"The appointment to Presidency was a direct result of DeJoy's outstanding performance in the de-

velopment of Janus Records," stated Bayley.

"This is a very special honor for me," DeJoy told R&R, "especially coming as I do from the promotion end of the record business. As far as the future of the label is concerned, we will continue to expand at a slow, positive rate."

Spears Taps Tuna For KHJ Mornings

Charlie Tuna, who resigned from KHJ/Los Angeles' morning slot five years ago over a forced airshift move to middays, has returned to the station he first joined almost ten years ago—as morning man once again. Tuna, morning man at KIIS/Los Angeles since 1973, will replace the departing Charlie Van Dyke Monday (5/2).

KHJ Operations Manager Michael Spears told R&R that in keeping with the style of the new KHJ, the station will blitz the town in support of Tuna, who according to Spears still holds the best morning ratings numbers in KHJ's history. Tuna told R&R, "I'm extremely happy about the entire situation. I have a great deal of respect for Michael and we've found that we think very much

alike about programming. It's more exciting now than it was ten years ago when I first came to KHJ."

L.A. Radio Changes—

Tuna was also named one of

California's Five Outstanding Young Men for 1977 by the California Jaycees. He will receive the honor at the Jaycees' 50th annual convention April 30.

Shaughnessy Names Pearl, Greenleigh For K100 Programming

Billy Pearl and Tom Greenleigh have been named Managers, Program Operations at K100/Los Angeles, and assume control of programming immediately.

K100 Vice-President/General Manager Pat Shaughnessy told R&R that Pearl and Greenleigh "have scrapped all tradition to do their own kind of thing in a natural. logical way. I'm happier than a woodpecker in a lumberyard to have them join the station." Shaughnessy also stated that K100 will not shift its 12-34 demographic target audience. Pearl and Greenleigh most recently consulted KRLA/Los Angeles, where they achieved considerable ratings success.

In a related announcement, Shaughnessy has also promoted **Denise Gorman**, currently Music Director at K-100, to the newly created position of Program Coordinator, where she will be working closely with the Pearl/Greenleigh team.

KDWB Battles Phone Co.

KDWB/Minneapolis and the phone company managed to hang each other up in a series of skirmishes over the station's \$1000-a-day give-away contest. Northwestern Bell originally filed an affidavit against KDWB using the station's lines for the promotion claiming that big money giveaways had completely

blocked phone lines in the past. The court ruled in Bell's favor, but KDWB Senior Vice-President/General Manager Gary Stevens found a "perfectly legal" loophole in the phone company's regulations, and arranged to run the contest through a public phone booth.

At issue, according to Stevens.

was Northwestern Bell's refusal to install special equipment capable of handling high-volume callins without disrupting normal service. The phone company claimed that installation and maintenance would cost upwards of half a million dollars, but Stevens contended that Bell was exaggerating and that other radio stations have received mass-calling equipment for contest purposes.

When KDWB told listeners to call a phone booth number as part of the contest, four prefixes in the area were blown out of service, leaving customers without service for up to half an hour. The phone company called KDWB back into court immediately, and a compromise was reached whereby the station adjusted its giveaway to \$100 ten times a day and took calls on its existing lines. reasoning that the lower cash figure would attract a more manageable volume of call-ins. The controversy generated a rash of local press coverage and attracted the wire services as well all keeping KDWB in the public ye.

Stevens announced that KDWB will go before the Minnesota Public Service Commission to resolve the phone lines issue at a later date.

WCAO-FM Changes To Disco

WCAO-AM-FM/Baltimore Operations Manager Ron Riley has announced that the Plough Broadcasting owned WCAO-FM will kick off their new disco format and call

letters, WXYV, on May 1. Larry Hall, formerly WCAO-AM Production Director will assume the Program Director duties at WXYV. "V103" will be automated, with the AM air staff cutting voice tracks. Riley will remain Operations Manager of both outlets, and Program Director of WCAO-AM.

NRBA Schedules 'Radio Vs. Newspapers'

The National Radio Broadcasters Association has announced its schedule of regional seminars on the topic of "Radio Vs. Newspapers." "It's time radio Sales Managers and advertising representatives take another look at the newspaper story," said Al King, Executive Vice-President, Station Services for NRBA, "and learn how radio can compete effectively in all markets.

Twelve seminars have been scheduled by NRBA this year, including two special "Radio Sales Days." The other ten meetings will be held at airport locations for the convenience of those attending. Maurie Webster, President of the Webster group and one of the nation's leading authorities on radio vs. newspaper advertising, will design and conduct the seminars.

WCAS Staff Protests 'Sexist' LP Covers

The airstaff of WCAS-AM/Cambridge has announced that they have unanimously voted to "go on record as strongly objecting to the recent rash of album cover designs depicting women in a demeaning, sexist, and/or violent manner.'

The official statement went on to say, "In particular, this letter is to inform you that because of the album cover design and accompanying ad campaign for the recent Columbia release 'Walter Egan: Fundamental Roll,' we have unanimously voted not to give the album airplay. This is unfortunate because the material on the record itself is eminently worthy of airplay and fits our format perfectly." WCAS Program Director Don

Cohen told R&R, "Most of the albums that are damaging to the image of women are in the hard rock category. We are a soft AOR station. The Egan album is the first soft rock album to demean women in a long time. Each album will be voted on, in the future, on a case by case basis. We feel that the music industry is not as aware as it should be of the ramifications of sexual stereotyping in both music and album covers. WCAS will not contribute to this situation by playing sexist music or any music contained within an album that projects sexist images.'

