

communal accommodation. Sites that make up this source of supply can be found in appendix 9.

The 2023 whole plan area 5 YLS position

- 5.16 Table 8 below sets out the years of supply against the adopted JLP whole plan housing requirement at the 2023 monitoring point.

Table 8: 5 YLS 2023-2028 against JLP Whole Plan Housing Requirement

<b>5 Year Land Supply 2023-2028 against Whole Plan Housing Requirement</b>		
Step	5YLS Components	Results
A	JLP whole plan Requirement 2014-34	26,700
B	JLP whole plan requirement annualised (A/20)	1,335
C	Net additional dwellings delivered 1 <sup>st</sup> April 2014 - 31 <sup>st</sup> March 2023	12,392
D	Shortfall/surplus against JLP whole plan requirement since 1 <sup>st</sup> April 2014 (1,335x9=12,015) - C	-377 (i.e. a surplus)
E	Five year requirement (Bx5 i.e. 1,335x5)	6,675
F	Five year requirement minus surplus (E + D)	6,298
H	JLP authorities deliverable supply 1 <sup>st</sup> April 2023 – 31 <sup>st</sup> March 2028 (2,541+3,392+1,429) <sup>48</sup>	7,362
<b>I</b>	<b>Five year land supply position (H/ (F/5))</b>	<b>5.84 years supply</b>

### Conclusion

- 5.17 A 5.84 year land supply is identified, therefore a 5YHLS can be demonstrated across the whole plan area. Progress towards the policy and monitoring targets at the Policy and LPA areas are set out in appendix 10.
- 5.18 A breakdown of the identified housing supply by Policy and LPA area covering the plan period 2014-34 is also provided in appendix 11. This identifies a supply of 29,740 deliverable and developable dwellings over the period 2014-34.

<sup>48</sup> Plymouth + South Hams + West Devon (deliverable supply 2023-2028, identified in table 7). See also appendices 2, 3 & 4 supply tables.

- 5.19 Table 9 below shows the identified supply (2014-34), broken down in the LPA and Policy Area geographies.

Table 9: Identified Supply 2014-2034, at 2023 Monitoring Point

Identified Supply (2014-2034)		
LPA		
Plymouth	14,301	=29,740
South Hams	11,342	
West Devon	4,097	
Policy Area		
PPA	19,182	=29,740
TTV	10,558	

- 5.20 At the 2023 monitoring point 12,392 net additional dwellings have been added to the dwelling stock in the first 9 years of the plan period. This represents a surplus of 377 dwellings above the HR annualised of 12,015 dwellings (1,335 x 9 years). To ensure the JLP meets the HR of 26,700 net additional dwellings by 2034, a net additional supply of 14,308 dwellings over the remaining plan period (2023-2034) ought to be identified in the supply. A net supply of 17,348 deliverable and developable dwellings is identified in the remainder of the plan period, which is 3,040 dwellings above the 14,308 dwellings required by 2034. There is therefore sufficient flexibility in the supply identified which represents a headroom of 11% above the JLP HR. No action is therefore required at this point to address supply within the whole plan area.
- 5.21 At the 2023 monitoring point 2,413 net additional affordable dwellings have been delivered through development in the first 9 years of the plan period. This represents a shortfall of 557 dwellings against the JLP affordable housing target annualised at this point of 2,970 dwellings (330 x 9 years). To ensure the JLP meets the affordable housing target of 6,600 dwellings by 2034 a net additional supply of 4,187 dwellings over the remaining plan period (2022-2034) ought to be identified in the supply. As mentioned above in para 5.20 sufficient supply to meet the HR is identified in the remainder of the plan period with an 11% headroom which should be sufficient to provide enough affordable homes to meet the plan target. All 3 LPA's have housing implementation strategies aimed at the provision of additional affordable housing to supplement the supply identified. This includes for example bringing forward small windfall sites for affordable housing and the acquisition of additional homes above policy secured where developers are unable to sell to the market. For example, at Sherford an additional 53 units were transferred from open market housing to affordable housing in 2022/23 and a further 98 affordable dwellings are under construction that have also been transferred from open market homes. No further action is therefore required at this point to address supply within the whole plan area.

Date: **10 May 2019**

I am writing to you following your notification to the Ministry of Housing Communities and Local Government that Plymouth City Council, South Hams District Council and West Devon Borough Council have a newly adopted joint plan containing a new housing requirement.

In accordance with Paragraph 18 of the Housing Delivery Test Rule Book, you have requested that we now use this newly adopted housing requirement and related plan period to re-calculate your Housing Delivery Test measurement for 2018.

Consequently, based upon the revised information you have supplied, Plymouth City Council, South Hams District Council and West Devon Borough Council's Housing Delivery Test measurement has now been re-calculated based on the new requirement. I am therefore in a position to confirm that Plymouth, South Hams and West Devon's revised 2018 joint measurement is as follows:

Number of homes required			Total number of homes required	Number of homes delivered			Total number of homes delivered	Housing Delivery Test: 2018 measurement	Housing Delivery Test: 2018 consequence
2015-16	2016-17	2017-18		2015-16	2016-17	2017-18			
978	979	1,037	2,994	1,712	1,011	2,166	4,889	163%	None

The Department publishes the Housing Delivery Test measurement once annually, and therefore does not amend the Housing Delivery Test publication when an area adopts a new housing requirement. However, to provide clarity, you should publish this on your website.

For the avoidance of doubt, this letter supersedes the measurements for each of your local authority areas which were published on 19<sup>th</sup> February 2019.

The revised Housing Delivery Test measurement for Plymouth, South Hams and West Devon will take effect upon receipt of this letter, as will any consequences that apply as a result of the measurement.

The consequence shown above will remain in place until the next full publication of the Housing Delivery Test measurement.

Finally I'd like to take this opportunity once again to congratulate you on the adoption of a new plan.

Yours sincerely,

Planning Policy

# **APPENDIX 2**

**Plymouth LPA supply over the next 5  
years (2023-2028)**

Policy	PLYMOUTH LPA Site Name	Planning Application Number	Planning Status at end of March 2023	Total Dwellings Permitted/Allocated remaining to be delivered	Total Dwellings Delivered 2014-2023	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing /accelerating)	Developer/Landowner/ Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
Small sites total (list of small sites as appendices)				718		58	81	37	1	3					
Large Sites Commitments															
	St Budeaux Library Victoria Road	18/00643/FUL	Under Construction	24		24							Site has detailed consent for 24 dwellings. As at April 2023 the development appeared almost complete. Development has stalled due to contractor issues and a receiver has been appointed. Livewest cannot take ownership to rectify outstanding issues as in hands of the receiver.	N/A	As the development is almost complete there remains a realistic prospect that this issues preventing completion of the development would be resolved in the short term and therefore no clear evidence to suggest site would not complete in the 5YLS.
	Land adjacent to 110 Kenmare Drive	18/02080/FUL	Under Construction	6			6						Site has detailed consent for 6 dwellings. As at April 2023 all 6 dwellings remained under construction. Developer indicates that development presently stalled due to issues with another application that impacts this development, but indicates completion now likely by end of 2024	Yes	N/A
	Bostons Boat , Baylys Road	17/02074/FUL	Under Construction	15		15							Site has detailed consent for 15 dwellings. As at April 2023 we noted that all 15 dwellings had commenced construction. Developer confirms that all 15 dwellings are scheduled to complete by end of February 2024.	Yes	N/A
	Beacon Castle Sport & Social Club, Channel Park Avenue	18/00041/REM, 16/01269/OUT previous - 12/01362/OUT 08/02049	Under Construction	7	6	1							Site has detailed consent for 7 dwellings. As at April 2023, 6 dwellings had completed and the remaining dwelling had commenced construction	N/A developer not contacted	Remaining dwelling under construction, reasonable to assume completion in the 5YLS
	Land at Prince Maurice Road	18/00432/FUL	Under Construction	99			44	55					Site has detailed consent for 99 dwellings. As at April 2023 we noted that 8 dwellings of phase 1 (44 dwellings) had commenced construction. Developer indicates that development has been hit with numerous delays due to the effects of Brexit/COVID and the war in Ukraine. The developer indicates that that the first block of 16 apartments are due to be released in October, however the developer indicates that it would prudent to assume the completion of phase 1 in 2024/25 and phase 2 during 2025/26.	Yes	N/A
	Stoke Damerel College, Keppel Place	20/01277/FUL	Large Conversion Under Construction	23			23						Site has detailed consent for 23 dwellings (conversion). As at April 2023 we noted that the development had commenced construction. Developer has indicated that the development is presently stalled but provides no detailed reasons as to why nor when completion is anticipated.	N/A developer has not provided a delivery profile update	Development under construction albeit presently stalled. No clear evidence that there isn't a realistic prospect of the development completing in the 5YLS.
	13 Merrivale Road	20/01204/FUL	Large Conversion Under Construction	13		13							Site has detailed consent for 13 dwellings (conversion). As at April 2023 we noted that all dwellings had commenced construction and nearing completion. Case officer confirms development has completed post April.	N/A no reason to contact developer as confirmation development has completed post April	N/A
	115 North Hill Plymouth PL4 8JY	23/00118/GP2	Planning permission - Not Yet Started	5				5					Site has detailed consent for 5 dwellings (conversion). As at April 2023 we assumed the development had yet to commence. No response provided by Developer.	No response provided by the Developer.	As site had yet to commence as at April 2023 we have assumed delivery likely by end of March 2026.

Policy	PLYMOUTH LPA Site Name	Planning Application Number	Planning Status at end of March 2023	Total Dwellings Permitted/Allocated remaining to be delivered	Total Dwellings Delivered 2014-2023	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing /accelerating)	Developer/Landowner/ Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
Small sites total (list of small sites as appendices)				718		58	81	37	1	3					
Large Sites Commitments															
	Morley Youth & Community Centre Broadland Gardens	21/00722/FUL	Planning permission - Not Yet Started	10			10						Development attained consent in November 2021. As at April 2023 we noted that all 10 dwellings had yet commence construction. Case officer confirms development has commenced post April and developer indicates that completion of all dwellings are scheduled to complete by end of March 2024.	No	We have assumed delivery is more likely in 2024/25 given the potential for slippage beyond end of March 2024.
	Land at St Peters Close	21/02060/FUL	Planning permission - Not Yet Started	5			5						Detailed consent for 5 dwellings attained in February 2022. As at April 2023 we noted that all 5 dwellings has yet commence construction. Developer indicates development has commenced post April and indicates completion likely by end of July 2024.	Yes	N/A
	St Helens Walk	21/00478/FUL	Planning permission - Not Yet Started	7		7							Development attained detailed consent in June 2021 for 7 dwellings. As at April 2023 we noted that all 7 dwellings had yet to commence construction. Pre-commencement conditions have been discharged and developer confirms construction has commenced post April and envisaged completion of all 7 dwellings by end of Jan 2024	Yes	N/A
	Talbot Gardens	20/01737/FUL	Planning permission - Not Yet Started	114			28		50	36			Site has detailed consent for 114 dwellings Gross (demolitions of existing properties are accounted for in summary table below, also see appendix 9). As at April 2023 all 114 dwellings had yet to commence construction. Developer Indicates that Block A for 28 units has commenced post April and is envisaged to complete in October 2024. Start on site for remaining units is envisaged towards end of 2024 with a 4 year build programme to dovetail with demolitions and decanting. Developer has submitted a pre-app to re-design the care home element which would increase the residential units from 114 to 131.	Yes in part	Site has detailed consent for 114 dwellings. The developer has not provided a specific delivery profile for the 86 dwellings beyond the delivery of block A for 28 dwellings but does indicate delivery of the entire development in the 5YLS. We have therefore assumed 50 completions in 2026/27 and 36 within 2027/28. The developer is revising the care home element which could increase the total dwellings to 131 however this is not included in the 5YLS until such time as a future application is approved.
	Land at Clowance Street	21/01895/FUL	Planning permission - Not Yet Started	5				5					Detailed consent for 5 dwellings granted in December 2021. As at April 2023 we noted that all 5 dwellings has yet commence construction. Developer indicates the development has been delayed due to delayed proposed improvements to the adjacent community centre but anticipates commencement is now likely to be during 2024/25. No anticipated completion date provided.	N/A developer did not provide a delivery profile	As site is minor development with detailed consent, deliverability can be assumed. Developer has indicated development likely to commence in 2024/25 therefore we have assumed delivery is likely in 2025/26.
	Site Of Former E Block, The Quadrangle, Craigie Drive	20/00253/FUL	Planning permission - Not Yet Started	17			17						Detailed consent for 17 dwellings attained in August 2021. As at April 2023 all 17 dwellings had yet commence construction. Site has been sold on, no response from developer/site promoter.	N/A - Site has been sold on and new landowner presently unknown	As site has detailed consent, deliverability can be assumed. Development has yet to commence as at April 2023 so delivery has been assumed 2024/25.

