## READY TO CHANGE YOUR BUSINESS? GET READY TO GO ELECTRIC.

When you combine our award-winning NV200 with our award-winning 100% electric LEAF (already over 100,000 on the roads), you get breakthrough and innovative benefits for your business. e-NV200 shares exactly the same technology as Nissan LEAF. It's a payoff right from the start, as running 100% electric gives you a whole new way to drastically lower your running costs while instantly giving your business environmental and sustainable new direction. With the e-NV200, you open up a new era for your business. You'll never work the same again!

### Load up with ease

Class-leading interior length means you can easily fit two Euro pallets in your rear cargo area. The large cargo area is just one of the many benefits of the battery being integrated into the floor.

### Take the whole crew

Accommodate passengers or a work crew. e-NV200 Combi comfortably seats up to 5 passengers, while still having 2.9 cubic metres of cargo space.

### Set it up your way

Your rear cargo space is functional and versatile, with flat walls for easy mounting of upfitter racks and bins.

## LOWER YOUR COSTS. BOOST YOUR EFFICIENCY.

Imagine never having to shell out money for fuel, oil changes or transmission service! That's what happens when you go 100% electric with e-NV200. In addition to saving money with low running costs, you save time, because you never stop at the gas station and there's far less vehicle downtime for maintenance. Best of all, your incredibly cost-efficient e-NV200 is the most environmentally-friendly mass-produced van on the market - so quiet and clean, you can make nighttime residential deliveries and gain access to protected and indoor areas. Finally a vehicle for your business that opens new business opportunities.

<b>NO</b> Petrol Oil Changes Emissions	<b>LOW</b> Running Cost Maintenance	<b>HIGH</b> Efficiency: 80 kW (109 ps) Savings & benefits
---	---	--

### CREATING NEW BUSINESS OPPORTUNITIES

Because e-NV200 is a zero emissions vehicle with no engine noise, you can quietly make nighttime or early morning deliveries in residential areas, or deploy your van in indoor and protected areas. No more noise, CO<sub>2</sub> or NO<sub>x</sub> particles pollution in your working environment or for your customers.

## WORK WITH THE POWER OF 100% ELECTRIC.

Start the day ready to go on a full charge, with a 106 miles (NEDC) range for all your pickups, deliveries and appointments. Nissan e-NV200 offers you 3 charging modes: you can charge in about 30 minutes with the rapid charge port, in 4 hours with a wall box\*, and on any regular socket\*\* at home or at your workplace in 10 hours with the EVSE cable: you just have to pick the most convenient mode for you. And with its regenerative braking system, the e-NV200 is engineered to help you get the most out of every charge by sending power back to your battery every time you coast, decelerate or brake. It's the upside to stop-and-go traffic!

106 miles\*  
on a  
single charge

RAPID  
CHARGE

FAST  
CHARGE

STANDARD  
CHARGE

2 additional driving modes to maximize your range.

Eco Mode automatically adjusts acceleration response and the climate control system to minimise energy consumption. Now that's power you can work with! The B mode can be activated whether you are driving with the Eco Mode or not, and will increase the strength of the regenerative braking system. It acts as the engine brake on a diesel or petrol van.

\* Using an optional 6.6kW on-board charger and a 32A wall box.  
\*\* Use of a dedicated circuit for your wall socket is recommended.

\* NEDC figure  
\*\* 0-80% charge using a 50kW DC rapid charger.  
\*\*\* Using an optional 6.6kW on-board charger and a 32A power supply.

## A BETTER DRIVE, A BETTER WORKDAY.

There's nothing like driving electric - the sensation of quietly gliding along, with no engine noise or vibration. Add to that a driver-focused cabin that includes class-leading leg room and high, truck-like seating for greater visibility, and you're looking at happier, less fatigued and more confident drivers. All that with the comfort of an automatic gearbox that increases driving pleasure. And with exceptionally agile handling (thanks to a low centre of gravity and 15" wheels), instant EV torque for quick and smooth acceleration, and a tight turning radius for easy manoeuvrability, the e-NV200 may just become your best team member for the job!