"With regional seminars," King continued, "we have more flexibility, just like the media we represent. We can make changes when change is advisable to fit the needs of the radio industry." This year, a conflict with a meeting of the Texas branch of NRBA necessitated the rescheduling of the Dallas/ Ft. Worth seminar. The adjusted schedule runs as follows: May 24, Atlanta (Century Inn); May 25, the two "Radio Sales Day," in Windsor, Connecticut (Sheraton Tobacco Valley Inn) and Chicago (Hyatt O'Hare); June 1, Denver (Sheraton); June 2, Los Angeles (Pacifica); June 3, Seattle (Hyatt House); June 9, Washington, D.C. (Sheraton National); June 15, Dallas/Ft. Worth (Airport Marina); July 13, Boston (Ramada Airport): July 15, Memphis (Sheraton Airport); July 20, Chicago (O'Hare Hilton); and July 21, Kansas City (Marriott)

Dylan Signs With Weintraub

Civil Rights Groups Ask For FCC Probes Of EEO

Petitions filed by a number of citizen's groups have lead a Washington D.C. Court of Appeals to tell the FCC to hold hearings on their Equal Opportunity complaints. The court reversed FCC dismissals of EEO complaints filed against KCBS/San Francisco, WTVR-AM-FM-TV/Richmond, and KONO/San Antonio. The three judge court panel told the Commission that they should play more attention to reasonable charges by minority groups when renewing licenses. According to the group petitioning against the WTVR renewal, out of 26 employees of both AM and FM facilities, none were Black, in a city of nearly 36% Black population.

In a separate case, a group of civil rights organizations, represented by Citizens Communications Center in Washington, have asked the Commission to look into the equal employment records of 295 radio and TV stations and 16 broadcast group headquarters nationwide. The informal complaint, if accepted by the FCC, allows the groups to do more research into the hiring practices of the stations. Among the groups appealing to the Commission are the NAACP and the National Organization for Women.

Screen Gems Radio Exec VP Retires

Effective immediately, Screen Gems Radio Stations' Executive VP Emil Mogul will retire from his position. Assuming Mogul's duties of overseeing broadcast operations will be the company's VP/GM, Wynn Alby. Screen Gems owns WYDE/Birmingham and WWVA-AM-FM/Wheeling. Mogul joined the Columbia Pictures Industries' subsidiary in 1972, and has been active in broadcasting for nearly 45 years.

Chattanooga Stations To Bloomington Broadcasting

An agreement has been signed to allow Turner Communications Corp. to sell WGOW-WYNQ/Chattanooga to Blooming ton Broadcasting Corp. for an undisclosed price. The sale is subject to FCC approval.

NAB Report Predicts Radio Surge

Radio stations' profits will soar in the next decade, as well as sales of radios, according to a study done for the National Association of Broadcasters released recently. The six month survey predicts a total number of radios in use by 1985 of 560 million, approximately 2.4 per person. Also predicted is a huge jump in industry revenues, as much as 85% to \$3.2 billion. Although competitive forces such as cable radio and satellite use were taken into consideration in the study, radio will keep its healthy share of profits with FM signals' share of revenues taking 42.6% of the industry's business by 1985. Expenses will also be on the rise, anticipated to reach a 79% increase by that year. Projections for radio audience are that quarter hour listening will go up to 34 million, an increase of 5 million from 1976.

The FCC

[So You Can Understand It]

Report On Recent Developments At FCC

Following a relatively slow February, the FCC was extremely active in the month of March, 1977, and issued a vast array of significant if not landmark, rulings (as well as being involved in several important court decisions), that will substantially affect the regulation and operations of almost all entities, including Broadcasting and CATV, under $its \, Regulatory \, Juris diction. \, Only \, brief \, references \, to \, the \, most \, important$ of these, would include the following

FCC Repeals Many Radio Network Rules And Issues Policy

The FCC has, after comprehensively reviewing its Network Radio Regulations, repealed most of its Radio Network Rules operative since 1941. Its new Rules include a specific definition of a "network" for the first time. The FCC alsomodified its Rules regarding the filing of Network Agreements, including for the frist time to require the filing ofonly those agreements whereby thenetwork furnishes programming to affiliated stations at least 5 days each week during 8 months or more of the year. Stations will also be required to file copies of Notices of Termination of Affiliations. The deadline for all such filings will be September 1, 1977. FCC alsohere repealed its prior "Dual Network" Rule andits "Small Market Policy" which had restricted use of material from the same Network by more than one station in a given market.