Policy	PLYMOUTH LPA Site Name	Planning Application Number	Planning Status at end of March 2023	Total Dwellings Permitted/Allocated remaining to be delivered	Total Dwellings Delivered 2014-2023	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing /accelerating)	Developer/Landowner/ Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)

Large Sites Commitments															
	Cliffaford Club Moses Close	19/01052/FUL	Planning permission - Not Yet Started	13			13						Site has detailed consent for 13 dwellings. As at April 2023 we noted that all 13 dwellings had yet to commence construction, however demolition of the existing building has occurred therefore the consent has been implemented. Developer confirms that they have now commenced on site post April and they envisage completion by end of August 2024.	Yes	N/A
	177 - 183 Grenville Road Plymouth PL4 9QD	21/02227/FUL	Planning permission - Not Yet Started	10				10					Site attained detailed consent for 10 dwellings in September 2022. As at April 1st 2023 all 10 dwellings had yet to commence construction. Developer indicates demolition in early 2024 and completion likely by end of 2025.	Yes	N/A
	Longreach, Hartley Road Plymouth PL3 5LW	22/01360/FUL 20/01889/FUL	Conversion with Planning Permission	6			6						Site has detailed consent for 8 dwellings (mix of conversion and new build). As at April 2023 we noted that the development has not yet commenced. Developer has submitted a new pre-app seeking to develop the site for 4 large detached houses and indicates that should this lead to an application and consent then the intention would be to deliver 4 dwellings.	No	Site has detailed consent for 6 dwellings, deliverability can therefore be assumed. Developer has indicated that an alternative scheme is coming forward however this is subject to submission of an application and gaining consent. This does not provide any clear evidence that the present consent is not deliverable in the event that a future application does not attain consent therefore it is reasonable to continue to assume there is a realistic prospect of deliverability for the consented development. We have assumed delivery is likely in 2024/25
	Former North Prospect Library Greatlands Place Plymouth PL2 3JG	22/00312/OUT	Planning Permission - Not Yet Started	8				8					Site has outline consent for 8 dwellings. Developer (PCH) anticipates submission of reserved matters application in November 2023, start on site in March 2024 and completion by end of March 2025	No	Site is minor development with outline consent, therefore deliverability can be assumed. Developer indicates that delivery is likely by end of March 2025, we however we have assumed delivery more likely in 2025/26 to allow for any slippage in the delivery programme.
	Perimeter Building Royal William Yard (conversion)	19/00313/FUL	Conversion with Planning Permission	24				24					Site has detailed consent for 24 dwellings. As at April 2023 we noted the development had yet to commence. Developer confirms enabling demolition works have commenced and estimates completion in summer of 2025	Yes	N/A
	33 Sutherland Road	20/00648/FUL	Conversion with Planning Permission	6			6						Site attained detailed consent for 6 dwellings (conversion) in August 2020. As at April 2023 we noted that the development had yet to commence construction. Developer confirms that the development has commenced construction post April and that completion of the conversion is anticipated by end of April 2024.	Yes	N/A
	5-7 Durnford Street Plymouth PL1 3QJ		Planning permission - Not Yet Started	6		6							Site has detailed consent for 6 dwellings (conversion). As at April 2023 we assumed the development had yet to commence. Developer indicates development has commenced and anticipates completion by January 2024.	Yes	N/A

Policy	PLYMOUTH LPA Site Name	Planning Application Number	Planning Status at end of March 2023	Total Dwellings Permitted/Allocated remaining to be delivered	Total Dwellings Delivered 2014-2023	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing /accelerating)	Developer/Landowner/ Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)

	41 North Hill	17/02091/FUL	Under Construction	64		64							Site has detailed consent for 64 dwellings (student accommodation). As at April 2023 the development had substantially commenced construction and appeared to be nearing completion. Developer had previously indicated in November 2022 that the development was envisaged to complete during 2023/24.	N/A - no need to liaise with developer as development almost complete.	As at April 2023 development almost complete. Reasonable to assume development would complete in 2023/24.
<b>Allocated Sites</b>															
PLY15	Civic Centre	19/00439/FUL	Planning Permission Not Yet Started	248						144	104		Site has detailed consent for 144 dwellings (conversion). As at April 2023 all dwellings had yet to commence construction. Developer confirms enabling demolition works started on site post April 1st which included demolition of entrance canopy. Developer has now provided a revised delivery profile indicating that completion of all dwellings has been delayed and is now likely to be completed by end of 2027. Developer envisaged start on site for phase 2 is not likely until 2027 but provides no details on timescales for submission of pre-app or application for phase 2.	Yes	Site has detailed consent for 144 dwellings, therefore deliverability can be assumed. Although delayed, developer anticipates completion of all dwellings in 2027/28 and works have commenced therefore no clear evidence to suggest development is not deliverable.
PLY24	Sutton Road West	19/01487/S73	Under Construction	194		14					120	60	Part of the allocation has detailed consent for 14 dwellings. As at April 2023 we noted that all 14 dwellings were nearing completion. Developer confirms that all dwellings will be completed in 2023/24. The remainder of the allocation remains outside the 5YLS and is likely to be delivered towards the end of the plan period until clear evidence the remainder of the site is coming forward. The remainder of the site requires a more comprehensive development of the area and relocation of existing businesses.	Yes	N/A
PLY25	Sugar House, Sutton Harbour	18/01245/FUL 20/02046/FUL	Planning permission - not yet started	170							170		Site has attained a new detailed consent in April 2022 for 170 dwellings, which removed the basement car park which was a constraint to the delivery of the previous detailed consent. The site is currently being used as a site compound for the Harbour Arch development (see Ply24). Developer's response is unclear regarding delivery program and has not responded to subsequent requests seeking clarity on delivery profile suggested. The developer indicates that start on site is now likely in the 2nd half of 2024 and the development is to be delivered in 3 phases about 1 to 1 and half years apart, however it is unclear how this is to be delivered.	No - delivery profile put forward is not clear and further clarity has not been provided	Site has detailed consent for 170 dwellings, therefore deliverability can be assumed. Delivery information provided by the developer is unclear however there is no clear evidence to suggest the development is not deliverable so we have assumed delivery of all 170 dwellings within the 5YLS and assumed delivery in year 5 2027/28.

Policy	PLYMOUTH LPA Site Name	Planning Application Number	Planning Status at end of March 2023	Total Dwellings Permitted/Allocated remaining to be delivered	Total Dwellings Delivered 2014-2023	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing /accelerating)	Developer/Landowner/ Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)

Large Sites Commitments															
PLY29	Millbay Waterfront - Land at Millbay Road	14/01448/OUT	Planning permission - Not Yet Started	383	137					70	313		<p>The site has delivered 137 dwellings to date. 138 dwellings have detailed consent on plots C1 and C2 and 325 dwellings have outline consent on plots A3, C3, C4 and H (Clyde Quay). As at April 2023 plot C2 (80 dwellings) remained under construction due to the contractor ceasing trading. Plot C1 (58 dwellings) had yet to commence construction.</p> <p>The developer for plot C2 is exploring various options to enable completion of the project. Negotiations ongoing between the developer (AbbeyField) and bidders for the site and decision likely by end of the year. start on site not likely during 2024 and completion of the development will depend on the preferred bidder. The developer for the remainder of the site is presently stalled due to scheme viability driven by build cost inflation. Funding is in place to progress the remaining plots via the developer's debt facility provided deliverable solutions can be found. The developer indicates through a revised future plots programme that plot C1 (58 dwellings) will move backwards and plot A3 (70 dwellings) is the next plot likely to deliver within the next 5 years that has been subject to pre-app discussions. The developer indicates the other plots are not likely to deliver dwellings until after 2028 (Plot C1 58 dwellings, Plots C3/C4 125 dwellings and Plot H 140 dwellings). At present due to the current economic circumstances no contractors have been appointed on future plots and no formal marketing has taken place to date, but all options are being considered. The developer benefits from a corporate debt facility which has funded progress to date and is intended to fund future plots, subject to viability. The majority of land is owned by Homes England.</p> <p>With regard to Millbay Marina Village, the developer agent has indicated that it intends to start on site soon but may require amendments to the original consent. No clear evidence has been provided however as to how the viability challenges have been overcome and evidence as to whether a housebuilder/contractor has been appointed/acquired the site.</p>	Yes in part	Plot C2 has detailed consent for 80 dwellings and is substantially under construction but has stalled. Solutions are being sought with a new developer/contractor in order to progress the development, it is reasonable to continue to assume that there is a realistic prospect of completing this phase in the 5YLS but given ongoing process and delay we have assumed delivery now more likely in 2026/27. Although the remainder of the Millbay regeneration consented under the outline consent has presently stalled. We have included the 70 dwellings with outline consent on plot A3 within the 5YLS in 2026/27 according to the developer's delivery programme as the developer now indicates this would be the next phase to come forward in advance of plot C1 and the other phases. All other phases to complete the regeneration are assumed to delivery beyond the 5YLS in accordance with the developer's delivery programme.
PLY29	Millbay Waterfront - Plot C2, Land at Millbay, Millbay Road	17/00140/REM	Under Construction	80						80

Large Sites Commitments															
PLY36.2	Mount Wise Devonport Area A		0 Allocated	145							145		Mount Wise Phase A is the final phase of the regeneration of the Mount Wise site that has yielded 300+ dwellings to date. The final phase has yet to attain consent. The developer indicates that there are a number of issues to overcome regarding the final phase, not limited to viability, heritage/conservation, drainage, demolition of existing structure, utility infrastructure, highways and a lack of suitably experienced contractors in the region. However the developer indicates the intention to submit a pre-app by the end of the year with the intention to bring forward an application for the final phase in 2024 and an anticipated start on site in 2025. No delivery rate or completion date forecast has been provided.	N/A developer did not provide a delivery profile	This is the last phase of a regeneration scheme on former MOD Mount Wise that has yielded approx. 375 dwellings to date. The penultimate phase, phase D completed in 2022/23. This phase does not have consent and has a number of issues to overcome however the developer indicates submission of an application for the final phase in 2024 with a view to start on site during 2025. Given this is the final phase the development that has yielded approx. 375 dwellings it is reasonable to assume that there is a realistic prospect of delivery in the 5YLS. We have therefore assumed delivery of all dwellings in year 5, 2027/28 (flatted development so all dwellings would complete in same year).
PLY40	Seaton Neighbourhood - Land at Seaton Neighbourhood	12/02027/OUT	Under Construction	439	371		5	27	60	60	287		371 dwellings completed as at April 2023 over an 8 year period at a rate of 46dpa. 46 dwellings completed during 2022/23 and there were no dwellings under construction as at April 2023. Site currently has detailed consent for 123 dwellings and outline consent for 439 dwellings. Developer has provided an updated phasing schedule as follows, Phase 13 (63 dwellings) - 10 completions 23/24, 20 completions 2024/25 and 33 completions 2025/26. Charlton Crescent (unplanned land 50 dwellings) 15 completions 2023/24 and 35 dwellings 2024/25. Phase 6 part 2 (52 dwellings) 10 completions 2024/25, 20 completions 2025/26 and 22 completions 2026/27. Reserved matters application for Phase 6 part 2 expected imminently. Housing in phases 8, 10, 11, 12 and 14 to be delivered from from 2026/27 onwards as follows, 2026/27 50 completions, 2027/28 50 completions, 2028/29 55 completions, 2029/30 55 completions, 2030/31 60 completions, 2031/32 60 completions, 2032/33 48 completions. A projected average of 55dpa across the remainder of the development between 2023-2033		Developer has provided a delivery profile for each phase with varying delivery across the scheme for the remainder of the development. We have assumed delivery of 25 dwellings in 2023/24 as per developers assumptions and have then applied a delivery rate across the whole site for the remainder of development. This results in 265 dwellings within the 5YLS (5 less than the developer suggests), 123 of which have detailed consent. This is higher than the existing delivery rate of 46dpa however the Forder Valley Link Road has now been completed and is open so it is reasonable to assume an increase in delivery rate is likely for the remainder of the development, particularly given delivery has exceeded 60dpa in 3 of the 8 years since development commenced.
PLY40	Seaton Neighbourhood - Charlton Crescent	21/02071/FUL	Allocated - Live application	50		15	35							Yes in part	
PLY40	Land At Seaton Neighbourhood (Phase 13)	22/00435/REM	Planning Permission Not started	63		10	20	33

PLY46.7	DS15 - Quarry Fields (land at Tamerton Foliot Road)	21/01368/S73 19/01680/FUL	Under Construction	28	10	25	3						Site has detailed consent for 38 dwellings. As at April 2023 we noted that 10 dwellings had completed, 25 had commenced construction and the remaining 3 dwellings had yet to commence construction. No response provided by Developer, however the developer had previously indicated that all dwellings were programmed to be delivered by the end of 2023.	No update provided by developer.	We have assumed that the 25 dwellings under construction at April 2023 are likely to complete in 2023/24 and the remaining 3 dwellings that had yet to commence are likely to complete in 2024/25.
PLY50	Saltram Meadow - Plymstock Quarry, The Ride	07/01094/OUT	Under Construction	956	604		8	85	85	100	585	93	Site has delivered 606 dwellings to date (604 within the plan period 2014-2023) at a rate of 67dpa. The delivery rate has reduced in recent years from it's peak of 105dpa in the opening phases. There were 56 completions during 2022/23. 122 dwellings (Phases 5B 33 dwellings & phase 6, 89 dwellings) currently have detailed consent and 956 dwellings currently have outline consent. there were no dwellings under construction as at April 2023. The developer envisages Phases 5B and 6 to be completed by December 2026. The developer indicates that reserved matters applications for phases 7 & 8 (234 dwellings) are imminent and would begin to deliver on Oct 2024 simultaneously with phase 6 and the developer indicates phases 7 & 8 as a dual branded site (2 outlets) from 2025. The developer indicates that a pre-app for phase 9 (approx 200 to 250 dwellings) will be submitted by end of Jan 2024. The developer on the basis of the above has provided the following anticipated delivery profile, 2024/25 = 32 completions, 2025/26= 145 completions, 2026/27= 123 completions, 2027/28 = 100 completions. The remainder of the sites will continue to deliver beyond 2028. The delivery of the primary school (recently completed and open), the market square and the Class E floorspace as part of phase 6 and the opening of a 2nd outlet is envisaged to increase the delivery rate to an average of approx. 100dpa akin to that seen in the opening phases.	Yes	Developer has indicated that future phases will have 2 outlets so reasonable to assume delivery rate will increase to that akin to the delivery rate of 105dpa in the opening phases. There is a therefore a realistic prospect of 400 dwellings within the 5YLS
PLY 50	Saltram Meadows, The Ride Plymouth Plymstock PL9 7JA	22/00306/REM	Planning Permission Not started	122			24	60	38

