Case Officer: Katie Stickland

Applicant: Mr Anthony Tizzard

Proposal: We propose to erect a pair of Black Powder Coated 2.1m High (to suit 2.285mm wide opening) blunt topped steel gates to our existing car port to provide additional security to the vehicle(s) parked within it. The gates will also provide additional security to our young children to stop them running from the rear of the property, and the parked car towards/into the road adjacent to our property. It is proposed that the gates would match the appearance of the rest of the steelwork fencing on site. To that effect:

The dimensions of materials used:
40x40 shs end style and bottom rail
40mm x 10mm flat bar curved top and straight mid rail