FCC Declines Quantitive Standards For Renewal Hearings

The FCC has declined to adopt quantitative guidelines for establishing "substantial program service" in certain program categories by a Renewal Applicant involved in a comparative hearing. FCC reaffirmed its earlier announcement of what appears to be a new Renewal Application policy to the effect that any substantial program performance above the mediocre level barely warranting a renewal, would raise a reasonable expectation of renewal of an existing license wholly apart from comparative criteria and their comparative evaluation

FCC Cautions AM Stations On Directional Antenna Monitors

FCC concluded that it would not extend the previously announced June 1 deadline for AM stations with directional antenna systems to install mandatory type-approved monitors that are now apparently available in good supply. As such, FCC also stated it would not grant waivers to stations failing to meet such deadline.

Court Remands Pay Cable Rulemaking

The U.S. Court of Appeals has ordered the FCC to review its Regulation which limited the programming which "pay cable" could offer to the public for a per-program or per-channel charge. The Court literally held there was no evidence to support the need for FCC regulation of pay cable. Therefore, it now appears that the FCCspay cable rules have been voided, and that the FCC is in a "twilight zone" of uncertainty as to pay cable regulation although a likely FCC appeal of the Court's ruling may help "clear the air.

FCC Amends Multiple Ownership Rules On Regional Concentration

FCC has amended its Multiple Ownership Rules in a relatively new area of a defined regional concentration prohibiting the acquisition of a station that would result in common ownership of 3 broadcast stations where any 2 are within 100 miles of the third and if there will be a "primary service contour overlap" (as defined by FCC) of any of the stations. At the same time, FCC also initiated a Rulemaking proceeding (in place of the rule it had earlier accepted) to amend rules to allow a party owning up to 100% of a station to acquire up to a 10% "passive stock interest" in each of several stations or newspapers which could not be commonly controlled under the Multiple Ownership Rules. It's outcome could well change a major part of the FCC's entire multiple ownership situation.

Orleans' members Jon and Johanna Hall visited two Winston-Salem stations during their tour. Pictured at top are WKZL staff members with the Halls, (from left); Nick Archer, Charlie Beaver, Kitty Kinnon, Johanna, Jon, and Alan Cameron. During the stop-in at WTOB, MD and mid day personality Steve Day talked with them about the tour and their new single (bottom).

Even George Washington has been tuned to WIRK/W. Palm Beach, as depicted on one of the station's more recent "Music Guides."

Opportunity Knocks: see page 48

R&R's best wishes go to Bob Ray and Christine Cheriey, morning and evening personalities at KLIV/San Jose, who will tie the knot tomorrow (30)

ABC Recording artist Stephen Bishop gets carried away by WOSH/Oshkosh's Jonathan Brandmeier during his local concert, WOSH conducted a half hour interview with Bishop and gave away copies of his "Careless" LP.

You Don't Have To Be A Jim...to receive a gold record award for McCoo & Davis' "You Don't Have To Be A Star," but in this particular case, the theory works! ABC Records' Bob Brady presents the plaques to WPGC/Washington D.C.'s MD Jim Elliott (left) and PD Jim Collins (right).

K100/Los Angeles' afternoon drive man Tom Rivers presents a check for \$1000 to the winner of their "Mystery Trax" contest. She correctly identified the instrument trecks in a mystery collage put together by the station.

WMMS/Cleveland Promotions Director Dan Garfinkel (I) poses with lucky winner Karen Kraft (c) and Columbia Records Local Promo man Nate Wolk (r) after the station's Pink Floyd promotion. Karen won an all expense paid trip to San Diego (including tickets to the world famous San Diego Zoo).

"Let's Go Fly A Kite" is the invitation WIND/Chicago is extending to their listeners for the station's 10th annual Kite Fly. WIND kite-flying veterans Dave Baum, Chuck Benson, Stu Collins, Connie Szerszen, Clark Weber and Ed "Chicago" Schwartz will join in on the fun. Listeners will compete for prizes for the "largest flying," "smallest flying," "most uniquely constructed," and "best design using WIND call letters."

If you've ever torn out your hair because you couldn't fit 34 violins, 6 violas, 4 celli, 4 basses, 4 trumpets, 4 trombones, 4 french horns, 4 reeds, 3 guitars, 3 percussionists, 2 keyboards, 2 oboes, and one very tall Fender bass player into your ID image, tear out for us.

We're TM. And we massed this huge 75-piece orchestra on a Hollywood soundstage to create the biggest, classicst station image ID package ever: The Winning Score, It's rich, larger-than-life, and sounds absolutely dynamite on the air.

But here's something new. Each component is specially designed to activate and control programming flow – dramatically and excitingly.

And there's even more. The Winning Score also includes a thematic production library with that same 75-piece orchestra to give you image continuity on all your contest and promo material.

The Winning Score must be heard to be believed. But it's not for just any contemporary station. It's for the station that wants to project a classy, larger-than life image.

Send us this coupon, or call Jim West. 211-634-8511 Collect. And hear The Winning Score on our demo. Not on your competition. Mail to: TM Productions, Inc. 1349 Régal Row, Dallas TX 75247 Attn: Jim West

A Picture of Success

What was record executive Russ Regan doing over at Casablanca recently? Can we look for an announcement regarding his new label being distributed by Casablanca?

What was Warners V.P. of Sales Eddy Rosenblatt seen doing talking to the top brass of ABC? Could it have to do with the Presidency?

I hear that a number of big artists like Mervin Gaye, John Lennon and a bunch more would like to hook up with a new N.Y.C. label?