PLY53	Former China Clay site, Coypool	19/01288/OUT	Planning Permission Not started	550						75	75	400	Site has outline consent for 550 dwellings. The Government's housing delivery accelerator Homes England own the site and have appointed a housebuilder to deliver the development. Significant site preparation including demolition and clean up of the site has been underway for several years. The developer has provided a response indicating that there are some procedural and legal issues to be resolved with Homes England prior to submission of reserved matters applications but have expressed theirs and Homes England's continued commitment to the development and are working expeditiously to resolve the issues to enable the development to move forward. Homes England indicate have previously indicated that it is reasonable to assume a delivery rate of 75dpa from 2024/25.	No delivery profile update provided by the developer.	As the site is owned by Homes England, the Government's house building accelerator and a developer has been selected to deliver the development, it is reasonable to assume that there is realistic prospect of 150 dwellings within the 5YLS in years 4 and 5 (2026-2028). The delivery rate previously asserted by Homes England is consistent with delivery rates on other sites seen within the city in recent years.
PLY56.1	Former Nursery Hays Road	19/01542/FUL	Under Construction	4	6	4							Site has detailed consent for 10 dwellings. As at April 2023 we noted that 6 dwellings has completed, 2 had commenced construction and the remaining 2 had yet to commence construction. The developer has not provided a delivery update regarding the completion of the remaining 4 dwellings.	No delivery profile update provided by the developer.	Reasonable to assume the remaining 4 dwellings will deliver in 2023/24.
PLY58.3	Coombe Way & Kings Tamerton Road	21/01038/OUT	Outline Consent	70						40	30		Site has outline consent for 70 dwellings. Developer on Board (Livewest) and developer indicates progression of reserved matters application envisaged in early 2024, stimated start on site in June 2025 with a 2 and a half year delivery programme. Viability could be an issue to overcome due to topography.	Yes in part - however no specific delivery profile update provided by the developer.	Developer on board indicating a delivery programme for the development and submission of reserved matters application in 2024, therefore reasonable to assume a realistic prospect of delivery of all dwellings within the 5YLS. Assumed delivery likely in years 4 and 5 (2026-2028).
PLY58.5	North Prospect phase 4	20/00735/AMD 19/00133/FUL	Under Construction	90	106	90							This phase is the final phase of a major regeneration project. Although it is referred to as phase 4 it follows the penultimate phase referred to as phase 5. Phase 4 has detailed consent for 196 dwellings. As at April 2023, 106 dwellings had completed, 63 dwellings had commenced construction and the remaining 27 had yet to commence construction. The developer and RP partner envisage that the remaining 90 dwellings will be complete by end of March 2024.	Yes	N/A

PLY58.7	Douglass House	21/01475/FUL	Under Construction	2		2							Site is a small site that has attained consent for 2 dwellings (specialist disability design). As at April 2023 both dwellings had commenced construction and nearing completion. Completion expected during 2023/24	No liaison required as case officer aware development nearly complete	N/A
PLY58.15	Savage Road, Barne Barton	18/01288/FUL -	Planning Permission Not Yet Started	204				60	83	61			Site has detailed consent for 204 new dwellings (affordable housing) and in principle consent for 9 dwellings. As at April 2023 all 213 dwellings across both consents had yet to commence construction. There are 78 dwellings remaining to be demolished and the developer anticipates that 24 are scheduled to be demolished in 2024/25 and the remaining 54 in 2025/26. Developer indicates all pre commencement conditions ready for submission, contractor appointed and is on site, anticipating commencement in the autumn. Delivery profile for phase 1 has been provided and anticipates 60 completions in 2025/26 on sections 3 and 4 and 83 completions in 2026/27 on sections 5 and 6. Phase 2 for the remaining 61 dwellings would commence post decanting and demolition of the remaining dwellings during 2025/26.	Yes	N/A
PLY58.15	Savage Road, Barne Barton	20/01228/PIP	Planning Permission Not Yet Started	9				9							
PLY58.17	Seventrees, Baring Street, Greenbank	23/00211/FUL	Allocated	80				10					As at April 2023, a live application for part of the allocation (conversion for 10 dwellings) was under consideration. Sale of site to developer expected by end of year, start on site envisaged Jan 2024, however no completions date provided (site subsequently attained consent post April)	No delivery profile update provided by the developer.	Site has acquired detailed consent post April 2023, given developers intention to start on site in early 2024, reasonable to assume realistic prospect of delivery by 2025/26.
PLY59.5	Stirling House & Honicknowle Clinic, Honicknowle Green	19/01160/FUL	Under Construction	19	6	19							Site has detailed consent for 25 dwellings. As at April 2023 we noted that 6 dwellings had completed and the remaining 19 dwellings had commenced construction. Developer indicates that all dwellings are anticipated to be delivered by end of February 24.	Yes	N/A
PLY59.16	Whiteleigh Community Centre	16/02033/FUL	Under Construction	27			6	21					Site has detailed consent for 27 dwellings. As at April 2023 we noted that 6 dwellings had commenced construction and 21 dwellings had yet to commence construction. No response from the developer regarding progress update. Developer however has regular meetings with the Housing Delivery Team and has advised that they are presently in dispute with the contractor that is leading to delays.	No delivery profile update provided by the developer.	Site has detailed consent for 27 dwellings and 6 dwellings have commenced construction and can therefore be assumed to be deliverable. Although site has experienced delays, there is no clear evidence to suggest the development will not complete in the 5YLS, it is therefore reasonable to assume a realistic prospect of completion by 2025/26.
PLY59.17	Chaucer Way School		Allocated	4					2	2			This site is a small site (4 dwellings) that forms the remainder of PLY59.17 which has already delivered 133 of the 137 dwellings allocated. The developer has appointed consultants and anticipates submission of a detailed application for the remaining 4 Self Build plots by the end of the year. No detail provided regarding delivery programme.	No delivery profile update provided by the developer.	As developer indicates imminent submission of detailed application for 4 dwellings that has previously been subject to outline consent for 4 dwellings it is reasonable to assume that there is a realistic prospect the final 4 dwellings on this site will deliver in the 5YLS.

Policy	PLYMOUTH LPA Site Name	Planning Application Number	Planning Status at end of March 2023	Total Dwellings Permitted/Allocated remaining to be delivered	Total Dwellings Delivered 2014-2023	2023-2024	2024-2025	2025-2026	2026-2027	2027-2028	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing /accelerating)	Developer/Landowner/ Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)

Large Sites Commitments															
PLY60.10	Land off Newnham Road, Colebrook (Planning Application addressed as Land off Colebrook Road)	17/01216/FUL	Planning permission - Not Yet Started	43				43					Site has detailed consent for 43 dwellings. As at April 2023 we noted that the development had yet to commence. The developer has commenced works, previous buildings have been demolished, however contractor went into administration which has delayed delivery. Developer (Westward Housing) anticipates recommencing construction in the summer of 2024 after appointing a new contractor and envisaged all 43 dwellings would be delivered in 2024/25. Further groundworks investigations are underway and the developer does not expect this to impact on the design, once undertaken the developer expects to prepare the necessary information to discharge the remaining conditions.	No	Site has detailed consent for 43 dwellings, therefore deliverability can be assumed. No clear evidence to indicate the site is not deliverable despite the delays the site has experienced, however given past delays we have assumed delivery more likely by 2025/26 rather than in 2024/25.
PLY48	Sherford New Community Land South/Southwest of A38	15/00519/REM BOVIS	Site Under Construction	6	109				6				Site is a major new settlement with outline consent for 5,500 dwellings. The site straddles the city boundary and 300 dwellings with detailed consent are within the city boundary of which 272 dwellings have now been completed. There are only 28 dwellings remaining within the Plymouth LPA area which are envisaged to be completed in the 5YLS and form part of the overall delivery rate across the site. The remainder of dwellings at Sherford are all within the South Hams LPA area (see South Hams LPA supply table for detail regarding delivery profile, detailed consents, phasing and assumptions)	No specific response provided by the developer in relation to the remaining 28 dwellings within PCC, however these dwellings form part of the delivery rate applied - See Sherford delivery rate assumptions in Appendix 3 South Hams supply.	Given there is no specific reference to the remaining 28 dwellings to be delivered on the Bovis and Taylor Wimpey show room car parks, we have assumed delivery in 2025/26 as it is reasonable to assume that the relocation of show rooms to further within the site alongside later phases in South Hams will have occurred by then.

<b>LARGE SITE COMMITMENTS</b>																
	Land at Alston Gate, MALBOROUGH TQ7 3BT	No	3577/17/ARM	Under construction	16	0	16	0	0	0	0			Site (Alston Gate Phase 2 Malborough) has detailed consent (RM) for 16 dwellings following outline consent granted December 2017. As at April 2023, 7 dwellings had commenced construction. Freemantle Developments are progressing the consent and indicates completion of all units by March 2024.	Yes	Site is under construction. Reasonable to assume given status of the site at April 2023 that delivery of the site is likely in the 5 years.
TTV4	Land at Cotton, DARTMOUTH	Yes	3118/21/ARM	Under construction	416	143	45	40	30	30	30	98		Site has Outline consents totalling 450 dws comprising: 240 dwellings (15_51/1710/14/O) (granted March 2016) & 210 dws (3475/17/OPA) on remainder of site (granted 24 May 2019). Baker Estates acquired the site & submitted RM applications: for 3 dws (Phase 1A) validated 06 February 2019, subsequently withdrawn 17 April 2020; for Phase 1 (240 dws) was validated 15 March 2019, but not determined; and for approximately half of Phase 1 for 116 dwellings (granted 7 February 2020). RM application for Phase 2 (143 dws) was approved in July 2022. RM application for an extra care/assisted living scheme (use class C2) was approved in March 2023. Site is under construction and there were 143 completions at the 2023MP and 13 dwellings were under construction.	Yes, previous agreement	Site under construction and forecast for completion of 175 dwellings in the 5 year period which is reasonable to assume given the status of the site at April 2023.
TTV5	Noss Marina, DARTMOUTH	Yes	2161/17/OPA	Under construction	115	-3	0	0	41	27	28	19		Site has hybrid consent for gross 130 (net 126) dws granted in August 2018. 39 of these dws have detailed (full) consent. Conditions being discharged. All reserved matters applications have been received. A full application consent for the creation of 5 further units within the waterside building (total 44 units) (0528/20/FUL) granted conditional approval 25 February 2020. Due to the landscape sensitivity of the site will result in an overall yield of 75 homes of the 91 permitted, which in combination with the 41 units at the waterside building, will give a site yield of 112 homes net (116 gross) of the total 130 permitted. Update provided by agent for Premier Marinas Ltd (landowner/ developer ) - anticipate construction work on the waterside apartment building to commence in 2023 with the first dwelling completions in 2025. Forecast construction of further dwellings to commence in 2025/26 with completions in the following years. Agent confirmed 3 of the 4 existing dwellings have been demolished. As expected no dwellings completed by the 2023 Monitoring Point. The delivery profile is consistent with the response received from the developer.	Yes	The Council are mindful of consent, conditions, & phasing plan. These require that certain elements are delivered prior to commencement of any residential development. Premier Marinas are currently on site, actively progressing the development. Many elements have now commenced and some completed including the first commercial units, the floating marina (April 2021) and South Devon College Marine Academy (April 2022). Significant engineering works have been completed to enable a new boat lifting facility. The Council revised the trajectory with a longer lead in time, in line with developer information. Thus, gross 41 dwellings are forecast to be delivered in 2025/26. Forecast build rate thereafter is based on the developer's anticipated rates. The Council considers there is sufficient clear evidence that 96 dwellings will be completed in the 5 year period from the 2023MP.
TTV22.1	Dartington Lane, TOTNES	Yes	1523/22/FUL			0	0	0	0	20	19			The site is a JLP allocation. A current detailed (full) planning application for 39 dwellings has been received and is pending a decision (validated 20 June 2022). Dartington Hall Trust (landowner) latest response confirms that the site remains available. No information currently available on the housebuilder. As expected, the site has not started and no dwelling completions.	No update, previous agreement	Site remains available and developable and promoter (landowner) agrees with forecast. Detailed application received and pending a decision. At this time, there is a realistic prospect of delivery of the scheme in the 5 year period.
TTV24.7	Sawmills Field, DARTINGTON	Yes	4443/21/ARM	Under construction	40	0	15	25	0	0	0			The site is a JLP allocation. The site has detailed planning consent (RM) (4443/21/ARM) for 40 dwellings approved April 2022. Site works commenced in October 2022. At March 2023 34 dwellings were under construction and no completions. Developer (Baker Estates) indicates that the first completions are anticipated in 2023/24 with a two year build programme.	Yes	Detailed consent for 40 dwellings. We have assumed delivery by March 2025 as there is a realistic prospect of delivery of the 40 dwellings within the SYLS. Developer agrees with the forecast.