- Class-leading driver leg room = more comfort
- Truck-like seating = great visibility
- Heated seats = more comfort & more range
- Battery distribution = low centre of gravity for exceptional handling

**RearView Monitor**  
 Makes tight parking spots more inviting. This standard feature shows you a view of the area behind you and superimposes guidelines to help you position the e-NV200 exactly where you want it.

e-NV200 has an incredibly tight 11.3 m turning diameter that helps you negotiate narrow streets and tight parking spaces, while pulling up as close as possible for loading and deliveries.

State of charge  
Estimated range  
Remaining battery charge  
Power meter

With just a glance at your instrument panel, you have all the info you need to manage your range, including charge status and energy usage.

## MONITOR ALL INFORMATION YOU NEED FOR YOUR JOB

CARWINGS advanced telematics system puts your business miles ahead by letting you digitally track and exchange important fleet data.

- Eliminate tedious paperwork by digitally tracking and logging driver reports.
- Monitor battery status and real-time vehicle location from the CARWINGS site.
- Detect exceeded pre-set speed and monitor driving behaviour via smartphone.
- Receive alerts for charge completion and battery status.
- Remotely start and stop charging and climate control from a mobile device.

## A MOBILE OFFICE THATWORKS ANYWHERE YOU GO.

e-NV200 offers an unexpected level of equipment. Its interior is inspired by drivers who need to get work done on the go. The cockpit doubles-up as an easy-to-use work space, with large-range adjustable seating and versatile storage. And with CARWINGS\* or NissanConnect\*\* featuring navigation, hands-free calling, text messaging, and Bluetooth streaming audio, who needs any other office?

**UNDER-SEAT SLIDING DRAWER** on the passenger's side gives you a secure way to store items.

**CENTRE CONSOLE** is large enough to hold a laptop computer – it's even designed to hold hanging files.

\*On Tekna grades  
\*\*Optional on Acenta grades

One screen does so much. Change in delivery address. Get the update directly on to CARWINGS via Google™ Send-To-Car. Then let CARWINGS find The most energy-efficient route based on your current state of charge.

Fold down the passenger seatback for a sturdy and convenient flat writing surface.

Mounting the transmission on the steering column opens up the space you need to multitask. Get plenty of power up front with a 12-V power supply and USB connection.

## CARGO CAPACITY MEETS VERSATILITY FOR A PERFECT FIT

e-NV200 is designed to meet a variety of needs. Choose from 2 models, both with a versatile interior that allows you to configure racks, bins and seating to custom-fit your services. You can even choose between French doors with panels or windows. Plus, it's easy to load, thanks to an exceptionally low 520 mm rear load height.

Even with 5 people on board, e-NV200 Combi can still take a large suitcase for each of them.

Flat wheel wells make for easier cargo stacking.

6 floor-mounted D-ring tie-downs are rated to 509 kg.

### e-NV200 Combi

For maximum cargo space, e-NV200 gets you best-in-class cargo volume. Rear split 60/40 doors make it easy to load and unload.

**BEST-IN-CLASS**  
4.2m<sup>3</sup> Cargo capacity  
**3474** Litres  
703 kg payload

2.04 m – enough length behind the front seats for two Euro pallets  
2.8 m – space for a long ladder (with optional folding bulkhead)

1.22 m between wheel arches  
1.50 m wall-to-wall  
1.36 m stand-up room

### e-NV200 Cargo

For maximum cargo space, e-NV200 gets you best-in-class cargo volume. Rear split 60/40 doors make it easy to load and unload.

**AT NISSAN, YOU BRING OUT THE BEST IN US.**

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

**NISSAN 5\* EXTENDED WARRANTY**

NISSAN 5\* gives you the opportunity to extend the 3 years/60 000 miles manufacturer warranty for a longer period or mileage. Select the contract that best suits your driving usage. In case of a repair, only Nissan genuine parts will be used and fitted by Nissan trained technicians. For your peace of mind, 24/7 EV roadside assistance is included.