Look for a new Rocker in Boston. WCOP (Plough Broadcasting) will switch from Country to Top 40.

I hear Bill Hennes' WIBG party for Philadelphia area promotion people was great. Bill always did like to party, speaking of parties...

Capitol Records Chief Operations Director Don Zimmerman threw a surprise party the other afternoon for the label's promotion chief Bruce Wendell. Bruce celebrated his fifth anniversary at the Tower and was presented with his five year pin by Zimmerman and the eighth floor staff. That-away Bruce!

Look for another PD change at a Midwest Rocker in the next few weeks. I guess a change of managers means a change in Program Directors, which I think is a shame.

The new K100/Los Angeles sounds a lot like KRLA all of a sudden. K100 is now being programmed by Billy Pearl and Tom Greenleigh, who I'm sure you remember consulted KRLA in the last book and brought it to the top. It was only last week however that Pearl and Greenleigh reportedly broke off money negotiations with KRLA and decided to do their act across the

There is a new Rocker in the Northwest KSND/Eugene, Oregon just switched from Beautiful Music to Top 40 and PD Tom Preston is really getting off on the response he's been getting from listeners. By the way, the station is in need of Top 40 record service.

Another excited PD on the phone and this time its Chuck Martin from Y103 (WIVY)/Jacksonville, Florida. Chuck says things are going super well and he's hoping for a great book. Chuck and I worked together in several markets and I could tell you some great Chuck Martin stories but I'd be afraid he'd tell some great J.J. Jordan stories!

I was back in Boston last week on business but had enough time to get together with some old radio and record friends for a wild dinner. Things were going well until WRKO MD Carol Singer decided she missed me so much, she threw a pie in my face for the photographer. My thanks to Carol, Lennie Collins, Brian Interland, Jerry Meyers, Reds Richards, Mike Addams and to Paul Barrette from WFEA/Manchester who drove all the way to Boston to see me get a pie in the face.

Good to hear that KIOA/Des Moines PD Sam Lee is out of the hospital and feeling fine.

Motown's Thelma Houston has been signed by Berry Gordy to star in two upcoming flicks this year.

WPEZ/Pittsburgh, morning man Striker McGuire got his name on the front page of the Wall Street Journal recently. Striker ran a contest looking for Pittsburgh's biggest pothole and the paper did an article on the bit. Not bad free national

publicity, especially for sales.

I heard some street talk not long ago that Columbia Records Promotion V.P. Bob Sherwood once ruled the children of Sacramento back in Bob's radio days when Arbitron measured children 12 years old and under. Story is that due to Bob's unique on air style, he racked up 100% of the children shares available which I'm sure really thrilled the station's sales department with Bob's demographic popularity.

Jimmy lenner's Millennium Records hosted a number of press parties around the country for its

first artist Bruce Foster. I attended the New England party which saw a big turnout of great people like Jimmy lenner himself, brother Donny lenner, Caseblanca's VP of Promotion Bruce Bird. Brian Interland. Casablanca East Coast Regional (who had the party at his home), Alan Miller from Kiss management, Jim Collins, WPGC, Bob Christy, WVBF, Carol Singer, WRKO, Gery Berkowitz and his lovely wife from WPRO-FM and a host of other industry people whom spece does not allow me to mention, but I'm sure they all remember being there.

KQHU/Yankton, South Dakota recently world premiered the new Head East album during the group's visit to the station. Pictured (left to right): Head East members Roger Byd and Dan Birney, "Super Q104" MD Randy $Rosenberg\,and\,Head\,East's\,John\,Schlitt\,and\,Steve\,Huston.$

The kick-off of KDWB/Minneapolis' giant \$54,000 Denimachine Giveaway took place during the city's St. Patrick's Day Parade. Over 20,000 watched the Denimachine van parade the route, with banner-carrying KDWB staffers leading the way. From left 6-9am man Dave Thomson, Candy Fleming, 12-3pm jock Chuck Britton, and Pam Abresch. Three \$18,000 Denimachine vans will be given away during the promotion, along with an additional \$25,000 in prizes.

WERK/Muncie jocks led teams of listeners in their March of Dimes Walk-A-Thon. Listeners signed up on air personalities' teams during their favorite air shift prior to the walk. The winning team got a party compliments of their leader, who performed a record hop while the kids munched hot dogs and drank free Pepsi. The thousands who turned out for the march collected nearly \$23,000 for the charity. Some tired walkers gathered in front of the WERK van after the effort. At left bottom row is "Wheels" Gary Wheeler, MD and mid-day man, standing at right, night

WAPE/Jacksonville gains visibility for their current "Last Song" promotion with a heavy billboard campaign and TV spot schedule.

As if air personalities haven't dedicated their shows to some very strange things already, KWIZ/Santa Ana morning man Nick Ryan asked his listeners to bring samples of recipes using worms to a special broadcast outside the station studios. In his effort to prove that worms are a man's best friend, Ryan even solicited some cheerleading help for the event. Ryan will submit a worm cookie recipe offered by a listener as part of the National Worm Recipe Contest, KWIZ Promotion Director Guy Heston insists that there really is such a nationwide contest!