Policy	SOUTH HAMS LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
TTV24.5	Broom Park, DARTINGTON	Yes	4442/21/ARM	Planning Permission - Not Yet Started	80	0	0	25	30	25	0			The site is a JLP allocation. The site has detailed planning consent (4442/21/ARM) for 80 dwellings approved April 2022. Some conditions have been discharged. The site remains available and Baker Estates is the developer. The developer indicates that delivery will largely follow the completion of the site at Sawmills Field, Dartington, i.e. the two sites would not be built out concurrently, although there may be a slight overlap when nearing the completion of Sawmills Field and construction commences on Broom Park. As expected, the site has not started and no dwelling completions as at April 2023.	Yes	The Council forecasts delivery of development to begin in year 2 and end in year 4 from the 2023MP. Sufficient time to accommodate the standard lead in time for a site in the 50-99 dws category (TP3(rev) Appendix 11.2)).
TTV24.17	Shadycombe , SALCOMBE	Yes	1262/15/F	Under construction	8	6	2	0	0	0	0	12		Site is under construction. Detailed (full) consents for 8 dwellings on part of the site. 6 dwellings were completed in 2018/19. 2 dws on the site of former workshop (0087/18/FUL) are under construction as at 2023MP. . No response from the developer (Yellow Bridge Developments). No planning applications on the remainder of the site and no builder engaged at this time for the remainder of the site. Consequently the trajectory for the remaining 12 is similar to the previous forecast, with completions for the remaining 12 dws forecast after the 5 year period.	No update provided by the developer.	The 2 dwellings with full consent are under construction and are forecast for completion in the 5 year period. With no planning applications and no builder engaged on the remainder of the site the Council concludes that there is not sufficient clear evidence for the remaining 12 dwellings to be completed in the 5 year period. Consequently the remainder of the site is not deliverable at this time, but remains available and developable, so these 12 dwellings are forecast for completion after the 5 year period.
TTV24.18	Land West of West End Garage, SALCOMBE	Yes	1159/21/FUL	Start on site	21	0	0	21	0	0	0			The site is a JLP allocation and has detailed (full) consent for 21 dwellings (approved 30 November 2022). The site remains available and developable. The housebuilder is Park Green and in their response, confirmed that work started on site in June 2023 and anticipate the first dwelling completion in May/June 2024. As expected, there were no dwelling completions at April 2023.	Yes	Site under construction and a realistic prospect of delivery of the scheme in the 5 year period given its status at April 2023.
TTV9.1	Stowford Mill, IVYBRIDGE	Yes	1336/15/F	Under construction	97	27	4	0	39	0	0	27		Site under construction following detailed consent (Full) for Mixed use including 97 dws (regeneration of Stowford Mill (27 dws) plus erection of 38 new dws & 32 later living apartments.) Application to vary consent (net gain of 6 dws from increasing later living apartments by 11 to 43 and reducing number of terraced dwellings by 5 ) approved 2019/20. Site started 6 October 2018. At April 2023, 27 dwellings were complete (4 dwellings completed in 2022/23). 4 units were under construction at 2023MP. Delivery profile reflects previous information supplied by the developer, Expedite, but no updated intelligence has been provided. Continue to forecast the 27 mill conversion apartments after the end of the 5 years from the 2023MP. So 43 dws are forecast for completion in the 5 year period.	No update provided by the developer.	In the absence of a updated delivery programme from the developer we continue to assume that 43 dwellings will complete in the 5 year period. Stowford Mill development serves a niche market. Its products are sufficiently different to set it apart from other large sites in Ivybridge (the latter are suburban estates) & from the Sherford urban extension. So build rate/delivery profile of Stowford Mill development has not been moderated by the forecast cumulative delivery rate of other Ivybridge sites.
TTV6	Rutt Lane, IVYBRIDGE	Yes	2239/19/ARM	Under construction	198	110	50	38	0	0	0			Site under construction following detailed consent (RM) for 198 dwellings approved 27 February 2020. Site start in 2020/21 and as at April 2023 110 dwellings had completed (65 in 2022/23) and 62 were under construction. No response from the developer, Wainhomes.	No response	Site under construction and forecast for completion of all 88 dwellings in the 5 year period which is reasonable to assume given the status of the site at April 2023.
TTV6	Godwell Lane, IVYBRIDGE	Yes	3623/19/FUL	Allocated	92	0	0	0	12	40	40			The site is part of JLP allocation TTV6. A current detailed (full) planning application for 104 dwellings has been received and is pending a decision (validated 14 April 2020). The site remains available and developable. Developer/housebuilder on board (Taylor Wimpey). As expected, the site has not started and no dwellings completions at April 2023.	No response	Site remains available and developable. Detailed application received and pending a decision. At this time, there is a realistic prospect of delivery of the majority of the scheme in the 5 year period (92 dws) with the remaining 12 delivered after the 5 years.

Policy	SOUTH HAMS LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
TTV22.3	Clay Park, Ashburton Road, DARTINGTON	Yes	2927/15/FUL	Start on site	39	0	0	20	19	0	0			Site has detailed consent (full) for 27 dws (part of hybrid consent). Application to vary consent (net gain of 4 units, replacing the 2 units with: 2 x 1 bed flats and 4 x studio flat. Full application for additional 8 dwellings granted consent 1 June 2022. 0197/18/ARM erection of a Community Building approved June 2019. As expected, works on site have commenced but no start on the dwellings & no completions at 2023MP. Updated information received from project coordinator confirms that a building contractor has been identified and work on the dwellings is expected to commence in 2024 with the first completions in 2025.	Yes. Project Coordinator advised that it is anticipated that all 39 units will be delivered in 2025/26	Reasonable to assume given the status of the site at April 2023 that all 39 dwellings forecast for delivery in the 5 year period.
TTV11	West of Belle Hill, KINGSBRIDGE	Yes	0787/19/ARM	Under construction	94	69	25	0	0	0	0			The site has detailed consent for 94 dwellings. The developer confirmed a site start in June 2020. As at April 2023, 69 dwellings were complete (11 dwellings in 2022/23) and the remaining 25 dwellings were under construction. LiveWest and Devonshire Homes are jointly progressing the consent and have confirmed that they anticipate that the site will be completed by March 2024	Yes	N/A
TTV24.4	Brimhay Bungalows, DARTINGTON	Yes	0142/15/F	Under construction	14	13	1	0	0	0	0			Site is under construction following detailed consent (full) for 32 dws (net 14 - as 18 existing units are to be demolished). Application for discharge of conditions, submitted by the developer South Devon Rural Housing Association, was approved 13 November 2018. 14 of the existing dwellings were demolished in 2018/19. 31 dwellings (net 13) were completed at the 2023MP (including the SDRHA apartments), with 1 further dwelling under construction. SDRHA are progressing the consent in conjunction with their subsidiary Rural Homes Ltd. Site completion anticipated by March 2024.	Yes, previously	N/A
TTV7	Land at Filham, IVYBRIDGE	Yes	3703/18/OPA	Under construction	200	91	32	55	22	0	0			The site has hybrid planning consent for 200 dws granted in June 2020 (detailed consent for 94 dwellings and outline consent for 106 dwellings). As at April 2023 91 dwellings had completed (37 in 2022/23) and 108 were under construction. The developer/ housebuilder Bloor Homes has provided a delivery profile. The Council agrees with the build rate, and the forecast of 109 dwellings delivered in the 5 year period.	Yes	Site under construction and forecast for completion of site in the 5 year period which is reasonable to assume given its status at April 2023.
	Gabriel Court, STOKE GABRIEL	No	3903/16/F	Under construction	13	10	2	1	0	0	0			As at April 2023 of the gross 13 dwellings with detailed consent, 10 had completed (net 9), 2 were under construction and 1 had not commenced. Developer/builder Park Green (SW) Ltd indicates that completion of the final 3 dwellings are likely to occur in 2024/25.	Yes	N/A
	Holwell Farm, ST. ANN'S CHAPEL	No	4214/18/FUL	Under construction	13	0	13	0	0	0	0			Site under construction following detailed consent (full) for 13 dwellings approved 2020/21. Site started 12.04.22. As expected, no dwellings completed in 2022/23 and 13 dwellings were under construction at 2023MP. The housebuilder is Classic Builder and the landowner (the Council), agree with the forecast.	Yes	Realistic prospect of delivery within the 5 YLS given the evidence and site start.
	Adjacent New Park Road, LEE MILL	No	3197/19/OPA	Planning Permission - Not Yet Started	25	0	0	0	10	15	0			Outline consent for 25 dwellings. The site has been marketed but no information currently available on the housebuilder. RM application expected in 2024. No updated provided by the land agent/developer. The site has not started and no dwelling completions as at April 2023.	Yes previously, but no update provided	There is evidence that the dwellings will be completed in the 5 year period. Sufficient time to accommodate the standard lead in time for a site of this size.

Policy	SOUTH HAMS LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
	West Alvington Hill, KINGSBRIDGE	No	2434/18/ARM	Start on site	52	0	0	5	25	22	0			Site has detailed consent (RM) for 52 dwellings. Technical start on 16 November 2020 related to planning application 28/0508/15/O and comprised the construction of the bellmouth access to the easterly field.  Certificate of Lawfulness for proposed confirmation of valid implementation of outline permission. Works to commence the development were started on 16 November 2020. Those works were carried out in accordance with the approved permission and are material operation and therefore permission 28/0508/15/O has been validly implemented and remains extant and the development permitted thereby can be built out.  Site land owner/developer is a house-builder (Baker Estates). Site start but as expected no dwellings completed at the 2023MP. Developer anticipates a recommencement on site in 2024 with first dwellings completed late 2024 or early 2025.	Yes	The site has detailed consent for 52 dwellings. The site capacity has been updated to reflect the RM consent (previously 60 dwellings from the outline consent). Developer provided delivery profile and anticipates first dwellings in 2024/25. There is a clear intent to implement and deliver the scheme and thus a realistic prospect of delivery in the 5YLS.
	Land West of Beara Farm, WOOLSTON GREEN	No	1419/20/FUL	Under construction	14	0	14	0	0	0	0			The site has detailed consent (Full) for 14 dwellings. As at April 2023 the site had started and 12 dwellings were under construction. Developer envisages a March 2024 completion. Site landowner/developer is Badham Developments.	Yes	The site has detailed consent and is under construction. Realistic prospect of delivery in the 5YLS given its status at April 2023
	Former Brutus Centre, Fore Street, TOTNES	No	2560/21/FUL	Under construction	42	0	20	22	0	0	0			The site has detailed consent (Full) for the redevelopment of the site to form 2 new retail units, public car park and 42 retirement living apartments. As at April 2023 the site had commenced construction. Site landowner/developer is Churchill Retirement Living. No response received from the developer.	No response	Site has detailed consent and is under construction. Realistic prospect of delivery of the site in the 5 YLS given its status at April 2023.
	Fort Bovisands, WEMBURY	No	2821/17/FUL	Under construction	79	0	6	0	0	75	0			Site has detailed consent (full) for gross 81 dwellings (net 79 as there were 2 existing dwellings on the site) plus Listed Building consent. Works have completed on the Full application consent for engineering works to stabilise the cliff below the access road. The developer is Fort Bovisand Developments Ltd. As at April 2023 none of the dwellings had completed, 6 dws were under construction - the coastal cottages (Palmerston Court). No response from the developer but the agent previously anticipated first dwelling completions in 2022 and the remaining 75 dwelling completions at end 2024. The developer has not provided a delivery update but the timescale for delivery has been adjusted in view of the current status of the site.	Yes previously but no update provided.	The site is under construction and there is a clear intent to deliver the scheme. 41 of the 75 dwellings will be new build apartments in a single building, and 34 dwellings from conversion of the upper and lower forts and casemates & of the Quartermaster House and Hill House, plus new build Quarry Road cottages (6 coastal cottages). All gross 81 (net 79 x C3 dws) forecast for delivery in the 5 year period, 6 in 2023/24 and the remaining 75 dwellings to be completed in 2026/27.
	Land adjoining Seaton Orchard, SPARKWELL	No	3445/18/FUL	Planning Permission - Not Yet Started	20	0	0	0	10	10	0			Site has detailed consent (full) for 20 dwellings and the process to discharge conditions is underway.  The dwellings had not started and there were no completions at the 2023 Monitoring Point. Site remains available and a developer is on board (Seaton Orchard Sparkwell Ltd). Thus a realistic prospect of delivery in the 5YLS.	No response	Site has detailed consent and a developer on board. Realistic prospect of delivery of the site in the 5 YLS given its status at April 2023.
	Church Hill, HOLBETON	No	0868/20/ARM	Planning Permission - Not Yet Started	14	0	0	0	14	0	0			Site has detailed consent (RM) for 14 dws and the process to discharge conditions is underway. As at April 2023 the site had yet to commence construction.  No update from the developer, Verto Homes, but previously indicated that delivery of the site would be in the 5 year period.	Yes previously but no update provided.	Site has detailed consent and a developer on board. There is a realistic prospect of delivery of the 14 dwellings within the 5YLS. Site remains available and developable.
	Tor Hill Quarry, MARLDON	No	3951/17/FUL	Under construction	10	0	6	4	0	0	0			Site has detailed consent (full) for 10 dwellings.  This windfall site was granted conditional approval in 2018/19. Site start in 2021/22 and 6 dwellings had commenced construction at April 2023. Developer (Lite Homes Ltd) previously envisaged completion of all units by 2024MP. No update from the developer but the timescale for the delivery has been adjusted in view of the current status of the site.	Yes previously but no update provided.	Site has detailed consent and is under construction at April 2023. Realistic delivery within the 5YLS given the site's status.
	School Road, STOKE FLEMING	NP	1503/21/FUL	Under construction	20	0	20	0	0	0	0			Site has detailed consent (full) for 20 dwellings. Site works commenced in July 2022 and all 20 dwellings were under construction at April 2023. Developer (Strongvox) indicates that completion of all 20 units is envisaged by March 2024.	Yes	All 20 dws forecast for completion in the 5 year period from the 2023 MP. This site is counted towards the Neighbourhood Plan Allowance supply category as part of the overall TTV supply.