**NISSAN e-NV200 OFFERS YOU:**

Nissan offers a 5 years / 60,000 miles on all EV dedicated components and 3 years 60,000 miles for standards components.

12 year anti-corrosion warranty.

Nissan e-NV200 lithium battery warranty also protects against capacity loss below 9 bars of capacity (out of 12) for a period of 5 years / 60,000 miles.

**NISSAN 5 SERVICE CONTRACTS**

NISSAN Service Contract is the best way to give your New Nissan e-NV200 the maintenance it deserves! We take good care of your Nissan whilst keeping your aftercare at fix price over years.

At our dealerships, we will change your e-NV200's parts and fluids in accordance with the Nissan official service schedule and perform check ups to give you peace of mind on your journeys.

For total budget and plan control, Nissan will inform you of due visits and propose the most suitable service and timings for your services.

VED rates are determined by the vehicles CO<sub>2</sub> emissions figures and by the type of fuel used. The following table applies to all new car registrations:

VED Band	A	B	C	D	E	F	G	H	I	J	K	L	M
CO <sub>2</sub> Emissions Figure (g/km)*	up to 100g	101-110g	111-120g	121-130g	131-140g	141-150g	151-165g	166-175g	176-185g	186-200g	201-225g	226-255g	over 255g
Petrol Car	£0	£0	£0	£0	£130	£145	£180	£290	£345	£485	£635	£860	£1,090
Diesel Car	£0	£0	£0	£0	£130	£145	£180	£290	£345	£485	£635	£860	£1,090
Alternative Fuel Car	£0	£0	£0	£0	£115	£130	£165	£275	£325	£465	£610	£830	£1,055

\* g/km = grammes of CO<sub>2</sub> per kilometre travelled.

All Light Commercial Vehicles will have a standard VED rate of £225 per annum.

## VAT and VED

VAT application is based on current HMRC guidelines, please check with HMRC for specific guidance for the vehicle you are purchasing. VED is determined by the DVLA, please check with the DVLA for specific guidance for the vehicle you are purchasing.

**Optional equipment.** This price list features a selection from the full range of optional equipment, be they standard, dealer fit or factory options.

For further information and details of the full range, please contact your local Authorised Nissan Dealer.

**Nissan's** commitment to you includes all of the following benefits – some of which may be the reasons why you chose your new Nissan in the first place:

**Three-year/60,000 miles manufacturer's warranty** – Nissan's comprehensive warranty provides cover for your new Nissan from defects in materials or workmanship. Your vehicle is covered in all European Countries where Authorised Nissan Dealers are located. If your vehicle becomes inoperative due to a warrantable defect a towing service, when necessary, to the Authorised Nissan Dealer is covered. If a warrantable defect abroad takes more than six hours to repair, the Touring Assistance Programme will pay for a hotel room or rental car up to a certain maximum. The paint warranty covers painted body parts (excluding the underbody) for three years regardless of mileage driven. For further details please contact your local Authorised Nissan Dealer.

**LEAF** – Nissan LEAF offers a 5-year / 60,000 mile warranty on all EV dedicated components, including the lithium-ion battery, and a 3-year / 60,000 mile warranty on standard components. The Nissan LEAF lithium-ion battery state of health guarantee protects against battery capacity loss (less than 9 bars out of 12) as shown on LEAF's capacity gauge for a period of 5 years / 60,000 miles. For LEAF flex customers, the battery state of health guarantee applies for the duration of the battery lease.

**NV200 Combi** - New Vehicle Warranty is issued by Nissan International SA is valid for 3 years from the warranty start date or 60,000 miles, whichever comes first. In addition, for each new NV200 Combi sold by an authorised UK Nissan dealer, Nissan Motor (GB) Limited (NMGB) will issue an extension to the New Vehicle Warranty. This warranty extension will cover your vehicle from 60,000 miles up to 100,000 miles or 3 years from the warranty start date, whichever comes first. Please note that audio and navigation units will not be covered by the warranty extension.