The Little River Band was in Las Vegas recently to perform a concert presented by KLUC. Before the show the band stopped by the station to talk with afternoon drive personality Dave Van Stone. Left to right are: KLUC's 6 to midnight man Mike Bradley, Derek Pellicci and Graham Goble of Little River Band, Matt Thompson of Capitol Records and Van

WCGQ/Columbus, Georgia's "Great Elephant Race" pitted the station jocks against each other for a fun-filled pachyderm parade in front of over 1000 listeners in a shopping mall parking lot. Morning man Scott Miller is at left mounting his beast, PD Joe Cook is at right already high atop his winning elephant.

Publisher Jann Wenner and Steve Binder Productions will produce a primetime special celebrating Rolling Stones' 10th birthday. The show will feature numerous Rock artists.

"Big Mac Attacks" have been striking many CJBK/London, Canada staff members. The latest to succumb was afternoon man Chris Ford, who came down with the rare disease while on the air. From the beginning of his shift, Chris hinted to his listeners of the upcoming attack. In the midst of rush hour traffic, the attack struck, and an ambulance crew was on hand to rush Ford out of the station to the nearest McDonalds. CJBK's Bob Quinn took over the remainder of the show, keeping in touch with Chris and inviting listeners to join him in a Big Mac.

One of KFXD/Boise's recent promotions was "The Ugly Car Contest," in which "unsightly autos got equal time with the beauties" at the Boise Roadster show. The winner of the contest and friends are pictured here during the presentation of the winner's trophy, a three-footer crowned with a turkey sitting on top of a beer can. His car came complete with elk antiers and a custom sunroof, hand made with wire cutters.

WGCL/Cleveland PD T.J. Lambert (left) and air personality Steve Kritzer (holding plaque) are presented a gold record award for Burton Cummings' "Stand Tall" from Chuck Schwartz and Bob Finangle of CBS Records.

FCC Adopts "Sunshine Act" Rules And Procedures

The FCC has adopted new rules to implement the "Government in the Sunshine Act." The Act requires Federal Agency meetings to be open to the public. Under the new rules, every portion of a meeting of the Commission will be open unless it concludes it would be likely to disclose certain sensitive information when it can and will be closed as in the past.

FCC Lists Its Rules Most Frequently Violated

FCC, after analyzing its many Violation Notices over the years has listed the following areas as those most often violated by Broadcasters: (a) modulation levels; (b) operating power; (c) remote control operation; (d) indicating instruments; (e) equipment performance measurements; (f) operator requirements; and (g) EBS. Licensees are reminded to monitor these particular elements (as well as conventional others) so as to head off FCC Violation Notices in the future.

New And More Demanding FCC EEO Guidelines

The FCC has recently announced new and more demanding "Rule-of-Thumb" guidelines for reviewing Renewal Applications from the standpoint of their proposed, Equal Employment Opportunity Programs. Briefly stated, Renewal Applicants whose minority and/or female employees total less than half of their respective percentages in the tocal lebor force, will be reviewed on that basis by FCC staff. The revised criteria also looks toward at least 25% of minorities-women being in the top four job categories of the EEOC Report. Those stations with a "passive" (rather than an "active") EEO Program, and an inadequate explanation for failing to meet these standards, will have their applications referred to the full Commission for consideration, and whatever action or sanctions are believed appropriate. This may cover a great many more stations than FCC anticipates or is prepared to deal with effectively.

FCC Declines To Hold Hearing After Adverse EEOC Determination

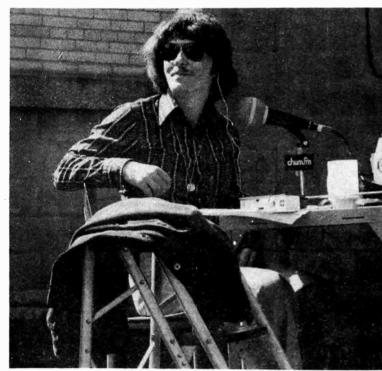

In a rather surprising holding considering the prior item, the FCC has declined to designate a Renewal Hearing although the EEOC itself had found cause to believe that the licensee had engaged in "racial discrimination." FCC held that parties were still in the conciliatory stages of EEOC processes, and an FCC hearing would, therefore, be premature.

FCC"Indeceny" Ruling Reversed By Court

The U.S. Court of Appeals has reversed the FCC's most recent and basic obscenity ruling by holding that a George Carlin monologue recording broadcast over WBAI/New York City, was not indecent and not prohibited by Federal Law. The Court stated the FCC ruling specifying a certain limited number of "dirty words" that were not to be used by broadcasters would inhibit the free exchange of ideas and that the FCC's action amounted to censorship, prohibited by Section 326 of the Communications Act.

FCC Extends Effective Date Of New AM/FM Non-Duplication Rules

The FCC has extended from May 1st to June 1st the Effective Date of its new AM-FM Non-Duplication Rules, adopted several months ago. It did so because the May 1st date fell in the middle of a Rating Period, and was thereby likely to cause problems and confusions due to program changes, etc. At the same time, FCC granted full or partial waivers of these new Rules, usually justified on the basis of financial or technical reasons to 18 of the 19 AM-FM combinations which sought them. They were, however, granted only through the current license period, and whether to be extended in the future is problematic, and remains to be seen.