Policy	SOUTH HAMS LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
	Wheat Park, DIPTFORD	No	0428/18/FUL	Start on site	12	0	0	12	0	0	0			Site has detailed (full) consent. Technical site start by March 2016 related to detailed consent (full ) for 15 dws. New detailed consent (full) 0428/18/FUL for 12 dws granted in 30 July 2018 - applicant was Jameson Homes. New Deed of Variation of the S106 agreement was signed with Jameson Homes. Application to discharge conditions 13 and 14 of consent 0428/18/FUL granted December 2018. The site has now been acquired by developer/builder Morrish Homes who have confirmed it will progress the consent. As previously expected, no dwelling completions in 2022/23.	No response	Previously pushed completion of the development back given former developer was looking to sell the site. Reasonable to assume the site will now progress to completion within the 5 years as sale to the new developer has now happened.
	Collaton Park, Newton Ferrers	No	2548/14/O	Planning Permission - Not Yet Started	110	0	0	20	30	30	30			Site has detailed (full) consent for 125 dws. As expected, the site had not commenced construction and there were no dwelling completions at the 2023 Monitoring Point. The site remains available with a developer on board, Pillar Land Securities and Coln Residential (a housebuilding company) are Joint Venture Partners in this scheme. No update from developer. 110 dwellings are forecast for completion in the 5 year period and the remaining 15 dws are forecast for completion after the end of the 5 years from the 2023MP.	No response from developer	Site has detailed consent. Pre-commencement planning conditions need to be discharged. With a developer on board, we have assumed that there is a realistic prospect that 110 dwellings that form part of the recent consent will be delivered in the 5 year period from the 2023MP
	Kings Arms Hotel, Fore Street, KINGSBRIDGE	No	1515/17/FUL	Under construction	15	2	6	7	0	0	0			Site is under construction following detailed consent (full) for 15 dwellings. 2 dwellings had completed at the 2023 Monitoring Point and the remaining 13 were under construction. No update provided by developer in relation to the delivery of the dwellings. Landowner is Vision Residences. Builder unknown.	No response	Site has detailed consent and has already completed 2 dwellings. No clear evidence to suggest there isn't a realistic prospect the site is delivered in the 5 YLS.
	The Dennings, Wallingford Road, KINGSBRIDGE	No	2574/16/OPA	Planning Permission - Not Yet Started	13	0	0	0	0	3	10			Site has outline consent for 14 dws (net 13) and a Reserved Matters application (1629/22/ARM) is pending a decision. As expected, the site has not started and there were no dwelling completions as at the 2023 Monitoring Point. The applicant of the RM application is Dick Whittington Developments.	No response from developer.	Site has outline consent for 14 dwellings (net 13) and a RM application pending a decision. We have cautiously assumed delivery by March 2028 as there is a realistic prospect of delivery of the 14 dwellings within the SYLS.
	Development site of SX 7752 4240, FROGMORE	No	2071/18/FUL	Under construction	11	10	1	0	0	0	0			Site is under construction following detailed consent (full) for a net total of 11 dwellings, 9 of which were built before 2018. As at April 2023, 10 dwellings were complete and the last remaining dwelling was under construction.	Yes, previously	N/A
TTV24.19	Green Park Way, CHILLINGTON	Yes	3193/18/ARM	Under construction	62	0	0	17	28	17	0			Site is under construction following detailed (RM) consent for 62 dwellings. As at April 2023 none of the dwellings had completed, 7 dwellings were under construction. Response from developer (Acorn Property Group) agrees with the delivery profile for the site and anticipates the first dwelling to be completed in early 2024.	Yes	The site is under construction and there is a clear intent to deliver the scheme and thus a realistic prospect of deliverability of the units in the SYLS.
PLY48	Sherford	Yes	2426/06/O	Under construction	5200	562	317	272	289	236	264	2640	620	Site is a major new urban extension with outline consent for 5,500 dwellings. Site has detailed consents for 2,039 dwellings as at end March 2023. It straddles the LPA boundaries with detailed consent for 300 dws in the city and 1,739 dwellings in the South Hams LPA area. The remaining 3,461 dwellings with outline consent are in the South Hams. S73 application to vary outline consents including amendments related to the Town Code and Sustainability chapters, granted consent October 2017. S73 application granted consent in February 2019 to vary several conditions in the outline consent, with alternative structure, layout + configuration, accommodating changes to the Masterplan. Detailed (RM) consents for 203 dws (Phase 1a) granted consent in May 2019, and additional (RM) consents for 457 dws were granted consent in February 2020. Further detailed consents for 769 dws (Phase 2D) granted consent late 2021/early2022. RM applications submitted for Phase 3. As at end March 2023, total of 839 completions had occurred (278 in Plymouth and 561 in the South Hams) . Of these 839, 183 were completed in 2022/23, 5 were completed in Plymouth and 178 in the South Hams. The developers consortium (Linden, Taylor Wimpey and Bovis) agreed with the overall delivery rate of 264dpa for the scheme which was considered reasonable at the JLP examination. The number of site outlets has increased to 4 to include Cannon Kirk, so their supply would add to the delivery rate.	Yes The Consortium developers (Linden, Taylor Wimpey and Bovis) anticipate that the delivery rate will be higher than 264dpa (88dpa per developer). They agree that an average combined delivery rate of c.294dpa (98dpa per developer) is a reasonable assumption from 2023/24 onwards.	As at April 2023 there were a total of 297 dwellings under construction and on the basis of development progress it has been assumed that 317 completions are likely to be completed by end of March 2024. The delivery rate then reduces to an average of 272 dws forecast to be built in the South Hams in years 2 to 5. In Year 4 28 of the 264 dws are forecast to be delivered in Plymouth. This is a cautious forecast, mindful that the Consortium anticipate a higher delivery rate of 294dpa. If the fourth outlet (Cannon Kirk) is brought into operation, this could help the Consortium's supply.

HOUSING SUPPLY FORECAST 2023/24 TO 2027/28**

West Devon Administrative Area Monitoring Point: 31 March 2023 Delivery forecasts: made at November 2023

Policy	WEST DEVON LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
<b>Small sites total (list of small sites as appendices)</b>					251		50	50	50	50	51					
<b>LARGE SITE COMMITMENTS</b>																
	Town Meadow BRIDESTOWE	No	2472/17/OPA	Planning Permission - Not Yet Started	24	0	0	0	2	12	10			Site has detailed (RM) consent for 24 dwellings. Process to discharge conditions is currently underway. As expected, the site has not started at the 2023MP. The site remains available and there is a developer on board (Leander Developments Ltd). The developer has provided a delivery profile.	Yes	It is reasonable to assume that there is a realistic prospect of delivery within the 5YLS. The developer anticipates the first dwelling completion at the end of 2024 (year 2). We have been more cautious and assume delivery in years 3 -5.
	Jethros, LEWDOWN Okehampton	No	1666/20/OPA	Planning Permission - Not Yet Started	30	0	0	0	5	15	10			Site has outline consent (1666/20/OPA) for up to 30 dwellings gross (29 net) approved 25 January 2021. No updated response from developer/landowner about the latest Council trajectory. No information on when a Reserved Matters application would be submitted. Developer/ builder currently unknown.	No response	Reasonable to assume given status of the site at April 2023 that delivery of the site is likely in the 5 years.
	Bathway Fields, NORTH TAWTON	No	1549/18/FUL	Under construction	65	3	25	25	12	0	0			Site has detailed consent (full) for 65 dwellings approved in July 2019. Site start in 2022/23 and as at April 2023 the first 3 dwellings had completed and 38 were under construction. Response from the developer Allison Homes, indicates a 3 year build programme with a site completion in 2025/26.	Yes	Site under construction and forecast for completion of all 65 dwellings in the 5 year period which is reasonable to assume given the status of the site at April 2023.
TTV14	East of OKEHAMPTON, Parcel 2	Yes	2646/18/ARM	Under construction	282	148	20	20	20	20	20	34		Parcel 2 has detailed (RM) consents for a total of 282 dwellings. The site is part of JLP allocation TTV14. Detailed consent (Reserved Matters) granted 2 May 2018 for 73 dwellings and 2 May 2019 for 75 dwellings (Redrow) and 30 April 2019 for 111, 17 & 6 dwellings (for ADPAD). Development of Parcel 2 is well underway, with 148 completions (42 in 2021/22) and 45 dwellings under construction (37 on Redrow on Phase 1/2 and 8 on Adpad on Phase 3) as at the 2023MP. 100 dws on Parcel 2 are forecast for completion in first 5 years. Residue of Parcel 2 (34 dwellings) is forecast for delivery after the 5 year period.	Yes, update provided for part of site (Redrow)	With the whole of Parcel 2 now covered by RM consents, the site capacity has effectively been reduced from the capacity in the outline consent (up to 375 dws) down to 282 dws. As at April 2023, phases 2 & 3 were under construction with 148 completions. On this basis the Council forecasts 100 dwelling completions in the 5 year period from the 2023 MP.
TTV14	East of OKEHAMPTON, Parcels 3 & 4	Yes	1726/20/ARM	Under construction	400	66	50	60	60	60	60	44		Parcel 3 has detailed consent for 220 dwellings and Parcel 4 has detailed (RM) consent for 90 dwellings and outline consent for 90 dwellings. Parcel 3 & 4 are also part of JLP allocation TTV14. Construction of the dwellings on Parcel 3 has commenced. At April 2023, 66 dwellings were complete and 42 dws were under construction. Housebuilder is Barratt David Wilson Homes. Almost three quarters of Parcel 3 & 4 are currently forecast for delivery in the 5 year period with the remaining dwellings forecast to be delivered after the 5 year period.	Yes general agreement	Parcel 3 is under construction with first completions (66) in 2022/23 as Barratts previously forecast. The forecast anticipates 290 dwellings in the 5YLS. With the site owned and being developed by a housebuilder, the first dwellings completed and the developer agreeing with the trajectory, the Council considers there is sufficient clear evidence that 290 dwellings will be delivered in the 5 year period.