# FURTHER INFORMATION

**Nissan European Roadside Assistance** is provided for the first 3 years of your vehicle's life.

Roadside, Recovery and At Home products are provided by RAC Motoring Services (Registered No. 1424399, Registered Office: 8 Surrey Street, Norwich, NR1 3NG). RAC Motoring Services (in respect of insurance mediation activities only) is authorised and regulated by the Financial Conduct Authority and within the jurisdiction of the Financial Ombudsman Service and Financial Services Compensation Scheme.

Onward Travel and European Cover are underwritten by RAC Insurance Limited (Registered No. 1424399, Registered Office: 8 Surrey Street, Norwich, NR1 3NG). RAC Insurance Limited is authorised and regulated by the Financial Conduct Authority and within the jurisdiction of the Financial Ombudsman Service and Financial Services Compensation Scheme.

Nissan EV Pan-European Roadside Assistance is provided by AXA for 3 years or 60,000 miles, whichever comes first.

For LEAF Flex (battery lease) customers, the Nissan EV Pan-European Roadside Assistance will cover you for the duration of your battery lease agreement should your Nissan EV run out of battery charge. For any other repair work, the basic warranty clause still applies.

Benefits and Services are provided by AXA Assistance. AXA Assistance is authorised and regulated by the Financial Conduct Authority (FCA).

FCA Register number 439069. AXA Assistance UK Limited (registration 2638890) 106 - 118 Station Road, Redhill Surrey RH1 1PR

**Peace of mind** – we always guarantee our workmanship, and all genuine Nissan replacement parts and accessories have a minimum of one year's warranty. Accessory prices are subject to change, please see your nearest dealership for the most up to date prices

Our technicians have been trained by Nissan to work on your vehicle and they are the Nissan specialists. They use the latest equipment to ensure your vehicle is given the best treatment. Accessory prices are subject to change, please see your nearest dealership for the most up to date prices.

**Recyclability** – we take all our environmental responsibilities very seriously - innovation today comes with a deep respect for the environment. Our engines are now much more unobtrusive and their emissions have been considerably reduced. All our vehicles are designed with recycling in mind.

**Nissan Finance** offers a wide range of flexible finance schemes to meet the needs of both our retail and business customers. Preferences, Hire Purchase, Nissan Contract Hire and Finance Lease, all offer the in-built flexibility to make the package tailor-made to meet your individual needs. We also provide added security to your finance agreement with a comprehensive range of payment protection plans. Ask your local Authorised Nissan Dealer for details.

**The Nissan Motability Programme** developed in association with the registered charity Motability enables those with difficulty getting around to obtain selected models on preferential terms.

All prices in this list are quoted in pounds sterling. Value Added Tax (VAT) has been calculated at 20%.

While all reasonable effort has been made to ensure the accuracy of the information provided, due to Nissan's policy of continuous product improvement, all particulars contained are subject to constant revision and Nissan reserves the right to change, alter or modify, among other things, specifications, colours and prices of models without notice at any time. Accordingly you should consult your local Authorised Nissan Dealer for the exact introduction dates of all models and for the most up-to-date information.

Images shown are for guidance purposes. In some instances photos are of non UK specification vehicles and do not represent a specific model, grade or offer.

Nissan cares for you because you care about your Nissan.  
That's why we'll make the following commitment:

**YOU** care about staying on the road when your Nissan is in for service or repair.

**YOU** care about quality enough to have your Nissan serviced at a Nissan dealership.

**YOU** care about getting the best value for money when it comes to service and repair.

**YOU** care about having your problems resolved quickly.

**YOU** care about getting the right Nissan model, engine & gearbox to test drive.

**NISSAN** will keep you mobile free of charge.

**NISSAN** says thanks by giving you continuous Nissan roadside assistance for free.

**NISSAN** will price match like for like competitor written quotes within 10 miles of your local dealer.

**NISSAN** will propose how to resolve any problem within 2 working days.

**NISSAN** will guarantee that's what you'll get when you pre-book your test drive either online or through our customer service centre.