Larry Wilson of CHUM-FM took advantage of the first sunny day in Spring, and broadcast "live" the "In Toronto" show from 1:300 to 2:30 pm.

Dave Morgan, WMET

"The Bill Conti is an instant smash within a few plays! The only comparable record I recall is 'Maggie Mae,' which broke in 6 hours — but the demos on Bill are wider. It's the widest spread I've seen in the history of records: full scale Spanish, Black, Teens and everything above the age of 18!"—

UPI Honors WXRT News Dept.

WXRT/Chicago was selected from all of the Windy City's stations to receive UPI's "Best Investigative Reporting" award in the 1977 UPI Illinois Broadcast Awards for their documentary "Term Papers For Sale."

In announcing the award, UPI said, "Centering on a topic of considerable impact in education, this entry is a strong example of investigative reporting, research, and presentation of facts. Clear presentations of the evidence and its impact."

The investigative documentary was an examination of companies that write term papers for students, who are then able to turn the ghost-written papers in for ecademic credit.

The feature was reported, written, and produced by WXRT News Director Linda Brill, and reporters C.D. Jaco and Carole Cohen.

Bring It On Home: Jack Mandoo, Program Director of WIOT/Toledo, is now taking calls at home from any and all record people. Call him at (419) 246-1711 anytime until 3 pm.

Joe Gracey & The Gang At KOKE-FM

Many of you will remember Joe Gracey, Program Director of KOKE-FM/Austin, from the AOR session at the R&R Convention. He was the guy in the cowboy boots who brought a rather "lofty" tangent back down to Earth when he jumped in, took the floor, strutted around, and told everyone that until he played the record of a local starving band on his show, they couldn't get anything going in the way of a career. After he played it, they became one of the biggest groups in town. The point was meaningful in relationship to the context of the seminar and I recall many people buzzing, "Who is that guy?"

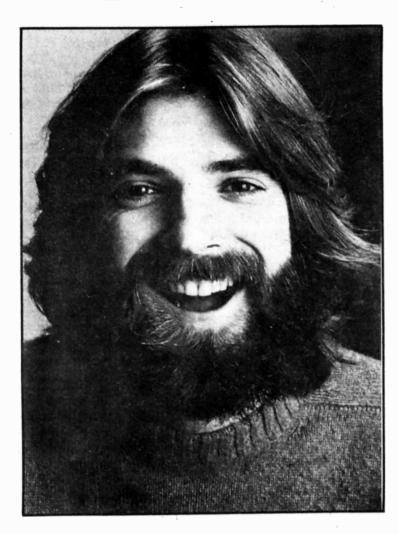

Obviously the radio listeners in Austin know who he is because Joe was just named "Best Disc Jockey" in a readership poll taken by the Texas Sun, a local newspaper, in their "Second Annual Music Awards." Furthermore, KOKE-FM air personalities took the top three positions with Marty Manning and Kandy Kicker placing second and third.

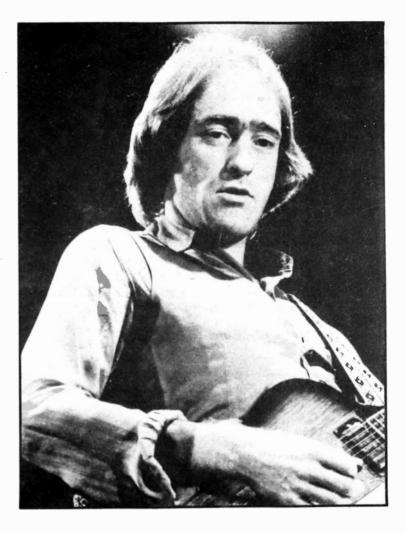

KOKE-FM is an AOR station with a bit of a Progressive Country flavor. Among their latest promotions are "The 95.5 Record Runaway" which was held on the 95th day of the year at high noon. Lucky winner Camille Miller got to race around inner Senctum Records for 95.5 seconds gathering as many albums as she could, one title at a time. She picked up 37 albums and the play-by-play of the event was broadcast live on the air. Coming up will be the National Frisbee Championships which will be sponsored by the station and the "Great KOKE-FM Harley Scramble" in which the station will be utilizing a "guess the location of the keys" in giving away a Harley 250cc bike.

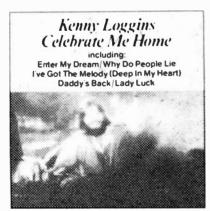

A&M artists Supertramp recently visited KWST/Los Angels to talk about their new LP, "Even In The Quietest Moments" and their 1977 North American Tour which brought them to the Los Angeles Forum. Shown, left to right, are: Roger Hodgson of Supertramp; Mike Soto of KWST; Dougle Thompson, Supertramp; Chuck Marshall, KWST; Jan Basham, Promotion. A&M Records.

THE RAVE REVIEWS TELL THE STORY.

"Dickey Betts, here and now, takes possession of the space left by the demise of the Allman Brothers Band. His songs and that guitar ring true."

—Walrus

"The album virtually explodes with five years worth of pent up creativity and ambition that doesn't let up until the last song is over."