Policy	WEST DEVON LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
TTV16	Callington Road, TAVISTOCK	Yes	2780/ARM	Under construction	600	147	60	50	50	50	50	193		Site has detailed (Reserved Matters) consent for 157 dwellings granted 5 March 2019 (Phase 1) and 241 dwellings granted 27 September 2019 (Phase 2). Phases 3 and 4 on the residue of the site benefit from conditional outline consent granted in 2015. Whole site is a JLP allocation. Number of applications for discharge of conditions approved. As at April 2023, Phase 1 was nearing completion (147 dws completed) and construction had commenced on Phase 2 and 61 dwellings were under construction. Developer's agent previously confirmed the trajectory reflects their client's intentions. The developer is Bovis Homes who are now part of the Vistry Group.	Yes previously, but no update provided	Site is under construction and each phase is being delivered consecutively and there is currently only one outlet (Bovis Homes).  The Council concludes it is prudent to assume a build rate of 50 dpa for Phases 1 and 2. There is sufficient clear evidence to include 260 dwelling completions in the first 5 years from the 2023MP. Thereafter and once Phase 3 commences, an increased build rate may be possible if there are two outlets on this site.
TTV17	Plymouth Road , TAVISTOCK	Yes	3614/18/OPA 0723/21/FUL 3652/20/FUL	Planning Permission - Not Yet Started	300	0	0	10	20	14	0	256		The site is a JLP allocation. Outline planning consent granted June 2020 for 250 dwellings on the southern part of the site. Application was submitted by developer/ housebuilder Linden Homes. Two hybrid consents on the northern remainder part of the site, both submitted by Baker Estates. One for 44 dwellings and an extra care facility. The second consent is for 44 dwellings and 0.76ha of commercial land (Use Class E(g)). As expected, the site has not started. Currently unknown which planning consent will be implemented.	No information received from Linden Homes but update on Baker Estates part of site	No information received about when detailed applications would be submitted and no trajectory provided by the developer on the southern part of the site. Thus, this part of the site is forecast to deliver after the 5 year period. Baker Estates assume a 3 year build of the northern part of the site with dwelling completions in 2024/25 - 2026/27. The Council considers there is sufficient clear evidence that 44 dwellings will be delivered within the 5YLS.
TTV24.10	Glenhaven, LIFTON (Parcel 1)	Yes	2353/18/OPA	Planning Permission - Not Yet Started	54	0	0	35	19	0	0			The site is a JLP allocation. The site has detailed planning consent (RM) 2873/22/ARM for 54 dwellings approved August 2023 - covering part of the JLP allocation site (& part outside the allocation) at the 2023 Monitoring Point. Site remains available with developer onboard (Wain Homes). The developer anticipates a start in autumn 2023 with the first dwelling completion in 2024/25. As expected, there were no completions on this site at the 2023MP.	Yes	Part of the JLP site has detailed consent for 54 dwellings and has been put to the market and now has a housebuilder on board. We have assumed delivery of 54 dwellings in 2024/25 - 2025/26 and the developer agreeing with the trajectory, the Council considers there is sufficient clear evidence that 54 dwellings will be delivered in the 5 year period.
TTV24.10	Glenhaven, LIFTON (Parcel 2)	Yes	2536/20/OPA	Planning Permission - Not Yet Started	68	0	0	0	10	30	28			The site is a JLP allocation. Outline planning consent for 68 dwellings covering part of the JLP allocation site at the 2022 Monitoring Point. Planning application submitted by landowner. Previous information from landowners - they had anticipated a site start late summer 2022 and first completions in summer 2023. In view of the delayed outline consent, the first dwellings are now forecast for 2025/26. The site remains available but no information on the developer/housebuilder. As expected, there were no completions on this site at April 2023.	No updated response	Part of the JLP site has outline consent for 68 dwellings. Housebuilder is unknown at this time. We have cautiously assumed a 3 year delivery program of the scheme in 2025/26 - 2027/28 as there is realistic prospect of delivery within the 5YLS. Site remains available and developable.

Policy	WEST DEVON LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
	Site at SX573976, Folly Gate, OKEHAMPTON	No	3911/21/ARM	Planning Permission - Not Yet Started	23	0	0	5	10	8	0			Site has detailed consent (RM) for 23 dwellings. As expected, the site had not started. Site remains available with developer on board (Gilbert & Goode). Application process to discharge conditions underway. Previous response from the developer indicated a 3 year build programme with an estimated start on site in Spring/Summer 2023 with completions in 2023/24. Due to the delayed start on site the first completions are now anticipated in 2024/25. No update supplied by the developer.	No updated response	As dwellings have yet to commence construction at April 2023, we have assumed delivery of the first dwellings in 2024/25. There is a realistic prospect that 23 dwellings consented will be delivered in the 5 year period from the 2023MP.
TTV19.3	Brook Lane, TAVISTOCK	Yes	3862/19/ARC	Planning Permission - Not Yet Started	23	0	0	0	10	13	0			Full planning application for 23 dwellings granted conditional approval 12 October 2018. As expected there were no completions at the 2023MP. Applications to discharge precommencement conditions have been approved. Developer (Westward Housing Group) response confirmed a site start October 2021.	No updated response	Site has detailed consent for 23 dwellings. Developer previously indicated delivery in 2020/21. As the site has commenced construction we have cautiously assumed delivery is likely in 2025/26 - 2026/27. All 23 dwellings are forecast for completion in the 5 year period from the 2023 MP.
TTV24.8	Hatherleigh Market, HATHERLEIGH	Yes	1794/18/FUL	Under construction	102	89	13	0	0	0	0			Site is under construction following detailed consent (full) for the redevelopment of the site including 102 dwellings. 34 completions in 2022/23. All 13 of the dwellings remaining were under construction at the 2023 Monitoring Point. Developer (Kingswood Homes) anticipates completion of the site in 2023/24.	Yes	N/A
TTV19.1	New Launceston Road, TAVISTOCK	Yes	1472/18/ARM	Under construction	148	119	24	5	0	0	0			Site has detailed (RM) consent for 148 dws, granted in December 2018. Site started in May 2019. As at April 2023, 119 dwellings were completed (36 in 2022/23), all of the remaining 29 dwellings were under construction. Developer indicates completion of all units by March 2025 as previous forecast.	Yes	N/A
	Baldwin Drive, OKEHAMPTON	No	00108/2015	Start on site	43	0	0	0	0	20	23			Site has detailed consent (RM) for 43 dwellings. Site started 03/05/2017. Spine road laid out. Applications discharging conditions approved in April to June 2017. As expected, no dwellings completed in 2022/23. Application for an alternative scheme for 60 dwellings validated 23/01/2023 is under consideration. The agent on behalf of applicant Leander Developments anticipates a recommencement on site in 2025 with the first dwellings completed in 2026.	Yes	Site has detailed consent for 43 dwellings and a pending outline application for 60 dwellings. The site has started but stalled. Realistic prospect of delivery of the site in the 5 year period.
	Devonshire Gardens, NORTH TAWTON	NP	1671/22/ARM	Planning Permission - Not Yet Started	13	0	2	11	0	0	0			Site has detailed consent (RM) for 13 dwellings approved February 2023. Applications to discharge conditions approved. Developer/housebuilder is Hembury Homes. As at April 2023 all 13 dwellings had yet to commence construction. Response from the developer indicates a 2 year build programme with dwelling completions in 2023/24 and 2024/25. The Council considers that at this time there is a realistic prospect that the site will be delivered in the 5YLS.	Yes	Reasonable to assume that delivery of the scheme is expected to complete in 2024/25 (i.e. all 13 dwellings forecast for delivery in the 5 year period). The site is counted towards the Neighbourhood Plan Allowance supply category as part of the overall TTV supply.

Policy	WEST DEVON LPA Site Name	Allocated site	Planning Application Number	Planning Status at end March 2023	Total Dwellings Permitted	Dwellings delivered 2014-2023	2023-24	2024-25	2025-26	2026-27	2027-28	Total Plan Remainder 2028-34	2034/35+	Progress commentary (available, developer on board, submission of planning app, progress against previous forecast (slowing/accelerating))	Developer/Landowner/Promoter Agreement with Forecast	Assumptions (lead in times/delivery rate)
	North of Brandize, FOLLY GATE	No	0321/20/OPA	Planning Permission - Not Yet Started	10	0	0	0	4	6	0			Site has outline consent for 10 dwellings (allowed on appeal in September 2021). No information about when a RM application will be submitted. As expected, the site had not started and there were no completions at the 2023 Monitoring Point. Builder is not known at this time. The site is currently being marketed.	No response	No information received about when a detailed application would be submitted and no trajectory provided by the landowner/developer. The Council considers at this time there is a realistic prospect that the site will be delivered in the 5YLS. The delivery rates accord with SHLAA lead in times/delivery rate evidence.
	South of Exeter Road, OKEHAMPTON	No	0136/21/ARM	Under construction	50	25	25	0	0	0	0			Site under construction following detailed consent (RM) for 50 dwellings approved September 2021. Site start in 2021/22 and as at April 2023, 25 dwellings had completed and 25 were under construction. No response from the developer, Persimmon Homes.	No response	N/A
TTV19.4	The Trendle, TAVISTOCK	Yes	4121/17/FUL	Under construction	13	12	1	0	0	0	0			Site has detailed consent (full) for 13 dwellings, with 12 dwellings complete by developer Blue Cedar Homes at the 2023 Monitoring Point. Application 4121/17/FUL for Plot 13 received conditional full approval on 30 January 2018. Plot 13 has been purchased by MAG Developments and is under construction as of April 2023. Delivery of the final unit is forecast for completion in 2023/24.	Response from Blue Cedar Homes	The 1 remaining dwelling is under construction and forecast for completion in 2023/24.

**Sites removed from 5YLS by LPA area  
(lapsed and undeliverable consents &  
sites now considered not deliverable in  
2023-2028)**

## OFFICIAL

Plymouth LPA - Sites with extant consent considered to be undeliverable in 2022 and position unchanged

Application Number	Address	Reason	Dwellings
06/00588/REM	Agaton Farm	Site has extant planning consent for a further 15 units as 1st phase/block of 6 units delivered in 2010. However remainder of scheme stalled and not deliverable therefore 15 dwellings removed from supply.	15
15/01726/FUL	80/82 Ebrington Street	Proposal for 6 dwellings will not proceed as application superseded by new consent for an extension to adjoining car park. 6 dwellings removed from housing supply.	6
15/01622/FUL	Mayflower House, 178 to 184 Armada Way	Site considered undeliverable in relation to the NPPF 'deliverability' definition. Developer indicates consent will not be implemented as scheme is not viable and is pursuing alternative proposals. Site pushed back to years 6-10 in the housing trajectory until a new deliverable proposal comes forward.	140
16/00554/FUL	17-19 Mayflower Street	Site has extant consent for 162 units – Developer indicates approved scheme undeliverable for viability reasons. New scheme being pursued, site moved back to years 6-10 in the housing trajectory until a new deliverable proposal comes forward.	162
16/01422/REM	Former Tothill Sidings, Desborough Road	Site has extant consent for 50 dwellings. In accordance with the latest NPPF 'deliverability' definition site considered to not be deliverable and removed from housing trajectory. Developer indicates that approved scheme not deliverable and is pursuing alternative proposals for the site. Site could return to the 5YLS if a new deliverable proposal comes forward.	50
05/00162/FUL	Desborough Motors, Desborough Road	Site has extant consent for 12 dwellings. In accordance with the latest NPPF 'deliverability' definition site considered to not be deliverable and removed from housing trajectory. Developer indicates that approved scheme is not viable.	12

## OFFICIAL

## Plymouth LPA - Sites removed from the 2023 5YLS due to insufficient evidence to justify delivery of dwellings in the 5 year Supply (2023-2028)

Commitments			
Application Number	Address	Reason	Dwellings
17/01770/FUL	16-20 Duke Street	Site has extant consent for 24 dwellings. In accordance with the latest NPPF 'deliverability' definition site considered to be undeliverable and removed from housing trajectory. Development is unviable.	24
20/1276/FUL	East Park Avenue	Site has consent for 6 dwellings. In accordance with the latest NPPF 'deliverability' definition site considered to be undeliverable and removed from housing trajectory. Landowner indicates they will not implement scheme and will therefore lapse during 2023/24	6
20/01371/PRUS	538 Crownhill Road	Site has extant consent for 5 dwellings. In accordance with the latest NPPF 'deliverability' definition site considered to be undeliverable and removed from housing trajectory. Scheme undeliverable due to multiple ownerships and no agreement to enable delivery of development.	5
21/01582/S73	PLY 29 Millbay Waterfront - Plot C I	Site has consent for 58 dwellings. In accordance with the latest NPPF 'deliverability' definition site considered to be undeliverable and removed from housing trajectory. Developer confirms consented scheme unviable and will not be implemented. Developer delivery programme for the site indicates that this plot will move backwards in the delivery programme and unlikely to delivery until 2028/29 under a new reserved matters application to be submitted during 2025.	58

# **APPENDIX 6**

**Amendments to past net additional dwelling delivery due to NPPF/NPPG changes regarding counting student and communal accommodation**

### Net additions to the dwellings stock 2014-18 - Differences between adopted JLP and requirements of the new NPPF/NPPG and the HDT

The table below shows the differences between the net additions to the dwelling stock over the plan period 2014-2018 in the JLP and reported in the JLP examination. The JLP was examined under transitional arrangements which meant it was examined under the NPPF and NPPG prior to July 2018. The provisions of the new NPPF/NPPG and the HDT changed the way that student cluster flats and communal accommodation should be counted against housing requirement or the Government's new standard methodology for minimum LHN. Government therefore required revisions to past delivery for the purposes of the HDT which measures delivery performance over the last three years. As a result of the requirement to comply with the provision of the new policy framework a further 448 dwellings over the 4 year period 2014-2018 were included. The increase is primarily attributed to the provision of purpose built student accommodation in the form of cluster flats within Plymouth that were previously not able to be included.

Table 1: Revised net additional supply 2014-2018 and relationship to supply identified in JLP examination.

	2014/15	2015/16	2016/17	2017/18	Total
Plymouth LPA	700	1,129	557	1,372	3,758
South Hams LPA (excluding delivery in DNP)	177	428	326	511	1,442
West Devon LPA (Excluding delivery in DNP)	116	154	196	160	626
Total net additional supply (taking account of NPPF/NPPG changes)	993	1,711	1,079	2,043	5,826
Total net additional supply identified in the JLP	928	1,660	1,103	1,687 <sup>1</sup>	5,378
Difference (increase in net additional supply over the period 2014-2018 as a result of the new NPPF/NPPG)	+65	+51	-24	+356	+448

<sup>1</sup> JLP examination documents EXD63 and EXD64 indicated the net additional supply for 2017/18 based on the requirements of the old NPPF to which the JLP was examined against.

## APPENDIX 8

### Small sites windfall allowance (<10 dwellings) South Hams and West Devon LPAs

The supply contains an allowance for future delivery on future small windfall sites (excluding-garden land). The combined annualised allowance for the 2 LPA areas is 105dpa. It applies only to years 4 and 5 of the 5 year period. The following evidence justifies the updated windfall delivery rates and supersedes previous evidence<sup>1</sup>.

Table 1 records the historic annual delivery from small windfall sites (net 9 dwellings or less that are not JLP allocations or neighbourhood plan allowance sites) for each monitoring year from 2011/12 to 2022/23. For clarity, the table is disaggregated into the South Hams and West Devon LPA areas. These sites include conversions and changes of use. Communal accommodation sites with a net change of net 9 or less are then added to give the total windfall completions. There are no student accommodation units in these areas. Subtracting the number of windfall completions that are garden development gives the net total windfall excluding garden development.

However, the 5 year land supply assessment also has to take account of the interaction between neighbourhood plan allowance (sustainable villages) and small windfall allowance supply categories in the South Hams and in West Devon. The net windfall total has to be modified to avoid double counting with the potential for housing from small sites to be delivered through the neighbourhood plan allowance supply category. In this forecast there is minor downward adjustment of about 2dpa in the South Hams, and a downward adjustment of about 11dpa in West Devon. The explanation for these discounts is set out in Annex 1 to Appendix 8.

Dividing the adjusted net total windfalls (excluding garden development) by the number of years (12) between April 2011 and March 2023 gives the historic average annual delivery rate for each LPA.

This updated monitoring information is the basis for the average annual delivery rates on small windfall sites in the South Hams and West Devon LPA areas for years 4 and 5 in the forecast. At 74dpa, the annual windfall allowance rate in the South Hams for the 2023 Monitoring Point forecast is marginally higher than in the previous 2022 Monitoring Point forecast. At 31dpa, the annual windfall allowance rate in West Devon for the 2023 Monitoring Point forecast is marginally lower to the previous 2022 Monitoring Point forecast. The previous forecast informed the December 2022 Housing Position Statement.

The increase in the South Hams LPA area is due in part to the overall rise in net completions on small sites, particularly in 2017/18 and 2018/19 but they were also high in 2019/20. The rise reflects the impact of Government rural housing policy including the recent trend in Use Class Q<sup>2</sup> development in the area. The small decrease in the West Devon LPA area is due to the overall fall in net completions on small sites with completions in 2022/23 below the 12 year average. The LPAs are also mindful of the number of small sites under construction at end

---

<sup>1</sup> Previous evidence about windfall delivery rates was set out in the Revised Housing Topic Paper Addendum October 2018 (TP3(rev2) Appendix 7.4

<https://www.plymouth.gov.uk/sites/default/files/RevisedHousingTopicPaperProvisionAndSupplyAddendum.pdf>

<sup>2</sup> The Town and Country Planning (General Permitted Development) (England) Order 2015 – SI 2015 No 596 – Schedule 2 part 3

March 2023 in each LPA area which can reasonably be expected to be completed in 2023/24, and the extent of other small site commitments that are non-garden windfalls. It is therefore realistic to expect the updated, adjusted historic small windfall (excluding garden land) trends to continue.

**Sustainable village allowance (circa 550 dwellings) South Hams and West Devon TTVPA**

Provision in the order of 550 dwellings are sought from the sustainable villages as part of the overall housing supply for the TTV Policy Area. Development proposals can come forward through neighbourhood plans with local people responding to local needs and opportunities or development proposals through the planning application process where there is no neighbourhood plan. To date, only a small number of sites have been delivered through neighbourhood plans or developments at sustainable villages. The 5 year land supply includes approximately 70 dwellings with planning consent that count against this allowance and beyond the 5 year period, a supply of 20 dwellings per annum are included in the TTV supply forecast from Year 6 to the end of the plan period.

Notes: \* Includes conversions on sites of less than 10 dwellings

# Likely that some of the completions recorded in 2011/12 occurred in 2010/11 so 2011/12 total reduced by 31 (figure in bracket is recorded total)

\*\* 2014/15 is a moderated figure eg omits units if evidence suggests regularisation or potential delay in certificate of completion or final certificate.

\$ Excludes dwellings at Brook Lane, Tavistock (recorded as small site, but part of large site development)

£ excludes some agricultural dwellings

@ see TP3(rev2) Appendix 7.6 Annex 1 for the amended explanation about reducing the small windfalls forecast to avoid overlapping and double counting with the neighbourhood plan allowance supply category forecast

## Adjustment of the Total Windfalls Excluding Garden Development

Where necessary, an adjustment is made to the 'Total Windfalls Excluding Garden Development' rate to avoid overlap with the forecast potential small sites supply (sites of 10 or less) for the neighbourhood plan allowance. The need for this type of adjustment was set out in the Revised Housing Topic Paper (TP3(rev)) and the Addendum (TP3(rev2)) which are part of the JLP evidence base.<sup>3</sup> The adjustments for the South Hams and West Devon LPA areas for the 2022 monitoring point forecasts take account of the following:

- a) South Hams: A small downward adjustment to the small windfall rate of net 1 to 2 dpa was included forecast supply TP3(rev2)) Appendix 7.4. This was also taken into account in the 2021 Housing Position Statement. None of the new commitments in the South Hams approved in 2021/2022 were on sites that had formed part of the potential forecast supply used to justify the 550 allowance in JLP TTV25 relating to sites of 10 or less dwellings. Therefore there is no need to change the discount applied to the small windfall allowance relating to the South Hams for the 2022 supply forecast. The historic annual rate of unadjusted small windfall (excluding garden land) delivery in the South Hams between 2011 and 2022 is 74dpa (see Table 1 in Appendix 8). Subtracting a discount of 2dpa from this results in the adjusted small windfall (excluding garden land) rate of 72dpa.

The small windfall allowance (excluding garden land) rate applied in the South Hams LPA in years 4 and 5 of the 5 year period is therefore 72dpa.

- b) West Devon: The 2022 supply forecast takes into account 37 dwellings that had previously formed part of the potential forecast supply used to justify the 550 allowance in JLP TTV25 relating to sites of 10 or less dwellings. These 37 units are no longer counted towards the potential supply of small sites within West Devon relating to the neighbourhood plan allowance for the JLP plan period. They comprise:
  - 20 dwellings on small site commitments consented in 2018/19 that are windfalls. They did not come forward through the Neighbourhood Plan process. They were not the result of direct allocation or the positive intervention of made or emerging Neighbourhood Plans for those settlements. Furthermore, they do not meet the tests of TTV25 (notably they do not provide affordable housing to meet local needs). Nor is there potential alternative supply identified in the evidence in Revised Housing Topic Paper Appendix 7.6 (TP3(rev)) to compensate for the absence of allocations and interventions. These 20 dwellings comprise:
    - new small commitments consented in 2018/19 at Land at the Highwayman Inn, Sourton (+5dws) and Workshop rear of Meadows Edge, Exbourne

---

<sup>3</sup> Revised Housing Topic Paper March 2018 TPE(rev) Appendix 7.6

<https://www.plymouth.gov.uk/sites/default/files/HousingTopicPaperProvisionSupplyUpdated.pdf>  
as amended by the Revised Housing Topic Paper Addendum October 2018 (TP3(rev2) Appendix 7.6 Annex 1  
<https://www.plymouth.gov.uk/sites/default/files/RevisedHousingTopicPaperProvisionAndSupplyAddendum.pdf>

- (+5dws) which are sites that were listed as potential neighbourhood plan allowance supply in TP3(rev) Appendix 7.6.
- the commitment consented in 2017/18 at Rowan Cottages Lewdown(+10) which was also listed as potential neighbourhood plan allowance supply in TP3(rev) Appendix 7.6.
  - 10 dwellings at Cross Roads Farm Lewdown which was also listed as part of the potential neighbourhood plan allowance supply in TP3(rev) Appendix 7.6. This is now a large windfall site commitment – with consent for 17 dwellings on this site.<sup>4</sup>. Therefore these 10 dwellings need to be discounted to avoid double counting with the small windfalls forecast.
  - 7 dwellings that had been listed as potential neighbourhood plan allowance supply in TP3(rev) Appendix 7.6 but which were excluded because they were on a potential supply site that is in the AONB (see TP3(rev2) Appendix 7.6-Annex 1 para 11 (C2) Page 171).

Whilst those 37 units had been listed in TP3(rev) Appendix 7.6 as potential supply in West Devon for the neighbourhood plan allowance, they were also part of the 167 dwellings deducted from the small windfalls allowance to avoid double counting (see Appendix 7.6 page 273). However, because those 37 dwellings are now no longer counted towards the neighbourhood plan allowance, they can now be counted towards the small windfall allowance, so there is no overlap and no double counting.

The 37 dwellings are therefore deducted from the original 167 dwellings discounted from small windfalls. This leaves 130 dwellings to be discounted from the overall small non-garden land windfall forecast for the remainder of the JLP. This relates to the 11 year period 2022/23 to 2033/34 (ie to the end of the JLP plan period). Dividing the total discount of 130 dwellings by 11 equates to the annual discount of 11.82 dws dpa.

The historic annual rate of unadjusted small windfall (excluding garden land) delivery in West Devon between 2011 and 2022 is 43dpa (see Table 1 in Appendix 8). Subtracting the 11dpa discount from this results in the adjusted small windfall (excluding garden land) rate of 32dpa.

The small windfall allowance (excluding garden land) rate applied in West Devon LPA in years 4 and 5 of the 5 year period is therefore 32dpa.

---

<sup>4</sup> there is an alternative site of 15 dwellings in Lewdown in Appendix 7.6 which is now counted towards the potential neighbourhood plan allowance supply, but this is not a 'small' site so is not discounted from the small windfall forecast.

# **APPENDIX 10**

**Progress towards JLP Policy Area and  
LPA monitoring targets at 2023  
monitoring point**

## **Progress towards Joint Local Plan (JLP) Policy Area and Local Planning Authority (LPA) monitoring targets at 2023 Monitoring Point.**

### **1.0 Plymouth Policy Area (PPA)**

1.1 Policy SPT 3 refers to a target<sup>1</sup> of 19,000 net additional dwellings to be delivered over the plan period 2014-2034, annualised to 950 dwellings per annum.

#### Net additional dwellings to the stock since the plan base date (2014-2023)

1.2 A total of 7,228 dwellings (net) have been provided in the first 9 years of the plan period. Table 1 in Appendix A provides a breakdown by year by type of development.

1.3 At the 2023 monitoring point the PPA is in a shortfall position of 1,322 dwellings against the annualised monitoring target of 950dpa. It is clear that the impact of COVID-19 and the national lockdowns together with the impacts of inflation and rising interest rates have impacted upon delivery and construction activity during the last 3 years. This has been recognised by Government through the adjustments made to the Housing Delivery Test measurements and in seeking to reform the HDT in its consultation on planning reforms due to its unfairness in penalising local authorities.<sup>2</sup> To ensure the JLP is on track a net additional supply of 11,772 dwellings over the remaining plan period (2023-2034) ought to be identified in the supply. The net supply identified in Plymouth<sup>3</sup> and the South Hams<sup>4</sup> part of the PPA totals 11,952 dwellings which is 180 dwellings above the 11,772 dwellings that ought to be identified to remain on track in the policy area. There is minimal flexibility in the supply which represents a headroom of 1% above policy target. This is due to a delivery on a number of sites moving back in the trajectory and beyond 2034 due to the current significant Macroeconomic factors affecting housing delivery nationally. No action is therefore required at this point to address supply in the PPA. The LPA's however continue to proactively focus efforts on bringing forward delivery of the sites and dwellings identified in years 6 and 7 of the housing trajectory which include some of the actions set out in the JLP Housing Implementation Strategy<sup>5</sup>

1.4 At the 2023 monitoring point a total of 9,666 dwellings have consent<sup>6</sup> in the PPA of which 719 dwellings had commenced construction. A total of 16,894 dwellings therefore have either been delivered, are currently under construction or have planning consent at April 2023, which represents 89% of the Policy Area monitoring target. It should be noted that not all dwellings with consent appear in the 5YHLS due to phasing on large sites, however house builders could choose to increase delivery rates and implement their consents earlier.

---

<sup>1</sup> As the Housing Requirement, Housing Delivery Test and 5 Year land Supply is at the whole plan level, the targets relating to policy areas become policy targets to ensure the JLP strategy is on track to be delivered.

<sup>2</sup> See main report paras 3.2, 3.11 & 3.12

<sup>3</sup> See appendix 11 of this Position Statement

<sup>4</sup> See appendix 11 of this Position Statement

<sup>5</sup> JLP Housing Implementation Strategy is set out in Para 3.33 of the adopted JLP

<sup>6</sup> Over 10 years' worth of the policy target annualised

- 1.5 A total of 599 dwellings had commenced construction in the 2022/23 monitoring year. There has been a significant reduction in dwelling starts over the past 3 years. This is primarily due to the significant uncertainty regarding macroeconomic factors such as: Brexit, COVID 19, Inflation and rising interest rates. These factors have severely affected: build costs, the supply of materials and labour, disposable income, decisions to buy and sell and availability/affordability of mortgages. Reduced disposable income and reduced affordability of mortgages due to high inflation and significant increases in interest rates significantly reduces demand. The factors above affect low-value areas such as Plymouth in which the majority of sites allocated and consented remaining to be delivered are on land previously developed and are more costly to develop. Nationally housebuilders have indicated that housing output will continue to slow down in the short term given house prices are falling and are projected to continue to fall into 2025. The Office for Budget Responsibility forecasts that interest rates are likely to remain above 4% into 2027 and that house prices are unlikely to return to 2022 levels until well into 2027. Dwelling starts have recovered during 2022/23 and represent a 68% increase on last year however this is due in large part to the high level of starts at Sherford (272 dwellings) within the South Hams urban fringe on a greenfield site where values are significantly higher than within the city.