Houston Chronicle

"Dickey Betts proves beyond a shadow of a doubt that he is one of the great rock guitarists. Great Southern is Mr. Betts' version of the original Allman Brothers Band, with identical instrumentation. Betts is ready to aim for the top. The music is about as exciting as rock and roll can get."

—New York Times

News & Notes Of Interest

I have been holding off on a news story until it became official. R&R's Top 40 Editor, J.J. Jordan has some details in his "Street Talk" column about WCOP/Boston. On a recent visit, Jordan picked up the story in Boston of the format change, so I can mention it now. Sometime in May the Plough-owned station will change formats and call letters on their AM facility. The FM will remain album-oriented Country. The AM will, according to National PD for Plough, Craig Scott, change to a Contemporary-Rock format... Emil Mogul has retired from his position as Executive Vice President, Screen Gems Radio Stations, Inc. Wynn Alby will retain his position as VP and General Manager of SGRS and will assume additional responsibilities for the broadcasting operations of WWVA AM & FM/Wheeling, and WYDE AM & FM/Birmingham...There is a new automated Country station in Topeka, Kansas. KTOP-AM has changed from Top 40 to Country...Awards for First Place News and Best Commercial in the state of Missouri were given to KAYQ/Kansas City by the Missouri Broadcasters Association at their 1977 awards ceremony.

Friends Helping Friends: When a local TV station in Reno burned to the ground, Country station KBET let the station use their production facility for their audio reproduction... On Sunday, April 17, WMAQ/Chicago simulcast a half hour of WFMT's fund-raising "Marathon II" to benefit the Chicago Symphony Orchestra.

Barry Grant, PD of WIRK-FM/West Palm Beach, just received a plaque from Mobile, Alabama's mayor making him an honorary citizen of that city, It was a tie-in with the Hank Williams, Jr. single of "Mobile Boogie."...Marshall Tanner has joined the air staff of WWOK/Miami, to do all-nights. Another thing relative to Mission Broadcasting, which owns WWOK; KERE/Denver; and WAME/Charlotte, there is a report on the streets that owner Jack Roth, who is trying to sell WWOK, has actually sold WAME. More details later...Doug Beals, former Sales Manager, is the new General Manager of WRCP/Philadelphia...Jim West has left KHOS as Music Director to take over 7 to midnight on KCUB/Tucson.

Service Needed: KUGR/Green River, Wyoming, has begun programming some gospel and bluegrass music on Sunday. They need product. Send to Music Director Dave Haduk, P.O. Box 980, 82935...Ron Kight, General Manager of WNVY/Pensacola, Florida, says his Progressive Country station is in need of LP and any Country-Rock product available. His address is 2070 North Palafox St., 32501. (904) 433-5666...

And Records...

There has been some confusion about the talent lineup on the Duane Eddy, Elektra single, "You Are My Sunshine." The female voice is not Jessi Colter, but rather a lady named Deed. Yes, that is Waylon and Willie on the cut. I was happy to see Willie Nelson has a new single release.He is currently on three singles for other artists: "Lily Dale," with Darrell McCall; "Luckenbach, Texas," with Waylon Jennings and the previously mentioned Duane Eddy single...Roy Clark, Buck Trent and Sherry Bryce just wrapped up a sell-out week at Harrah's in Reno...MCA recording artist Loretta Lynn was in Los Angeles recently to kick off the 'Spring Blossom" marketing campaign. (See photo on "Picture Page" this issue)....Hoyt Axton, of the same label, has been busy here on the coast. He recently taped the "Dinah!" and "Midnight Special" shows, along with making four appearances at the Palamino nightclub in North Hollywood...Eddie Rabbitt's composition of "Rocky Mountain Music" has been recorded by a German Rocker Jurgen Drew. The German title translation is "Barfuss Durch Den Sommer." The recording is on Warner Bros....Epic recording artist George Jones recently opened his second Country music night club in Topeka, Kansas. Jones performed for a sell-out opening night crowd...Beginning May 28, Jim Halsey of the Jim Halsey Company, Tulsa, will bring Country shows two weekends a month to the new Performing Arts Center. In the tradition of the WSM "Grand Ole Opry" and WWVA's "Wheeling Jamboree," the shows will be broadcast live over 50,000 watt KVOO

During a recent visit to St. Louis, RCA recording artist Dolly Parton and WIL Program Director Walt Turner are pictured enjoying one of our favorite papers.

In early 1977 a resident of El Paso, Texas was touring Germany and heard a record on a West German radio station entitled "Silver Bird." So impressed with the song, Barbara Gerstner purchased several copies. Upon returing home to El Paso from her German vacation, she played "Silver Bird" by CBS International artist Tina Rainford for KHEY Radio Program Director Charlie Russell. Russell decided to program the record immediately. Listener response in El Paso was so positive that Russell contacted Epic Records. Promptly. Epic decided to release and distribute "Silver Bird" domestically. Since that time, Tina Rainford's "Silver Bird" has garnered national Country chart success. Prior to its accidental journey to the United States in Barbara Gerstner's suitcase, "Silver Bird" was already a European hit with sales of over 400,000 units in Holland and Germany alone. Pictured above, Ms. Gerstner presents a German copy of Tina Rainford's "Silver Bird" to KHEY's Mike Hinrichs.

sixth annual event. Live shows and exhibits for the event, June 6-12, are set. The fourth annual Fan Fair softball tournament will be held June 6 and 7 at Nashville's Two Rivers Park, with competition in male and female categories to be held.

Plans for the 1977 CMA Awards Show were presented by Television Chairman Irving Waugh, WSM/Nashville. Bob Precht will produced the nationally televised show and Walter Miller will direct. Last year's 90 minute show garnered 40% of the viewing audience in the Country.

International involvement of the CMA were very much a part of this meeting. Much attention was focused on such activities. Francis Preston, Long-range Committee Chairman, announced CMA will produce a show for this year's IMIC in Amsterdam, scheduled for May 17. Performers will include Ronnie Milsap, Tammy Wynette, and Charlie Rich. The CMA show will be televised by Tros-TV in Holland. Ralph Peer informed the Board, the International Show has extended invitations to eight International acts to perform in this year's CMA International Show, which will be held In the past this show had been at the annual for the first time at Fan Fair. The CMA's Country Radio Report was given by WIRE/Indianapolis General Manager Don Nelson. The new CMA's Broadcasters Kit has been mailed to all organizational members; copies of the annual radio station survey remain available to both individual and organizational members. Within a few weeks organizational members will be sent a brochure detailing the results of CMA's recent Arbitron survey of 26 markets.

MCA's Chic Doherty presented for the Board an audio-visual presentation put together by the CMA called "Country Music Today." This show was produced for showing to record merchandisers. This a/v will be followed by two others. One for use by radio stations when dealing with media buyers and the other geared to general use, such as required by the CMA's Speakers Bureau.

Ralph Peer gave a report on the insurance available to members Charles Scully discussed the Membership Committee recommendations. Tandy Rice reviewed the plans for this year's Talent Buyers Seminar. Sa Marmaduke received a standing ovation for his reading of the Country Music Month report phoned in by Roy Horton, who could not be present. Tom Wilson discussed the problems assigned to the Public Relations Committee. The Board was informed of developments and plans relative to other CMA activities including anti-piracy, (Hutch Carlock); awards criteria (Pee Wee King); code of ethics (Barbara Mandrell); the Country Music Foundation (Frank Jones); and meetings and arrangements (Ron Bledsoe). The treasurer's report was presented by Mary Reeves Davis. Joe Talbot reported on the Finance Committee.

While in Tulsa, many members of the CMA were interviewed for TV, radio, newspaper and magazines. Those interviewed included Barbara Mandrell, Pee Wee King, Mary Reeves Davis, Dan McKinnon, Jim Fogelsong, Hap Peoples and Tandy Rice.

On Tuesday evening, April 19, the CMA Board were guests of the Jim Halsey Agency, KVOO Radio and KTOW-KGOW Radio at a cocktail party held at the Southern Hills country Club, the stie of the 1977 U.S. Open Golf Tournament in June. At the conclusion of the April 20 meeting, the Board attended a cocktail party and dinner given by the Bank Of Oklahoma in their executive dining room.

The third quarterly meeting of the CMA Board of Directors is set for July 13-14 at the Washington Plaza Hotel in Seattle.

POP/ADULT

Abba's "Knowing You Knowing Me" is already showing signs of a fast start at KFI, WIP. KEX has been getting strong phone action on it for several weeks now.

Stephen Bishop's "On And On" picked up some solid new airplay support this week...see New & Active.

Pat Boone's white bucks probably turned green with envy this week after all the good new airplay his daughters, The Boones are having with their latest "Hasta Manana." Check New & Active.

First there was "Tequila" by the Champs (Glen Campbell was on that session) in 1958...then the Eagles came up with a monster called "Tequila Sunrise." Now, Jimmy Buffett takes us to "Margaritaville." It's showing hot at WJNO, WGY and WHIO...see New & Active for latest play.

The Italian Stallion (better known as Sylvester Stallone) went the distance in the film "Rocky." Now, two of the many versions of the theme are fighting to the finish. Maynard Ferguson and Bill Conti (the original soundtrack) are continuing to rack up good play at the Pop/Adult level. See the graph section for relative strength of each. Also the Current and Rhythm Heritage versions are still active in some areas.

Alice Cooper's latest went right on WIP, WHIZ and way, Big Al ran into some legal problems in Australia last week with a local promoter (this is all according to James Bacon the syndicated columnist) and quipped: "I'm not talking to anyone or making a move until I receive advice from my lawyer, Frank Sinatra." Frank, of course, experienced problems with women journalists last year in that country.

The new Thelma Houston went right on WNEW and WORG.

Kenny Nolan's "Love's Grown Deep" starting to show up nicely with hot reports from WNEW, WIP, WJNO, WGY, WTMJ, WTAE and WHIO. Since so many of have asked, I'll tell. The Alan O'Day record is on Pacific and is distributed by Atlantic.

Kenny Rogers "Lucille" is rapidly becoming one of the hottest Pop/ Adult records around...a brief list of solid activity included WBEN, WMAL, WTMJ, WGY, KCRA, WIP, WNEW, KEX, WSM, KRMG.