#### Affordable Housing

- 1.6 Policy SPT 3 refers to a target of 4,550 net additional affordable dwellings from development over the plan period 2014-2034 annualised to 227.5 dwellings per annum. Net additional affordable housing delivery from development over the first 9 years of the plan period (2014-2023) = 1,322 dwellings at an average of 147dpa. Although there is a shortfall of 725 dwellings at the 2023 monitoring point this is due to large scale regeneration programmes in Devonport, North Prospect & Barne Barton in the early part of the plan period. These regeneration schemes have resulted in 714 losses (within the plan period) of poor quality affordable houses being replaced by a supply of high quality affordable housing that will continue to deliver over the next few years. Gross Affordable Housing Delivery has been very strong across the plan period averaging 226 dwellings per annum. A sufficient supply of housing is identified in the remainder of the plan period which should be sufficient to provide enough affordable homes to meet the policy target (See paragraph 1.3 above and paragraphs 5.19 to 5.21 of the main report). No further action is required at this point to address supply in the PPA.

## 2.0 Thriving Towns & Villages Policy Area (TTVPA)

- 2.1 Policy SPT3 refers to a target<sup>7</sup> of 7,700 net additional dwellings to be delivered over the plan period 2014-34, annualised to 385 dwellings per annum.

#### Net additional dwellings to the stock since the plan base date (2014-2023)

- 2.2 A total of 5,164 dwellings (net) have been provided in the first 9 years of the plan period. Table 2 in Appendix A provides a breakdown by year by type of development.

---

<sup>7</sup> As the Housing Requirement, Housing Delivery Test and 5 Year land Supply is at the whole plan level, the targets relating to policy areas become monitoring targets to ensure the JLP strategy is on track to be delivered.

- 2.3 At the 2023 monitoring point the TTVPA is in a surplus position of 1,699 dwellings against the annualised monitoring target of 385dpa. To ensure the JLP is on track, a net additional supply of 2,536 dwellings over the remaining plan period (2023-2034) ought to be identified in the supply. The net supply identified in West Devon<sup>8</sup> and the South Hams<sup>9</sup> part of the TTVPA totals 5,394 dwellings which is 2,858 dwellings above the 2,536 dwellings that ought to be identified to remain on track in the policy area. There is sufficient flexibility in the supply identified which represents a headroom of 37% above policy target. No action is therefore required at this point to address supply in the TTVPA.
- 2.4 At the 2023 monitoring point a total of 4,067 dwellings have consent<sup>10</sup> in the TTVPA of which 943 dwellings had commenced construction. A total of 9,231 dwellings therefore have either been delivered, are currently under construction or have planning consent at April 2022, which represents 120% of the Policy Area monitoring target. It should be noted that not all dwellings with consent appear in the 5YHLS due to phasing on large sites, however house builders could choose to increase delivery rates and implement their consents earlier.
- 2.5 A total of 834 dwellings had commenced construction in the 2022/23 monitoring year which is a significant increase on previous years and the forecast for next year (2023/24) is very high at 646 dwellings (net), which would increase the surplus in the TTVPA to 1,960 dwellings at the 2024 monitoring point.

#### Affordable Housing

- 2.6 Policy SPT 3 refers to a target of 2,050 net additional affordable dwellings from development over the plan period 2014-2034 annualised to 102.5 dwellings per annum. Net additional affordable housing delivery from development over the first 9 years of the plan period (2014-2023) = 1,091 dwellings at an average of 121dpa and a surplus position of 169 dwellings at the 2023 monitoring point. A sufficient supply of housing is identified in the remainder of the plan period which should be sufficient to provide enough affordable homes to meet the policy target (See paragraph 2.3 above and paragraphs 5.19 to 5.21 of the main report). No further action is required at this point to address supply in the TTVPA.

### 3.0 Plymouth LPA

- 3.1 Annex 2 of the JLP refers to monitoring target of 13,200 net additional dwellings over the plan period 2014-34 in the Plymouth LPA area, annualised to 660 dwellings per annum.

#### Net additional dwellings to the stock since the plan base date (2014-2023)

- 3.2 A total of 6,562 dwellings (net) have been provided in the first 9 years of the plan period. Table 3 in Appendix A provides a breakdown by year by type of development.
- 3.3 At the 2023 monitoring point the Plymouth LPA is in a surplus position of 622 dwellings against the annualised monitoring target of 660dpa. To ensure the JLP is on track, a net additional supply of 6,638 dwellings over the remaining plan period (2023-2034) ought to be

<sup>8</sup> See appendix 11 of this Position Statement

<sup>9</sup> See appendix 11 of this Position Statement

<sup>10</sup> Over 10 years' worth of the policy target annualised.

identified in the supply. The net supply identified in the Plymouth LPA<sup>11</sup> totals 7,739 dwellings which is 1,101 dwellings above the 6,638 dwellings that ought to be identified to remain on track in the Plymouth LPA area. There is sufficient flexibility in the supply identified which represents a headroom of 8% above the monitoring target. No action is therefore required at this point to address supply in the Plymouth LPA.

- 3.4 At the 2023 monitoring point a total of 5,010 dwellings have consent<sup>12</sup> in the Plymouth LPA area of which 406 dwellings had commenced construction. A total of 11,572 net dwellings therefore have either been delivered, are currently under construction or have planning consent at April 2023, which represents 88% of the Plymouth LPA monitoring target. It should be noted that not all dwellings with consent appear in the 5YHLS due to phasing on large sites, however house builders could choose to increase delivery rates and implement their consents earlier.
- 3.5 A total of 316 dwellings had commenced construction in the 2022/23 monitoring year, which is an increase on last year but remains low compared to previous years which can be attributed to the effects of Brexit, COVID-19, inflation and rising interest rates on construction activity (see paragraph 1.5 above). There were however 406 dwellings under construction at the 2023 monitoring point. The forecast for next year (2023/24) therefore is lower than the annualised monitoring target at 326 dwellings (net), however there would still be a healthy surplus position of 288 dwellings at the 2024 monitoring point.

#### Affordable Housing

- 3.6 Affordable Housing targets are at the whole plan and policy area level within the JLP. Net additional affordable housing delivery from development over the first 9 years of the plan period (2014-2023) = 1,127 dwellings at an average of 125dpa. However, 1,841 new affordable homes (gross) from development have been delivered over the period 2014-23 at an average of 205 dwellings per annum. There have been 714 demolitions of poor quality affordable dwellings early in the plan period at 3 major regeneration areas (Devonport, North Prospect and Barne Barton). Higher quality affordable homes have replaced these dwellings and continue to be delivered at North Prospect and Barne Barton within the 5YLS.

## 4.0 South Hams LPA

- 4.1 Annex 2 of the JLP refers to 2 monitoring targets for South Hams LPA over the plan period 2014-34; 5,800 net additional dwellings in the South Hams part of the PPA, annualised to 290 dwellings per annum and 4,500 net additional dwellings in the South Hams part of the TTV annualised to 225 dwellings per annum. This totals 10,300 net additional dwellings over the plan period 2014-34 annualised to 515 dwellings per annum.

#### Net additional dwellings to the stock since the plan base date (2014-2023)

- 4.2 A total of 4,035 dwellings (net) have been provided in the first 9 years of the plan period. Table 4 in appendix A provides a breakdown by year by type of development.

<sup>11</sup> See appendix 11 of this Position Statement

<sup>12</sup> Over 7 years' worth of the monitoring target annualised

- 4.3 At the 2023 monitoring point South Hams LPA is in a shortfall position of 600 dwellings against the annualised monitoring target of 515dpa the whole of South Hams LPA. This was expected due to Sherford delivery commencing later in the plan period as well as the delivery of two urban extensions at Woolwell and West Park Hill. Delivery in the last 3 years has been above the annualised monitoring target and a deliverable supply is identified above the annualised target in each of the years in the 5YLS.<sup>13</sup> To ensure the JLP is on track, a net additional supply of 6,265 dwellings over the remaining plan period (2023-2034) ought to be identified in the supply. The net supply identified in the South Hams LPA<sup>14</sup> totals 7,307 dwellings which is 1,042 dwellings above the 6,265 dwellings that ought to be identified to remain on track in the South Hams LPA area. There is sufficient flexibility in the supply identified which represents a headroom of 10%. No action is therefore required at this point to address supply in the South Hams LPA.
- 4.4 At the 2023 monitoring point a total of 6,827 dwellings have consent<sup>15</sup> in the South Hams LPA area of which 906 dwellings had commenced construction. A total of 10,862 net dwellings have therefore either been delivered, are currently under construction or have planning consent at April 2023, which represents 105% of the South Hams LPA monitoring target. It should be noted that not all dwellings with consent appear in the 5YHLS due to phasing on large sites, however house builders could choose to increase delivery rates and implement their consents earlier.
- 4.5 A total of 777 dwellings had commenced construction in the 2022/23 monitoring year which remains high. This could reflect the significant demand for housing in rural locations as an impact of the pandemic and the high value and deliverability of sites on greenfield land. The forecast for next year therefore (2023/24) is 715 dwellings (net), which would decrease the shortfall in the South Hams LPA area to 400 dwellings at the 2024 monitoring point.

#### Affordable Housing

- 4.6 Affordable Housing targets are at the whole plan and policy area level within the JLP. Net additional affordable housing delivery from development over the first 9 years of the plan period (2014-2023) = 969 dwellings at an average of 108dpa.

## 5.0 West Devon LPA

- 5.1 Annex 2 of the JLP refers to monitoring target of 3,200 net additional dwellings over the plan period 2014-34 in the West Devon LPA area, annualised to 160 dwellings per annum.

#### Net additional dwellings to the stock since the plan base date (2014-2023)

- 5.2 A total of 1,795 dwellings (net) have been provided in the first 9 years of the plan period. Table 5 in Appendix A provides a breakdown by year by type of development.
- 5.3 At the 2023 monitoring point the West Devon LPA's surplus position has increased significantly to 355 dwellings against the annualised monitoring target of 160dpa. To ensure

<sup>13</sup> See Table 7 in the Main Report and Appendix 3

<sup>14</sup> See appendix 11 of this Position Statement

<sup>15</sup> Over 13 years' worth of the monitoring target annualised

the JLP is on track, a net additional supply of 1,405 dwellings over the remaining plan period (2023-2034) ought to be identified in the supply. The net supply identified in the West Devon LPA<sup>16</sup> totals 2,302 dwellings which is 897 dwellings above the 1,405 dwellings that ought to be identified to remain on track in the West Devon LPA area. There is sufficient flexibility in the supply identified which represents a headroom of 28%. No action is therefore required at this point to address supply in the West Devon LPA.

- 5.4 At the 2023 monitoring point a total of 1,896 dwellings have consent<sup>17</sup> in the West Devon LPA area of which 350 dwellings had commenced construction. A total of 3,691 net dwellings therefore have either been delivered, are currently under construction or have planning consent at April 2023, which represents 115% of the West Devon LPA monitoring target. It should be noted that not all dwellings with consent appear in the 5YHLS due to phasing on large sites, however house builders could choose to increase delivery rates and implement their consents earlier.
- 5.5 A total of 340 dwellings had commenced construction in the 2022/23 monitoring year which remains at high levels. This could reflect the significant demand for housing in rural locations as an impact of the pandemic and the high value and deliverability of sites on greenfield land. The forecast for next year (2023/24) is therefore very high at 264 dwellings (net), which would increase the surplus position to 459 dwellings in the West Devon LPA area the 2024 monitoring point.

#### Affordable Housing

- 5.6 Affordable Housing targets are at the whole plan and policy area level within the JLP. Net additional affordable housing delivery from development over the first 9 years of the plan period (2014-2023) = 317 dwellings at an average of 35 dwellings per annum.

## 6.0 Conclusion

- 6.1 At the 2023 monitoring point delivery at the whole plan level is 377 dwellings ahead of target. The delivery and supply identified in the next 5 years and the remainder of the plan period within the 2 Policy Areas and the 3 LPA areas is sufficient to meet the whole plan housing requirement and affordable housing targets with flexibility and headroom. The delivery and supply identified in each area within the plan period is also on track to meet the JLP's Policy Area and LPA monitoring targets. Furthermore, after only 9 years into the 20 year plan period, 98% (26,125 dwellings) of the whole plan Housing Requirement (26,700 dwellings) has either been delivered, is under construction or has planning consent.

---

<sup>16</sup> See appendix 11 of this Position Statement

<sup>17</sup> Over 11 years' worth of the monitoring target annualised

# **APPENDIX A**
